RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the Camelot 1 Neighborhood Community Perimeter Plan and is currently designated as “Low Density Mixed Use” in the future land use component of the plan. The requested “C-2P” base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.
3. **Suitability as Presently Zoned:** The existing “C-2” Commercial District is an appropriate zoning for the property and surrounding area. The proposed “C-2P S” Commercial Pedestrian District with a Specific Use Authorization for a Car Wash is also appropriate. The subject property is surrounded by commercial districts therefore the proposed development is compatible with abutting uses.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** GOAL: Encourage development that supports and is compatible with the Camelot I Neighborhood Plan.
 - Objective 1: Ensure that the overall development of Camelot I is consistent with plan goals and area needs.
 - Objective 2: Partner with the City of Windcrest (CoW) to encourage transparency, open dialogue, and a working and cordial relationship regarding development near the Camelot I planning area.
6. **Size of Tract:** The subject property is 1.514 acres, which can reasonably accommodate the proposed commercial development.
7. **Other Factors** The purpose of the Specific Use Authorization is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but may, under the right set of circumstances and conditions be acceptable in certain specific locations.

The applicant is rezoning to develop a carwash.

The applicant has submitted a site plan in accordance with the requirements of the code
