4. BRIEFING AND DISCUSSION REGARDING THE 5-YEAR STRATEGIC PLAN OBJECTIVES.

Pete briefed to the board about updates SAHT Staff has regarding the 5-Year Strategic Plan. SAHT's Strategic Plan began in April 2022 with Review of Plans and Reports such as, Strategic Housing Implementation Plan (SHIP), Community Bond Committees' Report, Growing Together: Anti-Displacement Agenda for San Antonio, UT Law Report on PFCs, and NALCAB Report on SAHT. Throughout May 2022, Mission Matters continued with interviews and focus groups with board members, city representatives, community housing advocates, community housing development organizations (CHDOs), and housing developers. Mission Matters concluded in June with the survey that was distributed to more than 90 stakeholders which resulted in 30 responses.

Mission Matters prepared a working document outlining Strategic Objectives sourced from community input through the interviews, surveys, and focus groups. Out of this process, SIX Strategic Objectives emerged: Objective 1: Preservation of Affordable Multi-Family Rental Housing; Objective 2: New construction of Affordable Housing for targeted populations; Objective 3: Support Neighborhood Preservation Efforts; Objective 4: Clarify SAHT's role in the Local Housing System; Objective 5: Invest in SAHT's Capacity to Grow Objective 6: Engage in Advocacy at Local, State, and Federal Level. Through the objective process, SAHT staff researched a variety of strategies that can be used in each objective.

Objective 1, The Preservation of Affordable Multi-Family Rental Housing, includes the following: Assess, Prioritize, & Develop preservation plans for a risk properties, Partner with Non-Profits to acquire and preserve smaller Multifamily properties, Acquire and Rehab Apartments under PFC for Permanent Affordability, Provide gap financing for preservation of Apartments serving between 30%-80% AMI tenants, use SAHT Funding for "Green Grants" to non-profits, and Establish Multifamily Rehabilitation Criteria that promotes Universal Design, Sustainability and Increased Accessibility. Objective 2, New construction of Affordable Housing for the targeted populations, includes the following: Prioritizing public land to build affordable housing, Utilize COSA Displacement Tool, Continue to partner with Developers on LIHTC- Lower Fees for Non-Profits, Identify and Acquire property suitable for Redevelopment, Engage with Continuum of Care Providers to create Permanent Supportive Housing (PSH), Maintain Cash Resources to fund PSH related Operational/Support Reserves, and Establish Multifamily Criteria to promote site selection, equity, digital access, universal design, accessibility, and sustainability features.

Objective 3, Support Neighborhood Preservation Efforts, includes the following: identify and prioritize funding for Community Based Partners for Land Trusts, increase organizational capacity to implement Land Trust program, and continue to prioritize infill housing and acquisition programs. Community Land Trusts are composed of board members from the community that hold and trust all the properties to ensure they are rented or owned by low-income families. Objective 4, Clarify SAHT's role in the Local Housing System, includes the following: coordinate funding efforts with COSA, provide funding opportunities for non-profit housing initiatives in line with SHIP, adopt/publish criteria for programs and funding policies, partner w/ affordable housing developer to apply for COSA funding, create new initiatives that can be utilized with City Bond funding, continues Public Engagement thru transparency, awareness, and education, conduct research and support for studies & assessments at COSA request, and provide timely website updates on projects and be responsive to information on financial structures when requested.

Objective 5, Invest in SAHT's Capacity to Grow, includes the following: increase staff capacity, establish Financial Investment Policy, utilize Corpus for Guarantees or Reserves for SAHT initiatives, recommend COSA provide an annual stream to support/grow the Trust Fund, pursue SAHT owned housing opportunities to build long term community equity, and leverage existing revenue streams to capitalize funding for future SAHT initiatives. Objective 6, Engage in Advocacy at Local, State, and Federal Level, includes the following: Executive Director should continue to become more active in educating policy makers at all levels of government and increase organizational capacity to prepare educational materials for the community and policy makers. Finance and Audit Committee recommended moving forward to full board for presentation and feedback. Once feedback is received from the board, SAHT Staff will present the Strategic Plan Draft to the Governance and Policy committee before presenting the draft to the board again on August 19th board meeting. Staff anticipates final board approval on September 16th board meeting.

Jordan Ghawi requested to see a breakdown of the respondents, who participated in the surveys, from Mission Matters. Pete Alanis stated he would send Jordan a list of the respondents who participated in the surveys.

Mark Carmona stated he will make sure that the City of San Antonio's Public Education Campaign efforts are aligning with the Housing Trust in Objective 4: Clarify SAHT's role in the Local Housing System.

Councilwoman Phyllis Viagran recommends staff to research all 3rd parties or staff hired on by SAHT aligns well with the Strategic Plan and the goals set out by the Strategic Plan.

