RE: File No. **2107001** - Request for review of **Ridgeline Multi-Family**, Plat No. **21-11800310** located approximately one mile west from the Loop 1604 and Rogers Ranch intersection.

Dear Mr. Chance:

On February 11, 2022, the Aquifer Protection & Evaluation Section of the Edwards Aquifer and Watershed Protection Division of the San Antonio Water System (SAWS) received a request to review a plat for the property referenced above. Staff reviewed the documentation submitted and conducted field observations of the referenced plat to ensure compliance with applicable requirements for development over the Edwards Aquifer Recharge Zone (EARZ). The land use of the subject plat is for residential and consists of approximately 14.601 acres located entirely within the EARZ. No sensitive features were observed. The property is not within the 100-year floodplain preservation area.

The proposed development is a **Category 1** property under the provisions of Aquifer Protection Ordinance No. 81491-File No. 2458. Certain changes to the project may create a substantial alteration to the provision of the Water Quality Ordinance and alter its category.

At the time of this request, it is unknown if a Water Pollution Abatement Plan (WPAP) has been submitted to and approved by the Texas Commission on Environmental Quality (TCEQ).

After careful review of the project and the documentation submitted by the applicant, the Aquifer Protection & Evaluation Section of the Edwards Aquifer and Watershed Protection Division of the San Antonio Water System (SAWS), recommends the **approval** of **Ridgeline Multi-Family**, Plat No. 21-11800310.

If you have any questions regarding this matter, please contact the Aquifer Protection & Evaluation Section at (210) 233-3516.

Sincerely,

A handwritten signature in black ink, appearing to read "Andrew Wiatrek", is written over a light blue horizontal line.

Andrew Wiatrek, Manager
