**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff Recommends Approval

**Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.**

1. **Consistency:** The subject property is located within the Greater Dellview Area Community Plan, adopted in 2005, and is currently designated as Low Density Residential in the future land use component of the plan. The requested base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.
3. **Suitability as Presently Zoned:** The existing “R-4” Residential Single-Family District is an appropriate zoning for the property and surrounding area. The proposed “R-4 CD” Residential Single-Family with a Conditional Use for Professional Office is also appropriate. This area benefits from the “B” to “R-4” conversion which would allow for office. The density is appropriate for the area and the required site plan will hold the applicant to the proposed layout of the development. Any major changes to the site plan will require additional rezoning consideration.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objective of the Greater Dellview Area Community Plan. Relevant Goals from the Greater Dellview Area Community Plan include: Goal 2: Neighborhood Commercial Revitalization Goal 3: Commercial Development: Type, Form and Appearance
  - Goal 2: Neighborhood Commercial Revitalization
  - Objective 2.4: Small Business Development - Foster an environment that promotes, encourages and supports small business development
  - Goal 3: Commercial Development: Type, Form and Appearance
  - Objective 3.2: Reuse and Retrofit - Promote and facilitate the revitalization of existing commercial strip centers and sites in the planning area
6. **Size of Tract:** The 0.1377 acre site is of sufficient size to accommodate the proposed Professional Office development.

7. **Other Factors:** The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions. The applicant is rezoning to develop a Professional Office. The applicant has submitted a site plan in accordance with the requirements of the code. The site plan indicates office use.

The applicant intends to have a low volume office for telehealth services.

The following conditions shall apply to the operation of nonresidential uses permitted within any residential district, unless otherwise approved by the City Council:

- A. There shall be no exterior display or sign with the exception that a nameplate, not exceeding three (3) square feet in area, may be permitted when attached to the front of the main structure.
- B. No construction features shall be permitted which would place the structure out of character with the surrounding residential neighborhood.
- C. Business hours operation shall not be permitted before 7:00 a.m. or after 6:00 p.m.
