Property Details

Property History: The subject property was located within the original 36 square miles of the City of San Antonio and zoned “B” Residence District. The property was rezoned by Ordinance 92506, dated September 14, 2000, to “B-2 NA” Business Non-Alcoholic Sales District. Under the 2001 Unified Development Code, established by Ordinance 93881, dated May 03, 2001, the property zoned “B-2 NA” Business Non-Alcoholic Sales District converted to “C-2 NA” Commercial Nonalcoholic Sales District. The property was rezoned by Ordinance 2011-02-03-0099, dated February 3, 2011, to the current “R-6” Residential Single-Family District.

Topography: The property does not include any abnormal physical features such as slope or incursion in a floodplain.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is not located within a Regional Center and within ½ a mile from the New Braunfels Avenue Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the Southeast Community Area Plan and is currently designated as "Urban Low Density Residential" in the future land use component of the plan. The requested "MF-18" base zoning district is consistent with the future land use designation.

2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.
3. **Suitability as Presently Zoned:** The existing "R-6" Residential Single-Family District is an appropriate zoning for the property and established single-family use for surrounding area. The proposed "MF-18" Limited Density Multi-Family District is also an appropriate zoning for the property and surrounding area. The subject property equals 21,000 square feet, and in the current "R-6" Residential Single-Family base zoning district, the subject property could potentially be replatted into three separate lots, potentially allowing a main dwelling unit along with accessory detached dwelling unit on each lot, giving an overall count of six (6) dwelling units. The proposed "MF-18" base zoning district would permit up to nine (9) dwelling units and would be appropriate in accordance with the established future land use classification and established density.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request appears to conflict with public policy objective of the Southeast Community Plan. Goals, objectives, and recommendations may include:
 - Housing Recommendation #1: Attract a greater diversity of housing product types and options for existing and new residents, in all stages of life.
 - Land Use Recommendation #1: Maintain residential and nonresidential densities that are consistent with historic patterns, to strengthen and preserve established neighborhoods.
 - Strategy 1.1 (Regulatory and Policy): Oversee City-initiated rezoning efforts in areas where current zoning districts are not aligned with land uses designated by the Southeast Community Area Plan.
 - Strategy 1.2 (Regulatory and Policy): Review development standards to ensure infill, revitalization, and adaptive reuse projects consistent with historic patterns (particularly as they relate to setbacks, encroachments, scale, parking, and first floor uses) are possible and not disproportionately burdensome.
6. **Size of Tract:** The 0.4821 acre site is of sufficient size to accommodate the proposed residential development.

7. **Other Factors:** The applicant intends to develop nine (9) dwelling units on the subject property.
