Comprehensive Plan

Comprehensive Plan Component: North Sector Plan

Plan Adoption Date: August 5, 2010

Plan Goals:

- Goal HOU-1: Continued support for development of diverse housing stock using infill housing development between Loop 1604 and Loop 410.
 - HOU-1.2 Encourage compatible growth patterns and transitions of higher density residential along principal arterials and transit corridors that fit in with the existing residential character of the North Sector.
- Goal HOU-2: High density housing is developed near post-secondary education facilities, principal and arterial transportation routes, and major employment areas.
 - HOU-2.3 Utilize High Density Residential as a buffer between principal and arterial roadways / non-residential (i.e., office, retail, commercial uses) and lower density residential housing.
 - HOU-2.4 Consider the use of High Density Residential along the periphery of concentrated employment areas to foster a compatible land use transition between single family detached/attached residential neighborhoods and concentrated locations of non-residential uses.

Comprehensive Land Use Categories

Land Use Category: Rural Estate Tier

Description of Land Use Category:

Residential: Large tract detached single family housing; Served by central water and septic systems; Lots greater than 1/2 acre.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Planning Commission recommend Approval.

The proposed land use amendment from “Rural Estate Tier” to “General Urban Tier” is requested to rezone the property to “MF-33” Multi-Family Residential District. The proposed “General Urban Tier” land use designation is appropriate for the subject property and is consistent with the “General Urban Tier” to the north of the subject site, which is developed as multi-family. The proposed development would solidify a transitional buffer between existing single-family residential uses to the west of the subject property, and Interstate 10 to the east. Furthermore, the current land use designation “Rural Estate Tier” is not compatible with the current “C-2” Commercial District zoning designation of the property.

Sector Plan Criteria for review:

- The recommended land use pattern identified in the North Sector Land Use Plan inadequately provides appropriate optional sites for the land use change proposed in the amendment.
- The amendment must constitute an overall improvement to the North Sector Plan and will not solely benefit a particular landowner or owners at a particular point in time.
- The amendment must uphold the vision for the future of the North Sector Plan.
- The amendment will not adversely impact a portion of, or the entire Planning Area by:
- Significantly altering acceptable existing land use patterns, especially in established neighborhoods.
- Affecting the existing character (i.e., visual, physical, and functional) of the immediate area.
- Creating activities that are not compatible with adjacent neighboring uses, and, particularly, the mission of Camp Bullis Army Base.
- Significantly alter recreational amenities such as open space, parks, and trails.
