BUDGET SUMMARY

Transmittal Letter

A MESSAGE FROM THE CITY MANAGER

Honorable Mayor and City Council:

I am pleased to submit for your consideration the Proposed Budget for Fiscal Year 2023. The budget reflects both City Council and Community priorities, and the City's commitment to make San Antonio a more resilient and vibrant community.

The budget proposes to put money back in the pockets of our residents and invests in the retention and recruitment of city employees who are essential in providing City services.

The Fiscal Year 2023 Proposed Budget is \$3.4 billion. The General Fund is \$1.5 billion, a 7.2% increase over the prior year operating expenses and an 11% increase in total. Restricted funds are \$1.2 billion, and the Capital Budget is \$641 million. The budget is balanced and reduces the City's property tax rate by 1.67 cents. This is the first property tax rate decrease since FY 2016.

Providing direct relief to the residents of San Antonio was identified as a priority by the Mayor and City Council at the FY 2023 Budget Goal Setting Session. In June, the Mayor and City Council approved additional property tax relief of \$22.5 million for a total of \$95 million by increasing the City's Homestead Exemption from 0.1% to 10%, the City's Over-65 Exemption from \$65,000 to \$85,000, and the City's Disabled Person Exemption from \$12,500 to \$85,000.

Extremely hot weather this summer, combined with high natural gas prices, have resulted in extraordinary customer bills and revenues to the City that exceed normal expectations. The budget recommends crediting \$50 million to all customers of CPS Energy. Of the \$50 million, \$5 million will be provided to assist eligible low-income residential customers and \$45 million will be fairly distributed in the same way the money was collected based on each customers' energy usage during the month of July. The average residential customer will see a \$31 credit on their October bill. While this \$50 million will not solve the problem of soaring temperatures and high fuel costs, as the owners of CPS Energy the City of San Antonio understands the challenges of paying the monthly electric bill, and we want to do our part to help our residents.

The Fiscal Year 2023 Proposed Budget focuses on recruiting and retaining employees to ensure the City continues to provide the level of services expected by residents. The budget increases the entry wage from \$15.60 to \$17.50 for all civilian employees including temporary employees. It also includes a 5% across the board salary adjustment effective October 1 and at least 2% market adjustment for all civilian employees. At a minimum each civilian employee will receive at least a 7% increase in salary. Compensation for uniformed Fire and Police is included in accordance with the respective Collective Bargaining Agreements.

With our continued focus on housing affordability the proposed budget includes \$136 million for affordable housing resulting in 2,500 new housing units. In total the City will invest approximately \$316 million between FY 2023 and FY 2027 through bond funds, the General Fund, CDBG, HOME

and other grant funds. The City will also add two new housing navigator positions to help property owners and tenants achieve code compliance and wraparound services, when needed.

Additional budget priorities identified by the City Council and Community include Parks, Public Health and Public Safety. The Fiscal Year 2023 Proposed Budget invests \$19.6 million more in parks improvements. This includes \$10 million to continue the Edwards Aquifer Protection Program and \$7.7 million of new funding focused on renovations and improvements at 17 parks facilities. \$1.5 million is included for the operation of new facilities, parks and linear creekways. Finally, \$400,000 is included to enhance the City's summer youth programming.

A total investment of \$5.8 million more in Metro Health for a total of \$34.7 million is included the General Fund. Of the \$5.8 million, \$2 million is included each year for five years to develop a partnership with UT Health and UTSA to establish a school of public health, and \$3.8 million is included for the second year funding of SA Forward to support access to care, food systems, mental health, violence prevention, health equity and social justice, technology and infrastructure, and operations.

In response to City Council and community input on Public Safety, the Proposed Budget recommends the addition of 78 new police officers. Of the new positions, 50 are anticipated to be supported through a COPS Hiring Grant from the U.S. Department of Justice to address the recommendations from the UTSA Violence Reduction Plan and 28 positions are added to provide supervisory oversight for the new North St. Mary's police station estimated to be completed in January 2024.

In the Fire Department, 21 new uniform positions are proposed. A new Ladder Company with 15 new positions is recommended for Fire Station 45 and 6 new firefighters for a medical first responder unit for Fire Station 24. In addition, 3 replacement fire stations are included as a part of the Proposed Six Year Capital Plan.

Other priority areas include Libraries and Animal Care Services. For Libraries, \$1.5 million more is recommended for books and materials to increase the availability of the Library's digital and print content collection. This increases the Library's material budget to \$6.7 million and achieves the goal of spending \$3.20 per capita on library materials. At Animal Care Services, resources are added to support the veterinarian clinic and enhance customer service. Additionally, the Proposed Budget adds funding for an emergency overflow kennel facility and funding to upgrade and repair animal play yards.

The City is proposing to make major investments in infrastructure and major city facilities – streets, sidewalks, the San Antonio International Airport, the 2022 Bond Program, the Convention Center and Alamodome.

In response to City Council and community priorities, the Fiscal Year 2023 Proposed Budget includes \$154 million in infrastructure maintenance, an increase of \$13 million over last year. The

budget includes a \$116 million for street maintenance, \$21 million for the sidewalks, \$2.2 million for alley maintenance and \$2 million in bike facilities and guardrail improvements.

In FY 2023, the City begins implementation of the largest bond program in the City's history, \$160 million are included in the budget to begin implementation of the 2022 voter approved bond program. The Proposed Budget increases capacity to manage and deliver bond projects – 38 positions are being added in nine departments.

The City is prepared to undertake the Terminal Redevelopment Program, which will add a third terminal to the San Antonio International Airport, as well as a new ground transportation center, parking garage and terminal road realignment. This is the largest City capital project and a major economic generator for the region. The budget proposal adds resources to manage and deliver this project – 30 new positions for the Airport and support departments.

The Proposed budget includes \$35.3 million for the first year of a six-year \$160 million capital improvement program for the Convention Center and Alamodome. The comprehensive program includes preventative maintenance, capital replacements and overall facility improvements.

We began the FY 2023 Budget process early this year to allow for more opportunities for input from the City Council and the community. The FY 2023 Spending Plan was crafted to balance the City Council and community priorities with a sustainable and sound financial plan. In compliance with our adopted financial policies this budget proposal includes a balanced budget over the next two fiscal years. I appreciate the valuable policy guidance provided by City Council and the community during the budget development process and continue to be grateful to all City of San Antonio employees who make all that we do possible.

Sincerely,

Erik Walsh
City Manager
City of San Antonio

City Response to COVID-19

City Response to COVID-19

The City of San Antonio, like many other cities across the United States, was impacted by COVID-19. In response to the pandemic in March 2020, the City began responding with executive emergency orders, increased health surveillance, and public health interventions while supporting businesses and households. The City and the Governor of Texas issued multiple Executive Orders related to the COVID-19 pandemic.

The city developed numerous plans and began implementing them simultaneously with the executive orders to address the needs of our community. In April 2020, the City Council approved a plan to provide emergency housing assistance to residents impacted by COVID-19 and by June 2020 the City Council approved a Health Implementation Plan and a Recovery and Resiliency Plan.

Funds received by the City from the Federal Government primarily through the Coronavirus Aid, Relief, and Economic Security (CARES) Act and the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act funded assisted the City with its response to the pandemic.

In March 2021, the City was notified of additional funds awarded to San Antonio through the American Rescue Plan Act.

Emergency Response Plan

This plan was implemented in March 2020 and was funded by the CARES Act to respond to the immediate needs and requirements brought on by the pandemic. The City made numerous modifications to operations and adjusted workplace areas to provide necessary public services.

The City implemented several initiatives to limit possible exposure to protect employees required to continue reporting to a City work location. These initiatives include:

- Daily health screenings upon arrival at work
- Staggered shifts and breaks
- Face coverings required when employees leave their individual work area
- Expanded use of virtual meetings

The City also adjusted work duties to address the needs of the community. For example, staff from libraries, Pre-K 4 SA centers, and community centers were redeployed to critical functions and assisted with staffing the COVID-19 hotline, distributing food to youth and seniors, and working with the San Antonio Food Bank.

The funding for this plan was expended by December 2020 as required by the Coronavirus Relief Fund.

Health Implementation Plan

The City Health Implementation Plan was approved by City Council in June 2020 and was developed to operationalize the recommendations made by the Health Transition Team (HTT). The HTT, appointed by San Antonio Mayor Ron Nirenberg and Bexar County Judge Nelson Wolff, was comprised of a group of health experts, including infectious disease physicians, hospital leaders, epidemiologists, ethicists, and public health experts. It included representation from Metro Health, University Health System, UT Health, and other local institutions.

The Health Implementation Plan provided the framework to expand testing, contact tracing, and case investigations. Actions planned toward increasing capacity in testing include:

- Recruitment of additional laboratories processing tests
- Encourage testing in marginalized communities through outreach and education
- Study of asymptomatic transmission
- Expansion of the number of testing sites offering the test for free
- Universal screening and testing in congregate settings

Since the first case of local transmission in San Antonio occurred, Metro Health established a COVID-19 hotline to address community questions regarding testing, ordinance violations, exposure, and general COVID-19 inquiries. In July 2020, the 311 Office assumed these roles. To date, the City has received nearly 283,000 COVID-19 calls.

With the work of Metro Health, other City departments, and its partners, surveillance and immunizations efforts continue. As of August 2, 2022, 604,376 cases of COVID-19 and 5,348 deaths associated with COVID-19 have been reported to Metro Health. There have been over 1,050 pop-up clinics conducted in the community with over 47,462 vaccines administered through these efforts. As of July 25, 2022, approximately 74% of the eligible population in Bexar County who are 6 months of age or older have completed their primary series of COVID-19 vaccine and 38.7% of those eligible have received a COVID-19 booster dose. A dashboard that provides epidemiological reports and details of COVID-19 data is available on the City's website to maintain the public informed.

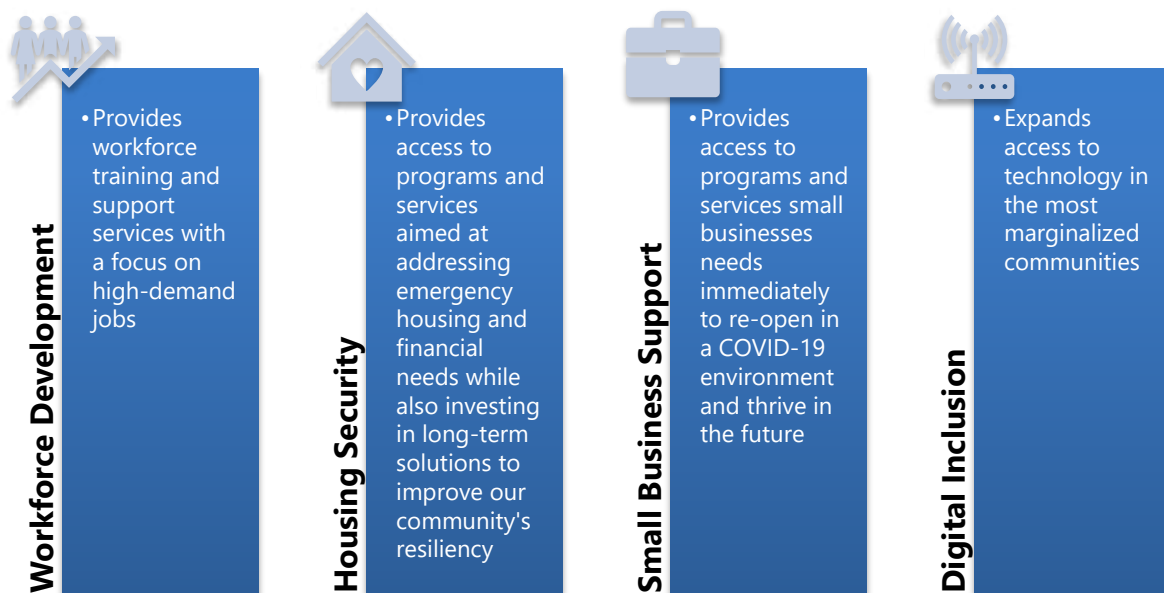

Recovery and Resiliency Plan

To address the negative economic impact of COVID-19 to residents and businesses, the City Council took quick action to assist those in need by funding programs for vulnerable and affected populations with both local and federal dollars. A proposed Recovery and Resiliency Plan for the ongoing COVID-19 pandemic was approved by the City Council in June 2020.

This plan was developed using the following Guiding Principles:

- **Public Health and Safety:** Ensure continued COVID-19 related public health and safety while building resilience and fostering economic stability for households, nonprofits, and businesses.
- **Equity:** Imbed equity in policy decisions and distribution of resources.
- **Braided Funding:** Integrate Local, State, and Federal resources for maximum impact.
- **Community Resilience:** Ensure households and businesses affected by COVID-19 have the resources and tools to become financially resilient and better prepared to withstand future economic challenges.
- **Well-Being:** Strengthen generational family well-being built upon a solid foundation of thriving non-profit organizations.

The plan is framed around four pillars.

Each pillar is comprised of several strategies with various funding sources.

American Rescue Plan Act (ARPA) Funds

In March 2021, Congress passed the American Rescue Plan Act (ARPA) that provided \$1.9 trillion in funding intended to expand and support the prior COVID-19 funding described above by using various programs and initiatives. In addition, ARPA helped establish the Coronavirus State and Local Fiscal Recovery Funds program, which delivered \$350 billion to state, local, and Tribal governments across the county to help governments respond to the economic impact of COVID-19 on their communities, businesses, and residents. This legislation recognizes the fiscal impact that local governments like San Antonio have been experiencing with increased expenditures to protect the public health with items like testing, contact tracing, and quarantining the vulnerable while supporting economic viability. ARPA also allows for long-term strategic plans and provides an opportunity to address longstanding community disparities that were exasperated during the

pandemic. Thus far, ARPA is the only legislative action that allows governments to recognize revenue loss due to the public health crisis.

The following is a table illustrates the various ARPA grant funding allocations awarded to the City of San Antonio.

Table 1. *Excludes \$13.1 million augmentation from Recovery & Resiliency Program

State and Local Fiscal Recovery Funds: The U.S. Department of the Treasury allocated \$326.9 million of State and Local Fiscal Recovery Funds (SLFRF) to the City of San Antonio. The City received the first half in the amount of \$163.45 million in May 2021 and the second half in June 2022. These funds must be obligated by December 2024 and spent by December 2026.

The SLFRF program provides resources to:

- Fight the negative effects of the pandemic and support families and businesses struggling with its public health and economic impacts
- Maintain essential public services
- Build a strong, resilient, and equitable recovery by making investments that support long-term growth and opportunity

On June 16, 2021, as part of the City's Trial Budget presentation, staff presented to the City Council a two-phased strategy for the use of ARPA SLFRF. On August 2021, as part of the FY 2022 Budget process, a two-phased strategy was approved by the City Council:

- Phase I was approved as part of the FY 2022 Budget and focused on stabilizing the City budget and addressing community needs.
- Phase II began in the fall of 2021 with an extensive community engagement to set spending priorities for the use of the federal funds.

In Phase I, the City allocated \$97.5 million of the first tranche received in May 2021. Of the \$97.5 million, \$46.5 million was allocated to the General Fund over two years (FY 2022 and FY 2023) to stabilize the City budget and to address community needs exacerbated by the pandemic. This includes programs that support mental health, domestic violence, housing, and community navigators. \$51 million was allocated to the Hotel Occupancy Tax (HOT) Funds over three years (FY 2021, FY 2022, and FY 2023) to support the City's convention and Alamo operations, and the arts.

Phase II began on October 20, 2021, with a briefing to the City Council. At this briefing, a spending framework, strategic guiding principles, and a community input plan for the use of SLFRF were presented. During the month of November 2021, the City conducted community engagement to obtain feedback on the use of SLFRF. Additionally, in November 2021, \$30 million of SLFRF was allocated for residential utility assistance to aid San Antonians who were financially impacted by the COVID-19 crisis and in need of financial assistance with utility payments in arrears. This allocation was based on feedback from the community and the City Council.

On December 9, 2021, staff presented the results of the community input and Small Business Advisory Commission meetings to the City Council, and council members provided feedback on spending priorities. On January 26, 2022, staff presented a recommended spending framework reflecting the community and the City Council input. After the input was provided by the City Council during these two meetings, the City Council approved the spending framework for the remaining amount of \$199.4 million on February 3, 2022.

The City's focus areas, guiding principles, and community engagement efforts ensured that the allocation of funds were directed towards programs that aided in supporting a strong and equitable recovery. The table below illustrates the programs of the City's two-phased approach.

As part of the spending framework, the City Council identified seven spending categories to address community needs listed below for further discussion at City Council Committees with the goal of defining specific goals and outcomes. Prior to the Council Committees beginning their work, a policy discussion with the City Council took place on March 22, 2022.

The table below reflects the spending categories that were approved on February 3, 2022, to include the City Council Committees overseeing the development of the implementation plans.

Spending Category	Amount (In Millions)	City Council Committee
Mental Health	\$ 26.0	Public Safety

Table 2. *Reallocation of \$13.1 million from the Recovery & Resiliency Program (\$4.7 million for small business, \$6.9 million for digital inclusion, and \$1.5 million for recovery and resiliency) approved by the City Council on February 3, 2022. Referred to as "City funds" in subsequent paragraphs.

The City Council Committees were tasked to provide policy direction to City staff to develop a plan for each spending category that will:

- Identify a COVID-19 impact
- Respond to the impact identified, benefit those impacted, and promote equitable outcomes
- Define key outcome goals and performance indicators
- Include a 4-year implementation plan (all funds should be committed by December 2024 and spent by December 2026)

As the implementation plans are approved by the respective City Council Committee, the next step is review and approval by the City Council by no later than the fall of 2022. Thereafter, departments are charged with monitoring and tracking performance indicators to maintain alignment with the established goals through program completion.

The detail below provides a summary of each of the seven spending categories and current activity.

Mental Health: The City Council designated the Public Safety Committee (PSC) to oversee the implementation planning for a total of \$26 million for mental health. The implementation plan is currently in development and is anticipated to be presented on August 16, 2022 to the Public Safety Committee.

Small Business: The City Council designated the Economic & Workforce Development Committee (EWDC) to oversee the implementation planning of the allocation to Small Business. The originally allocated amount of \$26.25 million was augmented with City funds for a total investment of \$30.95 million. EWDC considered the Small Business Advisory Commission (SBAC) Investment Portfolio recommendation over the course of several meetings, with the implementation plan approved June 15, 2022. On June 23, 2023, the City Council provided approval of the implementation plan to be carried out in two phases.

City Response to COVID-19

FY 2023 Proposed Budget

Youth: The City Council designated the Economic & Workforce Development Committee (EWDC) to oversee the implementation planning for a total of \$10 million for Youth. The implementation plan for this allocation is currently in development – it was approved by the EWDC on June 24, 2022 and is anticipated to be brought before the City Council for consideration and approval on August 18, 2022.

Digital Inclusion: The City Council designated the Economic & Workforce Development Committee (EWDC) to oversee the implementation planning for a total of \$6.9 million for Digital Inclusion, which was funded from City funds. The implementation plan for this allocation is currently in development with EWDC. On July 6, 2022, to aid in plan development, a Request for Proposals (RFP) was released for Internet Service Providers or other firms to provide their proposals for improved broadband infrastructure/ service in underserved communities. This effort will be in collaboration with Bexar County and other partners. The RFP closes on October 5, 2022, and a meeting will be held with EWDC thereafter to develop the implementation plan.

Arts: The City Council designated the Community Health, Environment & Culture Committee (CHECC) to oversee the implementation planning for a total of \$5 million for Arts. The Department of Arts & Culture developed an implementation plan known as ARPA 4 Arts, which provides grants to nonprofits and individual artists disproportionately impacted by the COVID-19 pandemic.

CHECC considered the recommendation over the course of two meetings and the plan was approved on May 10, 2022. On June 2, 2022, the City Council provided approval of the ARPA 4 Arts implementation plan.

The Department of Arts & Culture will manage this program for individual artists and nonprofit arts organizations to help them thrive beyond the pandemic. Individual artists may use grant funds to support housing/living expenses, professional development, and support of artistic career, including equipment, materials, and rent. Nonprofits may use grant funds to mitigate financial hardship, including supporting payroll costs, operations and maintenance of equipment and facilities, technical assistance, and COVID-19 mitigation and infection prevention measures.

Seniors: The City Council designated the Community Health, Environment & Culture Committee (CHECC) to oversee the implementation planning for a total of \$5 million funding for Seniors. The implementation plan is currently in development and associated criteria for distribution was approved by CHECC on August 9, 2022 and is anticipated to be presented to the City Council for consideration and approval on August 18, 2022.

Non-Profit Social Services: The City Council designated the Community Health, Environment & Culture Committee (CHECC) to oversee the implementation planning for a total of \$4 million for Non-Profit Social Services. The originally allocated amount of \$2.5 million was augmented with City funds for a total investment of \$4 million.

CHECC considered the department recommendations over the course of several meetings, and it was determined to carry out this investment in two phases.

- Phase I - Focus on immigration services
- Phase II – Non-Profit social services

In Phase I, a total of \$1.5 Million was designated for Immigration Services. The implementation plan and associated criteria for distribution was approved by CHECC on May 26, 2022, and the City Council on June 2, 2022. The plan provides support to immigrant serving organizations and services that support noncitizens, including but not limited to permanent U.S. residents, undocumented, asylum seekers, and refugees. The plan is aimed at creating decreased economic security of noncitizens and decreased pathways for citizenship. The City released a request for proposal on June 6, 2022, to identify immigration service organization providers. Proposal evaluations are currently underway, and contract awards are proposed for August 2022. Once the providers are selected, the City will incorporate as part of the agreements, the equity criteria to ensure that funds are assisting those disproportionately impacted by COVID-19.

In Phase II, a total of \$2.5 Million was designated for Non-Profit Social Services. The implementation plan for this phase is currently in development and associated criteria for distribution was approved by CHECC on August 9, 2022 and is anticipated to be presented to the City Council for consideration and approval on August 18, 2022.

Budget Summary

Budget Development Process

Overview

The City of San Antonio's Fiscal Year (FY) 2023 Proposed Budget is balanced and reflects the City's continued commitment to providing public services and programs that enhance the quality of life for the residents of San Antonio. Guided by City Council direction and community input, the FY 2023 Proposed Budget maintains essential city services while investing in key City Council and community priority areas. Focus areas include investing in employee compensation to remain a competitive employer, making significant investments in infrastructure and major City facilities and continue investments in the community.

As the City continues to recover from the economic impacts of the pandemic, rising inflation, and global economic uncertainties, the FY 2023 Proposed Budget reflects changing revenues and expenditures that continue to align City spending with community and Council priorities. The FY 2023 Proposed Budget Summary highlights the City's financial, human, and capital resource allocations required to achieve policy and service delivery goals.

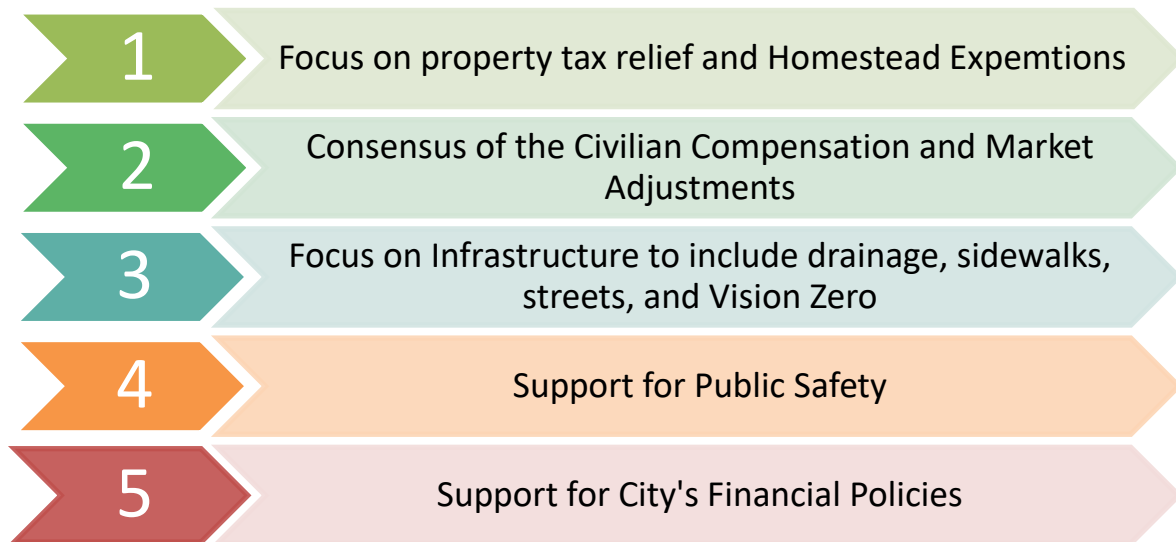

Budget Development Strategy

The process of developing the FY 2023 Proposed Budget is a comprehensive effort that involves input from residents, the Mayor and City Council, outside governmental agencies, private organizations, and all City departments and offices. There are several major components to the process, including gathering input from the community on priorities, the annual policy and goal-setting session with the Mayor and City Council, the Five Year Forecast and the FY 2023 Trial Budget, the Proposed Budget, additional opportunities for community and employee input, City Council budget work sessions, and budget adoption.

City Council Policy Direction

A budget goal setting session was held on April 13, 2022 with the Mayor and City Council. The purpose of the goal setting session was for the Mayor and City Council to discuss budget priorities and provide policy direction for the development of the FY 2023 Trial Budget and the Proposed Budget. At this session, the City Council discussed property tax relief, streets, sidewalks, and Vision Zero, civilian compensation, and Police Services. The City Council discussion included the following outcomes:

Community Input

SASpeakUp FY2023 Budget Survey Outreach: The City of San Antonio implemented a widespread effort to gather input from residents regarding their budgetary priorities for the upcoming 2023 fiscal year. The survey was made available in English and Spanish from June 4, 2022 to July 8, 2022. The survey was focused on the Trial Budget and asked residents to rank their top five City priorities, lowest five City priorities, and included one open-ended question. We received 11,289 surveys. City Council Offices also hosted town hall meetings to gather input on the survey and provide residents with information about the Trial Budget.

Resident survey participation was solicited through numerous channels, including paid digital, radio and television advertising in both English and Spanish. Grassroots outreach included 250 yard signs at parks, libraries, Animal Care Services adoption center, senior centers, and all 10 council district field offices.

Other Grassroots Efforts: Communications and Engagement staff gathered surveys at the Pride Festival, Freedom of Justice Parade, Juneteenth Festival, Juneteenth Block Party and Fair, the Carver Library, Moms on the Move Walk, Mission Marquee Farmer's and Artisan Market, community presentations at senior centers, San Antonio Food Bank Distribution event, District 4 and TxDOT Community Meeting, Trader's Village, Miller's Pond Park, Pearsall Park, YWCA Eat and Greet and the District 5 Community Fair hosted by CPS Energy. Staff also dropped off flyers and gathered surveys at local restaurants, businesses, coffee shops, libraries, and community centers. The survey was also promoted through neighborhood associations, Council Budget Town Hall Meetings, and in collaboration with the Council Offices.

Paid marketing, including radio, digital, print, and billboards, was used to encourage residents to respond to the budget surveys along with seven street banners, 5,000 printed flyers, grassroots events, collection of surveys at senior centers, door hangers in targeted districts, printed materials supplied to Council offices, giveaways, printed surveys and targeted NextDoor posts. The City also shared 380 English and Spanish paid and organic social media posts in June and July to promote the survey.

FY 2023 Five-Year Financial Forecast and Trial Budget

As part of the budget development process, the City prepares a Five-Year Financial Forecast that projects revenues and expenditures for the General Fund, Development Services Fund, Solid Waste Management Fund, and Hotel Occupancy Tax (HOT) Fund. Forecast development began in March and was presented to City Council on May 11, 2022.

Additionally, FY 2023 is the third year the City of San Antonio has presented a Trial Budget to the Mayor and City Council and to the community. The Trial Budget is a step in the budget development process that was introduced by staff for City Council to consider alternatives to balance the budget during the COVID-19 pandemic. The process was useful for the City Council and staff and the FY 2023 Proposed Budget development continues with this practice. The FY 2023 Trial Budget is built upon the assumptions of the Five-Year Financial Forecast and presented a strategy to achieve a balanced budget in FY 2023 and FY 2024. The Trial Budget was also presented to City Council on May 11, 2022.

Forecast and Trial Budget: Major revenues assumptions in the Five-Year Financial Forecast and Trial Budget included faster than initially anticipated recovery in major revenues like sales taxes, and slower, more long-term recovery for HOT related revenues and Airport Revenues. For the period of FY 2023 to FY 2027 major General Fund revenue growth rates were forecasted in the Five-Year Financial Forecast and in the Trial Budget as follows:

General Fund Revenue	FY 2023	FY 2024	FY 2025	FY 2026	FY 2027
Property Tax	6.4%	5.0%	4.5%	3.0%	3.0%
Sales Tax	3.5%	3.0%	4.0%	4.3%	4.3%
CPS Revenue	3.9%	1.3%	2.5%	0.7%	1.0%

In the time since the Five-Year Forecast and Trial Budget presentation in May, the City has continued to realize revenues ahead of the estimated amounts particularly those influenced by local economic activity such as sales tax. Due to unusually hot weather and natural gas prices, the City has also received more CPS revenue than anticipated. Additional information received after the forecast enabled further refinement of revenue and expense assumptions included in the Trial Budget.

General Fund – Change in Financial Position since Trial Budget (\$ in Millions)

The FY 2023 Proposed Budget has been refined and updated to reflect changes in economic conditions and to incorporate Council policy direction and community input since the Trial Budget was presented.

Budget Overview

FY 2023 Proposed Total City Budget (All Funds)

The FY 2023 Proposed Consolidated Annual Budget, comprised of all funds excluding transfers, totals \$3.4 billion. The General Fund budget is \$1.51 billion. Restricted Funds, including Airport, Development Services, and Solid Waste total \$1.25 billion; and the FY 2023 Capital Budget is \$641 million.

Revenues: \$3,400,819,656 (Where the Money Comes From)

Service Delivery Expenditures: \$3,400,819,656 (Where the Money Goes)

FY 2023 Proposed General Fund Budget

The General Fund supports most basic City services such as Police, Fire/EMS, Streets, and Parks. Public Safety expenditures alone represent 60.7% of the General Fund. Other important City services funded by the General Fund include Library, Human Services, Health, Animal Care Services, and Code Enforcement. General Fund services are primarily supported by property tax, sales tax, and CPS Energy payments.

The graphic below demonstrates the City's balanced budget approach between anticipated revenues and proposed budgeted expenditures during FY 2023.

Two-Year Budget Plan

The City implemented the practice of maintaining a two-year balanced budget from the adoption of the FY 2007 Budget through the adoption of the FY 2009 Budget. As a result of the national recession beginning in FY 2010, the City modified this practice to include a two-year balanced budget with some flexibility in the second year. The FY 2023 Proposed Budget continues the practice of presenting a two-year budget plan.

The following table shows the FY 2023 Proposed Budget and the FY 2024 Budget Plan:

Financial Policies and Financial Reserves

The establishment and maintenance of appropriate reserves within the General Fund is critical to prudent financial management. The City's financial policies and strong financial management have been recognized by the three major rating agencies through a strong credit profile. San Antonio holds a 'AAA' general bond rating from Standard & Poor's and Moody's and a 'AA+' from Fitch. The 'AAA' bond rating is the highest credit rating an organization can receive and it allows the City to pay the lowest possible interest rates in the market.

The FY 2023 Proposed Budget reflects the updated financial policies approved by City Council at the April 13th Goal Setting Session:

- Maintain a minimum General Fund ending balance of 15%
- Maintain Public Safety below 66% of the General Fund
- Manage structural balance in the General Fund
- Maintain a \$1 million contingency in the General Fund and \$3 million in the Capital Budget
- Address Internal Fund deficits within 3 to 5 years
- Annually review the impact of the State-imposed 3.5% Property Tax Cap on service delivery and provide a recommendation on whether to adjust the Property Tax Rate
- Annually review property tax relief with a focus on homeowners
- Annually review and periodically adjust Fees and Charges to provide for cost recovery, inflation, consumer relief, and/or alignment with policy goals

Major Revenues and Revenue Adjustments

The City of San Antonio's General Fund receives revenues from four major categories: property taxes, CPS Energy payments, sales taxes, and other revenues.

Property Tax: The FY 2023 Proposed Budget lowers the City's property tax rate to 54.161 cents per \$100 of valuation. The Proposed Budget includes \$435 million in maintenance and operations support for the General Fund from property taxes, which is 6.0% higher than the FY 2022 Adopted Budget and the FY 2022 Estimate.

Upon receiving the Certified Tax Role by the Bexar Appraisal District, budgeted property tax revenue to the City accounts for an increase in net taxable value of 9.8%. The City's property values for existing properties increased by approximately 7.9% as compared to FY 2022, while new construction values increased by approximately 1.9%. The taxable value, less new improvements, yields the base valuation.

Percent Change in Taxable Property Valuation

Property Value	FY 2022 Adopted Budget	FY 2023 Proposed Budget
Existing Value	4.00%	7.90%
New Value	1.60%	1.92%
Taxable Value	5.60%	9.82%

The City receives less than a quarter of the property tax proceeds that homeowners and commercial property owners pay annually. Nearly half of the property tax proceeds are distributed to school districts, while the remaining amount, minus the City's portion, is divided among Bexar County, Alamo Colleges, University Health System, and the San Antonio River Authority.

Property Tax Distribution

FY 2023 Proposed Texas City Property Rate Comparison (Per \$100 of Taxable Value)

Property Tax Relief: Based on City Council and Community input, Property Tax Relief was the top priority for City Council and the Community. To address property tax relief, the FY 2023 Proposed Budget includes increases to the Homestead, Seniors, and Disabled Person Exemptions. Additionally, the property tax rate will decrease by 1.67 cents from 55.827 cents to 54.161 cents, the first property tax rate decrease since FY 2016.

On June 16, 2022 City Council approved several changes to homestead exemptions to be implemented as part of the FY 2023 Proposed Budget:

- **General Residence Homestead Exemption:** The City Council increased the general residence homestead exemption from 0.01% of the appraised value of the residence homestead to 10% of the appraised value of the residence homestead or the statutorily mandated minimum of \$5,000, effective January 1, 2022 for qualifying homes.
- **Persons Aged 65 Years or Older:** The City Council also increased the Persons Aged 65 Years or Older exemption from \$65,000 to \$85,000 which further reduces the taxable value of a person's home that is 65 years or older. The City initially adopted a Person Age 65 or Older exemption in the amount of \$3,000 in FY 1974, which was incrementally increased to \$65,000 through FY 2004. The Over-65 exemption had remained at the \$65,000 exemption level since FY 2004. On June 16, 2022, the exemption amount was increased to \$85,000.
- **Disabled Person:** Finally, the City Council increased the Disabled Persons exemptions from \$12,500 to \$85,000 for homeowners who meet the definition of "disabled" for the

purpose of payment of disability insurance benefits under the Federal Old-Age, Survivors, and Disability Insurance Act. In 2005, the City adopted a Disabled Person Homestead Exemption in the amount of \$12,500, which was increased to \$85,000 on June 16, 2022. The Disabled Person Exemption may not be combined with the Person Aged 65 or Older Exemption.

In May 2005, Proposition 3 (Property Tax Levy Freeze) was approved by the voters of the City of San Antonio. This property tax limitation, or "tax freeze", is provided to persons who receive the Disabled Person or the Person Aged 65 or older exemption. The total amount of ad valorem taxes imposed on that homestead by the City may not be increased (except for certain improvements) while the property remains the residence homestead of that person. Surviving spouses, with certain qualifications, may inherit this freeze.

As a result of these exemptions as well as frozen tax payments, in FY 2023, the City will forgo approximately \$94.9 million in property tax revenue from senior and disabled homestead exemptions, frozen City tax payments, and the general homestead exemption. A total of approximately 102,000 senior and 7,000 disabled homestead exemptions are anticipated for FY 2023.

Sales Tax Revenue: The FY 2023 Proposed Budget includes sales tax revenue in the amount of \$387 million in the General Fund. Sales tax revenue is highly dependent on the condition of the local economy. The FY 2023 Proposed Budget for sales tax revenue is projected to be 15% higher than the FY 2022 Adopted Budget and 3.0% higher than the FY 2022 Estimate.

Sales Tax Revenues (\$ in Millions)

CPS Energy Revenue: The City of San Antonio is the owner of CPS Energy (CPS). The CPS payment to the City represents the second largest source of revenue to the General Fund in FY 2023. CPS pays the City 14% of all gas and electric customer gross revenue as a return on investment. Revenues from CPS Energy are one of the most difficult revenues to forecast. Weather, natural gas prices, and other variables can significantly impact CPS revenues and the City's payment can fluctuate significantly from year to year. The FY 2023 Proposed Budget includes CPS revenues in the amount of \$392 million, an increase of 8.5% from the FY 2022 Adopted Budget. As illustrated in the graph below, the revenues estimated to be received in FY 2022 are unusually high due to an extremely hot summer and natural gas prices. As a result, FY 2022 Estimate CPS revenues are projected to be \$75 million ahead of FY 2022 Adopted Budget.

As part of the FY 2023 Proposed Budget, the City of San Antonio proposes providing a credit of \$50 million to all customers of CPS Energy, which is owned by the City. The \$50 million will be allocated as follows:

- \$5 million will be contributed to the Residential Energy Assistance Program (REAP) to assist eligible low-income residential customers. The City and CPS Energy will work together to amend the REAP guidelines to provide additional flexibility for low-income customers to be able to access these funds.

- \$45 million will be credited to all CPS Energy customers' bills in the month of October. The credit will be based on each customers' energy usage during the month of July. The average residential customer will see a \$31 credit on their October bill.

Other Major Revenues and Adjustments: Other revenues in the General Fund include business and franchise taxes, liquor-by-the-drink taxes, fines, and other charges for services such as EMS transport fees. The FY 2023 Proposed Budget includes an increase for many of these revenues as the City experiences rebounding tourist and visitor activity. For FY 2023, alcoholic beverage sales, River Barge cruises, and other service revenues are increasing as City facilities return to pre-pandemic service levels.

Community Focus Areas

City Diversity, Equity, Inclusion, and Access Strategies

The City of San Antonio has made a strong commitment to advancing social equity and reducing disparities experienced by the most marginalized San Antonio residents through a variety of efforts. In FY 2022, the Office of Equity, the Office of Disability Access, and the Office of Municipal Integrity were reorganized to form the Department of Diversity, Equity, and Inclusion (DEI).

The Department provides employees and community members with a central hub to report and address civil rights complaints, violations of the Americans with Disability Act, the City's Non-Discrimination Ordinance, the Equal Employment Opportunity Act, or allegations of waste, fraud, and abuse in City practices.

DEI Strategies: Equitable improvements across the City help make San Antonio a more fair, just, and open space to the vibrant diversity that embodies what it means to be a San Antonian. The City of San Antonio applies an equity lens to developing the proposed budget by acknowledging the historical causes of disparities between populations, using a data-driven approach to measure equity, and implementing holistic solutions that center on those who need it most. The Office of Equity focuses on the following strategies to accomplish this objective:

- **Normalizing** concepts of social justice within city government
- **Organizing** staff around advancing equity within their own departments
- **Operationalizing** equitable policies, programs, and procedures within city government

Disability Status Report: The FY 2023 Proposed Budget includes funding for a Disability Status report that will report on statistics and measures across key areas of concern such as financial resiliency, economic opportunity, transportation, housing, health, education, safety, and digital inclusion for disabled persons. The report will establish a foundation for the Disability Access

Office to understand and address the impacts of disabilities in implementing City programs and services.

Language Access: The FY 2023 Proposed Budget includes additional funding for Phase II of the Citywide Language Access plan which focuses on building meaningful access for the City's Limited English Proficient (LEP) persons through increasing community engagement and assessing current language access services, policies, and training. The Language Access Plan focuses on increasing interpretation and translation services at public meetings, closed captioning services on public access networks, and increasing American Sign Language accessibility. The FY 2023 Proposed Budget redirects \$542,000 for these services from the Community & Engagement department to centralize these efforts.

Streets and Transportation

Infrastructure Management Program (IMP)

Five-Year Infrastructure Management Program: City staff developed a five-year Infrastructure Management Program (IMP) to identify and recommend infrastructure priorities to City Council. As detailed in the following chart, the FY 2023 Proposed Budget includes \$150.9 million in the IMP for streets, traffic signals, sidewalks, drainage, and alleys.

FY 2023 Proposed Infrastructure Management Program
Total Budget \$150.9
(in Millions)

Street Maintenance: The FY 2023 Proposed Budget increases the Street Maintenance Program to \$116 million. Of the total program, \$100 million is allocated based on 100% street condition per Council District and \$6 million funded in the 2022 Bond is allocated based on 50% street network size and 50% street condition per Council District as stipulated by the Streets, Bridges, and Sidewalks Bond Committee. An additional \$10 million one-time funding has been awarded from the American Rescue Plan Act and is allocated based on miles of “F” Streets per Council District. To ensure the timely delivery of street projects, an additional six positions will be added in FY 2023.

Pavement Markings: The FY 2023 Proposed Budget maintains the FY 2022 funding level of \$5.6 million towards citywide pavement markings. This funding level keeps the maintenance and replacement cycle of thermoplastic pavement markings to a three- to five-year cycle. The FY 2023 program is anticipated to deliver an additional 235 miles of citywide pavement markings to ensure traffic safety throughout San Antonio.

Drainage and Alleys: The FY 2023 Proposed Budget maintains the FY 2022 funding level of \$3.5 million for continued cleaning and maintenance of drainage channels and natural creekways and increases non-service alley maintenance to \$1.2 million.

Pedestrian Safety: The FY 2023 Proposed Budget includes \$1.0 million for the School Pedestrian Safety program for the maintenance of 230 existing flashers, 15 new flashing beacon installations, 210 school zone sign upgrades, and 729 school zone markings for crosswalks. The FY 2023 Proposed Budget also includes \$2.8 million in resources to structurally upgrade existing traffic signals with intelligent transportation components and audible pedestrian safety features.

Neighborhood Access Mobility Program: Additionally, the Neighborhood Access Mobility Program (NAMP) will increase from \$219,900 to \$450,000 in FY 2023 to each City Council District. As part of the FY 2023 Proposed Budget, NAMP eligible project will be expanded to include community requested infrastructure improvements, which address safety, multimodal transportation connectivity, and roadway functionality within the public right-of-way or on city property.

Advanced Transportation District

In FY 2005, the Advanced Transportation District (ATD) Fund was established to account for all revenues and expenditures associated with the administration and project delivery of the ATD

Program. ATD projects increase mobility, reduce traffic congestion, and improve neighborhood connectivity. The FY 2023 Proposed Budget for ATD appropriations totals \$26.5 million.

**FY 2023 Proposed
ATD Program
Total Budget \$26.5 (in Millions)**

Operating Expenses: As part of the FY 2023 Proposed Budget, ATD will fund a total of 41 positions of which three new positions will oversee and maintain the Traffic Signal Management System and the Transportation and Infrastructure Management Center (TIMC). The Proposed Budget also includes funds for transportation and pavement markings planning as well as traffic engineering studies.

Intelligent Transportation System: The FY 2023 Proposed Budget includes \$600,000 for continued installation of intelligent technology components to existing traffic signals. An additional \$650,000 is funded to meet the City's match for a Federal Intelligent Transportation System Enhancements grant. Funding will provide for the installation of traffic monitoring cameras, advanced detection equipment, travel time data collectors, backup battery systems, enhancements to signal system operations, and improved performance measure tracking.

Citywide Sidewalk Improvements: The FY 2023 Proposed Budget includes a total of \$21 million for sidewalk improvements. Of the \$21 million, \$13 million is from ATD of which \$12.5 million is transferred to the capital project and \$500,000 is included in the fund for City repair crews. Additionally, \$2 million from the 2022 Bond Program and \$6 million from the General Fund will be allocated to sidewalk improvements. In total, the \$21 million in sidewalk improvements will lay 52 new miles of sidewalk and repair six useable miles of sidewalks for a total of 58 miles of useable sidewalk miles. The primary goal of the program is to strategically repair deteriorated sidewalks to restore the most miles of sidewalks to usability. Using data from the sidewalk condition assessment, sidewalk repair projects will be prioritized, planned, and executed primarily within residential neighborhoods across the City.

Storm Water Infrastructure and Operations

The FY 2023 Proposed Budget for the Storm Water Operating Fund is \$56.7 million, of which \$52.2 million is for operating expenses, including personnel costs and payments to San Antonio Water System (SAWS) for services related to the Texas Commission on Environmental Quality (TCEQ) permit requirements. Outstanding debt in FY 2023 related to storm water revenue bonds is \$7.4 million. The remaining \$4.5 million is allocated to capital projects.

The primary source of revenue for the Storm Water Operating Fund is the Storm Water Utility Fee, which was established in FY 1993 to provide funding for storm water operation services. The fee is assessed to residential and non-residential properties based on square footage of impervious cover. The following table reflects the current rates, which were last adjusted in FY 2020.

FY 2023 Storm Water Utility Fee Structure	
Residential Rates Impervious Cover	Monthly Fee
<2,750 SF of impervious cover	\$3.75 per mo
2,750 to 4,220 SF of impervious cover	\$4.94 per mo

Hazard Mitigation Action Plan (HMAP): The goal of the City's Hazard Mitigation Action Plan (HMAP), originally developed in 2015, is to minimize or eliminate the long-term risk to human life and property from known hazards by identifying and implementing cost-effective mitigation actions. There have been 98 HMAP actions identified as specific to the Public Works Department under the "Flood" category. Of those identified actions, three actions have already been completed with another ten capital projects that have received funding and are in the process of completion. In May 2022, City of San Antonio voters approved 23 Drainage and Flood Control projects under the 2022-2027 GO Bond Program, of which eight projects are included in the HMAP.

Storm Water Capital Improvement Projects: The Capital Budget allocates \$4.6 million, from the Storm Water Operating Fund and the Storm Water Regional Facilities Fund to complete a total of seven drainage-related capital projects, listed in the tables below.

Transportation

The FY 2023 Proposed Budget includes priorities for creating a safe, sustainable, and equitable, multi-modal transportation system for all San Antonians through its four programmatic areas: Vision Zero, SA Bikes, Multi-Modal Planning, and Quiet Zones. Staff continues to work with the community and stakeholders to implement data-informed safety projects, multi-modal transportation plans, and pedestrian and bicycle educational programs.

SA Bikes: During FY 2022, the Department initiated its first High-Profile solicitation for the Bike Network Plan (BNP) update which is anticipated to be awarded in FY 2023. A key component of the BNP update is the inclusion of the Howard W. Peak Greenway Trail as part of the City's bicycle

infrastructure and miles of bicycle facilities. The City currently has 408 miles of bicycle lanes. The number of new or repaved miles of bike lanes to be completed in FY 2023 will be adjusted based on data gathered during the BNP update.

VIA Metropolitan Transit Contribution: The FY 2023 Proposed Budget includes the City's continued contribution to VIA Metropolitan Transit. FY 2023 funding will support the design and construction related to the North/South Bus Rapid Transit (BRT) in the amount of \$5 million; it will also support the planning, design, and construction of the East/West Advanced Rapid Transit (ART) also in the amount of \$5 million. This contribution affirms the City's commitment to the implementation of the SA Tomorrow Multi-modal Transportation Plan published in 2015.

Vision Zero: As national trends indicate an increase in the number of roadway fatalities and injuries, the Department will continue to focus on improving safety on the City's High Injury Network (HIN) roadways identified through the City's Vision Zero Severe Pedestrian/Bicycle Injury (SPIA/SBIA) Reports. In FY 2023, staff will continue to design and construct mid-block crossings on the HIN corridors identified in the FY 2022 Budget and implement safety campaigns to educate all roadway users on the importance of observing speed limits and marked crosswalks. The Department has also partnered with Municipal Courts to provide Vision Zero videos for drivers receiving speeding citations. Furthermore, in FY 2023 the Vision Zero Action Plan will be updated and staff will continue to identify projects for submission for the United States Department of Transportation's Safe Streets for All Users (SS4A) grant program.

Quiet Zones: The FY 2023 Proposed Budget includes \$200,000 for Quiet Zone maintenance. A Quiet Zone is a section of a railroad corridor where train crews do not routinely sound the horn at railroad crossings. The Federal Railroad Administration (FRA) is responsible for approving Quiet Zone designations based on a set of requirements, which include crossing closures, one-way conversions, quad gates, medians and signs, and pavement markings. The City currently has 12 quiet zones that comprise a total of 69 crossings accounting for over 25 miles of quiet zones. Continued maintenance is required to ensure compliance with FRA.

Community Focus Areas

Metro Health

FY 2023 Goals: Metro Health is following the SA Forward Plan and placing an emphasis on addressing mental health, domestic violence, and civic engagement in the city with the goals it accomplished in FY 2022 and will continue to support in FY 2023. These include:

- A Chief Mental Health Officer, who will coordinate the City's mental health efforts and participate in the launch of the SA CORE pilot project to transform the response to mental health-related emergencies
- The Policy and Civic Engagement Office (PaCE) to coordinate state legislative items and oversee local policy issues that impact the community
- The Domestic Violence Case Management team to augment the reach of Crisis Advocates

SA Forward Plan: The plan is based on a citywide Community Health Improvement Plan and focuses on areas that have been impacted during the COVID-19 pandemic. The current plan runs through September 2026 and is being tracked across six priority areas encompassing seventy-five program objectives. Highlights of the second year of implementation include:

1. Continued implementation of the Department's equity action plan to operationalize the City Council's Resolution on Racism as a Public Health Crisis
2. Expansion of the SA CORE program into additional teams capable of responding to a crisis emergency call for mental health emergencies specifically
3. Expand the number of City departments and local partner agencies who are trained in and certified in trauma-informed care
4. Continued expansion of crisis advocacy service hours and total number of people supported through case management

The SA Forward Plan was to be funded mainly through grants and the Health Implementation Plan in the first two years of the Plan (FY 2022 and FY 2023) with the General Fund fully funding the SA Forward Plan by the fifth year. However, the FY 2023 Proposed Budget begins to transition funding for SA Forward, adding \$3.8 million to the General Fund.

Academic Public Health Partnership:

Metro Health is a nationally accredited agency as recognized by the Public Health Accreditation Board. This accreditation

facilitates the Department to enter formal partnerships with local academic institutions to enhance Metro Health's data collection, analysis, and implementation. Metro Health already maintains several informal partnerships with local entities and seeks to make these partnerships more official as a part of the SA Forward Plan. In full partnership with Metro Health, the leadership of UT Health SA, UTSA, and the founding dean of the University of Texas School of Public Health San Antonio

(UTSPHSA) will work together to support and advance the City's Community Health Improvement plan.

SA CORE Pilot Program: The SA CORE (San Antonio Community Outreach and Resiliency Effort) team follows a multi-disciplinary response team model. The team is comprised of a mental health clinician, a SAFD-EMS Mobile Integrated

Healthcare paramedic, and a SAPD Mental Health Unit officer. This team is deployed in the Central Substation, an area of the city with a high equity score and high volume of mental health 911 calls. This area is served by SA CORE teams seven days per week, 7am-11pm. The SA CORE Team was launched on April 1, 2022 and as of June 30, 2022 the team had responded to 440 emergency 911 calls. Of these 440 calls, over 60% were either resolved in the community or placed in a behavioral health hospital—less than 2% were arrested. The current pilot program is expected to run through March 2023 after which the program will be evaluated with recommendations.

Support for Affordable Housing

Through 2020 and 2021, San Antonio experienced not only the COVID-19 pandemic but also the impact of Winter Storm Uri. Both catastrophic events reinforced how essential housing is to individual and community well-being. These events further justified the need to establish more aggressive housing production and preservation goals that focus on addressing the needs of those with the lowest incomes. The new goals were established through the development of the Strategic Housing Implementation Plan (SHIP). The SHIP's goal is to produce or preserve 28,094 homes by 2031—about 45% of which will be new developments with the rest of the homes being preserved.

The FY 2023 Proposed Budget will leverage the City's historic \$150 million dollar housing bond to help achieve the SHIP goals through the following programs:

- Housing Preservation Repair (Owner Occupied Rehab and Minor Repair)
- Housing Stability Assistance
- Housing Production for Single-family and Multi-family residences
- Homebuyer Assistance

Aligning Investment with the SHIP: The total housing investment for FY 2023 is recommended at almost \$135.8 million from the General Fund, General Obligation Bond, Economic Development Initiative Grant, HOME Investment Partnership Program Grant, and Community Development Block Grants. The funding will help families impacted by the ongoing pandemic and inflationary

market pressures with assistance and connections to affordable housing units. At least 645 families will be provided home rehab assistance with a total of approximately 2,500 affordable housing units created or preserved.

Activity Over the Last 4 Years

Activity	FY 2019	FY 2020	FY 2021	FY 2022	Total
Homeowners assisted in Minor Repair Program	6	30	53	175	264
Homeowners assisted in Owner Occupied Program	67	65	60	81	273
Homeowners assisted through Under 1 Roof	530	300	225	450	1,505

Coordinated Housing System: The FY 2023 Proposed Budget maintains funding at \$1.3 million to continue improving coordination among affordable housing programs and partners with the goal of increasing the total number of affordable units produced and preserved in San Antonio. This funding will also be used to recalibrate the 10-year housing goals and finalize the implementation plan for the Housing Policy Framework. Further, funding will maintain an Online Accountability Dashboard that measures progress towards the recalibrated 10-year targets and an Affordable Housing Locator that provides the community with online resources to locate affordable housing in neighborhoods.

2022 Housing Bond: The FY 2023 Proposed Budget includes \$99.9 million of the \$150 million in GO Bonds to create and preserve affordable housing within the five approved priority categories: \$30.6 million of rental rehabilitation, \$33.3 million in rental production, \$4.8 million in homeowner production, \$7.6 million in owner rehabilitation, and \$23.6 million of permanent supportive housing. The funding will be used to facilitate private sector and/or non-profit

development of single-family, multi-family, or mixed-use housing for the public purpose of safe, quality, and affordable housing consistent with the Housing Bond Committee's parameters and Housing Commissions Bond Evaluation Framework.

Housing Preservation and Production (Home Rehab Programs): A total of \$26.3 million is included in the FY 2023 Proposed Budget for Home Rehab Programs to assist low- to moderate-income homeowners (prioritizing 30-50% AMI), with home rehabilitation and reconstruction including major rehab, minor rehab, roof shingle replacement, and lead-based paint abatement and remediation making homes lead safe.

Before

After

Homebuyer Assistance: This program assists eligible San Antonio first-time homebuyers by making a 0% interest/no payments second loan of up to \$30,000. Loans are 75% forgivable over 10 years and can be used for any combination of the down payment assistance and some closing costs associated with purchasing a home. The FY 2023 Proposed Budget includes \$1.2 million for the Homebuyer Assistance Program, \$920,000 funded through the General Fund, which will serve families at or below 80% AMI, and \$275,000 from Housing and Urban Development Grants.

2022 Housing Bond Staffing Complement: The FY 2023 Proposed Budget includes adding nine positions to the Housing Production Team to deliver homeowner repair programs, three positions to facilitate a new rental housing and homeless housing program. The total administrative costs over the 5-year period are not expected to exceed more than 7% of the Housing Bond allocation.

It is anticipated that during this Five-Year Period between FY 2023 and FY 2027, a total \$316 million will be dedicated to the Affordable Housing Program

Comprehensive Housing Support: The FY 2023 Proposed Budget includes \$123,000 to fund two Housing Navigator positions in the Neighborhood and Housing Services Department to provide proactive neighborhood case management service in low- and moderate-income areas. This service will connect eligible homeowners facing potential code violations to City and nonprofit services that may assist in rectifying those code violations.

Animal Care Services

Strategic Plan: The previous Animal Care Services (ACS) Strategic Plan was created in 2011, amended in 2015, and completed by 2017. ACS has since recognized the need for a strong, comprehensive vision for the future. ACS shared this new vision proposal with both the City Council during the FY 2022 Budget Work Sessions and the ACS Advisory Board during September 2021 meetings. With the approval of these key stakeholders, ACS has begun to work to develop a new strategic plan to be presented to City Council for adoption in April 2023. The Strategic Plan Development was split into three phases:

1. **Discovery Phase (January – May 2022):** ACS staff collected information from internal staff and public surveys as well as Leadership and Advisory Board interviews. Over 3,100 residents participated because of these efforts.
2. **Engagement Phase (June – December 2022):** ACS hosted five community meetings between July 12 and July 19, 2022 to gather input from the public on their ACS-related priorities and discuss solutions to community issues. Approximately 150 people participated in the meetings, which were held in different locations around the city. ACS will be conducting Community Needs Assessments, hosting moderated focus groups, and convening the ACS Advisory Board to develop goals and needs.
3. **Finalization Phase (January – April 2023):** ACS staff will compile all the research and feedback to create the strategic plan document which will include strategic goals and action plans. The plan will be presented to City Council in April 2023.

Customer Service Team: In response to resident engagement, the FY 2023 Proposed Budget adds five positions at ACS to create a dedicated Customer Service Team. The new Customer Service Team will engage with residents and provide a clear and direct line of communication with the community by being responsible for answering all citizen inquiries via phone, email, and social media. Not only will this provide a better, more timely experience for residents, but it will free up current staff to focus resources on placing pets impounded at ACS and enforcing animal laws. With this improvement, ACS estimates 88% of calls

to the main ACS phone line, (210) 207-4PET, and 7,200 escalated 311 calls will be answered regarding animal issues.

Clinic Staff Enhancement: Today, ACS cares for up to 30,000 impounded animals and all receive medical care through the Clinic. As such, the FY 2023 Proposed Budget includes funding for nine positions in the Clinic to facilitate and implement best practices for spay/neuter surgeries for animals in the community. This enhancement will ensure that there is enough staff to treat injured animals and give them the best opportunity for live release placement in the ACS shelter.

Community Vaccine and Microchip Clinics: During the pandemic, the lack of affordable veterinary care in the community became more evident. During meetings held with the community on the strategic plan, residents voiced the issue of lack of affordable animal services. To begin addressing the problem ACS will partner with community organizations to complete over a dozen vaccine clinics to vaccinate 2,400 pets a year. Vaccine clinics will be held in areas with high equity atlas scores that are less likely to have low-cost veterinary services nearby. Vaccine clinics will provide free microchips, rabies vaccines, and other vaccines to prevent common fatal diseases in pets (distemper, parvo, flu, feline leukemia).

Library

Increase in Library Collection: The Library's collection of books and materials is a core service to the community. Demands have increased during COVID-19 for digital materials. The FY 2023 Proposed Budget includes the addition of \$1.5 million to the library's books and materials budget to allow the San Antonio Public Library to better meet customer demand for content, reduce wait times, and respond to changes in the marketplace. This investment will accelerate a five-year plan to achieve a \$3.20 per capita spending on library materials. Access to information and content is a major contributor to improving social conditions including higher literacy rates, greater civic participation, increased educational attainment, and better opportunities for life-long learning.

New and Replacement Furniture, Fixtures and Equipment: The San Antonio Public Library will replace old, worn and/or broken furniture, computer peripherals, and other equipment to ensure our patrons have the best possible experience when visiting a Library location and that our staff have what they need for daily operations. The purchase of new items will provide improved customer service and increase productivity.

Renovations and Improvements: A total of \$3.2 million for renovations and improvements at eight libraries is included in the FY 2203 Proposed Budget. This includes the following libraries:

- Brook Hollow Branch Library will be expanding the parking lot from 68 to 118 total parking spaces, an increase of 50 parking spaces
- Memorial Branch Library will be replacing its end-of-life roof
- Pan American and Johnston Branch Libraries will be completing their HVAC replacements
- Guerra Branch Library: will be replacing both its HVAC system and full parking lot.
- Igo, Maverick, and Great Northwest will receive upgrades through the deferred maintenance program.

Expansion of Texana Resource Center Services: A major transformational project to improve and expand the Texana Resource Center will conclude in Fall 2023. This improvement adds two staff members for the Texana Resource Center, located on the 6th floor of the Central Library. The Texana Resource Center provides patrons access to rich informational, historical, and genealogical archives and materials regarding family history and Texas culture. Upon reopening to the public, service hours will be

increased from 40 hours per week to 56 hours per week, a 40% increase.

Department of Human Services

Homeless Services Initiatives: The FY 2023 Proposed Budget includes an additional \$1.3 million to continue programs such as the Street Outreach Team and the Homeless Connections Hotline which, in alignment with the City's Homeless Strategic Plan, was launched through the CARES Act to support outreach and engagement work to reduce homelessness. The Homeless Connections Hotline (210) 207-1799

serves as a centralized resource and entry point to the homeless response system specifically for people experiencing or at-risk of experiencing homelessness. In FY 2022, the Hotline responded to over 14,500 resident calls. The Street Outreach Team connects unsheltered clients to shelter, housing, and support services. The Team operates in each Council District and works closely with neighborhood associations, faith groups, and businesses to address homelessness. Some of the funding will also support partner agencies conducting street outreach in coordination with the DHS team to best cover geographic areas of high need. In FY 2022, the DHS street outreach team:

- Engaged around 1,000 unsheltered homeless clients
- Responded to 650 requests for outreach from Council Offices
- Answered 1,200 calls through 311
- Attended 100 neighborhood association meetings

Older Adults Are Healthy, Engaged, and Independent: The FY 2023 Proposed Budget continues investments in the 2019 Senior Services Strategic Plan and expands in-person and remote services to ensure all seniors have access to equity-based health, nutrition, financial, exercise, social, and cultural activities. Specifically, the FY 2023 Proposed Budget includes \$816,000 in operational costs for the first multi-generational community

center in Council District 4. The FY 2023 Proposed Budget also provides \$500,000 to continue supporting the Older Adults Technology System to expand programming for vulnerable, homebound older adults and older-adult community access to devices, connectivity, and digital literacy.

The SAMM Shelter: The FY 2023 Proposed Budget includes \$1.27 million to continue leasing for six months a motel facility operating as a low barrier, non-congregate emergency homeless shelter. The SAMM Shelter was opened in July 2021 to provide an option for clients who have multiple significant barriers to housing and for those who may struggle in communal environments. SAMMinistries will continue to operate the facility as a transition step for clients working toward permanent housing.

Parks and Recreation

The Budget includes a total of \$19.6 million investments in Parks through the General Fund. This includes \$7.7 million for renovations and improvements at park facilities, \$10 million for the Edwards Aquifer Protection Program, \$5 million for parks deferred maintenance projects, \$1.5 million for operations of new facilities, parks and linear creekways, and \$400,000 to enhance summer youth programming.

Renovations at Parks: \$7.7 million in new General Fund dollars is dedicated to renovations and improvements at 17 Park facilities. This include \$5 million for deferred maintenance at 15 parks and \$2.7 million for improvements at the Japanese Tea Garden as well as a Riverwalk sidewalk and staircase. The table below outlines the \$5 million spending for the deferred maintenance.

Heritage and Woodlawn Lake Park Multi-Generational Centers: The FY 2023 Proposed Budget adds funding for two positions and equipment to support the Berta Almaguer Dance Studio and Community Center located at Woodlawn Lake Park which is projected to open in October 2022. It also provides two positions and equipment to support the Heritage Park Multi-Generational Center, which is projected to open in Spring 2023. These Centers will provide youth programming, recreational programming, as well as senior social and cultural classes.

Summer Youth Program Staff Enhancement: The FY 2023 Proposed Budget adds \$404,000 to

enhance the Summer Youth Program staff-to-participant ratio from 1:25 to 1:15, boosting the quality of programming and engagement with participants. The Summer Youth Program operates Monday-Friday from 7:30am-5:30pm during the summer out of school time, includes two meals, and offers a variety of age-appropriate activities such as sports, craft projects, active games, art exploration, fitness and nutrition, math and science enrichment activities, and

participation with the Library's Summer Reading Program.

Linear Creekways and Parks Development: The FY 2023 Proposed Budget includes \$481,000 and three positions to support the maintenance of additional miles of greenway and multi-use trails acquired through the venue sales tax. Approximately, 2.45 trail miles of Linear Creekways with 187 additional amenities across eight locations, and 35 new acres and tree installations will be added. Additionally, a total of \$718,000 and five positions will be added to support the maintenance of additional acres, facilities, and parks developed through bonds issued, grants and other funds. It is estimated that 289 new park amenities at over 20 locations will be added. This includes 1.97 miles of exercise trail and a total of 181 new acres of park land. New park amenities include but are not limited to exercise equipment, playgrounds, security lighting, new restrooms, bike repair stations, signage, and new parking areas.

Enhance City Wide Tree Planting Program: The FY 2023 Proposed Budget adds \$470,000 within the Tree Canopy Preservation and Mitigation Fund for three positions to increase current capacity and growth of the City's Tree Planting Program. This program provides trees, education, and awareness to the community resulting in environmental, economic, health, and social benefits through increased City tree canopy cover and lowered urban heat island effects.

Public Safety

Police

The FY 2023 Proposed Budget includes funding for 50 officers through a Community Oriented Policing Services (COPS) grant in the amount of \$3.6 million, \$1.5 million for 28 new officers and 7 civilians for the N. St. Mary's Police Station, and \$1.7 million for replacement of In-Car video system.

Crime Prevention Program Study with UTSA: SAPD is currently engaged in implementing a new violence reduction strategy for the City of San Antonio. SAPD is collaborating with UTSA's

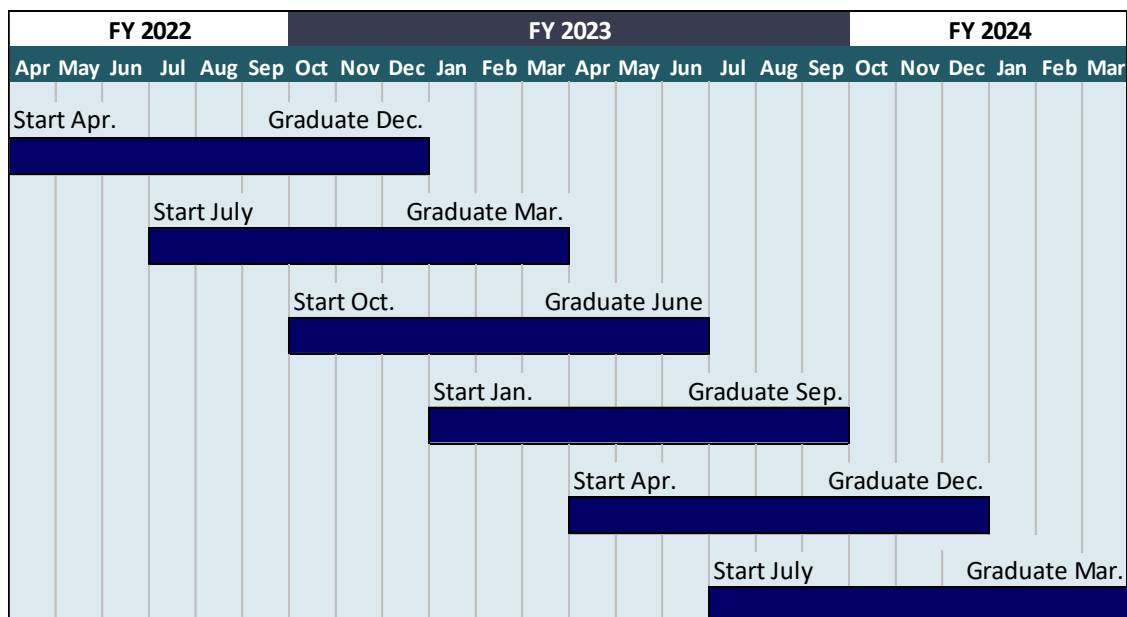

Department of Criminology and Criminal Justice to identify the temporal, geographic, and person-based patterns of violent crime in San Antonio. SAPD aims to apply evidence-based strategies to reduce violent victimization, arrest and prosecute violent offenders, and improve community conditions associated with violence and its antecedents. Over the course of a 12-month period, SAPD, with advice and technical assistance from UTSA, will develop a violence reduction strategy for the City.

