Overlay District Information:

The "AHOD" Airport Hazard Overlay District, due to the location of the property and its proximity to an airport or approach path, does not restrict permitted uses, but can require additional review of construction plans by both the Development Services Department and the Federal Aviation Administration.

Special District Information:

The Airport District is a special district to accommodate uses encompassed by a local or regional airport, as well as industries that contribute to the operation of an airport or which need to locate on airport property.
