The property was rezoned by Ordinance 2019-01-31-0110, dated January 31, 2019 to the current "C-2" Commercial District and "C-2 NA" Commercial Nonalcoholic Sales District.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency: The subject property is located within the South Central San Antonio Community Plan and is currently designated as “Mixed Use” in the future land use component of the plan. The requested “IDZ-1” base zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

3. Suitability as Presently Zoned:

The existing “C-2” Commercial District and “C-2 NA” Commercial Nonalcoholic Sales District are appropriate zoning for the property and surrounding area. The requested “IDZ-1” Limited Density Infill Development Zone District with uses permitted for MF-18 is an appropriate zoning for the property and the surrounding area. The lot is flanked by two “Secondary Arterial B” streets with a mix of commercial and residential uses in the immediate area. The introduction of limited density multi-family development will increase housing opportunities in the area and would fit with the current uses.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The request is within the South Central San Antonio Community Plan.

Mixed Use - This classification allows for a mix of uses in the same building or in the same development such as small offices (dentists, insurance professionals, non-profits, etc.), small retail establishments (cafes, shoe repair shops, gift shops, antique stores, hair salons, drug stores, etc.) and high-density residential uses.

Master Plan Policies: Encourage patterns of development that provide the full range of housing choices and promote a sense of community, urban vitality and the efficient provision of infrastructure.

6. Size of Tract:

The 2.034 acre site is sufficient size to accommodate the proposed multi-family development.

7. Other Factors: The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request. The Military has indicated that there are no objections to this request.

The property is proposed for development of infill development multifamily uses that shall not exceed 31 total dwelling units as shown on the Site Plan.
