Agenda Date: January 25, 2022

In Control: Southern Edwards Plateau Habitat Conservation Plan Coordinating Committee Meeting

DEPARTMENT: Development Services Department

DEPARTMENT HEAD: Michael Shannon

COUNCIL DISTRICTS IMPACTED: Citywide

SUBJECT:

Consideration and recommendation of the SEP-HCP budget for biological services for the current year.

SUMMARY:

Renewal of FY 2022 Blair Wildlife Consulting contract extension for biological services to the Southern Edwards Plateau Habitat Conservation Plan.

BACKGROUND INFORMATION:

In 2019 Bexar County entered into a contract with Blair Wildlife Consulting for biological services for the Southern Edwards Plateau Habitat Conservation Plan (SEP-HCP). The initial contract was for a maximum annual payment of \$220,000.00. The City of San Antonio and Bexar County each paid \$50,000.00 and any amount billed in excess of that amount would come from the SEP-HCP revenues. Per the Interlocal Agreement (ILA) both Bexar County and the City of

San Antonio share joint responsibility to fund and manage the SEP-HCP program.

The contract was extended in 2021. Bexar County and the City of San Antonio are seeking another contract extension.

SUMMARY OF PREVIOUS CONTRACTS:

Initial Term: March 1, 2019 – March 31, 2020

Contract Total: \$220,000

- \$50,000 from Bexar County
- \$50,000 from COSA/DSD
- Total \$120,000 to be paid from SEPHCP Revenues
 - \$70,000 from Deposit Warrant 385490 = SEPHCP Revenues for the construction of a fence around a previously donated karst feature which can only be done under certain weather conditions to avoid disturbance of the protected endangered species within the karst
 - \$50,000 from SEPHCP revenues
- A total of \$170,039.91 was actually paid.
- Services paid for:
 - GCSNA KFAS Management and monitoring
 - Meetings and coordination
 - Annual reporting
 - Application review and processing, and preserve evaluations
 - Karst Surveys to support potential preserve establishments
 - Northern preserve management and monitoring
 - Panther Springs preserve management and monitoring
 - Government Canyon preserve management and monitoring
 - Genetic studies of cave dwelling cicurina spiders

1st Extension: March 31, 2020 – March 31, 2021

Contract Total: \$220,000

- \$50,000 from Bexar County
- \$50,000 from COSA/DSD
- Total \$120,000 to be paid from SEPHCP Revenues
 - \$70,000 from Deposit Warrant 385490 = SEPHCP Revenues for the construction of a fence around a previously donated karst feature which can only be done under certain weather conditions to avoid disturbance of the protected endangered species within the karst
 - \$50,000 from SEPHCP revenues
- A total of \$149,382.41 was actually paid.
- Services paid for:
 - GCSNA KFAS Management and monitoring
 - Meetings and coordination
 - Annual reporting

- Application review and processing, and preserve evaluations
- Karst Surveys to support potential preserve establishments
- Northern preserve management and monitoring
- Panther Springs preserve management and monitoring
- Government Canyon preserve management and monitoring
- Genetic studies of cave dwelling cicurina spiders

2nd Extension: March 1, 2021 – February 28, 2022

Contract Total: \$340,000

- \$50,000 from Bexar County
- \$50,000 from COSA/DSD
- Total \$120,000 to be paid from SEPHCP Revenues
 - \$70,000 from Deposit Warrant 385490 = SEPHCP Revenues for the construction of a fence around a previously donated karst feature which can only be done under certain weather conditions to avoid disturbance of the protected endangered species within the karst
 - \$50,000 from SEPHCP revenues
- A total of \$132,505.00 was actually paid.
- Services paid for:
 - GCSNA KFAS Management and monitoring
 - Meetings and coordination
 - Annual reporting
 - Application review and processing, and preserve evaluations
 - Karst Surveys to support potential preserve establishments
 - Northern preserve management and monitoring
 - Panther Springs preserve management and monitoring
 - Government Canyon preserve management and monitoring
 - Genetic studies of cave dwelling cicurina spiders

This contract increased the maximum payment to Blair Wildlife Consulting to \$340,000.00. This increase was attributed to the following:

- \$50,000 – Base contribution for program implementation services
- \$45,000 – Cicurina genetics study
- \$75,000 – Preserve establishment, management & monitoring services for 3 potential new karst preserves (estimated at \$25,000/preserve)

ISSUE:

None.

FISCAL IMPACT:

The contract extension mirrors the terms of the current agreement.

ALTERNATIVES:

None.

RECOMMENDATION:

Staff recommends Approval of the renewal of FY 2022 Blair Wildlife Consulting contract extension for biological services to the Southern Edwards Plateau Habitat Conservation Plan.

Budget allocating a maximum payment of \$340,000.00 broken down as follows:

- Bexar County Maximum Contribution: \$50,000.00
- City of San Antonio Maximum Contribution: \$50,000.00
- SEP-HCP Fund Maximum Contribution: \$240,000.00
