Property History: The subject property is currently zoned "R-5". The property was annexed into the City of San Antonio by Ordinance 18115 dated September 24, 1952, and originally zoned "A" Single-Family Residence District. With adoption of the 2001 Unified Development Code (UDC), established by Ordinance 93881, on May 3, 2001, the portion of the property zoned "A" Single-Family Residence District converted to the current "R-5" Single-Family Residential District.

Topography: The property does not include any abnormal physical features such as slope or incursion in a flood plain.

The "MLOD-2" Lackland Military Lighting Overlay District does not restrict permitted uses but does regulate outdoor lighting in an effort to minimize night-time light pollution and its effects on operations at the military installation.

The "AHOD" Airport Hazard Overlay District, due to the location of the property and its proximity to an airport or approach path, does not restrict permitted uses, but can require additional review of construction plans by both the Development Services Department and the Federal Aviation Administration.

ALTERNATIVES:

Current Zoning: “R-5” Residential Single-family dwellings allow (detached) with a minimum lot size of 5,000 square feet and a minimum lot width of 45 feet, foster family home, public and private schools.

Proposed Zoning: “MF-18” Limited Density Multi-Family allows multi-family development to a maximum density of 18 units per acre.

FISCAL IMPACT:

None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is not located within a Regional Center but is in proximity to the Bandera Road Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the Near Northwest Community Plan and is currently designated as “Mixed Use” in the future land use component of the plan. The requested “MF-18” base zoning district is consistent with the future land use designation.

2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. The property is near the intersection of Hillcrest Drive and Bandera Road, in proximity to commercial zoning designations with mid to high levels of intensity. While there are single family residential uses in immediate proximity to the subject property, the proposed “MF-18” Limited Density Multi-Family District can serve as a buffer between the single-family residential development and the established commercial development pattern.
3. **Suitability as Presently Zoned:** The current “R-5” Residential Single-Family District is an appropriate zoning for the property and surrounding area. The proposed “MF-18” Limited Density Multi-Family District is also appropriate. The property sits directly in between properties zoned “C-2” Commercial District and “R-5” Residential Single-Family District. The proposed base zoning district could act as a transition between the two zoning designations and provide an additional housing type for the area.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objectives of the Near Northwest Community Plan, which support diverse housing types and density:
 - Goal 3 - Housing Preserve and revitalize the community’s unique mix of quality housing:
 - o Objective 3.1: Rental Housing Provide well-maintained housing for a mix of incomes.
 - o Objective 3.4: Housing Development Encourage new housing development that is compatible with the community’s character.
 - o Objective 3.5: Community Promotion Promote the strengths of the Near NW Community as a place to live, work and play.
6. **Size of Tract:** The subject property is 0.6 Acres, which can reasonably accommodate a multi-family residential development.
7. **Other Factors:** The applicant intends to rezone to “MF-18” Limited Density Multi-Family District to accommodate approximately nine (9) dwelling units. The property is currently occupied by a single-family home that would be demolished should the property be successfully rezoned.

The subject property is located within the Lackland Airfield Base Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request. The Military has indicated that there are no objections to this request.
