RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the Medical Center Area Regional Center Plan and is currently designated as “Community Commercial” in the future land use component of the plan. The requested “C-2” base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. Surrounding properties are zoned “C-2” Commercial District and are located off of Loop 410.
3. **Suitability as Presently Zoned:** The existing “O-2” High-Rise Office District is an appropriate zoning for the property and surrounding area. The requested “C-2 CD” Commercial District with a Conditional Use for Motor Vehicle Sales (Full Service) is also an appropriate zoning for the property and surrounding area. The request promotes development in the area and more consistent commercial zoning along West Loop 410. Additionally, the Conditional Use allows consideration of conditions and holds the applicant to a prescribed site plan.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objectives of the Medical Center Area Regional Center Plan.

Relevant Goals and Policies of the SA Tomorrow Comprehensive Plan include:

- **JEC Goal 1:** Employment is focused in the city’s 13 Regional Centers, in site-specific locations in Urban Centers and along mobility corridors, providing easy connectivity for San Antonio’s residents and businesses.
 - **JEC Goal 2:** Traditional and targeted growth industries support San Antonio’s diversified economy and provide a wide range of job opportunities.
 - **GCF Goal 2:** Priority growth areas attract jobs and residents.
6. **Size of Tract:** The 3.7900-acre site is of sufficient size to accommodate the proposed commercial development.
 7. **Other Factor:** The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

The applicant is rezoning to develop a KIA car dealership.
