RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the Stinson Airport Vicinity Land Use Plan, adopted in 2009, and is currently designated as "Low Density Residential" in the future land use component of the plan. The requested "R-4" base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. Surrounding properties are "R-4" Residential Single-Family.
3. **Suitability as Presently Zoned:** The existing "O-2 CD" High Rise Office District with a Conditional Use for Auto Shop is not an appropriate zoning for the property and surrounding area of established single-family residential community. The requested "R-4" Residential Single-Family District is much more suitable and consistent with surrounding development. The rezoning would permit the owner to build a single-family residence on the subject property.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objective. Relevant Goals and Policies of the Comprehensive Plan may include:
 - H Goal 3: Housing choices are available in walkable and bikeable neighborhoods located near transit, employment, retail, medical and recreational amenities.
 - H Goal 6: Infill development and revitalized neighborhoods provide a range of housing choices near the city center.Relevant Goals and Objectives of the Stinson Airport Vicinity Land Use Plan may include:
 - Goal 1: Protect the quality of life of residents including health, safety and welfare
 - Objective 1.1: Protect integrity of exiting residential neighborhoods
 - Objective 1.2: Discourage developments of incompatible uses on vacant land
6. **Size of Tract:** The 0.344 acre site is of sufficient size to accommodate the proposed residential development.
7. **Other Factors:** The applicant is rezoning the property to build a detached, single-family home.
