Proposed Zoning: "C-2" Commercial districts accommodate community commercial uses, with unlimited building size, and building height limitation of 25 feet. Examples of permitted uses: liquor store, miniature golf and other indoor gaming facilities, small indoor movie theater, pet cemetery, auto & light truck oil, lube & tune-up, auto glass tinting, tire repair (sale and installation only), gas station, appliance sales & repair, charitable food & clothing banks and dry cleaning. **RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

The applicant is proposing self-imposed Conditions.

**Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.**

1. **Consistency:** The subject property is located within the Northeast I-35 Loop 410 Regional Center Plan and is currently designated as “Business Innovation Mixed use” in the future land use component of the plan. The requested “C-2” base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. Surrounding properties are “C-2” Commercial and “C-3R” General Commercial Restrictive Alcoholic Sales.
3. **Suitability as Presently Zoned:** The existing “C-2 CD” Commercial District with Conditional Use for Motor Vehicle Sales Full Service is an appropriate zoning for the property and surrounding area. The requested “C-2 CD” Commercial District with Conditional Use for Auto and Light Truck Repair is also an appropriate zoning for the property and surrounding area. The base “C-2” Commercial District will remain the same. The request only changes the Conditional Use and does not allow for any additional uses besides Auto Repair as a primary use instead of an accessory use to Motor Vehicle Sales, as is allowed presently. The Conditional Use also allows for consideration of conditions where appropriate (i.e. hours of operation, no temporary signage, downward facing lighting and buffering.)
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objectives of the NE I-35 and Loop 410 Regional Center Plan.
  - Goal 1: Encourage economic development and business diversity that nurture positive community identity.
  - Goal 2: Promote community well-being and safety.
6. **Size of Tract:** The 1.65 acre site is of sufficient size to accommodate the proposed Commercial development.
7. **Other Factors:** The applicant is proposing certain conditions to be applied to their rezoning request. These include:
  - 1) No feathered or banner signs on the property.
  - 2) Only one freestanding sign is permitted on the property and will comply with all applicable City codes.
  - 3) No signage may be located/placed/adhered to or on any fencing on the property.
  - 4) There will be guardrail fencing on the portion of the property facing Randolph Boulevard.
  - 5) Landscaping will line the front of the property along Randolph Boulevard as indicated on the site plan.

Zoning Commission can recommend “no temporary signage, wind-wavers, pennants, bandit and/or snipe signs.” Rather than the applicant’s proposed Condition #1 to cover all types of temporary signage.
