**PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:**

The Subject property is not located near a Regional Center or within ½ a mile from a Premium Transit Corridor

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on approval criteria below.

- 1. Consistency:** The subject property is located within the West Sector Plan and is currently designated as General Urban Tier in the future land use component of the plan. The requested “MF-18” base zoning district is consistent with the future land use designation.
- 2. Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. The property to the west of the subject site is zoned “MF-18” Limited Density Multi-Family and further east in the block is “MF=33” Multi-Family District.
- 3. Suitability as Presently Zoned:** The existing “R-4” Residential Single-Family District is an appropriate zoning for the property and surrounding area. The requested “MF-18” Limited

Density Multi-Family District is also an appropriate zoning for the property and the surrounding area. The requested “MF-18” allows additional density in a line in character with the surrounding area. The subject property is located across the street from Palo Alto College, a key employer and educational location. Adding additional housing types in this area would support the objective to locate new housing developments near existing schools and community facilities and to support appropriate development around universities and college.

4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the West Sector Plan:
  - Goal HOU-1 Housing stock is diverse and densities are distributed in accordance with the adopted West/Southwest Sector Land Use Plan
  - HOU-1.2 Provide a range of housing types and prices to accommodate all residents within the Sector and within the same neighborhood
  - Goal HOU-2 New housing developments locate near existing community facilities, schools, and physical infrastructure (e.g., streets, water, sewer, etc.) with sufficient capacity to serve new developmentsThe proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the West Sector Plan:
  - Goal HOU-1 Housing stock is diverse and densities are distributed in accordance with the adopted West/Southwest Sector Land Use Plan
  - HOU-1.2 Provide a range of housing types and prices to accommodate all residents within the Sector and within the same neighborhood
  - Goal HOU-2 New housing developments locate near existing community facilities, schools, and physical infrastructure (e.g., streets, water, sewer, etc.) with sufficient capacity to serve new developments
6. **Size of Tract:** The 2.51 acre site is of sufficient size to accommodate the proposed residential development.
7. **Other Factors:** A zoning case, Z-2022-10700075, at 1519 W Villaret Boulevard was approved on June 16, 2022, for “MF-18” Limited Density Multi-Family District next door to the subject property.

In accordance with the San Antonio City Unified Development Code, the Office of Historic Preservation reviews all demolition applications for any property located within the city limits of San Antonio. Approval of a zoning change does not imply approval of or take the place of such demolition review as directed by the UDC. To date, no application for demolition at this address to accommodate the proposed use has been submitted for review to the Office of Historic Preservation.

The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request. The Military has indicated that there are no objections to this request.

The property is proposed for development of multifamily uses that shall not exceed 18 units per acre. At 2.51 acres, there could potentially be development of 45 units. The applicant is requesting to build 45 units.
