Comprehensive Plan

Comprehensive Plan Component: Near Northwest Community Plan

Plan Adoption Date: February 14, 2002

Plan Goals:

- Goal 2 - Economic Development Ensure the Near NW Community's business corridors are filled with a mix of uses including professional offices, residences and busy shops, providing neighbors an attractive place to walk for shopping, playing, working and relaxing both day and night.
 - Objective 2.1: Deco District Continue to develop the Deco District as pedestrian friendly business corridor offering a mix of businesses and residences to meet the community's needs.
- Goal 3 - Housing Preserve and revitalize the community's unique mix of quality housing.
 - Objective 3.3: Design Standards Protect and preserve the Near Northwest's unique housing character.

Comprehensive Land Use Categories

Land Use Category: "Urban Low Density Residential"

Description of Land Use Category: Urban Low-Density Residential mainly includes single-family houses on individual lots. Detached and attached accessory dwelling units such as granny flats and garage apartments are allowed when located on the same lot as the principal residence. Only one accessory dwelling is permitted per lot and should reflect the appearance of the main structure. Certain non-residential uses, such as schools, places of worship and parks, are appropriate within these areas and should be centrally located to provide easy accessibility.

Permitted Zoning Districts: R-4, R-5, R-6

Land Use Category: "Community Commercial"

Description of Land Use Category: Community Commercial development includes medium and high-density land uses that draws its customer base from a larger community. This classification can include a mix of uses in the same building or in the same development. Community Commercial uses are typically located on arterials at major intersections (nodes) or in established commercial areas along arterials. Examples of Community Commercial uses include all Neighborhood Commercial uses, convenience stores with gas stations, grocery stores, plant nurseries, paint/carpet stores, offices, apartments, and community shopping centers. Drive through establishments are permissible. Community commercial uses should incorporate well-defined and accessible entrances, shared internal circulation, limited curb cuts to arterial

Permitted Zoning Districts: NC, O-1, C-1, C-2

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Denial.

The proposed land use amendment from “Urban Low Density Residential” to “Community Commercial” is requested to rezone the property to "C-2 CD AHOD" Commercial Airport Hazard

Overlay District with a Conditional Use for Construction Contractor Facility. The “Community Commercial” classification will introduce a more intense land use that is inconsistent and incompatible with the current “Urban Low Density Residential” along Sherwood Drive. Although there are “Community Commercial” land uses and commercial zoning designations on Sherwood Drive, a local street, one property to the west of the subject property is developed as a Cultural Center and another to the far east away from the neighborhood is a landscaping company, both have the appearance of a residence. The proposed future land use designation would allow for further commercial encroachment into a predominantly residential block. Additionally, the proposed use of Construction Contractor Facility, is typically found in a “Regional Commercial” land use category because of its intensity.
