Staff Analysis and Recommendation: Staff and Zoning Commission recommend Approval, with Conditions.

If recommended for Approval, Staff recommends:

- 1) No temporary signage, wind-wavers, snipe signs and/or pennants.
- 2) Downward facing lighting.
- 3) Six foot (6') Solid-Screen fencing abutting residential zoning and/or residential uses.
- 4) A Type B, 15-foot landscape buffer abutting residential zoning and/or residential uses.
- 5) All repairs shall be conducted indoors only.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is not located within a Neighborhood, Community, or Sector Plan therefore a finding of consistency is based on existing and surrounding zoning and uses.
2. **Adverse Impacts on Neighboring Lands:** Staff finds evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is not consistent with the established development pattern of the surrounding area. With the exception of some "R-6" Residential Single-Family zoning in the area, surrounding properties are zoned "C-2" Commercial District.
3. **Suitability as Presently Zoned:** The existing "C-2" Commercial District is an appropriate zoning for the property and surrounding area. The proposed "C-2 CD "Commercial District with Conditional Use for Motor Vehicle Sales (Full Service) is also appropriate and maintains the base "C-2" Commercial District, while the Conditional Use allows consideration of Motor Vehicle Sales. The Conditional Use also requires a site plan and allows the application of any necessary conditions to the request.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The rezoning request is not within a neighborhood or community plan.
6. **Size of Tract:** The subject property is 2.980 acres, which could reasonably accommodate commercial uses and Motor Vehicle Sales.
7. **Other Factors:** The subject property is located within the Lackland AFB Awareness Zone/ Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request. The Military has indicated that there are no objections to the request.

TxDOT does not object to proposed zoning change request (Z-2021-10700335) however access off SH 16 will not be allowed. Zoning change allows TxDOT to reconsider access and the existing access will need to be removed.

The required rear setback is 30-feet where “C-2” Commercial zoning abuts “R-6” Residential Single-Family zoning and uses.
