Property Details

Property History: The subject property is located within the original 36 miles of the city of San Antonio. The subject property was rezoned by Ordinance 70,785, dated December 14, 1989 to “R-2” Two-Family Residence District. Under the adoption of the 2001 Unified Development Code, established by Ordinance 93881, dated May 3, 2001, the portion of the property zoned “R-2” Two-Family Residence District converted to “RM-4” Residential Mixed District. The property was then rezoned from “RM-4” Residential Mixed District to the current “R-6” Residential Single-Family District by Ordinance 2012-12-06-0953, dated December 6, 2012

Topography: The property does not include any abnormal physical features such as slope or flood plain.

Overlay District Information:

The "AHOD" Airport Hazard Overlay District, due to the location of the property and its proximity to an airport or approach path, does not restrict permitted uses, but can require additional review of construction plans by both the Development Services Department and the Federal Aviation Administration. The Dignowity Hill Historic District, is a historic overlay district. This district does not regulate use of the property, but does enforce building exterior design standards meant to maintain the architectural character or cultural significance of the designated area. Building plans and permit applications will be subject to review by the Office of Historic Preservation and the Historic and Design Review Commission (HDRC) prior to any permits being issued.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The property is not located within a regional center but is located within a premium transit corridor buffer.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

- 1. Consistency:** The subject property is located within the Dignowity Hill Neighborhood Plan / Eastside Reinvestment Plan and is currently designated as “Low Density Residential” in the future land use component of the plan. The requested “IDZ-1” base zoning district is consistent with the adopted land use designation.
- 2. Adverse Impacts on Neighboring Lands:** Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established multi-family use just across the street from the subject property.
- 3. Suitability as Presently Zoned:** The existing “R-6” Residential Single-Family base zoning is an appropriate zoning district for the surrounding area. The proposed “IDZ-1” with uses permitted for three (3) units is also appropriate for the area and is consistent with the multi-family use all along Hays Street to the south of the subject property.
- 4. Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
- 5. Public Policy:** The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the Dignowity Hill Neighborhood Plan / Eastside Reinvestment Plan:
 - Goal 8: Increase homeownership through infill development and housing rehabilitation
 - Goal 9: Well maintained and diverse housing stock

Infill Development Zone (IDZ) provides flexible standards for developments. IDZ is to encourage and facilitate development on vacant, bypassed lands, or the redevelopment of underutilized buildings or structures, within existing built-up areas. IDZ may be approved as either a base zoning district or an overlay zoning district. Standards required in an IDZ district shall apply to either IDZ base zoning or the IDZ overlay district except where otherwise specifically stated. Typically IDZ gives flexibility to parking requirements, lots sizes, and setbacks.

- 6. Size of Tract:** The subject property is 0.2548 acres, which would adequately support three (3) residential dwellings.
- 7. Other Factors** The applicant provided a site plan indicating three (3) residential units. You may note that the site plan holds the applicant to the site design and layout. The subject property is located within the Fort Sam Houston Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JB SA was notified of the proposed request. This property is located within the Dignowity Hill Historic District. Any new construction will require approval from the Historic and Design Review Commission. Approval of a site plan or materials submitted as part of a zoning application does not supersede any requirements for design review outlined in Article VI of the Unified Development Code. To date, no application has been made to the Historic and Design Review Commission for this

project. Additionally, based on the submitted site plan, there are conflicts with the Historic Design Guidelines and the proposed project.
