FISCAL IMPACT:

ALTERNATIVES:

3. Continue to a future date.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

The applicant seeks a Plan Amendment to “General Urban Tier” to rezone to “MF-33” Multi-Family District. The proposed “General Urban Tier” is consistent with the “General Urban Tier” to the south. It is also a good transition along Loop 1604 and between the existing “Regional Center” land use areas.

Sector Plan Criteria for review:

- The recommended land use pattern identified in the North Sector Land Use Plan inadequately provides appropriate optional sites for the land use change proposed in the amendment.
- The amendment must constitute an overall improvement to the North Sector Plan and will not solely benefit a particular landowner or owners at a particular point in time.
- The amendment must uphold the vision for the future of the North Sector Plan.

The amendment will not adversely impact a portion of, or the entire Planning Area by;

- Significantly altering acceptable existing land use patterns, especially in established neighborhoods.
- Affecting the existing character (i.e. visual, physical, and functional) of the immediate area.
- Creating activities that are not compatible with adjacent neighboring uses, and, particularly, the

mission of Camp Bullis Air Force Base.

- Significantly alter recreational amenities such as open space, parks, and trails.
