Comprehensive Plan

Comprehensive Plan Component: North Central Community Plan

Plan Adoption Date: February 14, 2002

Plan Goals:

- Support and promote business and employment development along the commercial corridors that provide for a healthy business climate while supporting the needs of the North Central Neighborhoods Community by aesthetically and environmentally reinforcing their community cultural identity and providing an attractive destination for visitors and shoppers from around the city.
- Encourage the establishment of neighborhood-friendly businesses along the commercial corridors that promote pedestrian accessibility.
- Initiate comprehensive rezoning on the southern end of San Pedro Avenue and Blanco Road between Hildebrand and Basse Rd. to discourage higher intensity uses.

Comprehensive Land Use Categories

Land Use Category: “Low Density Residential”

Description of Land Use Category:

- Low Density Residential supports the principles of concentrating urban growth, reinforcing existing neighborhoods, and supporting residential growth within walking distance of neighborhood commercial centers and schools. This development should be oriented toward the center of the neighborhoods and away from traffic arterials. Low Density Residential areas are composed mainly of single family dwellings on individual lots. This classification describes established residential neighborhoods of low to medium density, and supports compatible in-fill development. Duplexes and accessory dwellings (carriage houses, granny flats, etc.) are allowed on lots of 8,000 square feet or greater. All off-street parking and vehicle use areas adjacent to residential uses require buffer landscaping, and lighting and signage controls. Certain non-residential activities, such as schools, places of worship and parks, are appropriate within these areas and should be centrally located to provide easy accessibility.
- (single family, duplexes and accessory dwellings on lots of 8,000 sq. ft. or greater)

Permitted Zoning Districts: R-4, Residential Single Family R-5, Residential Single Family R-6, Residential Single Family R-20, Residential Single Family NP-8, Neighborhood Preservation District NP-10, Neighborhood Preservation District NP-15, Neighborhood Preservation District

Comprehensive Land Use Categories

Land Use Category: “Neighborhood Commercial”

Description of Land Use Category:

- Community Commercial development includes medium to high density land uses that draws its customer base from a larger community. This classification can include a mix of uses in the same building or in the same development. Community Commercial uses are typically located at nodes on arterials at major intersections, or in established commercial areas along arterials. Community Commercial uses should incorporate well-defined and accessible entrances, shared internal circulation, limited curb cuts to arterial streets, sidewalks and shade trees in parking lots, and landscaping on planter strips between the parking lot and street. To discourage large areas devoted to parking lots, shared parking facilities and pervious pavement are encouraged. Where possible, revitalized or redeveloped community commercial centers should be designed to create safe, attractive and convenient vehicular and pedestrian linkages with adjoining land uses. Examples of Community Commercial uses include all Neighborhood Commercial uses, car washes, minor automobile repair and service, amusement establishments such as theaters, arcades and fitness centers, plant nurseries, exterminators, printers, sign shops, paint and wall paper stores, linen supply/diaper service, gasoline stations with repair service, fix-it shops, community shopping centers and small motels.

Permitted Zoning Districts: NC, Neighborhood Commercial C-1, Commercial C-2, Commercial O-1, Office District

ALTERNATIVES:

1. Recommend Denial.
2. Make an alternate recommendation.
3. Continue to a future date.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

The proposed land use amendment from “Low Density Residential” to “Neighborhood Commercial” is requested in order to rezone the property to "C-1" Light Commercial District. The applicant intends to construct a Drive Thru Coffee Shop. This is consistent with the North Central Community Plan’s objective to support and promote business and employment development along the commercial corridors that provide for a healthy business climate while supporting the needs of the North Central Neighborhoods Community. The future land use classification for the property is “Low Density Residential,” which is not compatible with the existing uses along the Blanco Road corridor. The proposed Plan Amendment to “Neighborhood Commercial” is a compatible and aligns with the “Neighborhood Commercial” land use to the North, South and West of the subject property.
