BACKGROUND INFORMATION:

Project Background

On May 7, 2022, voters approved the 2022 Bond Program authorizing \$5,000,000.00 in Parks, Recreation and Open Spaces for the construction of a new Women's and Men's Basketball and Women's Volleyball practice facility that will be constructed at the University of Texas at San Antonio - Main Campus.

The facility will be located adjacent to the recently completed Roadrunner Athletic Center of Excellence on the west part of campus and will span two stories with a gross square footage of

51,900. The facility will provide all practice facility amenities associated with top-tier NCAA Division 1 basketball and volleyball programs. Each program will have access to practice courts, a team locker room with shower space, a film review room, a team lounge area, and program office spaces for coaching staff. Programs will share strength and conditioning facilities, hydrotherapy facilities, and equipment and laundry facilities.

As part of the funding agreement, UTSA has committed to provide opportunities for public access for organized competitive events, organized youth sports and bring sporting events to San Antonio in coordination with the City's Parks and Recreation Department. In addition, each year UTSA will provide 15 days for exclusive and prioritized office use by the City of San Antonio with free, no-cost parking within reasonable walking distance; no-cost outreach opportunities at UTSA events to promote Parks and Recreation events, clinics, programs, and employment opportunities; and tickets to two UTSA football games, two men's basketball games, two women's basketball games and two women's volleyball games.

In addition to the City's funds, UTSA received a \$5,000,000 commitment from Bexar County and has budgeted \$25,000,000 for a cumulative project budget of \$35,000,000. Construction is anticipated to begin Spring 2025 and estimated to be complete by Fall 2026.

Procurement of Services

This agreement will be executed in compliance with the Small Business Economic Development Advocacy (SBEDA) Program, which requires contracts be reviewed by a Goal Setting Committee to establish a requirement and/or incentive unique to the particular contract to maximize the amount of small, minority, and women-owned business participation on the contract. The Goal Setting Committee set a 12% Minority/Women Business Enterprise subcontracting goal and 2% African American Business Enterprise subcontracting goal. The University of Texas at San Antonio has committed to meeting these goals.

3.01 **Legal Compliance.** Grantee warrants and represents that it will comply with all applicable Federal, State and Local laws and regulations and will use all reasonable efforts to ensure said compliance by any and all contractors and subcontractors that may work on the Project.

3.02 **Open and competitive contracting.** Grantee agrees to abide by the competitive procurement requirements of Chapter 2254 of the *Texas Government Code*, and Chapter 51 of the

Texas Education Code. In particular, Grantee intends to construct the Project using the competitive process for selection of a “construction-manager-at-risk” under Sections 51.782 and 51.9335 of the *Texas Government Code*, utilizing the process established in The University of Texas System Office of General Counsel Construction Law Guidelines found at <https://www.utsystem.edu/documents/docs/general-counsel-documents/2017/construction-contracting-guidelines>.

3.03 ADA compliance. Plans must conform to Americans with Disabilities Act (ADA) requirements) as well as applicable Texas State Accessibility standards and must be approved by the Texas Department of Licensing and Regulation before construction may begin. Inspections and final approval shall be the responsibility of Grantee.

3.04 Prevailing Wage Rate and Labor Standards

A. The requirements of Chapter 2258 of the Texas Government Code, entitled “Prevailing Wage Rates,” shall apply to this Funding Agreement (**Exhibit E**). Grantee agrees that its construction contractor will comply with City Ordinance No. 71312 and its successors such as Ordinance No. 2008-11-20-1045 and will require subcontractors to comply with City Ordinance 71312 and its successors such as Ordinance No. 2008-11-20-1045 and shall not accept affidavits.