50 New Officers: The FY 2023 Proposed Budget includes \$3.6 million for a grant cash match to the Department of Justice for year one of a four-year grant to fund 50 police officers. The COPS Hiring Program (CHP) is funded by the U.S. Department of Justice (DOJ) Office of Community Oriented Policing Services and funds expenses such as salary and benefits over a three-year grant period. All 50 officers hired as part of this grant will start as cadets and then graduate to officers assigned to address violent crime throughout San Antonio.

North St. Mary's Police Station: The FY 2023 Proposed Budget includes funding to add positions and equipment to staff the new N. St. Mary's Police Station for a total amount of \$1.5 million. These positions include one Captain, four Lieutenants, 23 Sergeants, and seven civilian positions. The substation is being built in downtown San Antonio as part of the 2017 Bond Program. The facility is anticipated to be completed in January 2024.

Academy Training Schedule: The following chart shows the Police Department's Cadet Class training schedule for FY 2023:

Fire

The FY 2023 Proposed Budget includes funding to add 15 firefighters and a ladder company in the amount of \$1.3 million and 6 firefighters to establish a medical first responder unit in the amount of \$581,000.

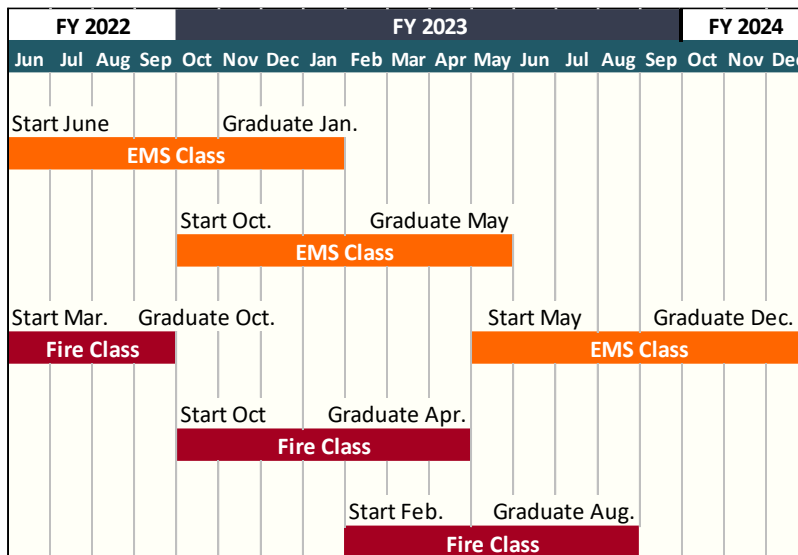

Clinical Dispatch Program: In FY 2022, SAFD continued a telemedicine program utilizing the Good Sam App. The Good Sam App is a web-based telemedicine triage system that works through a text message link provided by a 911 dispatcher. Once the link is accessed, the app uses the phone camera and artificial intelligence to gather vital signs and allows the 911 dispatcher to see the patient and react accordingly. During FY 2022, the Clinical Dispatcher Program resulted in a reduction of over 3,000 dispatched EMS units. With an expansion of this program, it is anticipated that the department will see a daily reduction in the number of dispatched emergency vehicles equivalent to an entire EMS unit, thereby freeing up SAFD resources for other emergency situations. In September, eight clinical dispatcher positions who will be dedicated to the operation of the Clinical Dispatcher program will come online.

Medical First Responder Unit: The FY 2023 Proposed Budget includes \$581,000 and adds six positions to establish a medical first responder unit at Fire Station 24. These units are an efficiency measure in the fire department that allows a lightweight vehicle with a smaller crew to respond to certain medical incidents, doubling the response capability, reduce wear and tear on our heavy apparatus, and keep fire apparatus available more frequently for fire incidents.

New Ladder Company: While studying citywide response times for aerial apparatuses, the San Antonio Fire Department identified the need to add one Ariel Platform apparatus to improve coverage in the city. The results of the citywide study identified Fire Station 45 as the chosen location by taking into consideration travel time, high-rise structure density, incident density, and high-risk occupancy density. A total of \$1.3 million and 15 firefighters are included in the FY 2023 Proposed Budget.

Academy Training Schedule: The chart shows the Fire Department's EMS and Cadet Class training schedule for FY 2023:

Sustainability

SA Climate Ready Plan: Approved by City Council in October 2019, the SA Climate Ready Climate Action and Adaptation Plan (CAAP) outlines a pathway for San Antonio to address climate change by reducing the City's contribution to the causes of climate change and equipping the city with the tools to adapt to inevitable climate impacts. Between 2019 and 2022, the City of San Antonio received support from Bloomberg Philanthropies as part of the American Cities Climate Challenge (ACCC) in the form of two Climate Advisors embedded within the Office of Sustainability and consultant support that focused on building and transportation sector decarbonization. As climate change continues to accelerate, the City must respond by developing processes and programs to more efficiently coordinate within City departments and externally with community partners and the public to ensure that resources are being leveraged to support effective climate action.

FY 2023 Proposed Budget Support: As the ACCC concluded in June 2022, the FY 2023 Proposed Budget includes five positions to support the SA Climate Ready objectives and energy efficiency projects. Of the five positions, four are new positions and one positions is redirected. These will support the Office of Sustainability to build capacity, accelerate the municipal and community climate response, and compensate for the ending of ACCC support. This staff will be focused on supporting the Office of Sustainability's goals to continue to expand the delivery of the SA Climate Ready objectives:

- 1. Energy Management:** Effective delivery of Municipal Energy Efficiency Fund projects, benchmarking and disclosing municipal building energy use, municipal renewable energy procurement, and sustainable design review for capital and bond projects.
- 2. Sustainable Transportation:** Expansion of publicly accessible electric vehicle (EV) charging stations, the electrification of the municipal fleet, and community awareness on the benefits of EVs.
- 3. Climate Adaptation:** Implementation of climate adaptation measures in support of resilience activities.
- 4. Municipal Sustainability:** Implementation of municipal climate strategies, CAAP consistency for City department work plans and budgets, and employee climate training.
- 5. Community Sustainability:** Management of the SA Climate Ready Advisory Committees, greenhouse gas accounting, and collaboration with institutional partners and community stakeholders.
- 6. Communication and Engagement:** Expansion of public engagement activities and implementation of the “Who Cares – We All Should” campaign.
- 7. Climate Equity:** Integration of climate equity into all aspects of the Office of Sustainability’s work plan.

Development Services

The FY 2023 Proposed Budget for the Development Services Fund is \$48.6 million. The Development Services Fund was established in FY 2007 to account for revenues and expenditures generated from all development-related activities and to ensure that development fees are used to support the activities associated with supporting the development community.

FY 2022 was originally projected to have additional growth within residential activity with a decrease in commercial activity due to recovery related to COVID-19. However, the fund has experienced a stabilization in residential permitting activity with a large increase in commercial activity with over 20% more permits issued compared to last fiscal year. In FY 2023, it is expected that new and existing commercial permit counts will increase modestly at 3% above the FY 2022 Estimate as the economy continues to adjust to current global economic conditions.

Residential and Commercial Building Permit Activity (FY 2017 to FY 2023)

Service Delivery: In response to the continued increase in permitting activity, the FY 2023 Proposed Budget includes additional funding for six positions, of which; two positions will be added to the Customer Advocate team (permit counter and call center), two positions to the Short-Term Rentals program, and two positions to the Strike Team to ensure cycle time, consistency, and quality of service delivery are maintained.

Street Lighting: The FY 2022 Budget created the Street Light Team within Development Services to analyze all residential streets for streetlight spacing and gaps. The team utilized geographic information systems and field verification to determine where new lights are warranted per the Unified Development Code. The department is developing recommendations that identify priority areas where updates to street lighting are necessary. These priority areas will be presented to City Council during FY 2023. Development Services will continue to work with CPS Energy to communicate locations for the installation of streetlights. This initiative is aiming to increase safety for pedestrians and help decrease criminal type activities by increasing lighting in neighborhoods.

Capital Projects: The Cliff Morton Development and Business Services Center, also known as the One Stop, was constructed over 20 years ago. The FY 2023 Proposed Budget includes funding for maintenance and building enhancement projects, such as HVAC system replacement, parking lot improvements, the replacement of One Stop Lobby shades, as well as roof repairs. All projects are funded by the Development Services Fund.

Airport

The FY 2023 Proposed Budget includes \$137.1 million to operate the City's two airports, San Antonio International Airport and Stinson Municipal Airport.

Airport Economic Recovery: COVID-19 greatly impacted airport traffic over the last two years. Total FY 2022 passengers is estimated to be \$9.2 million, representing a 64% increase from pandemic lows. Although the Airport is still 8.8% below its pre-pandemic passenger levels, the Airport is outperforming the national average of 11.2%. For FY 2023, total passengers is projected to be \$9.8 million, representing a 6.4% increase from the FY 2022 Estimate. As a result of the increase in the total passengers, the Airport and its related funds will experience an increase in revenue that will allow the Airport to restore funding in areas such as airline incentives and promotional programs, building maintenance that was delayed in FY 2021, and the Airport's Capital Improvement Fund, which is utilized to fund capital projects at the City's two airports.

Airport's Terminal Development Program: This program includes the design and construction of a third terminal at San Antonio International Airport (SAT) to prepare for expected passenger growth in the foreseeable future. Projects include a ground transportation center, parking garage, and terminal road realignment to address passenger needs over the next 20 years. As SAT nears capacity, two projects are underway to provide five new gates until the new terminal is completed. These projects are key components of the Strategic Development Program approved by City Council in November 2021 which includes airfield expansion to extend an existing runway up to 10,000 feet. The FY 2023 Proposed Budget adds funding for 30 positions, of which seven positions will be in Development Services Fund to support permitting and planning, and 23 positions will be in the Airport Terminal Development Program fund for design services, IT support, fiscal monitoring, and procurement services. The new terminal and enabling projects are projected to be completed by FY 2028.

Solid Waste Management

Solid Waste Services: The FY 2023 Proposed Budget for the Solid Waste Operating and Maintenance Department is \$143.7 million. Funding is used to provide curbside waste management services to approximately 372,000 residential customers and even more services citywide. These services include:

- Weekly curbside recycling, organics, and garbage collection
- Two annual curbside brush collections
- Two annual bulky waste collections
- Bagged leaf collection
- Dead animal collection
- Household hazardous waste disposal
- Two brush grinding centers
- Commercial recycling
- Four bulky drop-off centers
- Downtown litter basket collection

Internal Services Fund: Through an internal service fund, the Solid Waste Management Department (SWMD) provides the maintenance and repair of approximately 2,000 heavy equipment trucks and off-road equipment belonging to several City Departments. The FY 2023 Proposed Budget for the Solid Waste Internal Services Fund is \$24.6 million.

Solid Waste Fee Structure: All solid waste activities are funded by the Solid Waste Operating and Maintenance Fund. This fund is considered an Enterprise Fund, meaning that the services provided are funded by the fees charged. The primary user fees that make up the Solid Waste Fund are the Solid Waste Fee and the Environmental Fee. The Solid Waste Fee is a variable rate structure based on the size of the cart. The smaller the cart, the lower the fee.

A table of the combined Solid Waste and Environmental Fees from the last six years is below. There is no increase to the Solid Waste Fee or the Environmental Fee in the FY 2023 Proposed Budget. However, due to rising costs, a rate increase to the Solid Waste Fee and/or the Environmental Fee will be considered for FY 2024 Budget.

FY 2023 Solid Waste and Environmental Fee

Cart Size	FY 2018	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023
Small Cart	\$ 19.93	\$ 19.00	\$ 16.50	\$ 16.50	\$ 16.50	\$ 16.50
Medium Cart	\$ 21.93	\$ 21.00	\$ 20.50	\$ 20.50	\$ 20.50	\$ 20.50
Large Cart	\$ 24.68	\$ 29.00	\$ 28.50	\$ 28.50	\$ 28.50	\$ 28.50

Environmental fee was \$2.24 from FY 2018-19 and decreased to \$1.74 in FY 2020

Route Rebalancing: To optimize waste collection routes and accommodate increased waste volumes, the department will add 15 positions to help implement a citywide “Route Rebalancing”

in FY 2023. Route sizes will be reduced to accommodate tonnage increases. Collection days will change for most customers and Saturday collections will be eliminated. The goal of this rebalance is to improve efficiencies, reduce overtime, improve fleet maintenance, and improve customer service.

Illegal Dumping Collection Crew: The Proposed Budget includes the addition of five employees, plus equipment, for the Illegal Dumping Crew established during the FY 2022 budget. This group is dedicated to the removal and clean-up of illegal dumps in City streets, drainageways, and other locations across the city. Additionally, this crew collects litter along roadways and trash from homeless encampments—with direction from DHS.

Bitters Brush Site Efficiency: For several decades, the SWMD has operated the Bitters Brush Grinding Site located adjacent to the San Antonio International Airport. It is primarily used to grind brush collected by City crews and find beneficial uses for the mulch generated by the grinding. Residential customers and Commercial customers have been permitted to dump brush and purchase mulch. Recently, the commercial customer usage of the site has significantly outpaced resources. Due to space limitations, the SWMD is proposing to phase out commercial customers from dumping brush at this site beginning early summer 2023. City of San Antonio residential customers will continue to be able to dump brush, leaves, and grass clippings in volumes no larger than a pickup truck.

Tourism, Culture, and Education

Hotel Occupancy Tax Funds

The Hotel Occupancy Tax Fund captures revenues and expenditures associated with Hotel Occupancy Tax (HOT) collections.

The current HOT rate of 16.75% levied on every room night contributes 6% to the State, 1.75% to Bexar County, and 7% to the City, with the remaining 2% dedicated to pay debt service and fund capital improvements for the Henry B. Gonzalez Convention Center.

**FY 2023 Hotel Occupancy Tax Rate

FY 2023 Hotel Occupancy Tax Revenue Allocation

HOT funding is used to support tourism, convention activities, and arts and cultural programming across the City. This is done through transfers to the Community and Visitor Facilities Fund, Arts and Culture Fund, and an allocation to fund a Destination Marketing Agreement with Visit San Antonio.

After the annual Convention Center debt service payment is made, the remaining net HOT collections for FY 2023 are allocated to Visit San Antonio at 35%, to the Arts and Culture Fund at 15%, and to the General Fund for History and Preservation at 15%. Hotel Occupancy Tax funding

also supports the Convention Center and Alamodome, in addition to the revenues generated by those facilities.

Arts and Culture

The Arts and Culture Fund was created in FY 2007 to account for expenses generated in support of San Antonio arts and cultural programming. The Arts and Culture Fund receives 15% of the net

HOT allocations which is anticipated to be \$11.1 million in FY 2023. With oversight by the San Antonio Arts Commission and its Committees, the Department of Arts and Culture enriches the quality of life in San Antonio by leading and investing in arts and culture through initiatives including Arts Agency Funding, Cultural Events and Exhibits, Public Art, and the San Antonio Film Commission. The Department of Arts and Culture manages a public process to fund non-profit arts agencies. In FY 2018, City Council adopted new arts funding policies which changed the funding cycle from two years to three years and established caps on arts organization funding levels based on the size of an organization's operating budget. FY 2023 represents year two of the three-year funding cycle. In addition to Arts Agency Funding, the FY 2023 Proposed Budget includes:

- **Core Grants Program:** Funding for two positions to support the growth of the Arts Grants Program. As result, the number of grants the department manages is expected to increase from 41 grants in FY 2021 to 192 grants in FY 2023.
- **Restore Gallery Funding:** Funding to restore four programs at the Culture Common Gallery at Plaza de Armas each year.

Film Incentive: Additionally, the Arts and Culture Department's FY 2023 Proposed Budget includes the restoration of the Film Incentive Program, funded by the Community and Visitor Facilities Fund. This program is designed to continue the Film Commission Strategic Plan, adopted in FY 2017, which aims to incentivize three films per year in San Antonio. A part of this plan includes film incentive advertising with two print placements and five TV spots.

Community and Visitor Facilities Fund

The Community and Visitor Facilities Fund was established in FY 2004 to account for revenues and expenditures generated from all convention and sports related activities operated by the Convention and Sports Facilities (CSF) Department. The fund includes both the Convention and Sports Facilities Department operating budget and non-departmental expenses related to convention hosting obligations. CSF is

responsible for the operations of the Henry B. Gonzalez Convention Center, Lila Cockrell Theater, and Alamodome. CSF additionally receives General Fund support for the Carver Community Cultural Center, which provides access to facility space rental, arts educational, and artistic performance opportunities.

The FY 2023 Proposed Community and Visitor Facilities Budget totals \$57.5 million to support upcoming conventions and events as well as non-departmental expenses related to convention hosting obligations. The FY 2023 Proposed Budget includes:

- **Custodial Services Contract - \$1.8 million:** This is an increase for custodial contracts due to a newly adopted contract as of FY 2022 which increased the hourly rate from \$18 to \$26.
- **Service and Maintenance Contracts - \$1.2 million:** This is an increase in maintenance and service contracts at the Convention Center and Alamodome including smart building technology, event attendant services, and elevator maintenance.
- **Hosting Obligations - \$6.1 million:** This is for Hosting Obligations, of which \$3 million is for the U.S. Travel Association conference and related expenses.

Pandemic Recovery: Convention Center and Alamodome revenues are expected to continue recovering from the impact of COVID-19 restrictions on large scale conventions, concerts, and other gatherings. Total Convention Center and Alamodome revenue in FY 2023 is estimated at \$31.1 million representing a 20% increase over the FY 2022 Adopted Budget. The Convention Center projects that there will be 248 events in FY 2023, an increase of 17 from FY 2022 and the Alamodome projects that there will be 1,249,600 attendees at Alamodome events in FY 2023, an increase of 245,056 from FY 2022.

CSF Capital Projects: The FY 2023 to 2028 Proposed Capital Budget includes over \$160 million to fund major maintenance and replacement projects at the Convention Center and Alamodome. This funding includes facility improvements as part of the City's commitment to prepare for the NCAA Men's Final Four in 2025 and projects that were recommended by an extensive facility needs assessment conducted at both the Alamodome and the Convention Center. The facility totals are listed below:

Convention and Sports Facilities Projects		
Facility	FY 2023 Proposed Budget	FY 2023 – FY 2028 Proposed Budget
Alamodome	\$23,275,936	\$108,627,766

Attracting and Retaining Employees

Adequate staffing is essential to maintaining operations and effectively delivering city services. In this competitive job market, with low unemployment rates and higher than average job growth, we must ensure that we are providing affordable benefits and market competitive wages.

The City has a current vacancy rate of 9.7% despite significant recruitment efforts to include:

- Increasing pay ranges, through mid-year market adjustments, for some of our hardest to fill positions
- Creating/expanding apprenticeship programs to provide on-the-job training for individuals who might not be fully qualified for job vacancies
- Providing hiring incentives for certain positions
- Piloting employee referral programs
- Launching a “We Have a Job for You/SA Proud” marketing campaign
- Partnering with Workforce Development and Train for Jobs SA

The vacancy rate, coupled with a 57% decline in the average number of applications received for each job posting and a 3rd quarter FY 2022 voluntary turnover rate higher than at any time in the past 6 years, signals a need to address our market competitiveness.

Employee Compensation & Benefits

Through our FY 2022 Civilian Compensation and Benefits Survey, 67% of the almost 5,000 employees responding indicated that they were not confident that they were receiving market competitive wages. The FY 2023 Proposed Budget includes civilian compensation increases aimed at restoring that confidence and improving our ability to attract and retain City employees.

Entry Wage - The City’s \$15.00 per hour entry wage was fully implemented in FY 2019. The entry wage increased to \$15.60 in FY 2022 and is proposed to move to \$17.50 in FY 2023. The proposed entry wage, which has historically applied to all full- and part-time employees, will also be extended to temporary and seasonal employees.

Market Increases - This year, for the first time since 2008, the City conducted a market review of its more than 960 civilian job titles. Based on that review, all full and part-time civilian employees will receive a market pay increase. Two-thirds of employees are receiving a 2% increase. Approximately one-third is receiving between a 2% and 7% increase to address both market and compression. Approximately 244 employees will receive an increase above 7% in order to be paid at their new range minimum. No employee is receiving more than a 15% increase.

Across the Board Increase - Market reviews are performed based on published salary data. The City primarily relied on Mercer, the nation's largest salary database, published in August of 2021. Given the growth in wages over the last 12 months since that data was collected, an across the board increase is necessary in order to maintain our salary ranges relative to market. Therefore, the FY 2023 Proposed Budget includes a 5% across the board increase for all civilian employees.

Healthcare Benefits

Active Civilian Employees: The City continues to offer employees a choice in health plans to best meet their individual needs. The City is self-insured for health benefits, which means the City and employees share all health care costs.

In January of 2009, the City implemented a two-tiered premium structure with those hired after January of 2009 paying higher benefit premiums. In an effort to provide a more affordable benefits package, the FY 2023 Proposed Budget includes a 20% reduction to post-2009 benefit premiums and no increase to pre-2009 benefit premiums.

The City implemented plan design changes and contribution increases to civilian health plans in calendar year 2018 that have been effective in managing costs. In FY 2020, an HMO-style Texas network plan was introduced to provide employees with another cost-effective healthcare option.

For FY 2023, employees will continue to have a choice of health care options: Consumer Choice Preferred Provider (PPO), New Value PPO, or Blue Essentials HMO. For those in Consumer Choice, the City will again provide a \$500 annual contribution (\$1,000 for family) to an eligible employee's Health Savings Account (HSA). The Consumer Choice plan continues to promote consumerism and encourages employees to take a more active role in managing their healthcare.

The Consumer Choice plan will continue to have premiums lower than the New Value PPO plan option. The Blue Essentials HMO plan covers in-network services with care provided by a smaller

group of qualified medical providers as directed by a primary care provider. The plan design is similar to the New Value PPO with deductibles and co-pays but with lower monthly contributions.

Like the Civilian Consumer Choice plan, the Uniform CDHP encourages Uniform employees to take an active role in managing their health care. The Uniform CDHP Plan is a high deductible plan but covers 100% of all participants and their family member premiums.

The Uniform Police Value Plan provides a lower deductible option that also covers 100% of the premiums for each Uniform employee. However, participants are responsible to pay for coverage for their family members.

Employer of Choice

The City of San Antonio continues to strive to be an “employer of choice” in our community. In addition to market competitive wages, the City offers a variety of other robust benefits. The graphic below provides a summary of those offerings.

Capital Improvement Program

Capital Management Services

The Capital Management Services (CMS) Fund was established in FY 2007 to oversee project delivery of the City’s capital and infrastructure improvement projects primarily funded by the City’s bond issuances. On May 7, 2022, San Antonio voters approved a landmark \$1.2 billion Bond Program consisting of 183 projects that fall within six propositions.

2022-2027 General Obligation Bond Program

On May 7, 2022, citizens of San Antonio approved a \$1.2 billion General Obligation (GO) Bond Program consisting of the following six propositions:

Proposition	Title	Number of Projects	Bond Amount
Proposition A	Streets, Bridges and Sidewalks	62	\$ 471,557,000
Proposition B	Drainage and Flood Control	23	169,873,000
Proposition C	Parks and Recreation	82	271,915,000
Proposition D	Library and Cultural Facilities	9	58,375,000
Proposition E	Public Safety Facilities	6	78,280,000
Proposition F	Affordable Housing	1*	150,000,000
Total		183	\$ 1,200,000,000

* Includes 5 Priority Funding Categories

The 2022-2027 GO Bond Program is the largest in the City's history. The program is 41% larger than the 2017 GO Bond Program, with \$150.0 million towards Affordable Housing, \$100.5 million dedicated to improving Failed "F" Streets, and \$103.4 million towards increasing Linear Greenway Trails. To help ensure project schedule and spending milestones are met, an additional 38 new positions across eight City departments are included in the FY 2023 Proposed Budget. These positions will improve the

number of projects managed per team, communication, community outreach and financial reporting, procurement, small business outreach and communication, and contract expertise and compliance.

Six-Year Capital Improvements Program

The FY 2023 through FY 2028 Capital Improvements Program for the City of San Antonio totals \$2.87 billion. The six-year program contains 503 projects and represents the City's long-range physical infrastructure development and improvement plan. Items in the six-year plan include new streets and sidewalks, drainage enhancement projects, park and library facility rehabilitation projects, aquifer land acquisition and linear park development, public health and safety enhancements, airport system improvements, technology improvements, flood control projects, and municipal facility construction and refurbishment projects. The one-year Capital Budget for FY 2023 totals \$641 million.

CONTRIBUTION TO DELEGATE AGENCIES

The Proposed FY 2023 Budget continues the implementation of an equity-based approach to drive targeted human services and workforce development investments in San Antonio to improve the quality of life for the City's most-vulnerable residents. The City's delegate agency funding investment supports five key long-term outcomes of the Department of Human Services and Economic Development Department:

1. Children and youth are safe, healthy, resilient and ready to succeed in school and life;
2. Individuals and families are financially secure and in-stable housing;
3. Homelessness is rare, brief and non-recurring;
4. Seniors are healthy, engaged and independent; and
5. San Antonio's workforce fuels a globally competitive economy that drives income growth and prosperity for all residents.

Funding priorities include: comprehensive and safe after school programming; child abuse intervention and prevention; college and career readiness; kindergarten readiness; opportunity youth support services; youth engagement; senior independence; homeless intervention and prevention; mental health and wellness; domestic violence intervention and prevention; safety net services; financial security; financial education; and long-term and short-term workforce development.

The Department of Human Services and the Economic Development Department each administer a portion of the Delegate Agencies Budget.

*The City became NIBRS certified in Jan 2021. Beginning in 2021, part 1 and 2 offenses under SRS were replaced in favor of NIBRS group A offenses. Because NIBRS reports up to 10 offenses per incident, it provides a more accurate picture of crime in the San Antonio jurisdiction.

Project (33-00286) - This project provides funding for a Design Standards Manual for the San Antonio Airport System. The goal is to establish a cohesive design standard to create consistency and efficiency between projects. The San Antonio Airport System (SAAS) currently does not have a Design Standard Criteria Manual (DSCM) for the Aviation Department, consultants, contractors, or tenants. The goal for developing and adopting a DSCM is to define uniform design and construction standards, code requirements, details, products, and practices for new construction, additions/alterations, renovations and improvement projects. This document would facilitate current and future proposals and disputes on types of material used, type of design and processes and procedures.

Project (33-00287) - This project installs a new roof, wall, doors, and building footing of the Stinson airport airfield generator building. The electrical generator building failed around 2013, causing major cracks in the building wall. The building houses the airfield electrical regulators, fire suppression equipment, and the electrical generator. There is no way to get the electrical generator in/out of building if it needs to be replaced.

SUBJECT: RECOMMENDED BUDGET AMENDMENTS FOR THE FY 2023 PROPOSED BUDGET

With this memorandum, I am providing to the Mayor and City Council the final list of recommended amendments to the Proposed Fiscal Year 2023 Operating and Capital Budget reflecting feedback received during today's City Council budget worksession discussion.

Consistent with the City's financial policy of maintaining a two-year balanced budget to ensure that expenditures added to the proposed budget can be sustained in the second year, I am recommending funding 20 items totaling \$6.9 million over two years. These items are proposed to be funded by the additional General Fund revenues identified since budget proposal (\$5.6 million) and by the Advanced Transportation District (ATD) fund balance (\$1.3 million).

During the September 14 Budget Worksession, it was requested to add funding in FY 2024 for the Mexican American Civil Rights Institute and the Martin Luther King Jr. March. In order to maintain a balanced two-year budget, the second-year funding is not included. However, as we begin to develop the FY 2024 Budget these will be priority issues to be funded and will be discussed during the FY 2024 Goal Setting Session.

In order to further support the small business ecosystem, staff will negotiate a combined \$100,000 in additional support from the business development organizations and Greater SATX funded in the Proposed Budget. Coupled with the \$300,000 in the amendments, a total of \$400,000 will be dedicated towards this effort in FY 2023.

Additionally, in relation to the use of the \$50 Million in projected additional CPS revenue in FY 2022, tomorrow's main motion includes the following:

- \$7.5 Million to Residential Energy Assistance Program (REAP)
 - \$5.5 Million will be used for immediate assistance with eligible customers receiving a credit of up to \$300 not to exceed their total past due balance
 - \$2.0 Million added to REAP balance for future assistance
- \$42.5 Million for credits to CPS Energy customers in November/December bills
 - Customers may opt out and redirect their credit to the REAP program for assistance to low income customers or weatherization to include minor repairs.

SUBJECT: City Council Expense Reimbursements

1. POLICY

The policy of the City of San Antonio is to reimburse City Councilmembers for actual costs of authorized business related expenses in connection with the official duties of a Councilmember up to \$10,000 per fiscal year. Additionally, the mayor and each Councilmember shall receive a \$70 cellular telephone allowance; and each shall have the option of receiving a monthly \$600 car allowance, or reimbursement up to \$600 per month for business mileage, both incurred in connection with their official duties. These monthly amounts may be adjusted in accordance with the CPI, as adopted by subsequent ordinance.

2. PURPOSE

To establish procedures for processing requests for reimbursement of eligible expenses from the City Councilmember expense accounts and to properly document/report such payments to Councilmembers in compliance with requirements under the United States Internal Revenue Code.

3. RESPONSIBILITY

- a) Councilmembers will be responsible for submitting proper documentation to the City Clerk's Office to substantiate their requests for expense reimbursement. Monthly requests for the reimbursement will be reviewed by the Assistant to Council prior to submittal to the City Clerk's Office. All non-expendable items purchased with expense account funds will be inventoried (to include placing inventory tags on such property when otherwise required by City Procedures) and are to be returned to the Office of Council Support upon leaving office.
- b) The City Clerk's Office, in coordination with the Office of Council Support, will be responsible for reviewing expense vouchers, ensuring that business-related expenses submitted for reimbursement are in compliance with this policy, and preparing requests for payments. The City Council Support Office is responsible for maintaining an inventory of all non-expendable items purchased by each Councilmember from expense account funds, and for taking all steps necessary to ensure that these assets are returned to the Office of Council Support when a Councilmember leaves office. The inventory list shall be provided to the Finance Department for recording as an asset of the City as required by established City Procedures.

- c) The City Attorney's Office will be available, as necessary, on a case-by-case basis, to assist in the determination of whether an expense is eligible for reimbursement in accordance with Article VIII, Sec. 3 of the Texas Constitution and Section 9, Paragraph 3 of the City Charter.
- d) The Finance Department, Division of Accounting, will be responsible for a secondary review of business related expenses submitted for reimbursement, processing requests for payments, and issuing checks to Councilmembers. The Finance Department shall also be responsible for accounting for non-expendable items in accordance with established City procedures.

4. ELIGIBLE EXPENSES

Expenses incurred by Councilmembers that are reasonable, necessary, made in connection with councilmember's official duties and expended for public purposes of the City of San Antonio are eligible for reimbursement in accordance with Article VIII, Sec. 3 of the Texas Constitution and Section 9, Paragraph of the City Charter.

Examples of eligible expenses for Councilmembers include, but are not limited to the following: equipment; tuition to a seminar or training class to learn more of public issues; a luncheon hosted by the district to communicate with a neighborhood group or constituents concerning problems needing attention; equipment, and reimbursement of expenses for district staff incurred in the performance of their duties; expenses to a private or non-profit entity, neighborhood association, or individual considered to be in the execution of a Councilmember's official duties; subscriptions to publications; and other City of San Antonio public purpose related expenses.

The above examples of eligible and ineligible expenses are general guidelines and not all inclusive; and specific fact situations that do not clearly fall within these examples should be referred to the City Attorney's office for an opinion.

5. TREATMENT OF REIMBURSEMENTS TO COUNCILMEMBERS UNDER THE UNITED STATES INTERNAL REVENUE CODE

The car allowance will be paid monthly at the same time other executive car allowance is paid.

As an alternative to receiving the monthly car allowance, Councilmembers may submit a mileage log on a monthly basis reflecting eligible business mileage incurred in connection with their official duties. Eligible mileage will be reimbursed at the rate per mile established by the Internal Revenue Service up to a total of \$600 per month. - b) The Request for Reimbursement form requires the Councilmember to certify that the expenses and substantiation submitted are true and correct, therefore, the Councilmember’s original signature is required. Any amounts not properly substantiated will not be reimbursed until the proper substantiation is provided. Substantiation should occur within a reasonable period of time (Internal Revenue Service recommends 120 days from the date the expense was incurred).

Request for Payments for expense reimbursement that are due directly to the Councilmember will be prepared by the City Clerk’s Office in the City TRIP system and submitted to the Division of Accounting of the Finance Department.

- c) The Finance Department, Division of Accounting, will process each Request for Payment and Councilmember will receive reimbursement through Direct Deposit.

Upon Mayor or Council Member approval of expenses, Council Aides who are to be reimbursed will register as a vendor in the City SAP system. Reimbursements, excluding sales taxes, will then be processed through a non-PO by the City Council Support Staff.

STATE OF TEXAS *

COUNTY OF BEXAR *

CITY OF SAN ANTONIO *

DELEGATE AGENCY CONTRACT

WITH

[AGENCY NAME]

This Contract is between the City of San Antonio ("City"), a Texas Municipal Corporation, acting by and through its Director of the Department of Human Services ("Managing City Department") pursuant to Ordinance No. 2022-09-15-_____, dated September 15, 2022, and **[Agency Name]** ("Contractor") (together, the "Parties").

