

Review of EHS and EHS-CCP Program Monitoring

City of San Antonio Head Start Program

Monitoring Report – August 2022

The Early Head Start (EHS) Program has developed a comprehensive and thorough approach to monitoring for non-compliances and areas of concern. Once identified, a timeline is developed, training and technical assistance is given, and corrective action plans are implemented to correct systemic issues, so areas of weakness are not continued in the future. Follow-up monitoring events are conducted to ensure that the program has been successful in implementing corrections.

The following is a summary of findings for the during the time indicated above:
