RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Denial.

The proposed land use amendment from “Low Density Residential” to “Low Density Mixed Use” is requested to rezone the property to “IDZ-2” Medium Intensity Infill Development Zone with uses permitted for two (2) dwelling units. Given the proximity to single-family residential uses with “Low Density Residential” land use classifications, staff considers the proposed plan amendment unsuitable. The proposed “Low Density Mixed Use” would be inconsistent with the pattern of the area. The Guadalupe/Westside Community Plan calls out the land use designation of “Low Density Mixed Use” to be concentrated along either Guadalupe Street or Frio City Road.

Additionally, the applicant is presently granted the two (2) dwelling units with the current “R-3” CD for two units zoning designation.