Background

- A. The City adopted a budget for the expenditure of City of San Antonio General or Grant Fund Operating funds ("General Fund" or "Grant Fund," as applicable), which included an allocation of funds for consolidated human development services; and
- B. The City wishes to engage the Contractor to carry out one or more projects for which allocations have been made.

Contract

The Parties agree as follows:

I. SCOPE OF WORK

- 1.1 The terms and conditions of this Contract apply to each and every project (further described in the **Project Schedule**, attached as **Attachment I**) for which the City engages Contractor to carry out under this Contract unless a provision or an attachment to this Contract pertaining to a specified project clearly creates an exception or states otherwise; in such cases, the exception or variance set forth in the provision or applicable attachment governs with respect to the specified project only. Wherever in this Contract, a process, restrictions or parameters are established on Contractor's use of Contract funds, that process, restriction or parameter applies to each project independent of the others as if a separate, distinct contract were entered into for each project, unless the Contract provision clearly indicates that the projects or funding allocated to Contractor shall be considered together as a whole for the purposes of the Contract provision's application.
- 1.2 City may enforce, or waive enforcement of any of, the terms of this Contract, in connection with each project under this Contract without prejudice to any rights or remedies (whether set forth in this Contract or provided for by law or in equity) which might otherwise be available to the City in connection with the other projects under this Contract.
- 1.3 Project specific requirements for each Project shall be compiled in a Project package, consisting of a: (a) **Scope of Work and Scorecard**; (b) **Budget**; and (c) **Grant Contract and/or Terms and Conditions (if applicable)**.

All Project packages are grouped together in **Attachment II** and incorporated herein as if fully set forth. All references throughout the Contract to the **Scope of Work and Scorecard**, the **Budget**, or to the **Grant Contract and/or Terms and Conditions** (if applicable), refer to the respective document for each project. For example, wherever in this Contract reference is made to the Budget, such reference is being made to the applicable Budget for each project.

- 1.4 The Contractor will provide, oversee and administer all activities and services in a manner satisfactory to the City and in compliance with the applicable **Scope of Work and Scorecard** for the Project.

II. TERM

- 2.1 This Contract shall begin on October 1, 2022 and shall terminate on September 30, 2023.

III. CONSIDERATION

- 3.1 The City will reimburse Contractor in accordance with the applicable Budget for the Project, and all subsequently authorized budget revisions or budget amendments to that budget, and in a total Contract amount not to exceed **[\$Total Contract Value]**.
- 3.2 Contractor shall comply with the **Funding Guide**, attached hereto as **Attachment III** and incorporated herein as if fully set forth.
- 3.3 The City's obligations under this Contract are contingent upon the actual receipt of adequate General or Grant Fund revenue, as applicable, to meet City's liabilities under this Contract. If the City does not receive sufficient funds to make payments pursuant to this Contract or if the award of Grant Funds is reduced, then City, at its sole discretion, may elect to terminate this Contract or reduce the **Scope of Work** and compensation associated with the applicable Project. City shall notify Contractor in writing of its determination within a reasonable time.
- 3.4 Contractor's total agency revenues and expenses derived from both non-City sources and from the City is deemed Contractor's Total Budget:

$$\text{Total Budget} = \text{non-City revenue/expenses} + \text{City Revenue/expenses}$$

The percentage of Total Budget derived from non-City sources must meet the following "match" requirements:

- (A) If Contractor receives an aggregate amount of \$1,000,000.00 or more in City funds from all City funded contracts, then Contractor must obtain at least thirty-five percent (35%) of its Total Budget from non-City sources (i.e., no more than sixty-five percent (65%) of its Total Budget is derived from the City).
- (B) If Contractor receives less than an aggregate amount of \$1,000,000.00 in City funds from all City funded contracts, then Contractor shall obtain fifty percent (50%) of its Total Budget from non-City sources (i.e., no more than fifty percent (50%) of its Total Budget is derived from the City).

City shall require sufficient information that Contractor's match is in place within 30 days of contract execution, and may request, at the end of each quarter, information and documentation confirming that Contractor has expended or is on course to expend its "match" requirement before the end of the Contract term. City has no obligation to provide any funds until Contractor demonstrates having secured or expended the required percentage of matching funds. Pell grants and other awards received by individuals, and in-kind contributions shall not count toward its matching fund requirements. If Contractor does not provide City with acceptable information and documentation that the required amount of non-City funds have been expended then City may reduce or recapture funds pursuant to Section 4.6 to comply with the match requirement. Contractor acknowledges that reduction or recapture of funds pursuant to Section 4.6 does not require the approval of City Council.

- 3.5 Contractor understands and agrees that the submission of certain documents by October 1, 2022 are necessary for proper administration of this Contract and that Contract funds are subject to reallocation to another entity should Contractor fail to submit the applicable documents by the stated deadline. City shall notify Contractor by September 15, 2022 which documents are outstanding and that Contractor's funding may be reallocated pursuant to this Section. Extensions may be granted on a case by case basis and as solely determined by the Director of the Managing City Department.

IV. COST REIMBURSEMENT; FISCAL RESPONSIBILITY

- 4.1 ***Allowable Costs*** means *those costs which are necessary, reasonable and allowable under applicable federal, state, and local law, including but not limited to those laws referenced in Article XI for the proper administration and performance of the services to be provided under this Contract.* The City's payment obligation under this cost reimbursement Contract is limited to making reimbursements for Allowable Costs incurred as a direct result of City-funded services provided by the Contractor in accordance with this Contract and consistent with budgeted line items in the applicable Budget. Approved Budget Revisions (*total Project Budget remains the same*) and Budget Amendments (*an increase or decrease to the total Project Budget*) supersede prior budget documents and all references to the Budget mean the last revised, approved budget.
- 4.2 **Advance payment.** In case of unforeseen or special circumstances, Contractor may submit to the Director of the Managing City Department, in the form prescribed by the City, a written request for advance payments, including the specific reason for such request no less than ten (10) business days before the requested date of payment. Each request will be considered by the Director of the Managing City Department on a case-by-case basis. The Director of the Managing City Department's shall have sole discretion to approve or disapprove a request. If advance payments are approved, then:
- (A) Contractor's payments to its vendors using funds advanced by the City shall be paid in a prompt and timely manner but no later than 10 calendar days after the Contractor is notified that an advance payment has been made available so long as services have been performed by the vendor.
 - (B) Contractor must deposit advanced City funds in a bank insured with the Federal Deposit Insurance Corporation (FDIC). If Contractor's total deposits in the bank, including all City funds deposited with the bank, exceed the FDIC insurance limit, then the Contractor must arrange to automatically have the excess collaterally secured. Contractor must provide City a copy of the collateral agreement with the Contractor's banking institution. Advanced funds that cause the Contractor's account balance to exceed the FDIC limit must be deposited in compliance with the Public Funds Investment Act (Chapter 2256 of the Texas Government Code). Contractor shall maintain the FDIC insured bank account in which City funds are deposited and its recordkeeping in a manner that will allow City to track, in detail, expenditures made pursuant to this and all other City contracts.
 - (C) The City may, in its sole discretion, either 1) deduct pro rata from the remaining monthly reimbursements amounts necessary to offset the amount advanced, or 2) deduct from a single subsequent monthly reimbursement the full amount advanced to Contractor. The City will consider factors such as projected allowable costs and other pertinent indicators such as Contractor's financial stability. Contractor shall maintain a financial management system to account for periodic, or a lump sum, deduction from reimbursements.
- 4.3 **Contractor's Request for Payment.** Contractor shall submit to City no later than the 15th of every month a monthly Request for Payment in the form prescribed by City, which details:
- (A) the specific costs (by category and by program account number) Contractor expensed in the previous month for the services delivered as described in Article I; and
 - (B) supporting documentation of costs as may be required by the Director of the Managing City Department (e.g., original or certified copies of invoices, cancelled checks, Contractor's general ledger and/or receipts to verify invoiced expenses); and
 - (C) the Program Income received or projected during the same time period.
- 4.4 **City Payment.** City shall pay for eligible expenses and undisputed amounts in submitted Requests for Payments within 30 calendar days of receiving a properly completed, documented and approved Request for Payment.
- 4.5 **Final Request for Payment.** The Contractor shall submit to City all final requests for payment no later than 30 days from the expiration or early termination date of this Contract, unless Contractor receives written authorization from the Director of the Managing City Department allowing Contractor to submit a request for payment after the 30 day period.

4.6 Return of Funds. Within 10 business days of City's written notification, or the Contractor becoming aware of its existence, Contractor must return to the City any funds, credits that are on-hand or collected, or advance payments that:

- (A) exceed allowable costs incurred during the Contract term; or
- (B) for which Contractor fails to deliver services as specified under the Contract.

Any amounts not returned within 10 business days may, at City's option, be subject to offset against future funding obligations by City. "**Business day**" means every day of the week except all Saturdays, Sundays and those scheduled holidays officially adopted and approved by the San Antonio City Council for City of San Antonio employees.

4.7 Cost Rules.

- (A) Administrative Overhead. Administrative overhead costs may not exceed twenty percent (20%) of the funding provided for each Project under this Contract. More stringent administrative overhead costs limitations may be applicable due to grant regulations associated with Contract or specific Project funding. Contractor shall provide City detailed administrative costs by line item with its annual program budget for each project.
- (B) Contractor shall establish, submit with supporting documentation and use a Cost Allocation Plan for each of Contractor's annual Project budgets by the deadline established by the City. The **Cost Allocation Plan** is a plan that identifies and distributes the cost of services provided by staff and/or departments or functions and overhead not solely devoted to the Projects funded by this Contract. The **Cost Allocation Plan** substantiates how the costs of a program are charged to a particular cost category or to the program and ensures that the City is paying only its share of the costs for services, overhead, and staffing.
- (C) Contractor costs or earnings claimed under this Contract may not be claimed under another contract or grant from another agency, organization, business entity or governmental entity.
- (D) Contractor shall not use funds awarded from this Contract as matching funds for any federal, state or local grant without the prior written approval of the Director of the Managing City Department.
- (E) The use or purchase of gift cards is not allowed and not reimbursable under this Contract.

4.8 Each year Contractor shall submit to the Managing City Department a form 990 or 990T no later than 30 days after Internal Revenue Service (IRS) deadlines for completion. If filing an extension, Contractor shall notify the City in writing of the extension and the anticipated date of filing with the IRS. Contractor shall submit the 990 or 990T to the Managing City Department no later than 30 days after Contractor files under the extension.

4.9 The Contractor warrants that any and all taxes that the Contractor may be obligated for, including but not limited to, federal, state, and local taxes, fees, special assessments, federal and state payroll and income taxes, personal property, real estate, sales and franchise taxes, are current, and paid to the fullest extent liable as of the execution date and throughout the term of the Contract.

4.10 Contractor shall comply with the following check writing and handling procedures:

- (A) No signing of blank checks.
- (B) No checks made payable to cash or bearer with the exception of those for petty cash reimbursement. Petty cash checks must not exceed 1) \$100.00 maximum per check and 2) \$200.00 in aggregate per location for any given calendar month during the term of this Contract unless Contractor receives prior written approval from the Managing City Department to exceed the limit. Requests for petty cash must be supported by the submission to the Managing City Department of an original receipt.
- (C) Checks issued by City to Contractor shall be deposited into the appropriate bank account immediately or by the next business day after Contractor's receipt of each such check and shall never be cashed for purposes of receiving any of the face amount back.

4.11 Contractor shall comply with the following:

(A) ***“Program Income”*** means Contractor earnings from activities under this Contract or from Contractor’s management of funding provided or received under this Contract. Program Income includes, but shall not be limited to,

1. *interest income;*
2. *usage or rental/lease fees;*
3. *income produced from contract-supported services of individuals or employees or from the use of equipment or facilities of Contractor provided as a result of this Contract, and*
4. *payments from clients or third parties for services rendered by Contractor pursuant to this Contract.*

Contractor must not charge fees or solicit donations from participants in any City-funded project without the prior written approval of the Director of the Managing City Department.

(B) The Contractor must fully disclose and be accountable to the City for all Program Income. Contractor shall provide 30 days’ written notice detailing the type, time, and place of all activities, anticipated to generate program income. Within 30 days after activity that generates program income, Contractor must submit a statement of expenditures and revenues to the Managing City Department. The statement is subject to audit verification by Managing City Department. Failure by Contractor to report program income as required is grounds for suspension, cancellation, or termination of this Contract.

(C) At the sole option and upon prior written direction from the Director of the Managing City Department, Contractor will either:

1. return Program Income funds to City within the timeframe that may be specified by the Director of the Managing City Department; or
2. retain Program Income funds to be added to the applicable Project and used to further the eligible Project objectives but only if the proposed expenditures are approved by the City; or
3. deduct Program Income funds from the total applicable Project cost for the purpose of determining the net cost reimbursed by the City. In this case, Contractor must submit all reports required by the Managing City Department within the timeframe specified in the Contract.

(D) Contractor must include this Section 4.11, in its entirety, in all of its subcontracts involving income-producing services or activities.

4.12 The City shall not be obligated to any third parties of Contractor (including any subcontractors or third party beneficiaries of Contractor) under this Contract.

4.13 Contractor shall maintain a financial management and accounting records system that provides the following:

- (A) accurate, current, and complete disclosure of financial support from each federal, state and locally sponsored project and program in accordance with the reporting requirements set forth in Article VII of this Contract. If accrual basis reports are required, the Contractor shall develop accrual data for its reports based on an analysis of the documentation available;
- (B) identification of the source and application of funds for City-sponsored activities. The records shall contain information pertaining to City awards, authorizations, obligations, un-obligated balances, assets, equity, outlays, and income;
- (C) effective control over and accountability for all funds, property, and other assets. The Contractor shall adequately safeguard all such assets and shall ensure that they are used solely for authorized purposes;
- (D) identification of separate funds by funding source and project;
- (E) comparison of actual outlays with budget amounts for each award. Whenever appropriate or required by the City, financial information should be related to performance and unit cost data;
- (F) procedures to minimize the time elapsing between the transfer of funds from the City and the disbursement of said funds by the Contractor;

- (G) procedures for determining reasonable, allowable, and allocable costs in accordance with the provisions of any and all applicable cost principles, and the terms of the award, grant, or contract, with the City;
 - (H) supporting source documentation (i.e., timesheets, employee benefits, professional services agreements, purchases, and other documentation as required by City); and
 - (I) an accounting system based on generally acceptable accounting principles which accurately reflects all costs chargeable (paid and unpaid) to the applicable Project. A Receipts and Disbursements Ledger must be maintained. A general ledger with an Income and Expense Account for each budgeted line item is necessary. Paid invoices revealing check number, date paid and evidence of goods or services received are to be filed according to the expense account to which they were charged.
- 4.14 The City's Director of Finance, the City Auditor, or a person designated by the Director of the Managing City Department may review and approve all Contractor's systems of internal accounting and administrative controls before the release of funds. The City may, in its sole discretion, require the Contractor to use any and all of the City's accounting or administrative procedures used in the planning, controlling, monitoring and reporting of all fiscal matters relating to this Contract.
- 4.15 Contractor shall maintain financial stability and operate in a fiscally responsible and prudent manner. - (A) evidence such as the apparent inability of Contractor to meet its financial obligations;
 - (B) items that reflect detrimentally on the credit worthiness of Contractor;
 - (C) pending litigation, liens and encumbrances on the assets of Contractor;
 - (D) the appointment of a trustee, receiver or liquidator for all or a substantial part of Contractor's property; or
 - (E) institution of bankruptcy, reorganization, rearrangement of or liquidation proceedings by or against Contractor. Contractor shall provide any records requested by City that City deems necessary to make such a determination.

Contractor must include written acknowledgment of the City's financial support in all Project-related presentations, press releases, flyers, brochures and other informational material prepared and distributed by Contractor. Resource Conservation and Recovery Act, including, but not limited to, the regulatory provisions of 40 CFR Part 247, and Executive Order 12873, as they apply to the procurement of the items designated in Subpart B of 40 CFR Part 247. Contractor agrees to include within its subcontracts a requirement that its subcontractors comply with this provision.

- (D) Contractor has tendered to the City a Certification of Restrictions on Lobbying in compliance with the Byrd Anti-lobbying Amendment (31 U.S.C. §1352), and any applicable implementing regulations, if Contractor applied for or bid for an award exceeding \$100,000.00 from the City.
- (E) In addition to the applicable laws referenced above, Contractor must also adhere to compliance requirements that are applicable to the specific funding source(s) from which funds paid to Contractor hereunder originated. For example, CDBG Contractors are required to follow applicable CDBG regulations.

XII. NO SOLICITATION/CONFLICT OF INTEREST

- 12.1 The Contractor warrants that no person or selling agency or other organization has been employed or retained to solicit or secure this Contract or any portion thereof upon a contract or understanding for a commission, percentage, brokerage, or contingent fee and further that no such understanding or agreement exists or has existed with any employee of the Contractor or the City. For breach or violation of this warrant, the City shall have the right to terminate this Contract without liability or, at its discretion, to deduct from the Contract or otherwise recover the full amount of such commission, percentage, brokerage, or contingent fee, or to seek such other remedies as legally may be available.
- 12.2 Contractor covenants that neither it nor any member of its governing body or of its staff presently has any interest, direct or indirect, which would conflict in any manner or degree with the performance of services required to be performed under this Contract. Contractor further covenants that in the performance of this Contract, no persons having such interest shall be employed or appointed as a member of its governing body or of its staff.
- 12.3 Contractor further covenants that no member of its governing body or of its staff shall possess any interest in, or use their position for, a purpose that is or gives the appearance of being motivated by desire for private gain for themselves or others, particularly those with which they have family, business, or other ties.
- 12.4 No member of City's governing body or of its staff who exercises any function or responsibility in the review or approval of the undertaking or carrying out of this Contract shall:
 - (A) Participate in any decision relating to this Contract which may affect his or her personal interest or the interest of any corporation, partnership, or association in which he or she has a direct or indirect interest; or
 - (B) Have any direct or indirect interest in this Contract or the proceeds thereof.
- 12.5 The Charter of the City of San Antonio and the City of San Antonio Code of Ethics prohibit a City officer or employee, as those terms are defined in Section 2-52 of the Code of Ethics, from having a direct or indirect financial interest in any contract with the City. An officer or employee has a "prohibited financial interest" in a contract with the City or in the sale to the City of land, materials, supplies or service, if any of the following individual(s) or entities is a party to the contract or sale:
 - (A) a City officer or employee; his or her spouse, sibling, parent, child or other family member within the first degree of consanguinity or affinity;
 - (B) an entity in which the officer or employee, or his or her parent, child or spouse directly or indirectly owns (i) 10 percent or more of the voting stock or shares of the entity, or (ii) 10 percent or more of the fair market value of the entity; or
 - (C) an entity in which any individual or entity listed above is (i) a subcontractor on a City contract, (ii) a partner or (iii) a parent or subsidiary entity.

- 12.6 Pursuant to the subsection above, Contractor warrants and certifies, and this Contract is made in reliance thereon, that by contracting with the City, Contractor does not cause a City employee or officer to have a prohibited financial interest in the Contract. Contractor further warrants and certifies that it has tendered to the City a Contracts Disclosure Statement in compliance with the City's Ethics Code.

XIII. TERMINATION

- 13.1 Termination for Cause. Should the Contractor fail to fulfill in a timely and proper manner, or violate, obligations, covenants, conditions, or stipulations of this Contract, the City shall have the right to terminate this Contract in whole or in part by sending written notice to the Contractor of such termination and specify the effective date thereof (which date shall not be sooner than the 10th day following the day on which such notice is sent).
- 13.2 Termination for Convenience. This Contract may be terminated in whole or in part by either Party for any reason. Such termination shall specify the effective date thereof, which date shall not be sooner than the 30th day following the day on which notice is sent.
- 13.3 The Contractor shall be entitled to receive just and equitable compensation for any work satisfactorily completed prior to termination. The question of satisfactory completion of such work shall be determined by the City alone, and its decision shall be final.
- 13.4 Notwithstanding any other remedy contained in this Contract or provided by law, the City may delay, suspend, limit, or cancel funds, rights or privileges given the Contractor for failure to comply with the terms and provisions of this Contract. Specifically, at the sole option of the City, the Contractor may be placed on probation during which time the City may withhold reimbursements in cases where it determines that the Contractor is not in compliance with this Contract. The Contractor shall not be relieved of liability to the City for damages sustained by the City by virtue of any breach of this Contract, and the City may withhold funds otherwise due as damages, in addition to retaining and utilizing any other remedies available to the City.

XIV. DEBARMENT

- 14.1 Contractor certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from participation in any state or federal program. Contractor shall provide immediate written notice to City, in accordance with the notice requirements of Article XVII, if, at any time during the term of the Contract, including any renewals hereof, Contractor learns that its certification was erroneous when made or have become erroneous by reason of changed circumstances.
- 14.2 Should the Contractor be debarred by City pursuant to a debarment policy currently existing or hereafter adopted, said debarment may within City's sole and absolute discretion, be grounds for termination for cause.

XV. AMENDMENT

- 15.1 Any alterations, additions or deletions to the terms hereof shall be by amendment in writing executed by both City and Contractor and evidenced by passage of a subsequent City ordinance, as to City's approval; provided, however, the Director of the Managing City Department shall have the authority to execute an amendment of this Contract without the necessity of seeking any further approval by the City Council of the City of San Antonio, if permitted by all applicable local, state and federal laws, and in the following circumstances:
- (A) an increase in Contract funding for each Project in an amount not exceeding (a) twenty-five percent (25%) of the project amount or (b) \$25,000.00, whichever is the lesser amount; provided, however, that the cumulative total of all amendments increasing funding for each Project and executed without City Council approval pursuant to this subsection during the term of this Contract shall not exceed the foregoing amount;

- (B) an increase in Contract funding within Contract amendment caps or parameters set by City Council by Ordinance or policy;
- (C) modifications to the **Scope of Work and Scorecard** for any Project due to the adjustment described in subsection (A) of this Section or for any other reason, so long as the terms of the amendment are reasonably within the parameters set forth in the original **Scope of Work and Scorecard**;
- (D) budget shifts of funds, so long as the total dollar amount of the budget for any Project set forth in the **Project Schedule** of this Contract remains unchanged (these modifications may be accomplished through Budget Revisions);
- (E) modifications to the **Insurance Requirements** of this Contract that receive the prior written approval of the City of San Antonio's Risk Manager and the Director of the Managing City Department;
- (F) reduction of the total Contract amount in order to comply with the match requirement expenditure ratio set forth in Section 3.4, and to amend the Project **Budget** accordingly. Contractor shall execute any and all amendments to this Contract that are required as a result of a modification made pursuant to this Section 15.1(E); or
- (G) reductions to Article I Scope of Work and Article III Consideration in order to comply with Section 3.4.

XVI. ASSIGNMENT AND SUBCONTRACTING

- 16.1 Contractor shall not assign nor transfer Contractor's interest in this Contract or any portion thereof without the written consent of the City Council of San Antonio, and if applicable, the Grantor of the grant source. Any attempt to transfer, pledge or otherwise assign shall be void ab initio and shall confer no rights upon any third person or party.
- 16.2 None of the work or services covered by this Contract shall be sub-contracted without the prior written consent of the City and Grantor of the grant source, if so required by said Grantor. Any work or services for sub-contracting hereunder, shall be sub-contracted only by written Contract, and unless specific waiver is granted in writing by City, shall be subject by its terms to each and every provision of this Contract. Compliance by sub-contractors with this Contract shall be the responsibility of Contractor. Contractor agrees that payment for services of any sub-contractor shall be submitted through Contractor, and Contractor shall be responsible for all payments to sub-contractors.
- 16.3 Contractor must comply with all applicable local, state and federal procurement standards, rules, regulations and laws in all its sub-contracts related to the work or funds under this Contract, including those referenced in Section 11.2(A). It is further agreed by the Parties that the City has the authority to monitor, audit, examine, and make copies and transcripts of all sub-contracts, as often as deemed appropriate by the City. If, in the sole determination of the City, it is found Contractor failed to comply with this Section, then the Contractor will be deemed to be in default of this Contract, and as such, this Contract will be subject to termination.
- 16.4 Licenses and Training for Subcontractors. Contractor warrants and certifies that Contractor's subcontractors have the requisite training, license or certification to provide the services required under this Contract, and that they meet all competency standards promulgated by relevant authoritative bodies, as applicable to the services provided hereunder.
- 16.5 Contractor certifies that its subcontractors are not presently debarred, suspended or proposed for debarment, declared ineligible or voluntarily excluded from participation in any state or federal program.

XVII. OFFICIAL COMMUNICATIONS

- 17.1 For purposes of this Contract, all official communications and notices among the Parties shall be deemed sufficient if in writing and delivered in person, mailed by overnight or express service or mailed, registered or certified mail, postage prepaid, to the addresses set forth in the respective signature blocks. Notices of changes of address by either Party must be made in writing delivered to the other Party's last known address within five (5) business days of the change.

XVIII. PROHIBITED ACTIONS

18.1 Political Activity.

- (A) Contractor agrees that no funds provided from or through the City shall be contributed or used to conduct political activities for the benefit of any candidate for elective public office, political party, organization or cause, whether partisan or non-partisan, nor shall the personnel involved in the administration of the Projects provided for in this Contract be assigned to work for or on behalf of any partisan or non-partisan political activity.
- (B) Contractor agrees that no funds provided under this Contract may be used in any way to attempt to influence, in any manner, a member of Congress or any other state or local elected or appointed official.
- (C) The prohibitions set forth in Sections 18.1(A) and 18.1(B) of this Contract include, but are not limited to, the following:
1. an activity to further the election or defeat of any candidate for public office or for any activity undertaken to influence the passage, defeat or final content of local, state or federal legislation;
 2. working or directing other personnel to work on any political activity during time paid for with City funds, including, but not limited to activities such as taking part in voter registration drives, voter transportation activities, lobbying, collecting contributions, making speeches, organizing or assisting at meetings or rallies, or distributing political literature;
 3. coercing personnel, whether directly or indirectly, to work on political activities on their personal time, including activities such as taking part in voter registration drives, voter transportation activities, lobbying, collecting contributions, making speeches, organizing or assisting at meetings or rallies, or distributing political literature; and
 4. using facilities or equipment paid for, in whole or in part with City funds for political purposes including physical facilities such as office space, office equipment or supplies, such as telephones, computers, fax machines, during and after regular business hours.
- (D) To ensure that the above policies are complied with, Contractor shall provide every member of its personnel paid out of City funds with a statement of the above prohibitions, which shall include a paragraph that directs any staff person who has knowledge of violations or feels that he or she has been pressured to violate the above policies to call and report the same to the contact person listed on the statement within the Managing City Department. Contractor shall have each said individual sign a statement acknowledging receipt of the policy.
- (E) Contractor agrees that in any instance where an investigation of the above is ongoing or has been confirmed, reimbursements paid to the Contractor under this Contract may, at the City's discretion, be withheld until the situation is resolved.
- (F) This Section shall not be construed to prohibit any person from exercising his or her right to express his or her opinion or to limit any individual's right to vote. Further, Contractor and staff members are not prohibited from participating in political activities on their own volition, if done during time not paid for with City funds.

- 18.2 Adversarial Proceedings. Contractor shall provide the City with reasonable notice and make a good faith effort to resolve any claims or disputes between the parties, before starting or participating in any adversarial proceeding against the City. “Adversarial proceeding” means any matter in which interests of the City and Contractor are not aligned or are otherwise contrary to one another. This includes any matter in dispute, litigation, claim, demand, or other action taken against the City in law or equity or based upon any other legal theory, seeking any remedy from the City. Contractor agrees that under no circumstances will the funds received under this Contract be used, either directly or indirectly, to pay costs or attorney fees incurred in any adversarial proceeding against the City or any other public entity and City may conduct an audit under Section 6.4 to make such determination. Contractor understands that the City may deem Contractor ineligible for consideration to receive any future funding under this Contract or under another existing or future agreement while any adversarial proceedings against the City remains unresolved. This Contract may be terminated by City under Article XIII should Contractor have a pending lawsuit against City or file a lawsuit against the City during the term of this Contract.
- 18.3 No Use of Funds for Religious Activities. Contractor agrees that none of the performance rendered hereunder shall involve, and no portion of the funds received hereunder shall be used, directly or indirectly, for the benefit, directly or indirectly, any such sectarian or religious facility or activity, or for the construction, operations, maintenance or administration of any sectarian or religious facility or activity.
- 18.4 Contribution Prohibitions. Contractor acknowledges that City Code Section 2-309 provides that any person acting as a legal signatory for an entity that applies for a “high-profile” discretionary contract, as defined by the City of San Antonio Procurement Policy and Procedures Manual, may not make a campaign contribution to any councilmember or candidate at any time from the tenth business day after the Consolidated Human Development Funding Services Pool Request for Proposal (RFP) is released, and ending on the 30th calendar day following the contract award. Any legal signatory for a proposed high-profile contract must be identified within the response to the RFP or RFQ, if the identity of the signatory will be different from the individual submitting the response. Contractor acknowledges that the City has identified this Contract as high profile. Contractor warrants and certifies, and this Contract is made in reliance thereon, that the individual signing this Contract has not made any contributions in violation of City Code Section 2-309, and will not do so for 30 calendar days following the award of this Contract. Should the signer of this Contract violate this provision, the City Council may, in its discretion, declare the Contract void.

XIX. MISCELLANEOUS

- 19.1 Independent Contractor. Contractor is and shall be deemed to be an independent contractor, responsible for its respective acts or omissions and the City shall in no way be responsible therefor, and neither Party has authority to bind the other nor to hold out to third parties that it has the authority to bind the other.
- 19.2 Nothing contained in this Contract shall be deemed or construed by the Parties or by any third party as creating the relationship of employer-employee, principal-agent, partners, joint venture, or any other similar such relationship, between the Parties.
- 19.3 Any and all of the employees of the Contractor, wherever located, while engaged in the performance of any work required by the City under this Contract shall be considered employees of the Contractor only, and not of the City, and any and all claims that may arise from the Workers’ Compensation Act on behalf of said employees while so engaged shall be the sole obligation and responsibility of the Contractor.
- 19.4 Non-Waiver. No waiver, change, modification or discharge by either Party of any provision of this Contract shall be deemed to have been made or shall be effective unless expressed in writing and signed by the Party to be charged. Unless otherwise specifically provided for in this Contract, a waiver by either Party of a breach of any of the terms, conditions, covenants or guarantees of this Contract shall not be construed or held to be a waiver of any succeeding or preceding breach of the same or any other term, condition, covenant or guarantee. No act or omission by a Party shall in any manner impair or prejudice any right, power, privilege, or remedy available to that Party under this Contract or by law or in equity, such rights, powers, privileges, or remedies to be always specifically preserved.

- 19.5 Venue. Contractor and City agree that this Contract shall be governed by and construed in accordance with the laws of the State of Texas, and all obligations of the Parties created under this Contract are performable in Bexar County, Texas. Any action or proceeding to adjudicate any dispute arising out of this Contract shall be brought in a court of competent jurisdiction in San Antonio, Bexar County, Texas. Venue and jurisdiction arising under or in connection with this Contract shall lie exclusively in Bexar County, Texas.
- 19.6 Gender. Words of any gender used in this Contract shall be held and construed to include any other gender, and words in the singular number shall be held to include the plural, unless the context otherwise requires.
- 19.7 Severability. If any clause or provision of this Contract is held invalid, illegal or unenforceable under present or future federal, state or local laws, including but not limited to the City Charter, City Code, or ordinances of City, it is the intention of the Parties that such invalidity, illegality or unenforceability shall not affect any other clause or provision hereof and that the remainder of this Contract shall be construed as if such invalid, illegal or unenforceable clause or provision was never contained. It is also the intention of the Parties that in lieu of each clause or provision of this Contract that is invalid, illegal or unenforceable, there be added as a part of this Contract a clause or provision as similar in terms to such invalid, illegal or unenforceable clause or provision as may be possible, legal, valid and enforceable.
- 19.8 Authority. The signer of this Contract for Contractor represents, warrants, assures and guarantees that he has full legal authority to execute this Contract on behalf of Contractor and to bind Contractor to all of its terms, conditions, provisions and obligations. Contractor shall provide evidence to City upon execution of this Contract that it is currently operating as a Texas non-profit corporation exempt from tax under Section 501(c)(3) of the Internal Revenue Code, or a for-profit entity governed by an autonomous governing body, acting in accordance with the governing instruments submitted to the City in its application for funding. Whether a non-profit or for-profit entity, Contractor must be authorized to do business in the State of Texas and be formed under and operating in accordance with all applicable laws of the State of Texas. Contractor shall provide Managing City Department verification of the foregoing requirements no later than the execution date of this Contract.
- 19.9 Entire Contract. This Contract and its attachments, if any, contain all of the terms and conditions agreed upon, constitute the entire and integrated Contract between the Parties, and supersede all prior negotiations, representations, or contracts, either oral or written.

This Contract has been executed effective as of the date of signature of the last Party to sign (the "Effective Date").

Eligible costs are defined as those costs which are necessary, reasonable and allowable under applicable federal, state and local law, including but not limited to those laws referenced in Section 7 of this Agreement, for the proper administration and performance of the services to be provided under this Agreement. All requested reimbursements must be consistent with budgeted line items described in Attachments III-A and III-B of this Agreement, unless (a) a subsequent budget revision has been approved and signed by the Director of the Department of Human Services in cases where a Program Budget remains the same, or (b) an Agreement amendment has been approved and signed by the Director of the Department of Human Services pursuant to Section 24 of this Agreement in cases where there is an increase or decrease to a Program Budget. Approved Budget Revisions (*total Program Budget remains the same*) and Budget Amendments (*an increase or decrease to the Program Budget*) supersede prior budget documents and all references to the Budget mean the last revised, approved budget. Contractor may confirm eligibility of a cost prior to making the expenditure if Contractor is uncertain.

