Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the Monte Vista Neighborhood Plan that is used as a guide only in evaluating zoning cases. Therefore, a finding of consistency is based on goals and objectives of the plan and existing and surrounding zoning and uses.

2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. Surrounding properties are zoned “R-4” Residential Single-Family District, “MF-33” Multi-family District, and “C-2” Commercial District.
3. **Suitability as Presently Zoned:** The existing “R-4” Residential Single-Family District is an appropriate zoning for the property and surrounding area. The requested “R-4 CD” Residential Single-Family District with a Conditional Use for two dwelling units is also appropriate. The subject property is in a neighborhood with varying residential densities and commercial uses. The proposed density and configuration would maintain the established character of the neighborhood. Additionally, the proposed use will also provide an alternative housing type to the area and aligns with the goals of the Strategic Housing Implementation Plan (SHIP).
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objectives of the SA Tomorrow Comprehensive Plan. Relevant Goals and Policies of the SA Tomorrow Comprehensive Plan include: GCF Goal 5: Growth and city form support improved livability in existing and future neighborhoods H Goal 2: A variety of housing types (single-family detached, single-family attached, multifamily, as well as ownership and rental opportunities) is available H Goal 3: Housing choices are available in walkable and bikeable neighborhoods located near transit, employment, retail, medical and recreational amenities.

The applicant is rezoning to permit two (2) dwelling units.
