PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Denial.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the West/Southwest Sector Plan and is currently designated as “General Urban Tier” in the future land use component of the plan. The requested “C-2” base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff finds evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is not consistent with the established development pattern of the surrounding area. This area was purposely rezoned to “C-2NA” Commercial Nonalcoholic Sales and “C-3R” General Commercial Restrictive Alcoholic Sales as part of a large area rezoning where the public guided input that there be no alcohol sales or uses in this corridor.
3. **Suitability as Presently Zoned:** The existing “C-2NA” Commercial Nonalcoholic Sales District is an appropriate zoning for the property and surrounding area. The proposed “C-2” Commercial rezoning would remove the Nonalcoholic Sales requirement. On May 05, 2011, Ordinance 2011-05-05-0362 introduced a large area rezoning containing the subject property. The rezone prescribed “C-2 NA” Commercial Nonalcoholic Sales District for this area. There is an elementary school within close proximity of the site. If the school is within 300-feet of the property and it is rezoned to remove the “NA” an Alcohol Variance will be required. Although the proposed “C-2” Commercial District is consistent with future land designation, it is contrary to the large area rezoning ordinance and would not fit into the area’s existing character.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does appear to conflict with any public policy objective of the West/Southwest Sector Plan.

Relevant Goals of the West Sector Plan may include:

LU-1: Land use pattern emphasizes compatibility and appropriateness between uses and protects neighborhoods and businesses from incompatible land uses.

6. **Size of Tract:** The 0.2020-acre site is of sufficient size to accommodate the proposed commercial development.
7. **Other Factors:** The applicant would like to serve beer and wine in the existing restaurant on the subject property.