B. The funding level of this Agreement is based on an allocation from the following funding sources:

\$1,250,000.00	General Fund for the Public Inebriate Services Program
\$ 704,057.00	General Fund for the Integrated Treatment Program
\$1,954,057.00	Total

C. Reimbursements of eligible expenses incurred under this Agreement and in compliance with the applicable Budget shall be made monthly. All requests for reimbursement shall be accompanied with documentation required by the Director of the Department of Human Services.

D. In case of unforeseen or special circumstances, Contractor may submit to the Director of the Department of Human Services, in the form prescribed by the City, a written request for advance payment, including the specific reason for such request no less than ten (10) business days before the requested date of payment. Each request will be considered by the Director of the Department of Human Services on a case-by-case basis. The Director of the Department of Human Services shall have sole discretion to approve or disapprove a request. If advance payments are approved, then:

1. Contractor’s payments to its vendors using funds advanced by the City shall be paid in a prompt and timely manner, but no later than 10 calendar days after the Contractor is notified that an advance payment check has been made available, so

long as services have been performed by the vendor.

2. Contractor must deposit advanced City funds in a bank insured with the Federal Deposit Insurance Corporation (FDIC). If Contractor's total deposits with said bank, including all City funds deposited with the bank, exceed the FDIC insurance limit, then the Contractor must arrange to automatically have the excess collaterally secured. Contractor must provide City a copy of the collateral agreement from the Contractor's banking institution. Advanced funds that cause the Contractor's account balance to exceed FDIC limit must be deposited in compliance with the Public Funds Investment Act (Chapter 2256 of the Texas Government Code). Contractor shall maintain the FDIC insured bank account in which City funds are deposited and its recordkeeping in a manner that will allow City to track, in detail, expenditures made pursuant to this and all other City contracts.
 3. The City may, in its sole discretion, either 1) deduct pro rata from the remaining monthly reimbursements amounts necessary to offset the amount advanced, or 2) deduct from a single subsequent monthly reimbursement the full amount advanced to Contractor. The City will consider factors such as projected allowable costs and other pertinent indicators such as Contractor's financial stability. Contractor shall maintain a financial management system to account for periodic, or a lump sum, deduction from reimbursements.
- E. Contractor shall submit to City all final requests for payment no later than 30 days from the expiration or early termination date of this Agreement, unless Contractor receives written authorization from the Director of the Department of Human Services allowing Contractor to submit a request for payment after such 30 day period.
- F. The City shall not be obligated to any third parties (including any subcontractors or third party beneficiaries of the Contractor) under this Agreement.
- G. Unplanned closures impacting program services shall be subject to cost reimbursement reductions at the discretion of the Director of the Department of Human Services.
- H. Contractor shall maintain a financial management system, and acceptable accounting records that provide for:
1. Effective control over and accountability for all funds, property, and other assets. The Contractor shall adequately safeguard all such assets and shall ensure that they are used solely for authorized purposes. Contractor shall maintain an accounting system that can separate funds by funding source and project; and
 2. Supporting source documentation (i.e., timesheets, employee benefits, professional services agreements, purchases, and other documentation as required by City); and

3. An accounting system based on generally acceptable accounting principles which accurately reflects all costs chargeable (paid and unpaid) to Agreement. A Receipts and Disbursements Ledger must be maintained. A general ledger with an Income and Expense Account for each budgeted line item is necessary. Paid invoices revealing check number, date paid and evidence of goods or services received are to be filed according to the expense account to which they were charged.
- I. Contractor costs or earnings claimed under this Agreement will not be claimed under another contract or grant from another agency, organization, business entity or governmental entity.
- J. Contractor shall establish, submit with supporting documentation with Contractor's annual Program budgets prior to Contract execution by the deadline established by the City, and use a Cost Allocation Plan. The Cost Allocation Plan is a plan that identifies and distributes the cost of services provided by staff and/or departments or functions and overhead not solely devoted to the Programs funded by this Agreement. The Plan substantiates how the costs of a program are charged to a particular cost category or to the program and ensures that the City is only paying its share of the costs for services, overhead and staffing.
- K. Contractor understands and agrees that the submission of certain documents by November 1, 2022 are necessary for proper administration of this Agreement and that Agreement funds are subject to reallocation to another entity should Contractor fail to submit the applicable documents by the stated deadline. City shall notify Contractor by October 15, 2022 which documents are outstanding and that Contractor's funding may be reallocated pursuant to this Section. Extensions may be granted on a case by case basis and as solely determined by the Director of the Department of Human Services.
- L. Within 10 business days of City's written notification, or the Contractor becoming aware of its existence, Contractor must return to the City any funds, credits that are on-hand or collected, or advance payments that:
 - a. exceed allowable costs incurred during the Contract term; or
 - b. for which Contractor fails to deliver services as specified under the Contract.

Any amounts not returned within 10 business days may, at City's option, be subject to offset against future funding obligations by City.

- M. Contractor shall maintain financial stability and operate in a fiscally responsible and prudent manner. AMENDMENT #2
TO LOW BARRIER EMERGENCY SHELTER OPERATING AGREEMENT
WITH
SAN ANTONIO METROPOLITAN MINISTRY, INC.

This amendment (“Amendment”) to the San Antonio Metropolitan Ministry, Inc. Low Barrier Emergency Shelter Operating Agreement is entered into by and between the City of San Antonio, a Texas municipal corporation (hereinafter referred to as “City”) acting by and through its designated representative, the Director of the Department of Human Services pursuant to Ordinance No. 2022-09-15-____ dated September 15, 2022 and San Antonio Metropolitan Ministry, Inc. (hereinafter referred to as “Operator”) acting by and through its designated representative.

WHEREAS, City presently contracts with Operator for the low barrier emergency shelter operating services pursuant to an agreement (hereinafter referred to as “the Agreement”) that was executed on October 14, 2021 pursuant to Ordinance 2021-06-17-0446 and amended on February 7, 2022 pursuant Ordinance 2021-09-16-0678; and

WHEREAS, the parties have agreed to amend the Agreement to provide additional funding for Operator’s continued performance of shelter services; NOW THEREFORE:

City and Operator agree to amend the Agreement as follows:

1. Section 2.01 is amended to read as follows:

2.01 The initial term of this Agreement shall begin April 15, 2021 (the “Commencement Date”) and continue through July 15, 2022 unless earlier termination shall occur pursuant to any provision of the Agreement (“Initial Term”). The term shall automatically renew through the end of each month following the Initial Term until March 31, 2023, subject to (a) the City’s determination that renewal is necessary based upon public health needs; (b) Operator’s agreement to continue performance of services; (c) availability of revenue to fund costs for each renewal term; and (d) the Operator satisfactorily meeting the performance requirements of the Agreement, as solely determined by the Director of the Department of Human Services (the “**Director**”). Termination based upon lack of available funding is not and will not be considered a breach of this Agreement; provided, however, that lack of funding will not excuse payment for ES services performed. The parties may extend the term beyond March 31, 2023 though a written amendment if the parties determine that extension is necessary based upon public health needs and if revenue is available to fund the extended period (e.g., Operator raises funds to support the additional period).

2. Section 5.01 is amended to read as follows:

WITH
CHRISTIAN ASSISTANCE MINISTRY**

This Contract is between the City of San Antonio ("City"), a Texas Municipal Corporation, acting by and through its Director of the Department of Human Services ("Managing City Department") pursuant to Ordinance No. 2022-09-15-_____, dated September 15, 2022, and **Christian Assistance Ministry** ("Contractor") (together, the "Parties").

Background

- A. The City adopted a budget for the expenditure of City of San Antonio General or Grant Fund Operating funds ("General Fund" or "Grant Fund," as applicable), which included an allocation of funds for mobile shower services; and
- B. The City wishes to engage the Contractor to carry out one or more projects for which allocations have been made.

Contract

The Parties agree as follows:

I. SCOPE OF WORK

- 1.1 The terms and conditions of this Contract apply to each and every project (further described in the **Project Schedule**, attached as **Attachment I**) for which the City engages Contractor to carry out under this Contract unless a provision or an attachment to this Contract pertaining to a specified project clearly creates an exception or states otherwise; in such cases, the exception or variance set forth in the provision or applicable attachment governs with respect to the specified project only. Wherever in this Contract, a process, restrictions or parameters are established on Contractor's use of Contract funds, that process, restriction or parameter applies to each project independent of the others as if a separate, distinct contract were entered into for each project, unless the Contract provision clearly indicates that the projects or funding allocated to Contractor shall be considered together as a whole for the purposes of the Contract provision's application.
- 1.2 City may enforce, or waive enforcement of any of, the terms of this Contract, in connection with each project under this Contract without prejudice to any rights or remedies (whether set forth in this Contract or provided for by law or in equity) which might otherwise be available to the City in connection with the other projects under this Contract.
- 1.3 Project specific requirements for each Project shall be compiled in a Project package, consisting of a: (a) **Scope of Work and Scorecard**; (b) **Budget**; and (c) **Grant Contract and/or Terms and Conditions (if applicable)**.

All Project packages are grouped together in **Attachment II** and incorporated herein as if fully set forth. All references throughout the Contract to the **Scope of Work and Scorecard**, the **Budget**, or to the **Grant Contract and/or Terms and Conditions** (if applicable), refer to the respective document for each project. For example, wherever in this Contract reference is made to the Budget, such reference is being made to the applicable Budget for each project.

- 1.4 The Contractor will provide, oversee and administer all activities and services in a manner satisfactory to the City and in compliance with the applicable **Scope of Work and Scorecard** for the Project.

II. TERM

- 2.1 This Contract shall begin on October 1, 2022 and shall terminate on September 30, 2023.

III. CONSIDERATION

- 3.1 The City will reimburse Contractor in accordance with the applicable Budget for the Project, and all subsequently authorized budget revisions or budget amendments to that budget, and in a total Contract amount not to exceed **\$65,000.00**.
- 3.2 Contractor shall comply with the **Funding Guide**, attached hereto as **Attachment III** and incorporated herein as if fully set forth.
- 3.3 The City's obligations under this Contract are contingent upon the actual receipt of adequate General or Grant Fund revenue, as applicable, to meet City's liabilities under this Contract. If the City does not receive sufficient funds to make payments pursuant to this Contract or if the award of Grant Funds is reduced, then City, at its sole discretion, may elect to terminate this Contract or reduce the **Scope of Work** and compensation associated with the applicable Project. City shall notify Contractor in writing of its determination within a reasonable time.
- 3.4 N/A

IV. COST REIMBURSEMENT; FISCAL RESPONSIBILITY

- 4.1 ***Allowable Costs*** means *those costs which are necessary, reasonable and allowable under applicable federal, state, and local law, including but not limited to those laws referenced in Article XI for the proper administration and performance of the services to be provided under this Contract.* The City's payment obligation under this cost reimbursement Contract is limited to making reimbursements for Allowable Costs incurred as a direct result of City-funded services provided by the Contractor in accordance with this Contract and consistent with budgeted line items in the applicable Budget. Approved Budget Revisions (*total Project Budget remains the same*) and Budget Amendments (*an increase or decrease to the total Project Budget*) supersede prior budget documents and all references to the Budget mean the last revised, approved budget.
- 4.2 **Advance payment.** In case of unforeseen or special circumstances, Contractor may submit to the Director of the Managing City Department, in the form prescribed by the City, a written request for advance payments, including the specific reason for such request no less than ten (10) business days before the requested date of payment. Each request will be considered by the Director of the Managing City Department on a case-by-case basis. The Director of the Managing City Department's shall have sole discretion to approve or disapprove a request. If advance payments are approved, then:
- (A) Contractor's payments to its vendors using funds advanced by the City shall be paid in a prompt and timely manner but no later than 10 calendar days after the Contractor is notified that an advance payment has been made available so long as services have been performed by the vendor.
 - (B) Contractor must deposit advanced City funds in a bank insured with the Federal Deposit Insurance Corporation (FDIC). If Contractor's total deposits in the bank, including all City funds deposited with the bank, exceed the FDIC insurance limit, then the Contractor must arrange to automatically have the excess collaterally secured. Contractor must provide City a copy of the collateral agreement with the Contractor's banking institution. Advanced funds that cause the Contractor's account balance to exceed the FDIC limit must be deposited in compliance with the Public Funds Investment Act (Chapter 2256 of the Texas Government Code). Contractor shall maintain the FDIC insured bank account in which City funds are deposited and its recordkeeping in a manner that will allow City to track, in detail, expenditures made pursuant to this and all other City contracts.
 - (C) The City may, in its sole discretion, either 1) deduct pro rata from the remaining monthly reimbursements amounts necessary to offset the amount advanced, or 2) deduct from a single subsequent monthly reimbursement the full amount advanced to Contractor. The City will consider

factors such as projected allowable costs and other pertinent indicators such as Contractor's financial stability. Contractor shall maintain a financial management system to account for periodic, or a lump sum, deduction from reimbursements.

- 4.3 Contractor's Request for Payment. Contractor shall submit to City no later than the 15th of every month a monthly Request for Payment in the form prescribed by City, which details:
- (A) the specific costs (by category and by program account number) Contractor expensed in the previous month for the services delivered as described in Article I; and
 - (B) supporting documentation of costs as may be required by the Director of the Managing City Department (e.g., original or certified copies of invoices, cancelled checks, Contractor's general ledger and/or receipts to verify invoiced expenses); and
 - (C) the Program Income received or projected during the same time period.
- 4.4 City Payment. City shall pay for eligible expenses and undisputed amounts in submitted Requests for Payments within 30 calendar days of receiving a properly completed, documented and approved Request for Payment.
- 4.5 Final Request for Payment. The Contractor shall submit to City all final requests for payment no later than 30 days from the expiration or early termination date of this Contract, unless Contractor receives written authorization from the Director of the Managing City Department allowing Contractor to submit a request for payment after the 30 day period.

- (A) exceed allowable costs incurred during the Contract term; or
 - (B) for which Contractor fails to deliver services as specified under the Contract.

Contractor shall provide City detailed administrative costs by line item with its annual program budget for each project.
 - (B) Contractor shall establish, submit with supporting documentation and use a Cost Allocation Plan for each of Contractor's annual Project budgets by the deadline established by the City. The ***Cost Allocation Plan*** is a plan that identifies and distributes the cost of services provided by staff and/or departments or functions and overhead not solely devoted to the Projects funded by this Contract. The ***Cost Allocation Plan*** substantiates how the costs of a program are charged to a particular cost category or to the program and ensures that the City is paying only its share of the costs for services, overhead, and staffing.
 - (C) Contractor costs or earnings claimed under this Contract may not be claimed under another contract or grant from another agency, organization, business entity or governmental entity.
 - (D) Contractor shall not use funds awarded from this Contract as matching funds for any federal, state or local grant without the prior written approval of the Director of the Managing City Department.

Within 30 days after activity that generates program income, Contractor must submit a statement of expenditures and revenues to the Managing City Department. The statement is subject to audit verification by Managing City Department. Failure by Contractor to report program income as required is grounds for suspension, cancellation, or termination of this Contract.
 - (C) At the sole option and upon prior written direction from the Director of the Managing City Department, Contractor will either:
 - 1. return Program Income funds to City within the timeframe that may be specified by the Director of the Managing City Department; or
 - 2. retain Program Income funds to be added to the applicable Project and used to further the eligible Project objectives but only if the proposed expenditures are approved by the City; or

This Contract is between the City of San Antonio ("City"), a Texas Municipal Corporation, acting by and through its Director of the Department of Human Services ("Managing City Department") pursuant to Ordinance No. 2022-09-15-_____, dated September 15, 2022, and the San Antonio Education Partnership, ("Contractor") (together, the "Parties").

Background

- A. The City adopted a budget for the expenditure of City of San Antonio General or Grant Fund Operating funds ("General Fund" or "Grant Fund," as applicable), which included an allocation of funds for a project entitled "Scholarship and Outreach Services" ("Project"); and
- B. The City wishes to engage the Contractor to carry out the Project.

Contract

The Parties agree as follows:

I. SCOPE OF WORK

- 1.1 The Contractor will provide, oversee and administer all activities and services in a manner satisfactory to the City and in compliance with the attached **Scope of Work** and **Scorecard ("Attachment I")**.

II. TERM

- 2.1 This Contract shall begin on October 1, 2022 and shall terminate on September 30, 2023.

III. CONSIDERATION

- 3.1 The City will reimburse Contractor in an amount not to exceed \$2,477,814.00 for costs incurred in accordance with the attached **Budget ("Attachment II")**, and all subsequently authorized Budget Revisions or Budget Amendments to that Budget.
- 3.2 Funding through this Contract is based on an allocation from the following sources:

\$ 377,814.00	General Fund (Outreach)
<u>\$2,100,000.00</u>	General Fund (Scholarships)
<u>\$2,477,814.00</u>	
- 3.3 The City's obligations under this Contract are contingent upon the actual receipt of adequate General or Grant Fund revenue, as applicable, to meet City's liabilities under this Contract. If the City does not receive sufficient funds to make payments pursuant to this Contract or if the award of Grant Funds is reduced, then City, at its sole discretion, may elect to terminate this Contract or reduce the Scope of Work and Compensation. City shall notify Contractor in writing of its determination within a reasonable time.
- 3.4 Contractor understands and agrees that the submission of certain documents by November 1, 2022 are necessary for proper administration of this Contract and that Contract funds are subject to reallocation to another entity should Contractor fail to submit the applicable documents by the stated deadline. City shall

notify Contractor by October 15, 2022 which documents are outstanding and that Contractor's funding may be reallocated pursuant to this Section. Extensions may be granted on a case by case basis and as solely determined by the Director of the Managing City Department.

IV. COST REIMBURSEMENT; FISCAL RESPONSIBILITY

- 4.1 ***Allowable Costs*** means *those costs which are necessary, reasonable and allowable under applicable federal, state, and local law, including but not limited to those laws referenced in Article XI for the proper administration and performance of the services to be provided under this Contract.* The City's payment obligation under this cost reimbursement Contract is limited to making reimbursements for Allowable Costs incurred as a direct result of City-funded services provided by the Contractor in accordance with this Contract and consistent with budgeted line items in the applicable Budget. Approved Budget Revisions (*total Contract Budget remains the same*) and Budget Amendments (*an increase or decrease to the total Contract Budget*) supersede prior budget documents and all references to the Budget mean the last revised, approved budget.
- 4.2 **Annual Forecast.** Upon commencement of the Agreement, Contractor shall submit an annual forecast of projected expenditures for each month during the entirety of the Contract term. The forecast shall break down projected expenditures on a month by month basis. Contractor shall submit an updated annual forecast quarterly on or before the following due dates for projected expenditures for the remainder of the contract term:
- January 1, 2023
 - April 1, 2023
 - July 1, 2023
- 4.3 **Advance payment.** In case of unforeseen or special circumstances, Contractor may submit to the Director of the Managing City Department, in the form prescribed by the City, a written request for advance payments, including the specific reason for such request no less than ten (10) business days before the requested date of payment. Each request will be considered by the Director of the Managing City Department on a case-by-case basis. The Director of the Managing City Department's shall have sole discretion to approve or disapprove a request. If advance payments are approved, then:
- a. Contractor's payments to its vendors using funds advanced by the City shall be paid in a prompt and timely manner but no later than 10 calendar days after the Contractor is notified that an advance payment has been made available so long as services have been performed by the vendor.
 - b. Contractor must deposit advanced City funds in a bank insured with the Federal Deposit Insurance Corporation (FDIC). If Contractor's total deposits in the bank, including all City funds deposited with the bank, exceed the FDIC insurance limit, then the Contractor must arrange to automatically have the excess collaterally secured. Contractor must provide City a copy of the collateral agreement with the Contractor's banking institution. Advanced funds that cause the Contractor's account balance to exceed the FDIC limit must be deposited in compliance with the Public Funds Investment Act (Chapter 2256 of the Texas Government Code). Contractor shall maintain the FDIC insured bank account in which City funds are deposited and its recordkeeping in a manner that will allow City to track, in detail, expenditures made pursuant to this and all other City contracts.
 - c. The City may, in its sole discretion, either 1) deduct pro rata from the remaining monthly reimbursements amounts necessary to offset the amount advanced, or 2) deduct from a single subsequent monthly reimbursement the full amount advanced to Contractor. The City will consider factors such as projected allowable costs and other pertinent indicators such as Contractor's financial stability. Contractor shall maintain a financial management system to account for periodic, or a lump sum, deduction from reimbursements.
- 4.4 **Contractor's Request for Payment.** Contractor shall submit to City no later than the 15th of every month a monthly Request for Payment in the form prescribed by City, which details:
- a. the specific costs (by category and by program account number) Contractor expensed in the previous month for the services delivered as described in Article I; and

 - c. the Program Income received or projected during the same time period.
- 4.5 City Payment. City shall pay for eligible expenses and undisputed amounts in submitted Requests for Payments within 30 calendar days of receiving a properly completed, documented and approved Request for Payment.

The Contractor shall submit to City all final requests for payment no later than 30 days from the expiration or early termination date of this Contract, unless Contractor receives written authorization from the Director of the Managing City Department allowing Contractor to submit a request for payment after the 30 day period.
- 4.7 Return of Funds. Within 10 business days of City's written notification, or the Contractor becoming aware of its existence, Contractor must return to the City any funds, credits that are on-hand or collected, or advance payments that:
 - a. exceed allowable costs incurred during the Contract term; or
 - b. for which Contractor fails to deliver services as specified under the Contract.

Any amounts not returned within 10 business days may, at City's option, be subject to offset against future funding obligations by City. *"Business day" means every day of the week except all Saturdays, Sundays and those scheduled holidays officially adopted and approved by the San Antonio City Council for City of San Antonio employees.*
- 4.8 Forecast and Request for Advance Payment for Succeeding Fiscal Year. Contractor shall provide a forecast and Request for Advance Payment by August 15th for projected expenditures in the next fiscal year, should funding be available and the parties mutually agree to a new term and agreement. The parties agree and understand that the submission of a forecast and request for advance payment shall not be considered to create any expectation or guarantee of future funding and shall not extend, renew or amend this Contract unless an extension, amendment or renewal is agreed upon by the parties in writing in accordance with Article XV.
- 4.9 Cost Rules.

 - (C) Contractor costs or earnings claimed under this Contract may not be claimed under another contract or grant from another agency, organization, business entity or governmental entity.
 - (D) Contractor shall not use funds awarded from this Contract as matching funds for any federal, state or local grant without the prior written approval of the Director of the Managing City Department.

Requests for petty cash must be supported by the submission to the Managing City Department of an original receipt.

- 4.13 Contractor shall comply with the following:

- (A) ***"Program Income"*** means Contractor earnings from activities under this Contract or from Contractor's management of funding provided or received under this Contract. Program Income includes, but shall not be limited to,

Within 30 days after activity that generates program income, Contractor must submit a statement of expenditures and revenues to the Managing City Department. The statement is subject to audit verification by Managing City Department. Failure by Contractor to report program income as required is grounds for suspension, cancellation, or termination of this Contract.

- (C) At the sole option and upon prior written direction from the Director of the Managing City Department, Contractor will either:

- 1. return **Program Income** funds to City within the timeframe that may be specified by the Director of the Managing City Department; or
- 2. retain **Program Income** funds to be added to the Project and used to further eligible Project objectives but only if the proposed expenditures are approved by the City; or
- 3. deduct **Program Income** funds from the total Project cost for the purpose of determining the net cost reimbursed by the City. In this case, Contractor must submit all reports required by the Managing City Department within the timeframe specified in the Contract.

- (D) Contractor must include this Section 4.13, in its entirety, in all of its subcontracts involving income-producing services or activities.

- 4.16 The City's Director of Finance, the City Auditor, or a person designated by the Director of the Managing City Department may review and approve all Contractor's systems of internal accounting and administrative controls before the release of funds. The City may, in its sole discretion, require the Contractor to use any and all of the City's accounting or administrative procedures used in the planning, controlling, monitoring and reporting of all fiscal matters relating to this Contract.

- A multi-generational approach – Partners/contractors understand that they can more effectively address a child's needs within the context of the capacity and needs of the entire family and vice versa.
 - Families are partners - A coaching approach, instead of a traditional case management model, supports family-centered actions to work with the family toward their goals. Families inform the work of the partnership and participate in collective decision-making.
 - Mutual accountability and shared outcomes – As no single partner/contractor alone can guarantee positive outcomes for families all partners have a vested interest in collectively supporting families and each other. Partners/Contractors remain accountable for their contribution to family wellbeing but understand the limits of their contribution and their need to rely on other partners/contractors.
 - Collaboration and coordination – Partners/contractors participate in regular forums with other providers serving the same families and coordinate their work both at the family and partnership level.
 - Data sharing and continuous learning – Partners/contractors routinely share and review individual and aggregate level performance data to inform and improve their work with families and as a partnership. Partners/contractors commit to using a client level shared data platform as source for this learning.

without limitation, patent, copyright, trade secret, trademark, brand names, color schemes, designs, screens, displays, user interfaces, data structures, organization, sequences of operation, trade dress, and other proprietary rights (the "Intellectual Property Rights") in the Project shall be solely vested in City. Contractor agrees to execute all documents reasonably requested by City to perfect and establish City's right to the Intellectual Property Rights. If the City is unable, after reasonable effort, to secure Contractor's signature on any documents relating to Intellectual Property Rights in the Project, including without limitation, any letters patent, copyright, or other protection relating to the Project, for any reason whatsoever, Contractor hereby irrevocably designates and appoints City and its duly authorized officers and agents as Contractor's agent and attorney-in-fact, to act for and in Contractor's behalf and stead to execute and file any such application or applications and to do all other lawfully permitted acts to further the prosecution and issuance of letters patent, copyright or other analogous protection thereon with the same legal force and effect as if executed by Contractor. Provided, however, nothing contained in this Contract is intended nor shall it be construed to require Contractor to transfer any ownership interest in Contractor's best practice and benchmarking information to the City.

5.10 The Department of Human Services participates in a Dual Generation initiative with the United Way of Bexar County and San Antonio. To continue to promote best practices, Contractor is encouraged to adhere to the following principles while performing the scope of work:

- a. A multi-generational approach – Partners/contractors understand that they can more effectively address a child's needs within the context of the capacity and needs of the entire family and vice versa.
- b. Families are partners - A coaching approach, instead of a traditional case management model, supports family-centered actions to work with the family toward their goals. Families inform the work of the partnership and participate in collective decision-making.
- c. Mutual accountability and shared outcomes – As no single partner/contractor alone can guarantee positive outcomes for families all partners have a vested interest in collectively supporting families and each other. Partners/Contractors remain accountable for their contribution to family wellbeing but understand the limits of their contribution and their need to rely on other partners/contractors.
- d. Collaboration and coordination – Partners/contractors participate in regular forums with other providers serving the same families and coordinate their work both at the family and partnership level.
- e. Data sharing and continuous learning – Partners/contractors routinely share and review individual and aggregate level performance data to inform and improve their work with families and as a partnership. Partners/contractors commit to using a client level shared data platform as source for this learning.

This Article VII, Section 7.2 shall not be construed to limit the City's or its authorized representatives' right of access to records or other information, confidential or otherwise, under this Contract. Upon request at the expiration or termination of this Contract, Contractor shall deliver to City all copies of materials related to the Project, including the Confidential Information.
- 7.3 If applicable, Contractor shall execute a **HIPAA Business Associate Agreement** in substantially the same form as shown in **Attachment V**, which is intended to protect the privacy and provide for the security of Protected Health Information in compliance with the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 (“HIPAA”) and regulations promulgated by the U.S. Department of Health and Human Services (the “HIPAA Regulations”) and other applicable laws.

The indemnity provided for in this paragraph shall not apply to any liability resulting from the negligence of CITY, its officers or employees, in instances where such negligence causes personal injury, death, or property damage. IF CONTRACTOR AND CITY ARE FOUND JOINTLY LIABLE BY A COURT OF COMPETENT JURISDICTION, LIABILITY SHALL BE APPORTIONED COMPARATIVELY IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS, WITHOUT, HOWEVER, WAIVING ANY GOVERNMENTAL IMMUNITY AVAILABLE TO THE CITY UNDER TEXAS LAW AND WITHOUT WAIVING ANY DEFENSES OF THE PARTIES UNDER TEXAS LAW.

X. SMALL, MINORITY OR WOMAN OWNED BUSINESS ADVOCACY POLICY

- (A) SBEDA Program

The CITY has adopted a Small Business Economic Development Advocacy Ordinance (Ordinance No. 2016-05-19-0367 and as amended, also referred to as "SBEDA" or "the SBEDA Program"), which is posted on the City's Economic Development Department (EDD) website page and is also available in hard copy format upon request to the CITY. The SBEDA Ordinance Compliance Provisions contained in this section of the Contract are governed by the terms of the SBEDA Ordinance, as well as by the terms of the SBEDA Ordinance Policy & Procedure Manual established by the CITY pursuant to this Ordinance, and any subsequent amendments to this referenced SBEDA Ordinance and SBEDA Policy & Procedure Manual that are effective as of the date of the execution of this Contract. Unless defined in a contrary manner herein, terms used in this section of the Contract shall be subject to the same expanded definitions and meanings as given those terms in the SBEDA Ordinance and as further interpreted in the SBEDA Policy & Procedure Manual.

- (B) SBEDA Program Compliance – Affirmative Procurement Initiatives

The CITY has applied the following contract-specific Affirmative Procurement Initiatives to this Contract. Contractor hereby acknowledges and agrees that the selected API requirement shall also be extended to any

change order or subsequent contract modification and, absent SBO's granting of a waiver, that its full compliance with the following API terms and conditions are material to its satisfactory performance under this Contract:

M/WBE Subcontracting Program. In accordance with SBEDA Ordinance Section III. D. 6. (b), this Contract is also being awarded pursuant to the M/WBE Subcontracting Program. Contractor agrees to subcontract or self-perform at least **fifteen percent (15%)** of its prime contract value to certified M/WBE firms headquartered or having a Significant Business Presence within the San Antonio Metropolitan Statistical Area (SAMSA). If the Prime Contractor is a certified M/WBE firm, then the Contractor is allowed to self-perform up to the entire M/WBE subcontracting goal amount with its own forces. To the extent that the certified M/WBE Prime Contractor does not self-perform a portion of the M/WBE subcontracting goal, it shall be responsible for complying with all other requirements of this API for that portion of work that is subcontracted.

Segmented M/WBE Goal. In accordance with SBEDA Ordinance Section III. D. 6. (g), this Contract is being awarded pursuant to Segmented M/WBE Goals. Contractor agrees to subcontract at least **two percent (2%)** of the contract value to a certified African American Business Enterprise (AABE) firm headquartered or having a significant business presence within the San Antonio Metropolitan Statistical Area (SAMSA). This two percent (2%) subcontracting goal will also count toward the aforementioned fifteen percent (15%) M/WBE subcontracting goal.

The Subcontractor/Supplier Utilization Plan which Contractor submitted to City with its response for this Contract and that contains the names of the certified M/WBE and AABE Subcontractors to be used by Contractor on this Contract, the respective percentages of the total prime contract dollar value to be awarded and performed by each M/WBE and AABE Subcontractor, and documentation including a description of each M/WBE and AABE Subcontractor's scope of work and confirmation of each M/WBE and AABE Subcontractor's commitment to perform such scope of work for an agreed upon dollar amount is hereby attached and incorporated by reference into the material terms of this Contract.

In the absence of a waiver granted by the SBO, failure of a Prime Contractor to attain this M/WBE and AABE subcontracting goal as required in the solicitation shall render its response non-Responsive. Also, in the absence of a waiver granted by the SBO, failure of a Prime Contractor to attain a subcontracting goal for M/WBE and AABE participation in the performance of its contract or otherwise comply with the provisions of this API shall be considered a material breach of contract, grounds for termination of that contract with the City and shall be subject to any penalties and sanctions available under the terms of the SBEDA Ordinance, its contract with the City or by law.

Subcontractor Diversity: The City of San Antonio strongly encourages each bidder to be as inclusive as possible, and to reach out to all segments of the M/WBE community in its efforts to exercise good faith in achieving the M/WBE and AABE subcontracting goal of 15% and 2% respectively, that has been established for this contract. While the relative availability of ready, willing, and able firms within various ethnic and gender categories will vary significantly from contract to contract based upon the particular trades that are involved, overall in the San Antonio architecture and engineering industry, as reflected in the City's Centralized Vendor Registration system for the month of February 2018, African-American owned firms represent approximately 2.45%, of available subcontractors, Hispanic-American firms represent approximately 8.52%, Asian-American firms represent approximately 0.65%, Native American firms represent approximately 0.14%, and Women-owned firms represent approximately 4.21%, of available architecture and engineering subcontractors.

(C) Definitions

Affirmative Procurement Initiatives (API) – Refers to various S/M/WBE Program tools and Solicitation Incentives that are used to encourage greater prime and subcontract participation by S/M/WBE firms, including bonding assistance, evaluation preferences, subcontracting goals and joint venture incentives. (For full descriptions of these and other S/M/WBE Program tools, see Section III.D of Attachment A to the SBEDA Ordinance). To be eligible for the benefits of race- and gender-conscious APIs as provided in the SBEDA Ordinance, M/WBE firms must also satisfy the size standards for being a Small Business Enterprise or SBE as defined herein.

