**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the Nogalitos/South Zarzamora Community Plan adopted September 2004 and is currently designated as “Low-Density Residential” in the future land use component of the plan. The requested “R-3” Single-Family Residential base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.
3. **Suitability as Presently Zoned:** The existing "R-5" Residential Single-Family District is an appropriate zoning for the property and surrounding area. The proposed “R-3” Single-Family Residential is also appropriate. The proposed zoning could potentially allow for a maximum of two (2) dwelling units which is consistent with the density seen in the surrounding area. Additionally, the proposal is consistent with the goals of the Strategic Housing Implementation Plan which encourages the development of alternate housing types to accommodate the city’s growing population at all income levels.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objective of the Nogalitos/South Zarzamora Community Plan. Relevant goals include: Goal 1: Housing • Objective 1.2 Diversity of Housing o Provide a variety of housing types that sustain all ages and economic groups. Goal 2: Community Character and the Environment • Objective 2.1 Neighborhood Character and Appearance o Protect and preserve the character of the neighborhoods and commercial corridors while improving their physical appearance.

6. **Size of Tract:** The 0.1492-acre site is of sufficient size to accommodate the proposed residential development.
7. **Other Factors:** The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request. The Military has indicated that there are no objections to this request. The property is proposed for development of a residential subdivision with lot sizes of 3,000 square feet. At 0.1492 acres, there could potentially be development of 2 lots. The applicant is proposing 2 lots with the rezoning. The proposed rezoning maintains the residential base district but is seeking additional density for use as residential dwelling units. A rezoning application does not allow Short Term Rentals (STRs) as a use by right. Any applicant seeking to operate an STR must follow the appropriate City

and Unified Development Code (UDC) processes and is required to apply and qualify for STR permit(s) through those processes. Short Term Rentals are governed by the UDC Section 16.1100. Also see Section 35-374.01 for STR density limitations, Section 35-399 for establishment regulations, and Section 35-482 for procedures regarding consideration of special exceptions.
