TAXIWAY H RECONSTRUCTION

NOVEMBER 2021

PROJECT DEFINITION FOR TAXIWAY H

- Multi-phased project will reconstruct/realign apron pavement that has reached its useful life; reconfigure adjacent connecting TWs to meet current FAA standards; and, upgrade an existing taxilane to TW standards.
- Phase 1 mitigates impacted utilities, demolishes adjacent TW A, & constructs realigned apron taxilane. Includes relocating FAA cables from project area & under future Terminal C footprint.