Annual Aspirational Goal – a non-mandatory annual aspirational percentage goal for overall M/WBE Prime and subcontract participation in City of San Antonio contracts is established each year for Construction, Architectural & Engineering, Professional Services, Other Services, and Goods & Supplies contract Industry Categories. This Annual Aspirational Goal is to be set (and thereafter adjusted) by the Goal Setting Committee (GSC) based upon the M/WBE availability by industry in accordance with the City's 2015 Disparity Study findings, along with relative M/WBE availability data to be collected by the City through its CVR system, and the utilization of M/WBEs. Any adjusted Annual Aspirational Goals for a given industry should not exceed the Expected Availability for award dollar weights as found in the 2015 Disparity Study. Annual Aspirational Goals are not to be routinely applied to individual contracts, but are intended to serve as a benchmark against which to measure the overall effectiveness of the S/M/WBE Program on an annual basis, and to gauge the need for future adjustments to the mix and to the aggressiveness of remedies being applied under the Program. Percentage Goals for S/M/WBE participation may be established by the GSC on a contract-by-contract basis based upon similar data and analysis for the particular goods and services being purchased in a given contract.

Award – the final selection of a Respondent for a specified Prime Contract or subcontract dollar amount. Contract awards are made by the City to Prime Contractors or vendors and by Prime Contractors or vendors to Subcontractor or sub-vendors, usually pursuant to a solicitation process. (Contract awards are to be distinguished from contract payments in that they only reflect the anticipated dollar amounts instead of actual dollar amounts that are paid to a contractor under an awarded contract).

Best Value Contracting – a purchasing solicitation process through which the Originating Department may evaluate factors other than price. Evaluation criteria for selection may include a Respondent's previous experience and quality of product or services procured, and other factors identified in the applicable statute.

Centralized Vendor Registration System (CVR) – a mandatory electronic system of hardware and software programs by which the City recommends all prospective Respondents and Subcontractors that are ready, willing and able to sell goods or services to the City to register. All businesses awarded a City contract shall be required to register in the CVR. The CVR system assigns a unique identifier to each registrant that is then required for the purpose of submitting solicitation responses and invoices, and for receiving payments from the City. The CVR-assigned identifiers are also used by the Goal Setting Committee for measuring relative availability and tracking utilization of SBE and M/WBE firms by Industry or commodity codes, and for establishing Annual Aspirational Goals and Contract-by-Contract Subcontracting Goals.

Certification – the process by which the Small Business Office (SBO) staff determines a firm to be a bona-fide small, minority-, women-owned, or emerging small business enterprise. Emerging Small Business Enterprises (ESBEs) are automatically eligible for Certification as SBEs. Any firm may apply for multiple Certifications that cover each and every status category (e.g., SBE, ESBE, MBE, or WBE) for which it is able to satisfy eligibility standards. The SBO staff may contract these services to a regional Certification agency or other entity. For purposes of Certification, the City may accept any firm that is certified by local government entities and other organizations identified herein that have adopted Certification standards and procedures similar to those followed by the SBO, provided the prospective firm satisfies the eligibility requirements set forth in this Ordinance in Section III.E.6.

City – refers to the City of San Antonio, TX.

Commercially Useful Function – an S/M/WBE firm performs a Commercially Useful Function when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, staffing, managing and supervising the work involved. To perform a Commercially Useful Function, the S/M/WBE firm must also be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quantity and quality, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether an S/M/WBE firm is performing a Commercially Useful Function, an evaluation must be performed of the amount of work subcontracted, normal industry practices, whether the amount the S/M/WBE firm is to be paid under the contract is commensurate with the work it is actually performing and the S/M/WBE credit claimed for its performance of the work, and other relevant factors. Specifically, an S/M/WBE firm does not perform a Commercially Useful Function if its role is limited to that of an extra participant in a transaction, contract or project through

which funds are passed in order to obtain the appearance of meaningful and useful S/M/WBE participation, when in similar transactions in which S/M/WBE firms do not participate, there is no such role performed.

Control – the authority of a person or business owner to sign responses to solicitations and contracts, make price negotiation decisions, sell or liquidate the business and have the primary authority to direct the day-to-day management and operation of a business enterprise without interference from others.

Emerging M/WBE – a certified M/WBE firm whose annual revenues and number of employees are no greater than 25% of the small business size standards for its industry as established by the U.S. Small Business Administration, and meets the Significant Business Presence requirements as defined herein.

Evaluation Preference – an API that may be applied by the Goal Setting Committee to Construction, Architectural & Engineering, Professional Services, Other Services, and Goods and Supplies contracts that are to be awarded on a basis that includes factors other than lowest price, and wherein responses that are submitted to the City by S/M/WBE firms may be awarded additional Points in the evaluation process in the scoring and ranking of their proposals against those submitted by other prime Respondents.

Formal Solicitation – an invitation for bids, request for proposals, request for qualifications or other solicitation document issued by a City department for a contract that requires City Council approval, in accordance with the procurement rules adopted by the City Manager or designee through a memorandum issued by the City Manager or designee, an Administrative Directive or a procurement manual issued under the authority of the City Manager or designee, and/or pursuant to statutory requirements.

Goal Setting Committee (GSC) – a committee, or series of committees, appointed and chaired by the City Manager or designee from the Executive Team that includes, at a minimum, the EDD Director or designee, and the Director of Finance or Director of Transportation and Capital Improvements (TCI) or their designees, the Director or designee of the Originating Department (if the Originating Department is neither Finance nor TCI,) all without duplication of designees and two citizens appointed by City Council who are eligible to vote during the goal setting committee on contracts valued at \$3,000,000 and above. The City Manager or designee may also appoint two ex-officio members of the Small Business Advocacy Committee to serve on any GSC purely in an advisory and non-voting capacity. The GSC establishes S/M/WBE Program Goals for the City of San Antonio (e.g., Annual Aspirational Goals, Contract-by-Contract Subcontracting Goals, and determining which M/WBE segments are eligible for Segmented Subcontracting Goals annually) based upon Industry Categories, vendor availability, project-specific characteristics, and M/WBE utilization. The GSC also makes determinations about which Affirmative Procurement Initiatives (APIs) are to be applied to specific contracts based upon various criteria.

Good Faith Efforts – documentation of the Respondent's intent to comply with S/M/WBE Program Goals and procedures including, but not limited to, the following: (1) documentation as stated in the solicitation reflecting the Respondent's commitment to comply with SBE or M/WBE Program Goals as established by the GSC for a particular contract; or (2) documentation of efforts made toward achieving the SBE or M/WBE Program Goals (e.g., solicitations of bids/proposals/qualification statements from all qualified SBE or M/WBE firms listed in the Small Business Office's directory of certified SBE or M/WBE firms; correspondence from qualified SBE or M/WBE firms documenting their unavailability to perform SBE or M/WBE contracts; documentation of efforts to subdivide work into smaller quantities for subcontracting purposes to enhance opportunities for SBE or M/WBE firms; documentation of a Prime Contractor's posting of a bond covering the work of SBE or M/WBE Subcontractors; documentation of efforts to assist SBE or M/WBE firms with obtaining financing, bonding or insurance required by the Respondent; and

documentation of consultations with trade associations and contractors that represent the interests of SBE and/or M/WBEs in order to identify qualified and available SBE or M/WBE Subcontractors.)

[See 13 C.F.R. 126.200 (1999).]

Independently Owned and Operated – ownership of an SBE firm must be direct, independent and by Individuals only. Ownership of an M/WBE firm may be by Individuals and/or by other businesses provided the ownership interests in the M/WBE firm can satisfy the M/WBE eligibility requirements for ownership and Control as specified herein in Section III.E.6. The M/WBE firm must also be Independently Owned and Operated in the sense that it cannot be the subsidiary of another firm that does not itself (and in combination with the certified M/WBE firm) satisfy the eligibility requirements for M/WBE Certification.

Individual – an adult person that is of legal majority age.

Industry Categories – procurement groupings for the City of San Antonio inclusive of Construction, Architectural & Engineering, Professional Services, Other Services, and Goods & Supplies (i.e., manufacturing, wholesale and retail distribution of commodities). This term may sometimes be referred to as “business categories.”

Joint Venture Incentives – an API that provides inducements for non-SBE and non-M/WBE firms to collaborate with SBE or M/WBE partners in responses to solicitations and performing a Prime Contract to supply goods to, or to perform non-Construction services on behalf of, the City. Joint ventures are manifested by written agreements between two or more Independently Owned and Controlled business firms to form a third business entity solely for purposes of undertaking distinct roles and responsibilities in the completion of a given contract. Under this business arrangement, each joint venture partner shares in the management of the joint venture and also shares in the profits or losses of the joint venture enterprise commensurately with its contribution to the venture. Incentives under this API may include Evaluation Preferences that are tied to the percentage of SBE or M/WBE participation in the joint venture, expedited issuance of building permits and extra contract option years in certain Other Services and Goods & Supplies contracts.

M/WBE Subcontracting Program – an API in which Prime Contractors or vendors are required to make Good Faith Efforts to subcontract a specified percentage of the value of prime contract dollars to certified M/WBE firms. Such subcontracting goals may be set and applied by the GSC on a contract-by-contract basis to those types of contracts that provide subcontract opportunities for performing Commercially Useful Functions wherein:

- (1) There have been ongoing disparities in the utilization of available M/WBE Subcontractors; or

Contractor shall have each said individual sign a statement acknowledging receipt of the policy.
 - (E) Contractor agrees that in any instance where an investigation of the above is ongoing or has been confirmed, reimbursements paid to the Contractor under this Contract may, at the City's discretion, be withheld until the situation is resolved.
 - (F) This Section shall not be construed to prohibit any person from exercising his or her right to express his or her opinion or to limit any individual's right to vote. Further, Contractor and staff members are not prohibited from participating in political activities on their own volition, if done during time not paid for with City funds.
- 18.2 Adversarial Proceedings. - 19.8 Authority. The signer of this Contract for Contractor represents, warrants, assures and guarantees that he has full legal authority to execute this Contract on behalf of Contractor and to bind Contractor to all of its terms, conditions, provisions and obligations. Contractor shall provide evidence to City upon execution of this Contract that it is currently operating as a Texas non-profit corporation exempt from tax under Section 501(c)(3) of the Internal Revenue Code, or a for-profit entity governed by an autonomous governing body, acting in accordance with the governing instruments submitted to the City in its application for funding. Whether a non-profit or for-profit entity, Contractor must be authorized to do business in the State of Texas and be formed under and operating in accordance with all applicable laws of the State of Texas. WHEREAS, CITY is providing certain funds to contractor to undertake and complete a community initiative as further described in this Agreement; and

WHEREAS, Contractor agrees to undertake and complete said project in accordance with the terms and condition herein; **NOW THEREFORE**:

The parties hereto severally and collectively agree, and by the execution hereof are bound, to the mutual obligations herein contained and to the performance and accomplishment of the tasks hereinafter described:

I. GENERAL PROVISIONS

A. CONTRACTOR is a non-profit entity established in the State of Texas and located at 131 El Paso Street, San Antonio, TX 78204.

B. CONTRACTOR represents, warrants, assures and guarantees that it possesses the legal authority, pursuant to any proper, appropriate and official motion, resolution or action passed or taken, to enter into this Agreement and to perform the responsibilities herein required.

C. The signer of this Agreement for CONTRACTOR represents, warrants, assures and guarantees that he or she has full legal authority to execute this Agreement on behalf of CONTRACTOR and to bind CONTRACTOR to all terms, performances and provisions herein contained. In the event that a dispute arises as to the legal authority of either the CONTRACTOR, or the person signing on behalf of CONTRACTOR, to enter into this Agreement, CITY shall have the right, at its option, to either temporarily suspend or permanently terminate this Agreement. Should CITY suspend or permanently terminate this Agreement pursuant to this paragraph, however, CONTRACTOR shall be liable to CITY for any money it has received from CITY for performance of any of the provisions hereof.

D. The CONTRACTOR understands that the funds provided it pursuant to this Agreement are funds which have been made available by the CITY's General Fund and CONTRACTOR will, therefore, comply with all rules, regulations, policies and procedures applicable to these funds as directed by CITY.

E. CONTRACTOR and CITY agree that CONTRACTOR is an independent contractor, that CONTRACTOR shall be responsible to all parties for its respective acts and omissions, and that CITY shall in no way be responsible therefore, and that neither has authority to bind the other, or hold out to third parties that it has the authority to bind the other.

F. CONTRACTOR acknowledges and agrees that this Agreement is subject to mutual termination. Therefore, either party shall have the option of terminating this Agreement by giving the second party no less than thirty- (30) days written notice. Such notice shall specify the effective date of termination, which date shall not be sooner than the end of thirty (30) days following the day on which such notice is sent.

G. In no event shall CITY be liable for any expense of CONTRACTOR not eligible or allowable for reimbursement hereunder, and in no event shall employees of CONTRACTOR be deemed to be employees of CITY.

H. Should CONTRACTOR fail to fulfill, in a timely and proper manner, obligations under this Agreement, or if CONTRACTOR should violate any of the covenants, conditions, or stipulations of this Agreement, CITY shall have the right to terminate this Agreement by sending written notice to CONTRACTOR of such termination and specifying the effective date thereof, which date shall not be sooner than the end of thirty (30) days following the day on which such notice is sent.

i. A previous breach of any of the terms or conditions herein shall not be construed as a waiver of same nor preclude CITY's termination right for successive breach of the same condition.

ii. Notwithstanding the above, CONTRACTOR shall not be relieved of liability to CITY for damages sustained by CITY by virtue of any breach of this Agreement and CITY shall recover from CONTRACTOR any funds disbursed to CONTRACTOR which have not been used or contracted with a third-party for the Project.

iii. In addition to the above provisions, the City shall have the right to terminate this Agreement at any time upon a finding by ordinance that CONTRACTOR's activities, programs or operations no longer are in the best interest of the City of San Antonio.

I. Should this Agreement be terminated by either party for any reason and the Project, as defined below, is not fully completed as stated in Section II of this Agreement as determined solely by CITY after consultation with CONTRACTOR, CONTRACTOR shall then refund any and all sums of money paid by CITY to CONTRACTOR that are not obligated in a legally binding contract entered into by CONTRACTOR prior to the City's notice to terminate, in accordance with the terms of this Agreement, within thirty (30) working days of CITY's written request thereof.

J. Except as otherwise provided for pursuant to the provisions hereof, this Agreement shall

begin on October 1, 2022 and shall terminate on September 30, 2023.

K. CONTRACTOR shall establish and use internal accounting and administrative controls to preclude theft, embezzlement, improper inducement, obstruction of investigation or other criminal action and to prevent frauds and program abuse.

L. RESERVED.

M. CONTRACTOR is required to publicly acknowledge that the City of San Antonio has provided financial support for the Project.

N. CONTRACTOR acknowledges that this Agreement cannot be assigned without the express written consent of CITY.

O. CONTRACTOR shall not use funds from this Agreement for purposes other than those listed in Section II of this Agreement without prior written consent of the City's Responsible Department, which is herein defined as the City's Human Resources Department. Specifically, funds from this contract shall not be used for costs associated with environmental clean-up, disposing of environmentally hazardous material or soil, or litigation costs from such causes of action.

II. PROJECT MANAGEMENT

A. CONTRACTOR shall undertake the Upgrade Initiative as fully described in Exhibit A to this Agreement.

B. CONTRACTOR shall be solely responsible for establishing an office and meeting space for the Project, and for equipment and supply costs associated with managing the Project. The Parties acknowledge that these costs may be provided by a Third-party at no cost to CITY.

C. CONTRACTOR shall maintain all records associated with the Project and shall make such records available for inspection and audit for a period of four (4) years after the termination date hereof. However, if during the course of this four-year period, an audit or investigation of the CONTRACTOR begins, then CONTRACTOR is required to maintain said records until such time as the audit or investigation is completely finished.

D. CONTRACTOR agrees that during the term of this Agreement, any duly authorized representative of CITY's RESPONSIBLE DEPARTMENT shall have the right to conduct on-site inspections at reasonable times and to interview personnel and clients for the purposes of evaluating and monitoring the Project for compliance with this Agreement.

E. No funds received hereunder shall be involved, directly or indirectly, in the construction, operation or maintenance of such part of any facility as is used or will be used for sectarian instruction or activity or as a place of religious worship.

C. CONTRACTOR shall establish a separate account as a depository for receipt and expenditure of all funds provided hereunder. A separate account shall be maintained for the combined projects to assure separation of funds, unless otherwise approved by the CITY's RESPONSIBLE DEPARTMENT.

D. A statement of expenditures must be submitted by CONTRACTOR within thirty (30) days of said activity; such statement is subject to audit verification.

IV. INDEMNIFICATION

TO THE EXTENT PERMITTED BY LAW, CONTRACTOR covenants and agrees to FULLY INDEMNIFY and HOLD HARMLESS, the CITY and the elected officials, employees, officers, directors, and representatives of the CITY, individually or collectively, from and against any and all costs, claims, liens, damages, losses, expenses, fees, fines, penalties, proceedings, actions, demands, causes of action, liability and suits of any kind and nature, including but not limited to, personal injury or death and property damage, made upon the CITY, directly or indirectly arising out of, resulting from or related to CONTRACTOR's activities under this AGREEMENT, including any negligent acts or omissions of CONTRACTOR, any agent, officer, director, representative or employee of CONTRACTOR while in the exercise or performance of the rights or duties under this AGREEMENT, all without, however, waiving any governmental immunity available to the CITY under Texas Law and without waiving any defenses of the parties under Texas Law. The provisions of this INDEMNITY are solely for the benefit of the parties hereto and not intended to create or grant any rights, contractual or otherwise, to any other person or entity. CONTRACTOR shall promptly advise the CITY in writing of any claim or demand against the CITY or CONTRACTOR known to CONTRACTOR related to or arising out of CONTRACTOR's activities under this AGREEMENT and shall see to the investigation and defense of such claim or demand at CONTRACTOR's cost. CONTRACTOR will, by separate contract or lease restrictions, require any of its subcontractors, consultants and/or future commercial tenants to indemnify the CITY against the consequences of any of said subcontractor's, consultant's and/or future commercial tenant's negligent actions or omissions.

It is the EXPRESS INTENT of the parties to this AGREEMENT, that to the extent allowed by law, the hold harmless clause provided for in Article IV, is a protection extended by CONTRACTOR to PROTECT AND HOLD HARMLESS the INDEMNITEES FROM THE CONSEQUENCES OF THEIR OWN NEGLIGENCE, provided however, it SHALL APPLY only when the NEGLIGENT ACT of the Indemnatee(s) is a CONTRIBUTORY CAUSE of the resultant injury, death, or damage, and shall have no application when the negligent act of the Indemnatee(s) is the sole cause of the resultant injury, death, or damage. CONTRACTOR further AGREES TO DEFEND, AT ITS OWN EXPENSE, and ON BEHALF OF THE INDEMNITEES AND IN THE NAME OF INDEMNITEES, any claim or litigation brought against the INDEMNITEES and their agents, elected officials, employees, officers, directors and representatives in connection with any such injury, death or damage for which this hold harmless protection shall apply, as set forth above.

EXHIBIT A: UPGRADE INITIATIVE

San Antonio Education Partnership (SAEP), as contractor to the City, agrees to provide the services described below:

SAEP agrees to provide a job position titled Program Director. The Director will provide Upgrade services accessible to the entire San Antonio community. The Director will also be responsible for Upgrade operational duties to include growing and sustaining the Upgrade program in San Antonio. The Director will be evaluated by the Director of the San Antonio Education Partnership.

SAEP agrees to provide a job position titled Lead Advisor – Upgrade Program that will be provided in part, for the benefit of City of San Antonio employees as coordinated by the City of San Antonio Human Resources department. Funding of the job position will be shared by both SAEP and the City of San Antonio, with SAEP funding 30% and the City of San Antonio funding 70%.

Upgrade San Antonio, a program of the San Antonio Education Partnership located at Café College, is pleased to offer the following services to help adult learners meet their educational goals of completing a degree or a certificate.

The total cost of the program to City of San Antonio Human Resources Department is \$60,000 and shall be in effect from October 1, 2022 through September 30, 2023.

City of San Antonio Employee Initiative

Upgrade will provide:

- A bundled package of college advising, enrollment and success services that leverages benefits available to employees through their human resources packages.
- 1-2 workshops, hosted either virtually or at a location chosen by the employer, per month. All efforts will be made to ensure the safety of all parties involved. Workshops will be facilitated by experts within their respective fields from Upgrade's consortium of universities. Upgrade will work with the Human Resources liaison to outreach to potential participants and to organize and promote onsite and online activities related to the goals stated herein.
- Upgrade management will provide a Lead Advisor to the City of San Antonio. Upgrade management will provide oversight of the Lead Advisor and the program and will submit quarterly company-specific reports. Either virtual or in-person updates will be provided quarterly.
- Upgrade Lead Advisor will have virtual or in-person monthly meetings with HR contact and Program Director. Lead Advisor and Program Director will provide a quarterly update to Department of Economic Development and Human Resources.

- Lead Advisor will provide advising dedicated to the City of San Antonio employees, either through virtual platforms or at the company's multiple locations. The Lead Advisor will also communicate with participating employees through email, phone, teleconferencing, and office hours at cafécollege, located at 131 El Paso Street.
- Upgrade will outreach to new employees at Employee New Experience every other month, as permitted by safety protocols, providing program materials and a 5-10 minute introduction to Upgrade.
- Upgrade will not be liable for any failure of or delay in the performance of this contract for the period that such failure or delay is
 - beyond the reasonable control of the program,
 - materially affects the performance of any of its obligations under this agreement, and
 - could not reasonably have been foreseen or provided against.

Upgrade (along with college personnel) will provide the onsite support and expertise to ensure that these activities are easy and effective for participating employees/adult learners, as follows:

Pre-enrollment Advising

- Upgrade will provide one (1) advisor October 1, 2022 to September 30, 2023 on a schedule developed in coordination with the City of San Antonio Human Resources department, to provide initial and ongoing individual advising sessions for the identified participants. Lead Advisor will provide pre-enrollment advising via appointment (preferred), either via teleconferencing, at employer site(s) or at café college. (No sessions will be provided the week between Christmas and New Year's and during regularly scheduled city/café college holidays. An Upgrade Advisor will also be available during regular business hours to the participating associates via phone, email, teleconferencing, or at the café college location, and non-business hours can be scheduled based on need.
- The employer will provide the Lead Advisor with access to an onsite office or cubicle with privacy measures, a desk and two chairs, and an electric outlet accommodating at least two plugs, for individual advising sessions and for storing program materials for the on-site scheduled advising days (optional).
- Upgrade Lead Advisor will provide their own laptop computers.
- Upgrade will provide brochures and flyers and printed materials as necessary.
- A 30-60 minute initial advising session is designed to collect and provide important information and establishes a personal connection between the adult learner and the Lead Advisor. Trust is a critical factor in the advising relationship; a good advising relationship is directly linked to student success in college. Pre-enrollment advising sessions focus on exploring barriers and identifying strategies to counter them, forming

a customized degree completion plan, reviewing credit accumulation and exploring testing and prior learning portfolio options for maximizing the number of credits for transfer, optimizing human resource benefits such as but not limited to tuition reimbursement, and collecting and submitting academic and financial aid documents.

- After the initial advising session, the Lead Advisor will continue to work with each of the identified associate program participants as needed. Ongoing advising is tailored to the need and progress of each adult learner. Upgrade's evidence-based benchmarks and indicators help Lead Advisor calculate and monitor barrier removal, intensity, and speed of progress. On average, Comebackers require 8 hours of advising in their first year, most of it in the pre-enrollment phase and 5 hours in subsequent years to support retention/persistence. Upgrade will make a good faith effort to get newly participating associates re-enrolled within 2-4 months from the start date.
- Allowing associates time for accessing Upgrade's advising services. Upgrade would appreciate consideration in allowing associates to schedule advising sessions throughout the working day. Upgrade Lead Advisor will work with management to track, limit, or reduce the number of associate work hours spent on advising, shifting associates to other hours and increased email/phone communication as soon as possible after the initial session.
- Advisor will become familiar with job families within the City of San Antonio, in order to best advise students.

Workshops

- 1-2 workshops per month will be delivered throughout the year, either in-person or virtual. All efforts will be made to ensure the safety of all parties involved.
- Workshops may be delivered by an Upgrade, café college, or affiliated college staff member. If the latter, Upgrade guarantees the quality and college-neutrality of the content and delivery.
- Workshop participation is capped at 100 to ensure participants have a chance to ask questions and participate.

Retention and Persistence

After enrollment, Upgrade Lead Advisor stay in touch with the individual until graduation, to help solve issues that are outside the scope of college advisors, review choices, provide reminders of upcoming deadlines, help sustain momentum during difficult periods, to cheerlead, and for early identification of potential derailing behaviors or difficulties.

- Ongoing access to the Lead Advisor. After enrollment, the Upgrade Lead Advisor will

continue to work with program participants. Ongoing advising is tailored to the need and progress of each associate. Upgrade's evidence-based benchmarks and indicators help Lead Advisor calculate and monitor barrier removal, intensity, and speed of progress. Upgrade's retention advising complements the college's own retention and student services, augmenting the college's services in areas that universities do not often provide services, such as stress management. Lead Advisor is fluent and current with Upgrade partner college structures, offices, deadlines, and policies and serve as expert guides and connectors even for students who are making good independent progress toward their degrees.

- The Lead Advisor will actively seek out participating associates at recommended intervals and critical junctures in their degree completion program.
- The associates participating in the program may initiate an advising session at any time.
- The Lead Advisor will be present onsite at the employer one day a week for advising sessions with the associates, as permitted by safety protocols. The same dedicated advisor will also be available (during established work hours) to these participating associates via phone, email, teleconferencing, or in person.
- It is important to allow associates time for accessing Upgrade's advising services. Upgrade Lead Advisor will work with management to track, limit, or reduce the number of associate work hours spent on advising, shifting associates to other hours and increased email/phone communication as soon as possible after the initial session.

Through this process, Upgrade-assisted students have good retention rates in college and follow the shortest path to degree completion. On average, this is a three-year process for an adult working full time.

Metrics

Upgrade management will work with the employer liaison to set annual program metrics, including determining the desired number of participants, but specifically about optimizing their success and measuring progress toward degree completion. Potential metrics include:

- Associates Served: The most basic area of measurement.
- Total Number of Workshops Held and Time Required: Demonstration of hours committed and learning experiences offered; qualitative assessments of workshops from participants.
- Credit Received: All employees that receive prior learning assessment credit, or bundle past coursework into approved transfer credit, will be recorded to demonstrate these improvements.
- Financial Assistance: Upgrade will document to the extent costs can be minimized for the employee through financial aid, scholarships, tuition reimbursement and other benefits.

- Persistence and Completion: As the partnership expands, Upgrade will have the ability to capture the number of employees that persist, achieve key milestones and complete a degree or certificate.
- Retention and Training: While Upgrade will have limited (if any) access to this information, this will be a critical piece of information to work to obtain in partnership with human resources so as to determine the benefit of participation to employee job satisfaction. It will also be important to document any wage or position improvements resulting from degree attainment.

DELIVERABLES

- Management liaison to the project.
- Support developing a schedule of dedicated hours for virtual/on-site advising and informing employees of the opportunity.
- Support for signage indicating Upgrade's presence, including space for stand-up signs (to be supplied by Upgrade), brochures and flyers in a central location accessible to employees.
- Advertising/location for virtual/in-person workshops with accommodations for up to 100 participants and laptop hook up and projector/screen.
- Location for Upgrade advising (to include one station/desk, with two chairs and an electric outlet that can accommodate up to three plugs.)
- Access to a computer lab with internet accessibility for a minimum of 10 employees.
- Access to a copy machine or someone who would be able to make copies.
- Location for Employee Education Fair and New Employee Experience.
- One-hour quarterly progress meetings with Upgrade management, Department of Economic Development and Department of Human Resources.

COUNTY OF BEXAR	§	OF THE CITY OF SAN ANTONIO

This Agreement to Use Economic Development Program Funds of the City of San Antonio (the "Agreement") is entered into by and between BIOMED SA, (hereinafter referred to as "GRANTEE"), a not-for-profit corporation which is a tax-exempt organization as described in Section 501(c)(3) of the Internal Revenue Code, and the CITY OF SAN ANTONIO, a home-rule municipality, situated within Bexar County, Texas (hereinafter called "CITY"), acting by and through its City Manager or designee, pursuant to City Ordinance No. _____ passed and approved on _____ (collectively, the "Parties") and pursuant to Chapter 380.002 of the Texas Local Government Code.

RECITALS

WHEREAS, the healthcare and bioscience industry is among the largest industries in San Antonio and industry analysts have forecast substantial economic returns from medical and biotechnological innovations; and

WHEREAS, in recognition of the economic opportunities afforded by the industry, the Economic Development Council of the Greater San Antonio Chamber of Commerce established BIOMED SA ("GRANTEE") to facilitate the industry's growth in the region and to heighten awareness in the industry of the unique assets present within San Antonio; and

WHEREAS, GRANTEE, by accomplishing the aforementioned goals, reduces the burdens of the CITY by undertaking such activities that would otherwise be undertaken by the CITY; and

WHEREAS, GRANTEE has requested that the CITY contribute \$100,000.00 to the organization and has made similar requests to Bexar County, CPS Energy, and private entities for its continued operation; and

WHEREAS, CITY created an Economic Development Program, which includes the granting and loaning of public funds, as authorized under Texas Local Government Code §380.001 for the public purposes of developing and diversifying the economy, increasing employment, and expanding commerce and has determined that the efforts of GRANTEE significantly accomplish such a public purpose; and

NOW THEREFORE, the Parties agree as follows:

ARTICLE I. PURPOSE

1.01 The purpose of this Agreement is to establish the terms and conditions of a transfer and grant of public money from CITY to GRANTEE to be used to lessen the burdens of the

CITY by assuming in part its obligations to develop and diversify the San Antonio regional economy and the Texas economy, through the operations of GRANTEE.

- 1.02 GRANTEE understands and agrees that this Agreement is subject to mutual termination in compliance with Article XVIII of this Agreement.
- 1.03 GRANTEE understands and agrees that the goals and performance measures in this Agreement may be revised and updated by and at the discretion of the Director of the Economic Development Department of the City of San Antonio ("EDD Director") to further the intent of this Agreement. Therefore, GRANTEE agrees that, at such time as any revisions are so made during the Term hereof, this Agreement will be amended to include such revisions. In the event GRANTEE does not agree to any changes, GRANTEE shall have the option of terminating this Agreement by giving thirty (30) days written notice to CITY in compliance with Article XVIII Termination of this Agreement. GRANTEE shall have the right to exercise such option within thirty (30) days of receipt of notice of any such revisions.
- 1.04 GRANTEE understands and agrees that this Agreement is subject to a general reduction in funding by the City Council of CITY. Should CITY implement a reduction in General Fund expenditures, then agreements funded by CITY's General Fund, including this Agreement, may, at CITY's option, be reduced in a like manner. CITY will attempt to provide GRANTEE with as much advance notice of a potential funding reduction as is possible to allow GRANTEE to make budget adjustments.
- 1.05 In no event shall CITY be liable for any expense of GRANTEE not eligible or allowable hereunder. CITY, in its sole discretion, will determine the eligibility of expenditures.
- 1.06 GRANTEE covenants and agrees that he or she is an independent contractor and not an officer, agent, servant or employee of City; that GRANTEE shall have exclusive control of, and exclusive right to control, the details of the work performed hereunder and all persons performing same, and shall be responsible for the acts and omissions of its officers, agents, employees, contractors, subcontractors and consultants; that the doctrine of respondeat superior shall not apply as between City and GRANTEE, its officers, agents, employees, contractors, subcontractors and consultants; and nothing herein shall be construed as creating the relationship of employer-employee, principal-agent, partners or joint ventures between City and GRANTEE. The Parties hereto understand and agree that the City shall not be liable for any claims which may be asserted by any third party occurring in connection with the services to be performed by the GRANTEE under this Agreement and that the GRANTEE has no authority to bind the City.

ARTICLE II. TERM, AUTHORITY, LITIGATION AND ACCOUNT

- 2.01 The Term of this Agreement shall be for one year, performable upon execution of the Agreement, effective October 1, 2022 through September 30, 2023.

- 2.02 The City Manager designates the EDD Director or her designee as administrator of this Agreement. The City Manager may designate a new administrative entity by giving GRANTEE notice thereof, pursuant to Article XIX Notice. GRANTEE shall report directly to the EDD Director or her designee. Director shall modify the goals and performance measures of this Agreement as necessary to further the intent of the Agreement.
- 2.03 Pursuant to City Ordinance No. _____, passed and approved on _____. CITY agrees to transfer, in accordance with the terms and conditions of this Agreement, a cumulative total of ONE HUNDRED THOUSAND DOLLARS AND 00 CENTS (\$100,000.00) to GRANTEE pursuant to the terms of this Agreement. These funds shall be deposited in an account separate from all other GRANTEE funds and shall not be commingled with any other account(s) of GRANTEE. Together with any and all interest earned subsequent to these deposits and/or investment income and/or any other source of revenue from these funds, the funds, for the purposes of this Agreement, shall be known as the "GRANT." The GRANT shall be used by GRANTEE only for the funding and partial funding of GRANTEE's operating expenses, including salaries.
- 2.04 Under no circumstances will the funds received under this AGREEMENT, or any other funds received from CITY be used, either directly or indirectly, to pay costs or attorney fees incurred in any adversarial proceeding, including proceedings against the CITY. Furthermore, GRANTEE must obtain the written approval of the City Attorney's Office before any funds received under this AGREEMENT may be used in any adversarial proceeding.
- 2.05 During the Term of this AGREEMENT, if GRANTEE files and/or pursues an adversarial proceeding against the CITY then, at the CITY's option, this AGREEMENT and all access to the funding provided for hereunder may be terminated by City in City's sole discretion. GRANTEE, at the CITY's option, could be ineligible for consideration to receive any future funding while any adversarial proceedings against the CITY remain unresolved.
- 2.06 For purposes of this Article, "adversarial proceedings" include any cause of action filed by the GRANTEE in any state or federal court, as well as any state or federal administrative hearing.

