**ISSUE:**

None

**ALTERNATIVES:**

Current Zoning: “FR” Farm and Ranch District preserves rural character and culture by implementing larger minimum lot sizes and by prohibiting incompatible land uses and providing areas for agricultural operations and natural resource industries.

Proposed Zoning: “RP” Resource Protection District protects and preserves valuable agricultural areas, implements agricultural and natural resource protection; requires a minimum of 10 acres. Agricultural operations and natural resource industries, single-family dwelling, farming and truck garden, public and private schools, transit transfer center and bus stops.

**FISCAL IMPACT:**

None

**PROXIMITY TO CURRENT AND/OR PLANNED REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR AS IDENTIFIED IN THE SA TOMORROW COMPREHENSIVE PLAN:** Subject property is not located within a Regional Center or within ½ a mile of a Premium Transit Corridor.

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the Heritage South Sector Plan, adopted in September 2010, and is currently designated as “Agribusiness RIMSE Tier in the future land

use component of the plan. The requested “RP” base zoning district is consistent with the future land use designation.

2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. Properties surrounding the subject site are “FR” Farm and Ranch District and “RE” Residential Estate Tier.
3. **Suitability as Presently Zoned:** The existing “FR” Farm and Ranch District is an appropriate zoning for the property and surrounding area. The proposed "RP" Resource Protection District is also appropriate. The purpose of the rezoning is to allow for the construction of a new school campus for the East Central Independent School District, which will include a new high school, middle school, educational and administrative buildings, and athletic facilities. The proposed zoning and use are consistent with the surrounding area, and will provide educational opportunities and facilities to serve surrounding neighborhoods.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy. Relevant Goals and Policies of the Comprehensive Plan may include:
  - PFCS P19: Coordinate with school districts to identify potential school sites, especially those planned in regional centers and other future growth areas.
  - PFCS P22: Encourage innovative educational opportunities throughout San Antonio, including in traditionally underserved areas, in order to elevate educational attainment and quality.
  - GCF Goal 8: Students throughout San Antonio have enhanced educational access and perform at a high level.

Relevant Goals and Objectives of the Heritage South Sector Plan may include:

- Goal COM-3: Community resources between local school districts, surrounding municipalities, Bexar County, quasi-public and private entities in Heritage South Sector that are coordinated and clustered.
  - EDU-5.3: Ensure that schools and libraries reflect the importance as community facilities by taking into consideration the location, topography, infrastructure, traffic conditions and accessibility by pedestrians, bicycles and vehicles.
6. **Size of Tract:** The 123.641 acre site is of sufficient size to accommodate the proposed development.
  7. **Other Factors:** The subject site is traversed by two Zone A FEMA floodplains. One to the northeast and the other on the southwest border of the site. Any improvements within the floodplain is prohibited without first communicating with Public Works Department. A flood study and/or a Conditional Letter of Map Revision (CLOMR) will be required at time of platting. Please coordinate with PWD prior to starting the platting process.
