**Registered Neighborhood Associations within 200 feet:** Kensington Row HOA, Dreamhill Estates Neighborhood Association

**Applicable Agencies:** N/A

### **Property Details**

**Property History:** The subject area consists of 54 properties. The majority of properties were annexed into the City in 1963 and were zoned under the 1938 zoning code. Most of the current districts are the result of the conversion upon adoption of the Unified Development Code in 2001. There were subsequent rezonings that were completed for individual properties in 2006, 2007, 2010, 2013 and 2016.

### **Topography:**

The areas do not contain any unusual physical features, such as slope. However, a portion of the rezoning area is located within the 100-year floodplain. The rezoning area also appears to be within the Upper SAR Watershed and the Leon Creek Watershed.

### **Adjacent Base Zoning and Land Uses**

**Current Surrounding Base Zoning:** There are multiple zoning districts surrounding the subject properties such as "R-4", "R-5", "R-6", "RM-4", "MF-25", "MF-33", "MF-50", "MF-65", "O-2", "NC", "C-1", "C-2", and "C-3"

**Current Surrounding Land Uses:** There are a variety of land uses surrounding the subject properties including residential, multi-family, offices, commercial uses, as well as undeveloped land.

### **Overlay and Special District Information:**

The majority of the subject properties carry the "AHOD" Airport Hazard Overlay District, due to their proximity to an airport or approach path. The "AHOD" does not restrict permitted uses but can require additional review of construction plans by both the Development Services Department and the Federal Aviation Administration.

**Traffic Impact:** A Traffic Impact Analysis (TIA) analysis is not required.

**Parking Information:** NA

**ISSUE:**

None.

**ALTERNATIVES:**

A denial of this zoning request would result in the subject properties maintaining the current zoning districts and remaining inconsistent with the Medical Center Area Regional Plan.

**FISCAL IMPACT:**

The applicant is the City of San Antonio. No zoning fees are required.

**PROXIMITY TO REGIONAL CENTER:**

The subject properties are located within the Medical Center Area Regional Center.

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval, pending the plan amendment.

**Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.**

**1. Consistency:**

The Planning Department was directed by City Council to implement the Medical Center Area Regional Center Plan in 2019 (Ordinance 2019-10-03-0814). The subject properties are either inconsistent with the adopted land use classification or the existing use does not conform to current zoning and/or development standards. The proposed rezoning focuses on nonconforming uses/structures around the South Texas Medical Center, while providing additional opportunities for development/redevelopment. The properties are located in the central portion of the plan area within the boundaries of Hamilton Wolfe, Fredericksburg Road, Louis Pasteur, and Babcock Road and are classified on the Future Land Use Map as Business/Innovation Mixed-Use, Regional Mixed-Use, and Urban Mixed-Use. The rezoning proposal is consistent with the current development in place and the adopted future land use classifications.

Planning Department staff is also seeking a plan amendment from Urban Mixed-Use to Regional Mixed-Use, pending Planning Commission approval on March 27, 2024. The subject properties related to the plan amendment request are located in two separate areas. The first is bound by Fredericksburg Road to the east, Louis Pasteur to the south, Ewing Halsell to the west, and Wurzbach Road to the north. The second area is bound by Babcock Road to the east, Oakdell Way to the west, and Hamilton Wolfe to the north.

**2. Adverse Impacts on Neighboring Lands:**

Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this proposed rezoning. The zoning proposal is consistent with the established development pattern of the surrounding area.

### **3. Suitability as Presently Zoned:**

The current zoning is not compatible with the existing uses and is inconsistent with the adopted future land use classifications. This first phase of City-initiated rezoning to implement the Medical Center Area Regional Center Plan consists of large hospitals with helistops, high-rise offices, and multi-family dwellings where the current zoning does not align with the density of the existing developments.

### **4. Health, Safety and Welfare:**

Staff has not found any indication of likely adverse effects on the public health, safety, or welfare. The proposed zoning would facilitate more Medical Center Area community-oriented uses that would serve adjacent neighborhood residents and the larger community.

### **5. Public Policy:**

The rezoning request, which was initiated by the City of San Antonio via Ordinance 2019-10-03-0814, is intended to align the zoning of properties with the current development and the adopted Future Land Use Map of the Medical Center Area Regional Plan. Relevant goals, recommendations, and strategies of the Medical Center Area Regional Center Plan include:

- **Goal 3:** Encourage vibrant accessible, mixed-use activity nodes that serve the needs of the surrounding neighborhoods for area workers and visitors.
- **Land Use Recommendation #1:** Ensure that properties in areas designated as Regional Mixed-Use are zoned to accommodate a high intensity of development activity, so that they can serve as a hub for this regional center.
- **Focus Areas Recommendation #1:** Update zoning and design standards to support the unique vision for each focus area, create high-quality places, support transportation choices, and avoid impacts to sensitive natural features.
- **Housing Strategy 2.1:** Encourage the development of medium and high-density housing products in and around commercial, employment, and transit nodes in the Medical Center Area.
- **Economic Development Recommendation #2:** Create a wider variety of uses, amenities, and attractions in the Medical Center Area to support and attract a greater diversity of residents, employees, and visitors.
- **Economic Development Recommendation #3:** Promote and support the growth of the Medical Center Area as a bio-science and health research-oriented innovation district.

### **6. Size of Tract:**

The subject properties, in total, are approximately 520 acres.

### **7. Other Factors:**

The Planning Department hosted an Open House in January 2024 and communicated via personalized letters that were mailed to each of the affected property owners. The direct mailer detailed the current and proposed future land use classification as well as the current and proposed zoning of their particular property.

Spanish translation was provided at the Open House, and the personalized letters and legal notices also included Spanish translation.