B. In accordance with the provisions of Chapter 2258 and Ordinance No. 2008-11-20-1045, Grantee shall request upon advertisement of construction bids, and the City will provide Grantee with the appropriate wage determination which includes the general prevailing rate of per diem wages in this locality for each craft or type of workman needed to perform the construction work. The Grantee is required, and shall require its construction contractor and all subcontractors to comply with each updated schedule of the general prevailing rates in effect at the time the Grantee calls for bids for construction of a given phase. The Grantee is further required to cause the latest prevailing wage determination decision to be included in bids and contracts with the Grantee’s general contractor and all subcontractors for construction of each Phase. Grantee is responsible for and shall collect and monitor weekly certified payrolls and perform site visits to ensure the prevailing wage is being paid to all workmen. City will audit certified payroll records as necessary in accordance with this Funding Agreement.

C. Upon audit of the records and certified payrolls under this section, should the City or its auditors find any violations, the Grantee shall cause its Construction Contractor to forfeit as a penalty to the City \$60.00 for each laborer, workman, or mechanic employed, for each calendar day, or portion thereof, that such laborer, workman or mechanic is paid less than the said stipulated rates for any work done under said contract, by the Contractor or any subcontractor. The establishment of prevailing wage rates in accordance with Chapter 2258, Texas Government Code shall not be construed to relieve the Grantee from its obligation under any federal or state law regarding the wages to be paid to or hours worked by laborers, workmen or mechanics insofar as applicable to the work to be performed under this Funding Agreement.

3.05 Environmental. Construction shall comply with all applicable Federal and State environmental requirements, as well as any local environmental requirements applicable to Grantee.

3.06 Small Business Economic Development Advocacy Program. City understands and acknowledges that Grantee must adhere to the requirements of the State Historically Underutilized Business program as established under Chapter 2161 of the *Texas Government Code*, Section 51.9335 of the *Texas Education Code*, and Chapter 20, Subchapter D, of the *Texas Administrative Code*, as well as the related policies under The University of Texas System Policy UTS137 located at <https://www.utsystem.edu/sites/policy-library/policies/uts-137-historically-underutilized-business-hub-program> (collectively, the “**HUB Program**”). City further understands and acknowledges that the HUB Program does not authorize the use of preference points or related preferences when selecting contracted providers under Grantee’s procurement process described in Section 3.02. To the extent permitted by law and the rules and regulations of the University of Texas System, Grantee shall comply with all Small/Minority and Woman Owned Business Terms and Conditions as attached hereto as **Exhibit D**.

3.07 Compliance with Bond Covenants. The City’s commitment hereunder is funded with City Bonds, which are obligations the interest on which is excluded from the gross income calculations of the holders thereof for the purpose of determining income tax liability under applicable federal law. Maintaining the eligibility of the City Bonds for this tax treatment requires the City’s compliance with applicable federal tax law and regulations, which includes agreements regarding the use of City Bonds’ proceeds and the use and operation of facilities financed with those proceeds. As the expenditure of the City Bonds’ proceeds once delivered to the Grantee, and the use and operation of the completed Project, is under the control of the Grantee, Grantee agrees that it shall not use, or permit the use of, proceeds of the City Bonds, or earnings thereon, or any other amounts or any property, the acquisition, construction, or improvement of which is to be financed directly or indirectly with proceeds of the City Bonds or earnings thereon, in a manner which, if used or permitted to be used, respectively, would cause the interest on City Bonds to be includable in the gross income of the bond owners for federal income tax purposes. In addition, purposes which are not permissible include, but are not limited to religious activities, restaurants, cafes, and retail stores.

IV. OWNERSHIP, USE OPERATIONS

4.01 Grantee hereby acknowledges that it will construct the Project in a manner that will accomplish the Public Purpose, specifically including the use by the general public described in Section 2.10.1. Grantee hereby agrees that the operating hours of the facility will facilitate accomplishing the Public Purpose and that the scheduling of use, rules and regulations, and other operational practices will be consistent with the Public Purpose, specifically including the use by the general public described in Section 2.10.1. Further, Grantee shall not employ, nor allow others to employ, discriminatory practices in the use of the Project improvements. Grantee hereby agrees that the programs and use described herein will continue for the Term of this Funding Agreement.

4.02 Grantee shall be responsible for the operation and maintenance of the Project facility and all associated costs will be the responsibility of Grantee.

