NON-RESIDENTIAL: Neighborhood Commercial Generally: Outlying areas where detached and limited retail services such as convenience stores, service stations, professional offices, restaurants, bed and breakfasts, and other small businesses are appropriate.

LOCATION: Commercial uses to serve these low-density rural estate neighborhoods should be located at the intersection of arterials, collectors, and/or rural roads. Although these uses are small scale, they serve a large geographic area and therefore are primarily accessed by car, nearby road should be friendly to bicycles and pedestrians.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Planning Commission recommend Approval.

The proposed Plan Amendment from “Rural Estate Tier” to “Suburban Tier” is requested to rezone the property to "C-2 UC-1 MLOD-1 MLR-2 ERZD" Commercial IH-10/FM 1604 Urban Corridor Camp Bullis Military Lighting Overlay Military Lighting Region 2 Edwards Recharge Zone District, to enable the property to permit a medical office and general retail uses. The property is situated between West Loop 1604 and a residential neighborhood and is just over a ½ acre in size. The property is located at the corner of a local road and an interstate highway. While the property does generally align with the current land use designation in terms of size and placement, the “Suburban Tier” land use designation is also appropriate. Properties to either side of the subject area accommodate commercial uses, and these properties, along with the subject property are sized to reasonably accommodate the required buffers. The proposed “Suburban Tier” would allow the property to accommodate commercial uses while not interfering with the character and density of the abutting residential subdivision, as prescribed by the North Sector Plan.
