RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

- 1. Consistency:** The subject property is located within the Tanglewood Neighborhood Plan that is used as a guide only in evaluating zoning cases. Therefore, a finding of consistency is based on goals and objectives of the plan and existing and surrounding zoning and uses.
- 2. Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. Surrounding properties are zoned “C-2” Commercial, “R-4” Residential Single-Family, “MF-33” Multi-Family District and “PUD RM-4” Planned Unit Development Residential Mixed District.

- 3. Suitability as Presently Zoned:** The existing “C-2” Commercial District is an appropriate zoning for the property and surrounding area. The proposed “PUD R-3” Planned Unit Development Residential Single-Family is also an appropriate zoning for the property. The proposed rezoning limits density and allows for a mix of housing types. The proposed “PUD R-3” Planned Unit Development Residential Single-Family is also consistent with the “PUD RM-4” Planned Unit Development Residential Mixed District zoning and development to the east of the subject property.
- 4. Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
- 5. Public Policy:** The request does not appear to conflict with any public policy objectives.
- 6. Size of Tract:** The 1.75 acre site is of sufficient size to accommodate the proposed residential development.
- 7. Other Factors:** The applicant has submitted a site plan in accordance with the requirements of the code. The site plan indicates residential uses. The applicant intends to build a Planned unit Development of sixteen (16) dwelling units. Planned Unit Developments require a 20-foot perimeter setback. The applicant is requesting a decreased perimeter setback of 10-feet.