4.03 The Project improvements shall facilitate the design and construction of improvements at UTSA for the construction of a new Women's and Men's Basketball and Women's Volleyball practice facility on UTSA main campus within available funding in accordance with the Plans and provide for its continued operation during the entire term that the City Bonds issued to finance the City's contribution to the Project remain outstanding.

4.04 For the entire term that the City Bonds remain outstanding, Grantee shall operate the Project continuously and in a manner that accomplishes on the City's behalf the Public Purpose that forms the basis for the City's contribution to the Project. Grantee shall satisfy this obligation by assuring that, for the duration previously specified, the construction of the new athletics facility within available funding provided at the Project, once completed, as a ratio of all services provided at the completed Project, shall be at least proportionate to the percentage of the total Project cost funded by the City (assuming a City contribution of \$5,000,000 and an overall Project cost of \$35,000,000).

V. FUNDING AND ASSISTANCE BY CITY

5.01 City shall reimburse Grantee for all eligible expenses incurred hereunder. Notwithstanding any other provisions of this Agreement, the total of all payments and other obligations made or incurred by City hereunder shall not exceed the sum of \$5,000,000.

5.02 City shall not be obligated nor liable under this Agreement to any party, other than Grantee and Public Works "hereinafter referred to as PW", for payment of any monies or provision of any goods or services.

5.03 Funding shall consist of reimbursements paid to Grantee for design and construction costs of the Project, not to exceed \$4,900,000, with \$100,000 to be retained by the City, for total funding by City of \$5,000,000. The City funding provided under this Funding Amendment may only be used for the portions of the Project that will serve to meet the Public Purposes. No City funds may be used for Grantee's personal office space or other non-public aspects of the Project.

5.04 Payments will be a reimbursement of work done and payments made for the portions of the project that City is funding. Records and documentation that the expenses were in relation to the City- funded portion of the project will be submitted as City may reasonably require with pay application with additional documentation available upon request.

5.05 Except as otherwise set forth herein, it is further expressly understood and agreed by City and Grantee that this Agreement in no way obligates City's General Fund monies or any other monies or credits of City.

5.06 In the event that the Bond Funds are not used for the purposes authorized under and/or in accordance with the terms and conditions of this Agreement, Grantee agrees to refund any

amounts to City which were not authorized or used in accordance with the terms and conditions of this Agreement. Grantee shall pay such refund in a reasonable amount of time, not to exceed ninety (90) calendar days.

VI. RECEIPT, DISBURSEMENT AND ACCOUNT OF FUNDS BY GRANTEE

6.01 Grantee agrees to maintain readily identifiable records that shall provide accurate, current, separate, and complete disclosure of the status of any funds received pursuant to this Agreement. Grantee further agrees:

(A) That maintenance of said records shall be in compliance with all terms, provisions, and requirements of this Agreement and with all generally accepted accounting practices; and

6.03 City shall reimburse Grantee on a monthly basis upon receipt and approval of an invoice through the City's Project Reporting Information Management Exchange Link (COSA *PRIMELink*) within thirty (30) days after receipt of an approved invoice.

6.04 All requests for reimbursement shall be submitted through the COSA *PRIMELink*. Grantee shall sign a Business Level Agreement and ensure that all of its employees or representatives utilizing *PRIMELink* sign and comply with an Individual User Agreement. Such requests for reimbursement shall be completed on *PRIMELink* and/or utilizing forms and instructions approved by PW. Prior to the initial request for reimbursement, Grantee must submit a schedule of values for payment to be approved by PW, which approval shall not be unreasonably withheld, conditioned, or delayed. Any changes to the schedule of values once approved shall be processed and approved as task orders through the portal.

6.05 Prior to reimbursement, City shall have the right to inspect work completed to ensure conformance with the approved Plans. Invoices should include all supporting documentation that costs have been incurred, as reasonably required by City.

6.06 City agrees to provide Grantee written notice regarding any expenditure for which Grantee has requested reimbursement under this Agreement which the City reasonably determines to be outside the permissible parameters of this Agreement. Said notice shall provide Grantee thirty (30) days from receipt of said notice to cure the deficiency or refund to the City any sum of money paid by City to Grantee determined to:

(A) Have not been spent by Grantee strictly in accordance with the terms of this Agreement; or

(B) Not be supported by adequate documentation to fully justify the expenditure.

