RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the North Sector Plan and is currently designated as "Suburban Tier" in the future land use component of the plan. The requested "C-2" base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. Surrounding properties are a mix of "O-2" High Rise Office District, "C-2" Commercial District and "MF-33" Multi-Family District, which permit higher intense commercial and office uses that coordinate with the proposed local wine bar.
3. **Suitability as Presently Zoned:** The existing "C-2" Commercial District is an appropriate zoning for the property and surrounding area. The requested "C-2 S" Commercial District with a Specific Use Authorization for Bar and/or Tavern Without Cover Charge 3 or More Days Per Week is also an appropriate zoning. The "S" Specific Use Authorization allows the Bar and/or Tavern use in addition to all the "C-2" Commercial District uses. The applicant provided a prescribed site plan which indicates the use of the property and structures. Any major amendments to the site plan will require additional zoning consideration.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objectives of the North Sector Plan.

- **Jobs and Economic Competitiveness Goal 2:** Traditional and targeted growth industries support San Antonio's diversified economy and provide a wide range of job opportunities.
- **Land Use Recommendation 3:** Evaluate, and update as needed, zoning and development regulations that impede implementation of Brooks Area Regional Center Plan land uses and desired urban form.
- **Focus Area Recommendation 4:** Balance development and investment in focus areas with protection and enhancements of open spaces, including parks, natural resources, and other sensitive areas.
- **Economic Development Recommendation 2:** Diversify employers and job opportunities in the Brooks Area Regional Center.

6. **Size of Tract:** The 11.055 acre site is of sufficient size to accommodate the proposed commercial development.
7. **Other Factors:** The purpose of the Specific Use Authorization is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but may, under the right set of circumstances and conditions be acceptable in certain specific locations. The applicant is rezoning to develop Metal Products - Fabrication.
