On April 30, 1992, the City Council created the San Antonio Water System by Ordinance 75686. The San Antonio Water System Board of Trustees is vested with the complete management, control and operation of the Water System. The Board controls the expenditure and application of the revenues of the System and makes recommendations to the City Council concerning rates, fees, and changes for services rendered by the System. Members serve a 4-year term of office,

beginning on June 1 and ending on May 31, and are limited to serving 2 terms of office, unless their first appointment was for the remainder of an unexpired term of office of less than two years.

Paragraph 4 of Ordinance No. 87010, passed on November 20, 1997, requires trustees to be U.S. citizens and reside inside the corporate limits of the City or inside the area served by the System.