UTSA Athletics Facilities

A. SBEDA Program

City has adopted a Small Business Economic Development Advocacy Ordinance (Ordinance No. 2016-05-19-0367 and as amended, also referred to as “SBEDA” or “the SBEDA Program”), which is posted on City’s Economic Development (hereafter referred to as “EDD”) website page and also is available in hard copy form upon request to City. The SBEDA Ordinance Compliance Provisions contained in this Exhibit 1 are governed by the terms of said Ordinance, as well as by the terms of the SBEDA Ordinance Policy & Procedure Manual established by City, pursuant to said Ordinance, and any subsequent amendments to this referenced SBEDA Ordinance and SBEDA Policy & Procedure Manual in effect as of the date of the execution of this Agreement. Unless defined in a contrary manner herein, terms used in this Exhibit 1 shall be subject to the same expanded definitions and meanings as given those terms in the SBEDA Ordinance and as further interpreted in the SBEDA Policy & Procedure Manual.

B. SBEDA Program Compliance – Affirmative Procurement Initiatives

City has applied the following contract-specific Affirmative Procurement Initiatives to this Agreement. Grantee hereby acknowledges and agrees the selected API requirement also shall be extended to any change order or subsequent contract modification and, absent SBO’s granting of a waiver, that its full compliance with the following API terms and conditions are material to its satisfactory performance under this Agreement:

M/WBE Subcontracting Program. In accordance with SBEDA Ordinance Section III. D. 2. (d), this contract is being awarded pursuant to the M/WBE Subcontracting Program. The Grantee agrees to subcontract at least **twelve percent (12%)** of its prime contract value to certified M/WBE firms headquartered or having a Significant Business Presence within the San Antonio Metropolitan Statistical Area (SAMS).

Segmented M/WBE Goal. In accordance with SBEDA Ordinance Section III. D. 2. (e), this contract is being awarded pursuant to Segmented M/WBE Goals. The Grantee agrees to subcontract at least **two percent (2%)** of the contract value to a certified African American Business Enterprise (AABE) firm headquartered or having a significant business presence within the San Antonio Metropolitan Statistical Area (SAMS). This **two percent (2%)** subcontracting goal will also count toward the aforementioned **twelve percent (12%)** M/WBE subcontracting goal.

Grantee shall submit a **Subcontractor/Supplier Commitment Form** to City with this funding agreement. Failure to include a completed, signed copy of the Subcontractor/Supplier Commitment Form acknowledging the subcontracting goal(s) for this funding will render this contract voidable. *As the comprehensive scope of work is established*, Grantee agrees to submit a Subcontractor/ Supplier Utilization Plan with the names of the certified M/WBE and AABE Subcontractors to be used by Grantee on this contract, the respective percentages of the total

prime contract dollar value to be awarded and performed by each M/WBE and AABE Subcontractor, and documentation including a description of each M/WBE and AABE Subcontractor's scope of work and confirmation of each M/WBE and AABE Subcontractor's commitment to perform such scope of work for an agreed upon dollar amount is to be attached and incorporated by reference into the material terms of this Agreement.

In the absence of a waiver granted by the SBO, the failure of Grantee to attain this subcontracting goal for M/WBE and AABE firm participation in the performance of a Commercially Useful Function under the terms of its contract shall be a material breach and grounds for termination of the contract with the CITY, and may result in debarment from performing future CITY contracts, withholding of payment for retainage equal to the dollar amount of the underutilization below the agreed upon M/WBE and AABE subcontracting goal, and/or shall be subject to any other remedies available under the terms of this Agreement for violations of the SBEDA Ordinance, or under any other law.

C. Contract Requirements and Commitment

Grantee understands and agrees the following provisions shall be requirements of this Funding Agreement and Grantee, in acknowledging these requirements, commits to comply with these provisions.

