

# **Crisis Nursery Briefing**

**Community Health Committee**  
**Jessica Dovalina, Assistant Director, Human Services**  
**March 28, 2024**

# Presentation Overview

- Council Consideration Request on Crisis Nursery Programs
- Crisis Nursey Program model
- Next steps
- Discussion

# Background

- September 21, 2023 Council Consideration Request to explore establishment of a cost-free San Antonio Crisis Nursery to provide:
  - Safe and temporary shelter for children at risk of abuse and neglect
  - Family and parenting support
  - Culturally responsive services
- March 20, 2024, Governance Committee recommendation for further consideration and action at the Community Health Committee

# Crisis Nursery Program Model

- Residential children's program offering voluntary (non-custodial) crisis respite services
  - Parents addressing crisis or receiving services elsewhere during child's stay
  - Placements are short in duration
- Services are provided by trained professional staff in a licensed facility/home
- Provides individual attention in secure, nurturing environment to meet physical, emotional, developmental and educational needs
- Parents/Guardians connected to counseling and supportive services for long-term assistance

# Community Discussion

- Community partners have been exploring the need for and feasibility of a Crisis Nursery initiative in San Antonio
- Human Services, Health, and Police Departments have formed a City of San Antonio working group
- Working group will facilitate community conversations on opportunities, need and potential funding sources available
- The working group will develop a preliminary feasibility assessment to include:
  - Best practices
  - Similar programs in San Antonio
  - Scope of services

# Next Steps

- Return to the May Community Health Committee for feedback on the Preliminary Assessment and recommended next steps.