Councilwoman Teri Castillo asked if there could be another objective added to the Strategic Plan titled "Preserve Public Housing Units". Pete stated the objective suggestive by Councilwoman Teri Castillo falls under Objective 1: Preservation of Affordable Multi-Family Rental Housing. Councilwoman Teri Castillo asked if Objective 1 could include the terms "Public Housing". Pete stated he would bring the recommendation to Mission Matters for review.

Jordan Ghawi recommended board members be trained to engage in advocacy at local, state, and federal level to become more active in educating policy makers at all levels of government. Eric Cooper expressed agreement of Jordan Ghawi's recommendation on training board members to engage in advocacy.

NO ACTION TAKEN.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors
San Antonio Housing Trust Foundation, Inc.
San Antonio, Texas

We have audited the accompanying financial statements of the business-type activities of the San Antonio Housing Trust Foundation, Inc. (SAHTF), a component unit of the City of San Antonio, Texas, as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise SAHTF's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of SAHTF as of September 30, 2021, and the respective changes in its financial position and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 6 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2021

Note 1 – Summary of Significant Accounting Policies

Organization

San Antonio Housing Trust Foundation, Inc. ("SAHTF") is a nonprofit organization and component unit of the City of San Antonio (the City), incorporated under the laws of the State of Texas on January 30, 1990. The organization's primary purpose is to support charitable, educational and scientific undertakings, specifically to provide housing for low and middle-income families. All property, assets, profits and net revenue of the Foundation are dedicated irrevocably to charitable, educational and scientific purposes. Additionally, on November 1, 1990, the City passed an ordinance stating that the SAHTF is responsible for the administrative support of the operations of the City of San Antonio Housing Trust (the Trust), and under a separate City ordinance passed on September 26, 1991, the SAHTF was designated and approved to be the administrative and fiscal agent of the Trust for the disbursement of awards of Trust assistance to sponsors of affordable housing projects and programs.

The Board of Directors of the SAHTF consists of eleven persons duly appointed by the City Council of the City of San Antonio to serve on the City of San Antonio Housing Trust Board of Trustees. Although the SAHTF is a nonprofit organization, it has prepared its financial statements in accordance with the governmental accounting and reporting provisions of the GASB, based upon this relationship with the City of San Antonio. Such relationship requires that SAHTF's separately issued financial statements be based upon GAAP as promulgated by GASB Statements and Pronouncements. Under the provisions of GASB Statement 34, the SAHTF has prepared its financial statements as a special purpose local government involved in business-type (enterprise/proprietary fund) activities. Under the business-type activity reporting model of the GASB, a governing body decides that periodic determination of revenues earned, expenses incurred, and /or net income earned is most appropriate for capital maintenance, public policy, management control and accountability.

Basic Financial Statements

As a special purpose government involved primarily in business-type activities, SAHTF's basic financial statements consist of the following:

- Management's Discussion and Analysis
- Statement of Net Position
- Statement of Revenues, Expenses and Changes in Net Position
- Statement of Cash Flows
- Notes to Financial Statements

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2021

Note 1 – Summary of Significant Accounting Policies (Continued)

A. Measurement Focus, Basis of Accounting and Financial Statement Presentation

SAHTF meets the definition of a governmental entity, as set forth in the American Institute of Certified Public Accountants' Audit and Accounting Guide, State and Local Governments. The financial statements of SAHTF are prepared using the accrual basis of accounting with the economic resources measurement focus as prescribed by GASB. As SAHTF operates as a business-type activity, applying applicable GASB pronouncements, under this approach all assets, deferred outflows of resources, liabilities and deferred inflows of resources are reported on the statement of net position; revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of related cash flows.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations.

The principal operating revenue of SAHTF is revenue from administrative fees earned (see Note 9 for further details). SAHTF also receives interest on loans, grants and contributions from the City.

Operating expenses for enterprise funds include grants; disbursements to the Trust for specified note principal and interest amounts; payroll and related expenses; and other administrative expenses. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates (depreciation, allowance for bad debts) and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Management estimates the allowance for bad debt based on its review of the types of loans outstanding and performance of specific loans.

Tax Exempt Status

SAHTF is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. Management is not aware of any tax positions that would have a significant impact on its financial position. SAHTF is subject to routine examinations by taxing authorities; however, there are currently no examinations for any tax periods in progress. Its federal tax returns for the last 3 years remain subject to examination.

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2021

Note 1 – Summary of Significant Accounting Policies (Continued)

Cash and Cash Equivalents - For purposes of the Statement of Cash Flows, SAHTF considers all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents

Interest Income - Interest income is recognized as interest is accrued on loans bearing interest.