Waiver Request - Grantee may request, for good cause, a full or partial Waiver of **specified subcontracting goal(s)** by submitting the *Respondent/ Vendor Subcontracting Waiver Request* form (available at <http://www.sanantonio.gov/SBO/Forms.aspx>). These SBEDA Ordinance requirements, guidelines and procedures hereby are incorporated by reference into this Agreement and are considered by the Parties hereto to be material terms. H. Definitions

Affirmative Procurement Initiatives (hereafter referred to as "API") – refers to various Small Business Enterprise, Minority Business Enterprise, and/or Women Business Enterprise (hereafter referred to as "S/M/WBE") Program tools and Solicitation Incentives that are used to encourage

greater prime contract and subcontract participation by S/M/WBE firms, including bonding assistance, evaluation preferences, subcontracting goals and joint venture incentives. (For full descriptions of these and other S/M/WBE program tools, see Section III. D. of Attachment A to the SBEDA Ordinance).

Centralized Vendor Registration System (hereafter referred to as “CVR”) – refers to a mandatory electronic system wherein City requires all prospective Consultants, Sub-Consultants, Contractors and Subcontractors ready, willing and able to sell goods or services to City to register. The CVR system assigns a unique identifier to each registrant that is then required for the purpose of submitting solicitation responses and invoices and for receiving payments from City. The CVR-assigned identifiers also are used by City’s Goal Setting Committee for measuring relative availability and tracking utilization of SBE and M/WBE (as defined herein) firms by Industry or commodity codes and for establishing annual aspirational Goals and contract-by-contract Subcontracting Goals.

Certification or “Certified” – refers to the process by which City’s Small Business Office (hereafter referred to as “SBO”) staff determines a firm to be a bona-fide small, minority-, women-owned or emerging small business enterprise. Emerging Small Business Enterprises (hereafter referred to as “ESBEs”) automatically are eligible for Certification as SBEs. Any firm may apply for multiple Certifications covering each and every status category (e.g., SBE, ESBE, MBE, or WBE) for which it is able to satisfy eligibility standards. The SBO staff may contract these services to a regional Certification agency or other entity. For purposes of Certification, City accepts any firm that is certified by local government entities and/or other organizations identified herein that have adopted Certification standards and procedures similar to those followed by the SBO, provided the prospective firm satisfies the eligibility requirements set forth in this Ordinance in Section III.E.6 of Attachment A.

Commercially Useful Function – means a S/M/WBE firm performs a Commercially Useful Function when it is responsible for execution of a distinct element of the work of the contract and is carrying out its responsibilities by actually performing, staffing, managing and supervising the work involved. To perform a Commercially Useful Function, the S/M/WBE firm also must be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quantity and quality, ordering the material and installing (where applicable) and paying for the material itself. To determine whether an S/M/WBE firm is performing a Commercially Useful Function, an evaluation must be performed of the amount of work subcontracted, normal industry practices, whether the amount the S/M/WBE firm is to be paid under the contract is commensurate with the work it actually is performing, the S/M/WBE credit claimed for its performance of the work and other relevant factors. Specifically, an S/M/WBE firm does not perform a Commercially Useful Function if its role is limited to that of an extra participant in a transaction, contract or project through which funds are passed in order to obtain the appearance of meaningful and useful S/M/WBE participation when, in similar transactions in which S/M/WBE firms do not participate, there is no such role performed. The use of S/M/WBE firms by Grantee to perform such “pass-through” or “conduit” functions that are not commercially useful shall be viewed by City as fraudulent, if Grantee attempts to obtain credit for such S/M/WBE participation towards the satisfaction of S/M/WBE participation goals or other API participation requirements. As such, under such circumstances where a commercially useful

function is not actually performed by the S/M/WBE firm, Grantee shall not be given credit for the participation of its S/M/WBE Consultant(s), Sub-Consultant(s), Contractor(s), Subcontractor(s), Suppliers or joint venture partner towards attainment of S/M/WBE utilization goals, and Grantee and S/M/WBE firm may be subject to sanctions and penalties in accordance with the SBEDA Ordinance.