ARTICLE III. CONSIDERATION AND SCOPE OF SERVICES

- 3.1 GRANTEE agrees to provide the services described in Exhibit A, entitled "Scope of Services," to this Agreement, attached hereto and made a part of this Agreement, in exchange for the compensation described in Article II.
- 3.2 All work performed by GRANTEE hereunder shall be performed to the satisfaction of CITY. The determination made by CITY shall be final, binding, and conclusive on all Parties hereto. CITY shall be under no obligation to pay for any work performed by GRANTEE, which is not satisfactory to CITY. CITY shall have the right to terminate this Agreement, in whole or in part, should GRANTEE's work not be satisfactory to CITY;

however, CITY shall have no obligation to terminate and may withhold payment for any unsatisfactory work.

- 3.3 On or before October 30, 2022, City and GRANTEE shall finalize Exhibit A outlining the milestones to be achieved and procedures to be utilized to deliver the Services during the Term of this agreement. The City and GRANTEE shall work jointly to finalize the Exhibit A and after approval by each respective Director, Exhibit A shall become incorporated into this Agreement.

ARTICLE IV. COMPLIANCE

- 4.01 City's Economic Development Department is assigned monitoring responsibility for this Agreement.

- A. GRANTEE shall provide CITY's staff, including internal auditors, Equal Employment Office officers and other persons as designated by CITY, such as independent public accountants and representatives of the federal government, access during regular business hours, as deemed necessary by CITY for the purposes of auditing, monitoring, evaluating, coordinating, investigating and making excerpts and/or copies of any and all of GRANTEE's books, records and files on the objectives covered by this Agreement.
- B. An accounting system using generally accepted accounting principles for governmental entities which accurately reflects all costs chargeable (paid and unpaid) to this AGREEMENT is mandatory. GRANTEE understands that CITY may require any and all books, records and files of GRANTEE necessary to ensure GRANTEE's compliance and use of generally accepted governmental accounting principles.
- C. All such records shall continue to be available for inspection and audit for a period of three (3) years after the termination date of this Agreement. However, if during the course of this three-year period, an audit or investigation of the GRANTEE begins, then GRANTEE is required to maintain said records until such time as the audit or investigation is completely finished, plus three (3) years thereafter.
- D. GRANTEE agrees that during the Term of this Agreement, any duly authorized representative of CITY's Economic Development Department shall have the right to conduct on-site inspections at reasonable times and to interview personnel and clients for the purposes of evaluating and monitoring the objectives for compliance with this Agreement.
- E. Should any expense or charge that has been paid with funds from this AGREEMENT be subsequently disapproved or disallowed as a result of any site review or audit, GRANTEE shall immediately refund such amount to CITY. GRANTEE further authorizes CITY, if CITY so elects, to deduct such amount or charge as a claim

against future payments. The CITY's Economic Development Department has the express authority to deduct such claims from subsequent reimbursements.

- F. The submission of falsified information or the failure to timely submit all information by GRANTEE as requested by CITY is grounds for termination of this Agreement.
 - G. GRANTEE agrees to provide CITY with the names and license registration of any and all contracting agency employees regulated by State law whose activities contribute toward, coordinate with, or facilitate the performance of this Agreement.
 - H. GRANTEE shall establish and use internal accounting and administrative controls to preclude theft, embezzlement, improper inducement, and obstruction of investigation or other criminal action and to prevent frauds and abuse of funds.
- 4.02. GRANTEE agrees to establish internal procedures that ensure employees funded or partially funded by this Agreement have an established complaint and grievance policy.
- A. Such grievance policy shall include procedures to receive, investigate and resolve complaints and grievances in an expeditious manner.
 - B. In the event no complaint and grievance policy has been established, GRANTEE shall follow the procedures outlined in the City of San Antonio Municipal Civil Service rules for employees funded or partially funded by this Agreement.
- 4.03 GRANTEE agrees to comply with and require compliance by any and all contractors and professional consultants performing work in connection with any procurement of product, infrastructure or service that will be paid for out of the GRANT, all federal, state and local laws, rules and regulations including, but not limited to, the Fair Labor Standards Act, the Equal Pay Act and the Equal Employment Opportunity Act, all as amended and as applicable.
- 4.04 GRANTEE understands and agrees that GRANTEE is required to refund money, in accordance with Chapter 2264 of the Texas Government Code, that GRANTEE has received from CITY through this Agreement, in the event of GRANTEE's conviction of knowingly employing an undocumented worker, with repayment required within six months of final conviction. Interest shall accrue at the rate of .5% per month until the time of such repayment from the date of final conviction.
- 4.05 As a condition of entering into this Agreement, GRANTEE represents and warrants that it has complied with, and will continue to comply with, the CITY's Commercial Nondiscrimination Policy, as described under Section III. C. 1. of CITY's SBEDA Ordinance. As part of such compliance, GRANTEE shall not discriminate on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation, or on the basis of disability or any other unlawful forms of discrimination in the solicitation, selection, hiring or commercial treatment of subcontractors, vendors, suppliers or commercial customers, nor shall GRANTEE retaliate against any person for reporting

instances of such discrimination. GRANTEE shall provide equal opportunity for subcontractors, vendors and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that nothing contained in this clause shall prohibit or limit otherwise lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the CITY's Relevant Marketplace. GRANTEE understands and agrees that a material violation of this clause shall be considered a material breach of this Agreement and may result in termination of this Agreement, disqualification of GRANTEE from participating in CITY contracts, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third party. GRANTEE shall incorporate this clause into each of its subcontractor and supplier agreements entered into pursuant to CITY contracts.

- 4.06 Non-Discrimination. As a party to this Agreement, GRANTEE understands and agrees to comply with the Non-Discrimination Policy of the City of San Antonio contained in Chapter 2, Article X. of the City Code and further, shall not discriminate on the basis of race, color, religion, national origin, sex, sexual orientation, gender identity, veteran status, age or disability, unless exempted by state or federal law, or as otherwise established herein.
- 4.07 Insofar as practical, in carrying out the terms of this Agreement, GRANTEE shall use a good faith effort to use the employment and training programs of CITY.
- 4.08 GRANTEE will complete and submit CITY's Ethic's Disclosure Form prior to GRANTEE'S receipt of any Grant funds.
- 4.09 GRANTEE agrees that CITY may carry out monitoring and evaluation of activities to ensure GRANTEE'S compliance with this Agreement.

ARTICLE V. RECORDS, REPORTS AND AUDIT RIGHTS

- 5.01 GRANTEE shall maintain, in its San Antonio offices, all books and financial records in accordance with generally-accepted accounting principles for governmental entities and as may be reasonably prescribed by CITY's Chief Financial Officer, which reflect all expenditures made from the GRANT, including work by subcontractors. Such books and financial records, together with any other documentation necessary for verification of GRANTEE'S compliance with the terms of this Agreement, shall be made available to CITY on request through the EDD Director or the City Auditor or their representatives. CITY shall have the authority to audit, examine and make excerpts or transcripts from said books, records and documentation regarding all expenditures related to this Agreement. GRANTEE'S record system shall contain sufficient documentation to provide full support and justification for each expenditure made from GRANT funds. CITY's Auditor or his designee may review and approve GRANTEE'S system of internal accounting and administrative controls at any time during the term of this Agreement to assure compliance by GRANTEE.

- 5.02 GRANTEE shall submit to CITY's EDD Director, on a semi-annual basis, the Consolidated Balance Sheet, Statement of Support and Revenue, Statement of Changes in Financial Position of the GRANTEE and a line-item Summary of Expenditures paid from GRANT funds. These reports shall be prepared by the 30th of the month following the end of the reporting quarter. Additionally, GRANTEE agrees to allow CITY to review all books and financial reports of GRANTEE pertaining to the GRANT funds on an annual basis.
- 5.03 GRANTEE shall submit to CITY's EDD Director and CITY Auditor, on an annual basis, a financial statement audited by an independent certified public accountant in accordance with generally accepted auditing standards for governmental entities within one hundred and twenty (120) days of GRANTEE'S fiscal year end. The audited financial statement shall include a detailed schedule of receipts and expenditures of GRANT funds by budgeted cost category. It is imperative any auditor performing an audit of GRANTEE read the entire Agreement, including all attachments, if any, between the CITY and GRANTEE, since the budget and financial compliance of the Agreement is only a portion of the total contractual obligation. GRANTEE shall submit the audited financial statements and any management letter prepared by the independent CPA to both the Economic Development Department, P.O. Box 839966, San Antonio, Texas 78238-3966, and to the Office of the City Auditor, 111 Soledad, Suite 600, San Antonio, Texas, 78205.
- 5.04 During the term of this Agreement, GRANTEE shall cause to be delivered to CITY's EDD Director copies of all notices of meetings of its Board of Directors, setting forth the time and place thereof. Such notice shall be delivered to CITY in a timely manner to give adequate notice and shall include an agenda and a brief description of the matters to be discussed. GRANTEE understands and agrees that CITY shall have a representative on the Board of Directors, as outlined in its Bylaws.
- 5.05 GRANTEE understands that because the GRANT is of public money, information pertaining to the receipt and expenditure of said funds are subject to the Texas Public Information Act, Texas Government Code, Chapter 552.

ARTICLE VI. INSURANCE

- 6.01 Prior to the commencement of any work under this Professional Services Agreement, GRANTEE shall furnish copies of all required endorsements and completed Certificate(s) of Insurance to the City's Economic Development Department, which shall be clearly labeled "BioMed SA Insurance" in the Description of Operations block of the Certificate. The Certificate(s) shall be completed by an agent and signed by a person authorized by that insurer to bind coverage on its behalf. The City will not accept a Memorandum of Insurance or Binder as proof of insurance. The certificate(s) must be signed by the Authorized Representative of the carrier and list the agent's signature and phone number. The certificate shall be mailed, with copies of all applicable endorsements, directly from the insurer's authorized representative to the City. The City shall have no duty to pay or perform under this Agreement until such certificate and endorsements have been received

and approved by the City's Economic Development Department. No officer or employee, other than the City's Risk Manager, shall have authority to waive this requirement.

- 6.02 The City reserves the right to review the insurance requirements of this Article during the effective period of this Agreement and any extension or renewal hereof and to modify insurance coverages and their limits when deemed necessary and prudent by City's Risk Manager based upon changes in statutory law, court decisions, or circumstances surrounding this Agreement. In no instance will City allow modification whereby City may incur increased risk.
- 6.03 A GRANTEE financial integrity is of interest to the City; therefore, subject to GRANTEE'S right to maintain reasonable deductibles in such amounts as are approved by the City, GRANTEE shall obtain and maintain in full force and effect for the duration of this Agreement, and any extension hereof, at GRANTEE'S sole expense, insurance coverage written on an occurrence basis, unless otherwise indicated, by companies authorized to do business in the State of Texas and with an A.M Best's rating of no less than A- (VII), in the following types and for an amount not less than the amount listed below:

<i>INSURANCE TYPE</i>	<i>LIMITS</i>
1. Workers' Compensation	Statutory
2. Employers' Liability	\$1,000,000/\$1,000,000/\$1,000,000

- 6.04 As they apply to the limits required by the City, the City shall be entitled, upon request and without expense, to receive copies of the policies, declaration page, and all required endorsements. GRANTEE shall be required to comply with any such requests and shall submit requested documents to City at the address provided below within 10 days. GRANTEE shall pay any costs incurred resulting from provision of said documents.

City of San Antonio
 Attn: Economic Development Department

- 6.05 GRANTEE agrees that with respect to the above required insurance, all insurance policies are to contain or be endorsed to contain the following provisions:
- Name the City, its officers, officials, employees, volunteers, and elected representatives as additional insureds by endorsement, as respects operations and activities of, or on behalf of, the named insured performed under contract with the City, with the exception of the workers' compensation and professional liability policies;
 - Provide for an endorsement that the "other insurance" clause shall not apply to the City of San Antonio where the City is an additional insured shown on the policy;

- Workers' compensation, employers' liability, general liability and automobile liability policies will provide a waiver of subrogation in favor of the City.
 - Provide advance written notice directly to City of any suspension or non-renewal in coverage, and not less than ten (10) calendar days advance notice for nonpayment of premium.
- 6.06 Within five (5) calendar days of a suspension, cancellation or non-renewal of coverage, Contractor shall provide a replacement Certificate of Insurance and applicable endorsements to City. City shall have the option to suspend GRANTEE'S performance should there be a lapse in coverage at any time during this contract. Failure to provide and to maintain the required insurance shall constitute a material breach of this Agreement.
- 6.07 In addition to any other remedies the City may have upon GRANTEE'S failure to provide and maintain any insurance or policy endorsements to the extent and within the time herein required, the City shall have the right to order GRANTEE to stop work hereunder, and/or withhold any payment(s) which become due to Contract hereunder until GRANTEE demonstrates compliance with the requirements hereof.
- 6.08 Nothing herein contained shall be construed as limiting in any way the extent to which GRANTEE may be held responsible for payments of damages to persons or property resulting from GRANTEE'S or its subcontractors' performance of the work covered under this Agreement.
- 6.09 It is agreed that GRANTEE'S insurance shall be deemed primary and non-contributory with respect to any insurance or self-insurance carried by the City of San Antonio for liability arising out of operations under this Agreement.
- 6.10 It is understood and agreed that the insurance required is in addition to and separate from any other obligation contained in this Agreement and that no claim or action by or on behalf of the City shall be limited to insurance coverage provided.

ARTICLE VII. CONSTRUCTION PROVISIONS

It is not anticipated that construction or infrastructure activities will be undertaken. However, to the extent that they are, the following provisions shall apply:

- 7.01 If infrastructure changes or other construction is to be undertaken with GRANT money, then GRANTEE, or its contractors and subcontractors shall provide payment, performance and subdivision bonds, or such other similar cash equivalent or letter of credit, provided same is approved by the City Attorney and the Chief Financial Officer, that names CITY as Obligee and shall submit proof of same to CITY, before any GRANT-funded infrastructure work commences.

- 7.02 By subsequent written agreement, GRANTEE, by Board resolution, and CITY, after approval by the City's Director of Public Works and the City Attorney, may agree to hold one or more federally insured certificates of deposit or U.S. Treasury securities to guarantee subdivision work. Without further approval or authorization of the City Council, the City Manager of CITY is hereby authorized to execute any such agreement, and CITY and the City Planning Commission may accept such agreement in lieu of the subdivision performance bond normally required. Provided, however, that any agreement reached pursuant to this section must be attached to this Agreement as a separate appendix, and shall be included as part of the official, public records of the City Clerk. Provided further, that any such agreement shall be valid only if CITY retains the securities set aside in lieu of the subdivision bond. In case of default by GRANTEE on subdivision work, it is also provided that first use of the set-aside funds and interest/investment earnings shall be for performance of the subdivision work by CITY in any legal manner as CITY may choose.
- 7.03 Compliance with the Davis-Bacon and the Copeland Anti-Kickback Acts shall be required, when and if GRANT funds are spent on infrastructure work, as if this infrastructure work were financed in whole or part by loans or grants from the United States.
- 7.04 GRANTEE shall promptly pay when due all taxes, license fees, permit fees, debts and obligations incurred by GRANTEE in connection with infrastructure activities or capital improvement activities, if any, to the extent that such taxes and fees are not waived by applicable governmental entities or agencies. GRANTEE shall be responsible for its contractors and subcontractors with regard to securing any fees and paying any taxes, debts or obligations incurred by said contractor or subcontractor.
- 7.05 If infrastructure projects are to be constructed, GRANTEE shall submit all designs including all drawings, plans, specifications and estimated costs for infrastructure development or capital improvements to be paid from GRANT funds before procuring construction of same. CITY'S approval may be withheld if the proposed infrastructure or capital improvement design and construction fail to comply with applicable codes, standards and specifications.

ARTICLE VIII. INDEMNIFICATION

- 8.01 **GRANTEE covenants and agrees to FULLY INDEMNIFY, DEFEND and HOLD HARMLESS, the CITY and the elected officials, employees, officers, directors, volunteers and representatives of the CITY, individually and collectively, from and against any and all costs, claims, liens, damages, losses, expenses, fees, fines, penalties, proceedings, actions, demands, causes of action, liability and suits of any kind and nature, including but not limited to, personal or bodily injury, death and property damage, made upon the CITY directly or indirectly arising out of, resulting from or related to GRANTEE'S activities under this Agreement, including any acts or omissions of GRANTEE, any agent, officer, director, representative, employee, consultant or subcontractor of GRANTEE, and their respective officers, agents employees, directors and representatives while in the exercise of the rights**

or performance of the duties under this Agreement. The indemnity provided for in this paragraph shall not apply to any liability resulting from the negligence of CITY, its officers or employees, in instances where such negligence causes personal injury, death, or property damage. IN THE EVENT GRANTEE AND CITY ARE FOUND JOINTLY LIABLE BY A COURT OF COMPETENT JURISDICTION, LIABILITY SHALL BE APPORTIONED COMPARATIVELY IN ACCORDANCE WITH THE LAWS FOR THE STATE OF TEXAS, WITHOUT, HOWEVER, WAIVING ANY GOVERNMENTAL IMMUNITY AVAILABLE TO THE CITY UNDER TEXAS LAW AND WITHOUT WAIVING ANY DEFENSES OF THE PARTIES UNDER TEXAS LAW.

- 8.02 The provisions of this INDEMNITY are solely for the benefit of the Parties hereto and not intended to create or grant any rights, contractual or otherwise, to any other person or entity. GRANTEE shall advise the CITY in writing within 24 hours of any claim or demand against the CITY or GRANTEE known to GRANTEE related to or arising out of GRANTEE's activities under this AGREEMENT and shall see to the investigation and defense of such claim or demand at GRANTEE's cost. The CITY shall have the right, at its option and at its own expense, to participate in such defense without relieving GRANTEE of any of its obligations under this paragraph.
- 8.03 Defense Counsel - City shall have the right to select or to approve defense counsel to be retained by GRANTEE in fulfilling its obligation hereunder to defend and indemnify City, unless such right is expressly waived by City in writing. GRANTEE shall retain City-approved defense counsel within seven (7) business days of City's written notice that City is invoking its right to indemnification under this Agreement. If GRANTEE fails to retain Counsel within such time period, City shall have the right to retain defense counsel on its own behalf, and GRANTEE shall be liable for all costs incurred by City. City shall also have the right, at its option, to be represented by advisory counsel of its own selection and at its own expense, without waiving the foregoing.
- 8.04 Employee Litigation – In any and all claims against any party indemnified hereunder by any employee of GRANTEE, any subcontractor, anyone directly or indirectly employed by any of them or anyone whose acts any of them may be liable, the indemnification obligation herein provided shall not be limited in any way by any limitation on the amount or type of damages, compensation or benefits payable by or for GRANTEE or any subcontractor under worker's compensation or other employee benefit acts.

ARTICLE IX. PUBLIC ACKNOWLEDGEMENT AND POLITICAL ACTIVITIES

- 9.01 Public acknowledgement of CITY's contribution must be made when funds of CITY are utilized, and in all cases, when GRANTEE chooses to acknowledge other entities for contributions. Such acknowledgement may include CITY's recognized seal or other appropriate language. No reference to any individual shall be used.
- 9.02 No funds provided from or through CITY shall be contributed to or used for, in whole or in part, the conduct of political activities or the benefit of any candidate for elective public

office, partisan or non-partisan, nor shall the personnel involved in the administration of any CITY-funded grant or activity be assigned to work for or on behalf of any partisan or non-partisan political activity or candidate. This Section 9.02, including (A)(1 through 4) and (B)(1 through 3), shall be included in any contract or subcontract of GRANTEE:

A. The following is prohibited:

- 1) Working, or directing other staff to work, on any political activities on paid time.
- 2) The use of facilities or equipment, paid for in whole or in part with CITY funds, for political purposes. This includes space, office equipment and supplies, and telephones during agency time as well as after regular-duty hours.
The implicit or explicit coercion of staff to work on political activities on their own time.
The above statements shall not be construed to prohibit any person from exercising his rights as a citizen to express his opinion and to cast his vote.

B. In order to ensure the above, GRANTEE shall:

- 1) Provide every staff person with a statement of the above prohibition.
- 2) Include on that statement a paragraph that directs any staff person who has knowledge of violations or feels that he or she has been pressured to violate the above policy, to write or call and report the same to the Director of the Economic Development Department, City of San Antonio, P.O. Box 839966, San Antonio, Texas, 78283; 210-207-8080.
- 3) Have each employee sign the statement and include the same in GRANTEE's personnel files, as appropriate, with copies to CITY.

ARTICLE X. CONFLICT OF INTEREST

- 10.01 GRANTEE acknowledges that it is informed that the Charter of the City of San Antonio and its Ethics Code prohibit a CITY officer or employee, as those terms are defined in Section 2-52 of the City Code, from having a financial interest in any contract with CITY or any CITY agency such as CITY-owned utilities. Exhibit A FY 2023 Scope of Services

1. GRANTEE shall provide CITY's EDD Director with proper documentation verifying receipt of funding commitments from sources other than CITY, and semi-annual budget reports outlining cumulative contributions and expenditures (to include all sources of funding).
2. GRANTEE shall provide Mid-Year and End-of-Year reports on its activities on items 3a. through 3f. to the CITY's EDD Director and, upon request, to the City Council of CITY, its boards, committees and/or commissions.
 - a. Mid-Year Report shall be submitted no later than June 15, 2023.
 - b. End-of-Year Report shall be submitted no later than Oct. 31, 2023.
3. GRANTEE shall serve as an 'Industry Liaison' and lead life science industry resource for the community, and in such role, collaborate with the City, Greater: SATX, and other community economic development organizations, in support of the Strategic Initiatives publicized and presented as part of the Greater: SATX *Regional Economic Development Strategy* (July 2021), during the Term of this Agreement:
 - a. **JOBS:** GRANTEE shall develop private sector strategies and tactics that complement a cooperative, regional approach to industry growth, targeted corporate recruitment, collaboration with other cluster development efforts, and business retention and expansion.
 - i. **Identify market-driven gaps** in the life science industry and assist in the recruitment of companies to fill those gaps.
 - ii. **Support relocation prospects and international trade representatives** with detailed industry knowledge, expertise, and connections. Facilitate tours and meetings with specific industry niches that are particularly relevant to the specific prospects and representatives.
 - iii. **Military Medicine:** Enable companies to work with the military on medical advancements and research, by leveraging the military medicine foundations. Create marketing collateral for military medicine capabilities in order to facilitate growth of this sector, while marketing other capabilities (see PLACE section).
 - iv. **Support entrepreneurial funding** by hosting BioFest Invest (a local event designed to connect life science entrepreneurs with investors and educate entrepreneurs on various management and life science-specific topics). Establish relationships with state and national investors in order to foster their involvement in the region's start-up companies. Provide information on public and private life science funding opportunities and facilitate connections with investors.

Manage a SBIR/STTR grant proposal review board to mentor companies preparing SBIR/STTR grants, using local experience to boost the funding success rates of local companies.

These tactics are designed to increase funding and support of bioscience companies in the San Antonio region. While these tactics have a direct benefit of increasing

Exhibit A FY 2023 Scope of Services

jobs at companies in the region, entrepreneurial activity is also considered important by relocation prospects (PLACE).

- v. Communicate the action plan developed by the **Clinical Trial Taskforce** and pursue funding for full implementation. While this effort designed to increase jobs, it also contributes to prospect relocation and the health of the population, including health equity (PLACE).
 - vi. **Leverage industry relationships** to conduct 30 BRE meetings. Use the information gained to assist companies with their needs and submit a life science summary to SA Worx. These meetings serve to keep a pulse on industry trends in workforce, expansion, and needs. They also provide a touch point to provide assistance to companies and communicate City programs to assist them.
- b. **PEOPLE:** GRANTEE shall develop private sector strategies and tactics to complement the integration of new programs and partnerships that strengthen access to education and employment, in collaboration with the City, Greater: SATX, and other community economic development organizations
- i. **Complete design and distribute Life Science Career Packets** to encourage high school and adult job seekers to pursue industry-needed careers in life science. Most people select their careers based on information from their friends, family and neighbors. In many communities, this means that people don't know about the resilient and high-paying jobs available in the life science industry, because no one in their network is employed in these careers (or any careers). Therefore, BioMedSA will develop Life Science Career Packets, based on industry selected careers (including biomanufacturing), to promote careers needing additional workers across the entry spectrum (post H.S. to college graduate).
- The Life Science Career Packets will include job descriptions and salaries, career pathways, training requirements, where to get training locally, how to apply for training, and support resources (such as SA Ready to Work and Alamo Promise). Upon completion of the Life Science Career Packets, BioMedSA will print and distribute the Career Packets to high schools and the community, with a focus on under-represented and high poverty areas. The effort will leverage organizations with high community trust, such as Goodwill Industries, and Workforce Solutions Alamo to educate the staff in their 16 career centers.
- ii. **Host an online life science job board** with opportunities for life science jobs in the Alamo region.
- c. **PLACE:** GRANTEE shall develop private sector strategies and tactics to develop and promote the Alamo region brand recognition in life science, in collaboration with the City, Greater: SATX, and other community economic development organizations. Particularly, BioMedSA's focus will be on the bioscience industry and in the disease-specific research and development concentration areas in the San Antonio region (cancer, neurological disorders, infectious diseases, trauma/wound care). Increasing San Antonio's reputation in bioscience

Exhibit A FY 2023 Scope of Services

and specific disease areas can be used for prospect recruitment and ultimately, industry growth.

- i. **Develop, review, and update marketing messaging** for specific research and development concentration strength areas in the San Antonio region and overall bioscience.
- ii. **Market the life science sector** on the BioMedSA website and in social media. Provide marketing information to San Antonio industry leaders who are also national leaders in life science so that they can help spread the San Antonio life science story within their national connections. Industry market information will also be provided to the community-at-large to encourage national spread of information, as well as local messaging regarding San Antonio's life science strengths.
- iii. **Serve as the hub of the life science industry** by online hosting of: industry collaboration information (such as regional life science events, company news, and indexable company lists), highlighting/linking regional, industry-specific capabilities and expertise; and, highlighting/linking to relevant industry-agnostic community resources and information.
- iv. **Pursue legislative initiatives and regional partnerships** to advance the continued support of the local industry ecosystem at the regional, state, and federal levels.

AGENCY NAME

This Contract is entered into by and between the City of San Antonio (“City”), a Texas Municipal Corporation, acting by and through its Executive Director for Department of Arts and Culture pursuant to Ordinance No. **2022-09-____ - ____** dated September ____, 2022, and **Agency Name** (“Grantee”).

WITNESSETH:

WHEREAS, the Department of Arts and Culture is designated as the managing City department (“Department”) for the City; and

WHEREAS, City has provided certain funds from the Hotel Occupancy Tax Fund for the promotion of tourism and the convention and hotel industry through the encouragement, promotion, improvement, application and exhibition of the arts; and

WHEREAS, City has adopted a budget for expenditure of such funds, and included is an allocation of funds for a project(s) entitled **Operational Support** (“Project”); and

WHEREAS, City wishes to engage Grantee to carry out the Project(s); NOW THEREFORE:

The Parties agree as follows:

I. SCOPE OF WORK

- 1.1 Grantee will provide, oversee, administer, and carry out all activities and services in a manner satisfactory to City and in compliance with the Core Grants Guidelines, incorporated by reference, as well as the List of Allowable Costs, which is affixed and incorporated into this Contract as **Attachment I** and Grantee’s FY23 Grant Application, which is incorporated into this Contract by reference.

II. TERM

- 2.1 Except as otherwise provided for pursuant to its provisions, this Contract shall begin on **October 1, 2022** and shall terminate on **September 30, 2023**, except as provided for in this **Contract**.
- 2.2 Grantee understands that this Contract will terminate as provided in Section 2.1, or sooner as provided in Article XIII. The receipt of funds under this Contract does not guarantee Grantee funds in subsequent fiscal years.

- 2.3 Grantee understands that City will not disburse initial funds under this Contract until Grantee has submitted final report with metrics, all receivables required under the previous fiscal year's contract and City has approved said submittals. This does not excuse Grantee from complying with Section 8.8 requiring all documents and required deliverables be submitted within a period not to exceed ten (10) days from the termination date of the Contract.

III. CONSIDERATION

- 3.1 In consideration of contract obligations, under this Contract, City will pay Grantee for expenses incurred in accordance with the Allowable Costs that are identified as part of **Attachment I** to this Contract. It is specifically agreed that payment shall not exceed \$.00.
- 3.2 The funding level of this Contract is based on the allocation awarded to Department by the City of San Antonio. The allocation is based on an appropriation for the Operational Support and Department receipt of said allocation. The budget(s) to this Contract may be adjusted to correspond to the actual allocation awarded. Funds received under this Contract are from the City's Hotel Occupancy Tax collections. It is the understanding of the Parties that the amount set forth in Section 3.1 may be adjusted at any time to comply with Texas Tax Code Section 351.103(c) and other applicable laws and regulations, including the City of San Antonio City Council- approved Core Grants Guidelines.
- 3.3 Grantee understands and agrees that this is a contract to provide operational support for FY23, based on formulaic calculations and priorities outlined in the Core Grants Guidelines, the funding caps, and available funding. Investments are made based on a percentage of the Grantee's three-year average of net operating expenses from Grantee's 990 filing at the beginning of the three-year grant application cycle. Grantee further agrees to adhere to all requirements outlined in the Core Grants Guidelines.
- 3.4 Capacity Building. In addition to the total amount set forth in Section 3.1, City will utilize federal funds to reimburse Grantee up to \$.00 for eligible Capacity Building activities ("Eligible Expenditures"), as set forth in **Attachment II**. Only such Eligible Expenditures will be reimbursed from this \$.00. Grantee must spend the funds it seeks to have reimbursed no later than April 10, 2023 and must include receipts reflecting such Eligible Expenditures in its January and/or April reporting, as set forth in Section 4.2(b) of this Contract, and said Eligible Expenditures shall be reflected in Grantee's first or second quarter Quarterly Report. This Capacity Building funding is one-time and is not guaranteed in future years. Reimbursement for Eligible Expenditures is limited to the amount of Capacity Building funding provided under this Contract.

IV. PAYMENT

- 4.1 Prior to the payment of any funds under this Contract, and throughout the term of this Contract, Grantee shall be financially stable and operate in a fiscally responsible and prudent manner, as determined at the sole discretion of City. Grantee shall provide any records requested by City that City deems necessary to make such a determination.
- 4.2 (A) Grantee agrees that City's liability under this Contract is limited to making payments

for allowable costs incurred as a direct result of City-funded services provided by Grantee in accordance with the terms of this Contract (“Allowable Costs.”) Allowable Costs are defined as those costs which are necessary, reasonable and allowable under applicable Federal, State, and local law, for the proper administration and performance of the services to be provided under this Contract and as further defined in accordance with **Attachment I**. Funding provided under this Contract may be used for any or all of the Allowable Costs set forth in **Attachment I** and all requested payments must be consistent with the terms and provisions described in **Attachment I** of this Contract. In no event shall City be liable for any cost of Grantee not eligible for payment as defined within the Contract.

If such check(s) are not cashed within ninety (90) days from the date of issue, such checks shall be investigated by City and stop-payment orders issued, as applicable. Upon cancellation of any outstanding check, if deemed appropriate by City, Grantee may be reissued such check but, if deemed by City not to be a valid expense, such check shall be immediately returned to City.

Said interpretation shall become the final governing authority to dispute resolution and shall be appropriately conveyed to the Parties.

VII. AUDIT

- 7.1 If Grantee expends over \$250,000.00 of City dollars, then during the term of this Contract, Grantee is required to complete an independent audit of its financial statements and utilize the audited information to complete its Cultural Data Profile. Grantee understands and agrees to furnish Department a copy of the audit report if requested by the City. Grantees whose total operating budget is less than \$1,000,000 may provide a review by a Certified Public Accountant in lieu of an audit.
- 7.2 Grantee agrees and understands that upon notification from federal, state, or local entities that have conducted program reviews and/or audits of Grantee or its programs, and said reviews and/or audits resulted in findings of accounting deficiencies, or violations of Grantee's financial operations, a copy of the notification, review, investigation, and audit violations report must be forwarded to Department within ten (10) days of Grantee's receipt of the report.
- 7.3 City reserves the right to conduct, or cause to be conducted an audit of all funds received under this Contract at any and all times deemed necessary by City. In accordance herewith, Grantee agrees to make available to City all accounting and Project records.

Grantee shall, during normal business hours, and as often as deemed necessary by City and/or the applicable state or federal governing agency or any other auditing entity, make available to the auditing entity, books, records, documents, reports, and evidence with respect to all matters covered by this Contract and shall continue to be so available for a minimum period of four (4) years. Said records shall be maintained for the required period beginning immediately after Contract termination, save and except if there is litigation or if the audit report covering such agreement has not been accepted, Grantee shall retain the records until the resolution of such issues has satisfactorily occurred. The auditing entity shall have the authority to audit, examine and make copies of excerpts, transcripts, books, records, documents and evidence, including all books and records used by Grantee in accounting for expenses incurred under this Contract, all other non-City executed contracts, invoices, materials, payrolls, records of personnel, conditions of employment and other data relating to matters covered by this Contract.

- 7.5 When an audit or review determines that Grantee has expended funds or incurred costs which are questioned by City, Grantee shall be notified by City and provided an opportunity to address the questioned expenditure or costs.

Should any expense or charge that has been paid be subsequently disapproved or disallowed as a result of any site review or audit, Grantee will immediately refund such amount to City no later than ten (10) days from the date of notification of such disapproval or disallowance by City. At its sole option, Department may, instead, deduct such claims from subsequent payments; however, in the absence of prior notice by City of the exercise of such option, Grantee shall provide to City a full refund of such amount no later than ten (10) days from the date of notification of such disapproval or disallowance by City. If Grantee is obligated to refund a disapproved or disallowed cost incurred, such refund shall be required and be made to City by cashier's check or money order. If Department elects to deduct such claims from subsequent payments, during such time, Grantee is forbidden to reduce Project expenditures or agreed upon performance measures under this Contract. Grantee must also use its own non-City funds to maintain the Project(s) and to comply with any and all agreed upon performance measures under this Contract.

