GROSS AREA	1,893 sq. ft.
PROPOSED PAVED/HARD SURFACED WALKS, ETC.	2700 sq. ft.
PROPOSED IMPERVIOUS COVER (WITHIN ZONE OF CONSTRUCTION)	4,593 sq. ft.

PROPERTY USE

The property is currently owned by the National Trust and zoned with a special use authorization to allow the historic mansion to function as a public museum. The new Visitors' Center will support that mission, allowing adequate space that is currently lacking for ticketing, offices, restroom facilities, and museum display space.

I, _____, the property owner, acknowledge that this site plan submitted for the purpose of rezoning this property is in accordance with all applicable provisions of the Unified Development Code. Additionally, I understand that City Council approval of a site plan in conjunction with a rezoning case does not relieve me from adherence to any/all City-adopted Codes at the time of plan submittal for building permits.

Additional information required under Table B101-1 may be found through various Development Service Department records including those associated with platting, addressing, building and permits. Reference to those records as required for zoning review is incorporated herein for Site Plan purposes under Chapter 35 (Unified Development Code).

Zoning
From: R-6 S Residential Single-Family District with a Specific Use for a Museum
To: R-6 s IDZ Residential Single-Family Infill Development Zone District with a Specific Use for a Museum
