**Routes Served:** 95, 96, 97

### **Comprehensive Plan**

**Comprehensive Plan Component:** Near Northwest Community Plan

**Plan Adoption Date:** February 2002

**Plan Goals:**

- Objective 2.2: Business Development Create opportunities for new business development to ensure a diversity of attractive businesses in pedestrian friendly environments.
- 2.2.2 Encourage new business development to locate in existing commercial areas in need of revitalization and promote existing business enhancement.

### **Comprehensive Land Use Categories**

**Land Use Category:** “High Density Residential”

**Description of Land Use Category:**

High-Density Residential uses include apartments with more than four dwelling units on an individual lot. All residential uses can be found within this classification.

**Permitted Zoning Districts:** NA

### **Comprehensive Land Use Categories**

**Land Use Category:** “Regional Commercial”

**Description of Land Use Category:**

Regional Commercial development includes high density land uses that draw its customer base from a larger region. Regional Commercial includes “big box” retailers, large commercial centers, malls, large home improvement centers, large hotels and motels, major employment centers, and mid to high rise office buildings. Regional Commercial uses are typically located at intersection nodes along major arterial highways and expressways, or along rapid transit system transfer nodes. These commercial nodes are typically 20 acres or greater in area. Regional Commercial uses should incorporate well-defined entrances, shared internal circulation, limited curb cuts to arterial streets, sidewalks and shade trees in parking lots, landscaping on planter strips between the parking lot and street, and well-designed, monument signage. Where possible, Regional Commercial

centers should be designed to create safe, attractive and convenient vehicular and pedestrian linkages with adjoining land uses.

**Permitted Zoning Districts:** NA

### **Comprehensive Land Use Categories**

**Land Use Category:** “Community Commercial”

**Description of Land Use Category:**

Community Commercial development includes medium and high-density land uses that draws its customer base from a larger community. This classification can include a mix of uses in the same building or in the same development. Community Commercial uses are typically located on arterials at major intersections (nodes) or in established commercial areas along arterials. Examples of Community Commercial uses include all Neighborhood Commercial uses, convenience stores with gas stations, grocery stores, plant nurseries, paint/carpet stores, offices, apartments and community shopping centers. Drive through establishments are permissible. Community commercial uses should incorporate well-defined and accessible entrances, shared internal circulation, limited curb cuts to arterial streets, ample sidewalks and shade trees in parking lots, landscaping on planter strips between the parking lot and street and well-designed, monument signage. Community Commercial centers should be designed to create safe, attractive and convenient vehicular and pedestrian linkages with adjoining land uses.

**Permitted Zoning Districts:** NA

### **Land Use Overview**

Subject Property

**Future Land Use Classification:**

“High Density Residential”

**Current Land Use Classification:**

Outside storage facility

Direction: North

**Future Land Use Classification:**

“High Density Residential”, “Community Commercial”