Receivables & Allowance for Doubtful Account- All receivables are reported net of estimated uncollectible amounts. As of September 30, 2021, an allowance for doubtful accounts has been established by management in the amount of \$152,177. This amount includes an allowance of \$134,434 for the total amount of mortgages due under the down payment assistance loan program which are not expected to be repaid.

Bad Debt Expense - SAHTF writes off a loan once it has been determined to be uncollectible, which is determined by various factors such as first-lien foreclosure without sufficient funds to pay SAHTF in a second-lien position, bankruptcy or likelihood of bankruptcy, failure to pay and inability to pay, or all other reasonable means of collection have been pursued unsuccessfully.

Capital Assets - Buildings and equipment are recorded at cost for purchased assets and fair market value as of the date of donation for donated assets. Depreciation is computed using the straight- line method over the useful lives of the assets as follows: Furniture, Fixtures and Equipment – 3 to 7 years; Building & Building Improvements – 39 years; and Other Improvements – 7 to 15 years

Net position - Net position represents the difference between assets less liabilities, and is divided into three components as follows:

- Invested in capital assets, net of related debt – consist of historical cost of capital assets less depreciation and less any remaining debt used to finance those assets.
- Restricted net position – net position restricted by the creditors, by State enabling legislation, by grantors (both Federal and State), and by other contributors. Contributions received by the City for the Housing Incentive Program that were not spent as of September 30, 2021 in the amount of \$30,886 are being reported as restricted net position.
- Unrestricted – all other net position is reported in this category.

SAHTF applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2021

Note 2 – Deposits

Cash Balances in Excess of FDIC Insured Limits

The Foundation's cash balances in excess of the FDIC insured limits as of September 30, 2021 were collateralized by pledged securities. Additionally, the SAHTF is reporting \$99,576 in cash for use in City programs as restricted.

Note 3 - Concentration of Credit Risk

SAHTF's mortgage receivables are typically secured by a second-lien on the borrower's home. In addition, SAHTF's notes receivable are concentrated in the low-income housing sector to further SAHTF's purpose. These are considered concentrations of credit risk.

Note 4 - Loans & Mortgages Receivable

Loans receivable are notes due from various housing projects and are due in installments at various dates through 2035. These notes are collateralized by deeds of trust on the properties. Annual interest rates on the notes range from 0% to 6%.

Mortgages receivable represent \$10,000 second-lien mortgages made to qualifying new homebuyers and various other MRB/MCC down payment or closing costs assistance loans. The \$10,000 loans are due in 360 monthly (30 years) installments with varying maturity dates through 2029. The down-payment assistance loans are due in 60 monthly installments with payments starting after the first mortgages are paid. The notes are collateralized by deeds of trusts on the homes being purchased. Annual interest rates on these notes are 3.5% on the \$10,000 second- lien mortgages and 0% on the down-payment assistance loans.

Other second-lien mortgage loans were funded between 1999 and 2003 from the George Gervin Youth Center funding round. These loans carry a 3% annual interest rate with principal and interest due over 30 years.

In 2013 the Organization loaned VDC Babcock, LP \$750,000 at an interest rate of 4.4% annually. The principal amount and accrued interest are due and payable in annual installments on the first day of each April, beginning April 1, 2014 and continuing on the first day of each April thereafter until the expiration of forty (40) years, being April 1, 2057. The Organization shall apply each annual payment first to accrued interest and the remainder to the principal amount. As of September 30, 2021 the balance due to SAHTF is \$168,007.

Summary:

The *Sustainability and Universal Design Committee* met on May 26th, June 24th, August 4th, and August 15th with a goal of developing sustainability and universal design standards recommendations for the San Antonio Housing Trust multifamily activities.

In the May 26th meeting, the group initially met to discuss the charge of the committee, gain member perspectives, discuss how the group wanted to proceed in future meetings.

In June, the *Sustainability and Universal Design Committee* received two presentations from local non-profits that have expertise in these two fields: Disability San Antonio & Build San Antonio Green.

Disability San Antonio presented on the 8 goals of universal design, while discussing the differences between universal design, visit-ability, and accessibility. The eight goals of UD are:

| 1. Body Fit | 5. Wellness |
| 2. Comfort | 6. Social Integration |
| 3. Awareness | 7. Personalization |
| 4. Understanding | 8. Cultural Appropriateness |

Build San Antonio Green to discuss their certification program (designed for SA's Climate) that results in at least 10% more efficient than required by code, requires 3rd party verifications, lowers operating costs via energy & water savings, allows greater resident comfort, increases Indoor Air Quality, and promotes product durability. The SAHT has previously partnered on 1,536 LIHTC units that achieved a BSAG Certification Level.

