Dear MajGen Ayala

I appreciate the awareness your department provided my office with respect to the September 8th 2022 City Council A Session agenda item #15 dealing with the application by SJWTC, Inc. for water and sewer Certificates of Convenience and Necessity (CCN) within the City of San Antonio's (CoSA) Extra-Territorial Jurisdiction (ETJ).

After review, we do not view the application to be a detriment to any current, or projected, water or sewer services provided by SAWS to JBSA. Additionally, we do not consider these types of actions as lead indicators of future growth and/or development. Existing CoSA and SAWS military notification processes provide us with sufficient awareness of pending development actions.

Again, thank you for the strong support and concern for impact to JBSA's installations and mission partner operations. My team remains available if you have any additional questions.

Sincerely