- Cevallos Lofts
- Woodlawn Ranch
- Masters Ranch
- Freedom Hills
- Majestic Ranch (Solar PV off-site)
- Alsbury Farms (Solar PV on-site & 1st Level 3 MF Project)

SAHT staff also hired the ***Kelsey***, a San Francisco based non-profit developer who developed Team to provide our committee with three 90-minute professionally *facilitated* sessions focusing on:

- Learning how and why the *Kelsey Design Standards* were created
- Learning how and why the *Kelsey Design Standards* are being used by housing designers, developers, and municipalities
- Understand the use cases for the *Kelsey Design Standards* including new construction, adaptive reuse, and rehabilitation
- Understand how the *Kelsey Design Standards* would impact residents with various needs
- Demonstrate how San Antonians with different access needs would benefit from specific elements of

the *Kelsey Design Standards*

- Discuss the intersection of between health/wellness, sustainability, and disability inclusion by highlighting elements within the *Kelsey Design Standards* to collectively accomplish these goals
- Identifying the most important elements of the *Kelsey Design Standards* to achieve SAHT's goals

Agenda Item 7**

Briefing and discussion on the Fiscal Year 2023 Preliminary Budget.

Summary:

Each budget year, the Executive Director reviews the end of year revenue and expenditure estimates while conducting a forecast of the following fiscal year's revenues, operational needs, and programmatic goals that are in line with the initial findings of the Five-Year Strategic Plan.

Operating Expenses

The operating expense budget proposes a year over year 57% increase from the FY 2022 Operating Expense Budget of \$1.04 million to \$1.62 million for FY 2023. The Operational budget increase is due to the cost of priorities focused on increasing staff capacity to accommodate for the sizeable existing portfolio of 42 active apartment communities either in service or in construction. In addition, this budget reflects stabilizing the SA Housing Trust's ability to continue creating and preserving units through *existing* programs.

- Increase staff from 5 to 7 (1 Dir. of Asset Mgt & 1 Support Position (Description TBD)
- Increase cost of living adjustment for current staff positions by 10% (excludes Ex. Director)
- Aligning compensation for all Director level positions
- Increase operating reserves with operational budget increase per existing 50% policy
- Headquarters design and renovations costs
- Fund continued asset financial and compliance monitoring for the growing list of assets
- Fund the utilization of real estate document management software to track our growing list of assets

All staff shall receive a COLA increase to correspond with the rapid period of year of year inflation. Currently the preliminary proposed budget is 10%. Staff will review the COSA Annual Budget Proposal and consider alignment with the City of San Antonio's COLA. For Director level positions, I am providing our Director of Operations with a Car and Phone allowance commensurate to the benefits being offered to other Director level positions. The operating budget also includes corresponding increases to commodities, insurance, and training/travel to accommodate a growing staff. The Operating Budget provides for continued outsourcing of our asset financial monitoring services, compliance monitoring services, general counsel, CFO/bookkeeping services, financial advisors, brokerage services, and public relations.

Likewise, the Executive Director is also proposing renovations to our headquarters located at 2515 Blanco Road. The project has not seen major repairs since the former historic property was relocated to this site over 20 years ago. The property has substantial issues related to foundation, exterior envelope and painting, interior sheetrock, window, flooring repairs, HVAC improvements, and sustainability/accessibility upgrades.

The Foundation has a 6-month operating reserve policy. The Operating Reserve Budget shall be set at \$813,688 from \$519,371 in FY 2022.

Operating Revenues

The San Antonio Housing Trust Foundation's primary source of income is a 25% Revenue Fee contributed by the Public Facility Corporation and Finance Corporation. The Foundation also earns a small amount of revenues

from prior equity investments, commercial loans, and residential loans. A portion of annually collected loan proceeds are owed to the Housing Trust Fund.

At the end of FY 2022, staff estimates earning \$2.33 million in revenues including \$2.12 million from the PFC and \$179k from the Finance Corporation. This will forecast slightly lower than anticipated from the FY 2022 midyear budget. Explanations will be provided in the PFC and FC Revenue sections below. For FY 2023, based on preliminary forecasts the Foundation is estimated to receive \$1.43 million in revenues primarily from the 25% revenue fee from the PFC and Finance Corporation. Explanations will be provided in the PFC and FC Revenue sections below.

Cash Projection for Foundation

The below chart shows our cash position looking back 1 year and forward 1 year based on this proposed budget. The two variations of blue represent our Operation Cash Levels. The two variations of green represent our *Reserve Cash Levels*.

This table shows that the Foundation has existing cash available to cover the increased FY 2023 Operating Fund and Operating Reserve. By the end of FY 2023, the Foundation will have just over \$2M in cash plus \$813,688 in required reserves.

Finance Committee Recommendations

- Reduce the cost of living to align with the City's 7% increase
- Staff should research rentable space for our growing staff vs expending funds on renovating the current property.
- Staff should get a current property appraisal.