Grantee agrees and understands that all expenses associated with the collection of delinquent debts owed by Grantee shall be the sole responsibility of Grantee and shall not be paid from any Project funds received by Grantee under this Contract.

- 7.6 If City determines, in its sole discretion, that Grantee is in violation of the above requirements, City shall have the right to dispatch auditors of its choosing to conduct an audit and to have Grantee pay for such audit from non-City resources. If applicable, Grantee's failure to comply with this section may result in the loss of funding in future years.

VIII. RECORDS, REPORTING, AND COPYRIGHTS

- 8.1 Department is assigned monitoring, fiscal control, and evaluation of project(s). Therefore, at such times and in such form as may be required by Department, Grantee shall furnish to Department, if applicable, such statements, records, data, and applicable information and documents. If the requested information is confidential pursuant to State or Federal law, Grantee shall submit to City the list of specific statutory authority mandating confidentiality no later than three (3) business days of Grantee's receipt of such request.
- 8.5 In accordance with Texas law, Grantee acknowledges and agrees that all local government records as defined in Chapter 201, Section 201.003(8) of the Texas Local Government Code created or received in the transaction of official business or the creation or maintenance of which were paid for with public funds are declared to be public property and subject to the provisions of Chapter 201 of the Texas Local Government Code and Subchapter J, Chapter 441 of the Texas Government Code.

Grantee further agrees to turn over to City all such records upon termination of this Contract. Grantee agrees that it shall not, under any circumstances, release any records created during the course of performance of the Contract to any entity without the written permission of the Executive Director of Department, unless required to do so by a court of competent jurisdiction. Under said circumstances, the Executive Director for Department shall be notified of such request as set forth in Article VIII., Section 8.5 of this Contract.

This does not excuse Grantee from complying with Section 8.8 requiring all documents and required deliverables be submitted within a period not to exceed ten (10) days from the termination date of the Contract.

In 2010, nearly 6,000 people across San Antonio created a shared “Community Vision” for the future of the community. In 2020, nearly 12,300 reaffirmed and strengthened that shared Community Vision for another decade. Today, San Antonio’s Community Vision is made up of nine Community Results and more than 55 Community Indicators.

SA2020, an independent nonprofit organization, drives progress toward San Antonio’s shared Community Vision by tracking the Community Indicators, informed and prioritized by San Antonians, from more than 30 sources and by providing the following to the City:

1. **Research:** SA2020 produces broadly accessible and actionable research on systemic inequities with institution specific calls to action that will make the greatest impact on Community Results. SA2020’s research includes an analysis of Community Indicators disaggregated by race and City Council District wherever possible. All research is made available to the public at SA2020.org.
2. **Storytelling:** By tracking indicators and partnering with more than 115 multi-sector organizations, SA2020 holds a unique bird’s-eye view of the city. 2. Key insights identifying successes, highlighting challenges, and sharing local and national research within each Community Result at SA2020.org

3.4 GRANTEE understands and agrees that lack of the application of prevailing wage rates pursuant to Chapter 2258, Texas Government Code and City Ordinance 2008-11-20- 1045 to this AGREEMENT shall not be construed to relieve GRANTEE, GRANTEE's contractor or any subcontractor from the obligation under any federal or state law regarding the wages to be paid to or hours worked by laborers, workmen or mechanics insofar as applicable to the work to be performed hereunder.

3.5 GRANTEE and its contractor and any subcontractors agree that he/she/it will not engage in employment practices which have the effect of discriminating against employees or prospective employees because of race, color, religion, national origin, sex, sexual orientation, gender identity, veteran status, age or disability, or familial status.

4.3 In the event that a dispute arises as to the legal authority to enter into this AGREEMENT of either the GRANTEE or the person signing on behalf of GRANTEE, CITY shall have the right, at its option, to either temporarily suspend or permanently terminate this AGREEMENT. Should CITY suspend or permanently terminate this AGREEMENT pursuant to this paragraph, however, GRANTEE shall be liable to CITY for any money it has received from CITY for performance of any of the provisions hereof.

V. MAINTENANCE OF EFFORT

5.1 GRANTEE agrees that the funds and resources provided to it under the terms of this AGREEMENT shall in no way be substituted for funds and resources provided from other sources, nor shall such funds and resources in any way serve to reduce the funds, resources, services, or other benefits which would have been available to, or provided through, GRANTEE had this AGREEMENT not been executed.

VI. PERFORMANCE BY GRANTEE

6.1 GRANTEE, in accordance and compliance with the terms, provisions, and requirements of this AGREEMENT and the NEC Enhancement Grant Program Guidelines as described in GRANTEE's Project Application, shall manage, perform, and provide all of the activities and services set forth in the Project Scope of Work and Budget Detail attached hereto, and incorporated herein for all purposes as Exhibit "A," to CITY's satisfaction, utilizing only those funds available for utilization as described in the Budget Detail portion of Exhibit "A."

6.2 Modifications or alterations to Exhibit "A" may be made only pursuant to the prior written approval of CITY's Director of the Planning Department or his/her designee.

VII. REIMBURSEMENT BY CITY

7.1 In consideration of GRANTEE's performance, in a satisfactory and efficient manner as determined by CITY, of all services and activities set forth in this AGREEMENT, CITY agrees to reimburse GRANTEE for all eligible expenses incurred hereunder. Such reimbursement, however, shall be in accordance with the Project Budget Detail set forth in Exhibit "A" and shall be subject to any and all limitations and provisions set forth in this Article and in Article VIII hereunder.

7.2 GRANTEE understands and agrees that CITY shall conduct a final inspection of the Project to ensure that GRANTEE has performed hereunder to CITY's satisfaction, prior to disbursement of AGREEMENT funds.

7.3 GRANTEE understands and acknowledges that reimbursement by the CITY will be made

after Project completion and subject to final inspection. Notwithstanding any other provision of this AGREEMENT, the total of all payments and other obligations made or incurred by CITY hereunder shall not exceed sixty-seven percent (67%) of the lesser of a) the Project Cost as outlined in the Project Budget Detail (Exhibit "A"), or b) the actual Project Costs, provided however, in no event shall CITY pay GRANTEE an amount greater than \$XXXX [this is the "Reimbursement to Grantee" amount on the Budget Detail].

Said payments shall be made upon CITY's approval of the completed Project and GRANTEE's request for reimbursement, to be in a form determined by CITY, and accompanied by any and all receipts, invoices, cancelled checks, and other documentation within thirty (30) days of Project completion.

7.4 CITY shall not be liable for any GRANTEE cost, or portion thereof, which:

- (A) Has been paid, reimbursed or is subject to payment or reimbursement from another source;

8.2 Upon termination of this AGREEMENT should any expense or charge for which payment has been made be subsequently disallowed or disapproved as a result of any auditing or monitoring by CITY, GRANTEE shall refund such amount to CITY within ten (10) working days of CITY's written request therefor wherein the amount disallowed or disapproved shall be specified. Refunds of disallowed or disapproved costs, however, shall not be made from funds received pursuant to

this AGREEMENT or from funds received from or through the CITY.

IX. ALLOWABLE COSTS

9.1 Costs shall be considered allowable only if approved in writing and incurred directly and specifically in the performance of and in compliance with this AGREEMENT and with all city, state and federal laws, regulations, and ordinances affecting GRANTEE's operations hereunder.

9.2 Approval of GRANTEE's Budget Detail as set forth in Exhibit "A," however, shall not constitute prior written approval of all the items included therein. For example, CITY's prior written authorization shall be required on any and all sub-contracts. GRANTEE understands and acknowledges that CITY shall not be obligated to any third parties (including any sub-contractors of GRANTEE), nor shall CITY funds be used to pay for contract services extending beyond the expiration of this AGREEMENT.

9.3 Written requests for prior approval shall be GRANTEE's responsibility and shall be made within sufficient time to permit a thorough review by CITY. Written approval by CITY must be obtained prior to the commencement of procedures to solicit or purchase services, equipment, or real or personal property. XVI. INDEMNIFICATION

16.1 GRANTEE covenants and agrees to FULLY INDEMNIFY and HOLD HARMLESS, the CITY and the elected officials, employees, officers, directors and representatives of the CITY, individually or collectively, from and against any and all costs, claims, liens, damages, losses, expenses, fees, fines, penalties, proceedings, actions, demands, causes of action, liability and suits of any kind and nature, including but not limited to, personal injury or death and property damage, made upon the CITY, directly or indirectly arising out of, resulting from or related to GRANTEE's activities under this AGREEMENT, including any acts or omissions of GRANTEE, any agent, officer, director, representative, employee, contractor or subcontractor of GRANTEE, and their respective officers, agents, employees, directors, and representatives while in the exercise or performance of the rights or duties under this AGREEMENT, all without, however, waiving any governmental immunity available to the CITY under Texas Law and without waiving any defenses of the parties under Texas Law. The provisions of this INDEMNIFICATION are solely for the benefit of the parties hereto and not intended to create or grant any rights, contractual or otherwise, to any other person or entity. GRANTEE shall promptly advise the CITY in writing of any claim or demand against the CITY or GRANTEE known to GRANTEE related to or arising out of GRANTEE's activities under this AGREEMENT and shall see to the investigation and defense of such claim or demand at GRANTEE's cost. The CITY shall have the right, at its option and at its own expense, to participate in such defense without relieving GRANTEE of any of its obligations under this paragraph.

16.2 It is the EXPRESS INTENT of the parties to this AGREEMENT, that the INDEMNITY provided for in this Article (Article XVI), is an INDEMNITY extended by GRANTEE to INDEMNIFY, PROTECT, and HOLD HARMLESS the CITY from the consequences of the CITY's OWN NEGLIGENCE, provided however, that the INDEMNITY provided for in this Article SHALL APPLY only when the NEGLIGENT ACT of the CITY is a CONTRIBUTORY CAUSE of the resultant injury, death, or damage, and shall have no application when the negligent act of the CITY is the sole cause of the resultant injury, death or damage. GRANTEE further AGREES TO DEFEND, AT ITS OWN EXPENSE and ON BEHALF OF THE CITY AND IN THE NAME OF THE CITY, any claim or litigation brought against the CITY and its elected officials, employees, officers, directors and representatives, in connection with any such injury, death, or damage for which this INDEMNITY shall apply, as set forth above.

16.3 It is expressly understood and agreed that GRANTEE is and shall be deemed to be an independent contractor and operator responsible to all parties for its acts or omissions and that CITY shall in no way be responsible therefor.

XVII. EQUAL EMPLOYMENT OPPORTUNITY AND AFFIRMATIVE ACTION

17.1 GRANTEE shall comply with all applicable local, state, and federal equal employment opportunity and affirmative action rules, regulations, and laws in contracting with third parties to perform the project work hereunder.

17.2 So that CITY can investigate compliance with local, state, and federal equal employment opportunity and affirmative action rules, regulations, and laws, GRANTEE shall furnish to CITY any and all information and reports requested by CITY, and shall permit access by CITY of any and all of its books, records, and accounts.

17.3 In the event of non-compliance by GRANTEE (or GRANTEE's sub-contractors) with local, state, and federal equal employment opportunity and affirmative action rules, regulations, and laws, this AGREEMENT may be canceled, terminated, or suspended by CITY, in whole or in part, and GRANTEE may be barred from further contracts with CITY.

XVIII. NONDISCRIMINATION

18.1 GRANTEE covenants that it, or its agents, employees or anyone under its control to comply with the *Non-Discrimination Policy* of the City of San Antonio contained in Chapter 2, Article X of the City Code and further, shall not discriminate on the basis of race, color, religion, national origin, sex, sexual orientation, gender identity, veteran status, age or disability, or familial status in employment practices or in the use of or admission to the premises at, in or on which the Project described herein is to be performed, which said discrimination GRANTEE acknowledges is prohibited.

XIX. CONFLICT OF INTEREST

19.1 GRANTEE acknowledges that it is informed that the Charter of the City of San Antonio and its Ethics Code prohibit a CITY officer or employee, as those terms are defined in Section 2-52 of the Ethics Code, from having a financial interest in any contract with the CITY or any CITY agency such as city owned utilities. An officer or employee has a "prohibited financial interest" in a contract with the CITY or in the sale to the CITY of land, materials, supplies or service, if any of the following individual(s) or entities is a party to the contract or sale: a CITY officer or employee, his parent, child or spouse, a business entity in which the officer or employee, or his parent, child or spouse owns ten percent (10%) or more of the voting stock or shares of the business entity, or ten percent (10%) or more of the fair market value of the business entity, a business entity in which any individual or entity above listed is a subcontractor on a CITY contract, a partner or a parent or subsidiary business entity.

19.2 Pursuant to the subsection above, GRANTEE warrants and certifies, and this

AGREEMENT is made in reliance thereon, that it, its officers, employees, and agents are neither officers nor employees of the CITY. GRANTEE further warrants and certifies that it has tendered to the CITY a Discretionary Contracts Disclosure Statement in compliance with the CITY's Ethics Code.

XX. NEPOTISM

20.1 GRANTEE shall not employ in any paid capacity any person who is a member of the immediate family of any person who is currently employed by GRANTEE or who is a member of GRANTEE's governing body. The term "member of immediate family" shall include: wife, husband, son, daughter, mother, father, brother, sister, in-law, aunt, uncle, cousin, nephew, niece, step-parent, step-child, half-brother, and half-sister.

XXI. POLITICAL ACTIVITY

21.1 None of the performance rendered hereunder shall involve, and no portion of the funds received hereunder shall be used, either directly or indirectly, for any political activity including, but not limited to, an activity to further the election or defeat of any candidate for public office or for any activity undertaken to influence the passage, defeat, or final content of local, state, or federal legislation.

XXII. PUBLICITY

22.1 GRANTEE shall allow CITY to display a sign on the Project premises advertising CITY's participation in this Project.

XXIII. RIGHTS TO PROPOSAL AND CONTRACTUAL MATERIAL

23.1 All finished or unfinished reports, documents, data, studies, surveys, charts, drawings, maps, models, photographs, designs, plans, schedules, or other appended documentation to any proposal or contract, and any responses, inquiries, correspondence and related material submitted by GRANTEE, shall, upon receipt, become the property of CITY.

XXIV. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, PROPOSED DEBARMENT, AND OTHER RESPONSIBILITY MATTERS

24.1 GRANTEE certifies, and the CITY relies thereon in execution of this AGREEMENT, that neither GRANTEE nor its Principals are presently debarred, suspended, proposed for debarment, or declared ineligible or voluntarily excluded for the award of contracts by any Federal governmental agency or department.

24.2 "Principals," for the purposes of this certification, means officers, directors, owners, partners, and persons having primary management or supervisory responsibilities within a business entity (e.g., general manager, plant manager, head of a subsidiary, division, or business segment, and similar positions).

24.3 GRANTEE shall provide immediate written notice to CITY, in accordance with Article XXXVIII, if, at any time during the term of this AGREEMENT, including any renewals hereof, GRANTEE learns that its certification was erroneous when made or has become erroneous by reason of changed circumstances.

24.4 GRANTEE's certification is a material representation of fact upon which the CITY has relied in entering into this AGREEMENT. Should CITY determine, at any time during this AGREEMENT, including any renewals hereof, that this certification is false, or should it become false due to changed circumstances, the CITY may terminate this AGREEMENT in accordance with Article XXVIII relating to termination of the AGREEMENT.

XXV. SUB-CONTRACTING

25.1 Any other clause of this AGREEMENT to the contrary notwithstanding, none of the work or services covered by this AGREEMENT shall be sub-contracted without the prior written approval of CITY. Any work or services approved for sub-contracting hereunder, however, shall be sub-contracted only by written contract or agreement and, unless specific waiver is granted in writing by CITY, shall be subject by its terms to each and every provision of this AGREEMENT. Compliance by sub-contractors with this AGREEMENT shall be the responsibility of GRANTEE.

25.2 GRANTEE agrees that no sub-contract approved pursuant to this AGREEMENT shall provide for payment on a "cost plus a percentage of cost" basis.

25.3 GRANTEE warrants and certifies that should the level of work outlined in the Scope of Work and Budget Detail, set forth in Exhibit "A," require special training, license, and/or certification to provide said service, GRANTEE or sub-contractor hired to perform such work has the required training, license and/or certification, and GRANTEE shall provide written proof to CITY prior to any such work being performed.

25.4 Despite CITY approval of a sub-contract, CITY shall in no event be obligated to any third party, including any sub-contractor of GRANTEE, for performance of work or services, nor shall CITY funds ever be used for payment of work or services performed prior to the date of AGREEMENT execution or extending beyond the date of AGREEMENT expiration.

XXVI. CHANGES AND AMENDMENTS

26.1 Except when the terms of this AGREEMENT expressly provide otherwise, any alterations, additions, or deletions to the terms hereof shall be by amendment in writing executed by both CITY and GRANTEE.

26.2 Whenever and as often as deemed necessary by CITY, CITY may request and require changes to GRANTEE's Scope of Work and Budget Detail (Exhibit "A"). Such changes as requested or required by CITY, however, must be by written amendment hereto and may incorporate therein increases or decreases in the total monetary obligation of CITY to GRANTEE as provided for pursuant to the terms, provisions, and conditions of this AGREEMENT.

26.3 Except pursuant to (a) prior submission by GRANTEE of detailed information regarding budget and Project revisions, and (b) prior written approval thereof by CITY, GRANTEE shall not make transfers between or among line items approved within the Project Budget Detail set forth as Exhibit "A." Instead, GRANTEE shall request budget revisions in writing and in a form prescribed by CITY; such request for revisions, however, shall not increase the total monetary obligation of CITY as provided for pursuant to this AGREEMENT, nor shall said revisions significantly change the nature, intent, or scope of the Project funded hereunder.

26.4 In the event that the level of funding for GRANTEE or for the Project described herein is altered, GRANTEE shall submit, immediately upon request by CITY, revised budget and Project information so as to enable re-evaluation by CITY of the original funding levels set forth in Exhibit "A."

26.5 It is understood and agreed by the parties hereto that changes in local, state, and federal rules, regulations, or laws applicable hereto may occur during the term of this AGREEMENT and that any such changes shall be automatically incorporated into this AGREEMENT without written amendment hereto, and shall become a part hereof as of the effective date of the rule, regulation or law.

XXVII. SUSPENSION OF FUNDING

27.1 Upon determination by CITY of GRANTEE's failure to timely and properly perform pursuant to the provisions of this AGREEMENT, CITY, without limiting or waiving any rights it may otherwise have, may, at its discretion and upon five (5) working days written notice to GRANTEE, withhold further payments to said GRANTEE. CITY's notice shall specifically set forth GRANTEE's alleged default or failure as well as the action required for cure thereof.

27.2 The period of funding suspension shall be of such duration as is appropriate to accomplish corrective action, but in no event shall it exceed thirty (30) calendar days. Upon expiration of the suspension period:

- (A) Should CITY determine that the default or deficiency has been cured, GRANTEE may be restored to full compliance status and paid all eligible funds withheld during the suspension period; or
- (B) Should CITY determine continued non-compliance, the provisions of Article XXVIII hereunder may be effectuated.

XXVIII. TERMINATION

28.1 "Termination" of this AGREEMENT shall mean termination by expiration of the AGREEMENT term or earlier termination pursuant to any of the provisions hereof.

28.2 CITY may terminate this AGREEMENT for any of the following reasons:

Neglect or failure by GRANTEE to perform or observe any of the terms, conditions, covenants, or guarantees of this AGREEMENT or of any written amendment between CITY and GRANTEE;

- (A) Failure by GRANTEE to cure, within the period prescribed pursuant to the above Article XXVII of this AGREEMENT, any default or deficiency basis for suspension of funding hereunder;
- (B) Finding by CITY that GRANTEE:
 - (1) is in such unsatisfactory financial condition as to endanger performance under this AGREEMENT, including, but not limited to:
 - (a) The apparent inability of GRANTEE to meet its financial obligations;
 - (b) The appearance of items that reflect detrimentally on the creditworthiness of GRANTEE, including, but not limited to, liens, encumbrances, etc., on the assets of GRANTEE;
 - (2) has allocated inventory to this AGREEMENT substantially exceeding reasonable requirements; or
 - (3) is delinquent, in the ordinary course of business, in the payment of taxes or in the payment of costs of performance of this AGREEMENT;
- (C) Appointment of a trustee, receiver or liquidator for all or a substantial part of GRANTEE's property, or institution of bankruptcy, reorganization, rearrangement of, or liquidation proceedings by or against GRANTEE;
- (D) The entry by a court of competent jurisdiction of a final order providing for the modification or alteration of the rights of GRANTEE's creditors;
- (E) Inability by GRANTEE to conform to changes in local, state, and federal rules, regulations and laws as provided for in Article III and in paragraph number 26.5 of this AGREEMENT; and
- (F) Violation by GRANTEE of any rule, regulation, or law to which GRANTEE is bound or shall be bound under the terms of this AGREEMENT.

28.3 CITY may terminate this AGREEMENT for convenience at any time after which GRANTEE shall be reimbursed sixty-seven percent (67%) of Grantee's costs expended as of the effective date of termination and to the extent they were approved in Grantee's Project Budget Detail (Exhibit "A"), provided however, in no event shall CITY pay GRANTEE an amount greater

than the amount stated in Section 7.3 of this AGREEMENT.

28.4 GRANTEE may terminate this AGREEMENT for any of the following reasons:

- (A) Cessation of outside funding upon which GRANTEE depends for performance hereunder; GRANTEE may opt, however, within the limitations of this AGREEMENT and with the written approval of CITY, to seek an alternative funding source, provided that the termination of funding by the initial outside source was not occasioned by a breach of agreement as defined herein or as defined in a contract between GRANTEE and the funding source in question; or
- (B) Upon the dissolution of the GRANTEE organization provided such dissolution was not occasioned by a breach of this AGREEMENT.

28.5 Upon a decision to terminate by either CITY or GRANTEE, written notice of such, and the effective date thereof, shall be immediately provided to the other party.

28.6 Upon receipt of notice to terminate, GRANTEE shall cancel, withdraw, or otherwise terminate any outstanding orders or subcontracts which relate to the performance of this AGREEMENT. To this effect, CITY shall not be liable to GRANTEE or GRANTEE's creditors for any expense, encumbrances, or obligations whatsoever incurred after the date of termination.

28.7 Within thirty (30) days after receipt of notice to terminate, GRANTEE shall submit a statement to CITY, indicating in detail the services performed under this AGREEMENT prior to the effective date of termination.

28.8 Any termination of this AGREEMENT as herein provided shall not relieve GRANTEE from the payment of any sum(s) that shall then be due and payable or become due and payable to CITY hereunder or as provided for at law or in equity, or any claim for damages then or theretofore accruing against GRANTEE hereunder or by law or in equity, and any such termination shall not prevent CITY from enforcing the payment of any such sum(s) or claim for damages from GRANTEE. Instead, all rights, options, and remedies of CITY contained in this AGREEMENT shall be construed and held to be cumulative and no one of them shall be exclusive of the other, and CITY shall have the right to pursue any one or all of such remedies or any such other remedy or relief which may be provided by law or in equity whether or not stated in this AGREEMENT.

28.9 Should this AGREEMENT be terminated by either party hereto for any reason, including termination under paragraph number 28.3 of this AGREEMENT, and if the work required hereunder of GRANTEE is not fully completed to the satisfaction of CITY in accordance with the terms of this AGREEMENT, GRANTEE shall refund any and all sums of money paid by CITY to GRANTEE within ten (10) working days of CITY's written request therefor.

28.10 Upon termination of this AGREEMENT by CITY under paragraph number 28.2(A), GRANTEE shall be barred from future contracts with CITY absent the express written consent of the City Manager of CITY, or City Manager's designee.

XXIX. NOTIFICATION OF ACTION BROUGHT

29.1 In the event that any claim, demand, suit, proceeding, cause of action, or other action (hereinafter collectively referred to as “claim”) is made or brought against GRANTEE, GRANTEE shall give written notice thereof to CITY within two (2) working days after itself being notified. GRANTEE’s notice to CITY shall state the date and hour of notification to GRANTEE of the claim, the names and addresses of those instituting or threatening to institute the claim, the basis of the claim, and the name(s) of any others against whom the claim is being made or threatened. Written notice pursuant to this Article shall be delivered either personally or by mail in accordance with Article XXXVIII of this AGREEMENT.

XXX. ASSIGNMENTS

30.1 GRANTEE shall not transfer, pledge or otherwise assign this AGREEMENT, any interest in and to same, or any claim arising thereunder without first procuring the written approval of CITY. Any attempt at transfer, pledge, or other assignment shall be void *ab initio* and shall confer no rights upon any third person.

XXXI. LEGAL EXPENSES

31.1 Under no circumstances will the funds received under this AGREEMENT be used, either directly or indirectly, to pay costs or attorney fees incurred in any adversarial proceeding against the CITY or any other public entity.

31.2 During the term of this AGREEMENT, if GRANTEE files and/or pursues an adversarial proceeding against the CITY then, at the CITY’s option, this AGREEMENT and all access to the funding provided for hereunder may terminate if GRANTEE is in violation of paragraph 31.1 above.

31.3 GRANTEE, at the CITY’s option, could be ineligible for consideration to receive any future funding while any adversarial proceeding against the CITY remains unresolved.

SAEDC acknowledges and agrees that City shall have access to any and all such documents at any and all times, as deemed necessary by City, during said retention period. City may, at its election, require SAEDC to return said documents to City prior to or at the conclusion of said retention. In such event, SAEDC may retain a copy of the documents at its sole cost and expense.
- 6.3 SAEDC shall notify City, immediately, in the event SAEDC receives any requests for information from a third party, which pertain to the documentation and records referenced herein. SAEDC understands and agrees that City will process and handle all such requests.

- 7.3 Termination for Cause. Upon written notice, which notice shall be provided in accordance with Article VIII. Notice, City may terminate this Agreement as of the date provided in the notice, in whole or in part, upon the occurrence of one (1) or more of the following events, each of which shall constitute an Event for Cause under this Agreement:
- 7.3.1 The sale, transfer, pledge, conveyance or assignment of this Agreement without prior approval, as provided in Article XII. Assignment and Subcontracting.
- 7.3.2 Any material breach of the terms of this Agreement, as determined solely by City.
- 7.4 Defaults with Opportunity for Cure. Should SAEDC default in the performance of this Agreement in a manner stated in this section 7.4 below, same shall be considered an event of default. City shall deliver written notice of said default specifying such matter(s) in default. SAEDC shall have fifteen (15) calendar days after receipt of the written notice, in accordance with Article VIII. Notice, to cure such default. If SAEDC fails to cure the default within such fifteen-day cure period, City shall have the right, without further notice, to terminate this Agreement in whole or in part as City deems appropriate, and to contract with another SAEDC to complete the work required in this Agreement. City shall also have the right to offset the cost of said new Agreement with a new SAEDC against SAEDC's future or unpaid invoice(s), subject to the duty on the part of City to mitigate its losses to the extent required by law.

Failure by SAEDC to submit its claims within said forty-five (45) calendar days shall negate any liability on the part of City and constitute a **Waiver** by SAEDC of any and all right or claims to collect moneys that SAEDC may rightfully be otherwise entitled to for services performed pursuant to this Agreement.
- 7.8 Upon the effective date of expiration or termination of this Agreement, SAEDC shall cease all operations of work being performed by SAEDC or any of its subcontractors pursuant to this Agreement.
- 7.9 Termination not sole remedy. In no event shall City's action of terminating this Agreement, whether for cause or otherwise, be deemed an election of City's remedies, nor shall such termination limit, in any way, at law or at equity, City's right to seek damages from or otherwise pursue SAEDC for any default hereunder or other action.

As a party to this contract, SAEDC understands and agrees to comply with the Non-Discrimination Policy of the City of San Antonio contained in Chapter 2, Article X. of the City Code and further, shall not discriminate on the basis of race, color, religion, national origin, sex, sexual orientation, gender identity, veteran status, age or disability, unless exempted by state or federal law, or as otherwise established herein.

X. INSURANCE

- 10.1 SAEDC SHALL BE INSURED TO THE EXTENT REQUIRED BY STATE LAW.
- 10.2 Prior to the commencement of any work under this Agreement, SAEDC shall furnish an original completed Certificate(s) of Insurance to the City's Economic Development Office and City Clerk's Office, and which shall be clearly labeled "SAEDC - Annual Funding" in the Description of Operations block of the Certificate. The original Certificate(s) shall be completed by an agent authorized to bind the named underwriter(s) and their company to the coverage, limits, and termination provisions shown thereon, containing all required information referenced or indicated thereon. The original certificate(s) or form must have the agent's original signature, including the signer's company affiliation, title and phone number, and be mailed directly from the agent to the City. The City shall have no duty to pay or perform under this Agreement until such certificate shall have been delivered to City's Economic Development Department and the Clerk's Office, and no officer or employee, other than the City's Risk Manager, shall have authority to waive this requirement.
- 10.3 The City reserves the right to review the insurance requirements of this Article during the effective period of this Agreement and any extension or renewal hereof and to modify insurance coverages and their limits when deemed necessary and prudent by City's Risk Manager based upon changes in statutory law, court decisions, or circumstances surrounding this Agreement, but in no instance will City allow modification whereupon City may incur increased risk.
- 10.4 SAEDC's financial integrity is of interest to the City; therefore, subject to SAEDC's right to maintain reasonable deductibles in such amounts as are approved by the City, SAEDC shall obtain and maintain in full force and effect for the duration of this Agreement, and any extension hereof, at SAEDC's sole expense, insurance coverage written on an occurrence basis,

by companies authorized and admitted to do business in the State of Texas and rated A- or better by AM. Best Company and/or otherwise acceptable to the City, in the minimum amounts required by state statute and the SAEDC governing board.

10.5 The City shall be entitled, upon request and without expense, to receive copies of the policies and all endorsements thereto as they apply to the limits required by the City, and may require the deletion, revision, or modification of particular policy terms, conditions, limitations or exclusions (except where policy provisions are established by law or regulation binding upon either of the parties hereto or the underwriter of any such policies). SAEDC shall be required to comply with any such requests and shall submit a copy of the replacement certificate of insurance to City at the address provided in Section 10.6 herein within 10 days of the requested change. SAEDC shall pay any costs incurred resulting from said changes.

10.6 When there is a cancellation, non-renewal or material change in coverage which is not made pursuant to a request by City, SAEDC shall notify the City of such and shall give such notices not less than thirty (30) days prior to the change, if SAEDC knows of said change in advance, or ten (10) days' notice after the change, if the SAEDC did not know of the change in advance. Such notice must be accompanied by a replacement Certificate of Insurance. All notices shall be given to the City at the following address:

10.7 If SAEDC fails to maintain the aforementioned insurance, the City may obtain such insurance, and deduct and retain the amount of the premiums for such insurance from any sums due under the agreement; however, procuring of said insurance by the City is an alternative to other remedies the City may have, and is not the exclusive remedy for failure of SAEDC to maintain said insurance or secure such endorsement. In addition to any other remedies the City may have upon SAEDC's failure to provide and maintain any insurance or policy endorsements to the extent and within the time herein required, the City shall have the right to order SAEDC to stop work hereunder, and/or withhold any payment(s) which become due to SAEDC hereunder until SAEDC demonstrates compliance with the requirements hereof.

10.8 Nothing herein contained shall be construed as limiting in any way the extent to which SAEDC may be held responsible for payments of damages to persons or property resulting from SAEDC's or its subcontractors' performance of the work covered under this Agreement.

10.9 It is agreed that SAEDC's insurance shall be deemed primary with respect to any insurance or self insurance carried by the City of San Antonio for liability arising out of operations under this Agreement.

XI. RESERVED (INDEMNIFICATION)

XII. ASSIGNMENT AND SUBCONTRACTING

- 12.1 SAEDC shall supply qualified personnel as may be necessary to complete the work to be performed under this Agreement. Persons retained to perform work pursuant to this Agreement shall be the employees or subcontractors of SAEDC. SAEDC, its employees or its subcontractors shall perform all necessary work.
- 12.2 Any work or services approved for subcontracting hereunder shall be subcontracted only by written contract and, unless specific waiver is granted in writing by the City, shall be subject by its terms to each and every provision of this Agreement. Compliance by subcontractors with this Agreement shall be the responsibility of SAEDC. City shall in no event be obligated to any third party, including any subcontractor of SAEDC, for performance of services or payment of fees. Any references in this Agreement to an assignee, transferee, or subcontractor, indicate only such an entity as has been approved by the City Council.
- 12.3 Except as otherwise stated herein, SAEDC may not sell, assign, pledge, transfer or convey any interest in this Agreement, nor delegate the performance of any duties hereunder, by transfer, by subcontracting or any other means, without the consent of the City Council, as evidenced by passage of an ordinance. As a condition of such consent, if such consent is granted, SAEDC shall remain liable for completion of the services outlined in this Agreement in the event of default by the successor SAEDC, assignee, transferee or subcontractor.
- 12.4 Any attempt to transfer, pledge or otherwise assign this Agreement without said written approval, shall be void ab initio and shall confer no rights upon any third person. Should SAEDC assign, transfer, convey, delegate, or otherwise dispose of any part of all or any part of its right, title or interest in this Agreement, City may, at its option, cancel this Agreement and all rights, titles and interest of SAEDC shall thereupon cease and terminate, in accordance with Article VII. Termination, notwithstanding any other remedy available to City under this Agreement. The violation of this provision by SAEDC shall in no event release SAEDC from any obligation under the terms of this Agreement, nor shall it relieve or release SAEDC from the payment of any damages to City, which City sustains as a result of such violation.

XIII. INDEPENDENT CONTRACTOR

- 13.1 SAEDC covenants and agrees that he or she is an independent contractor and not an officer, agent, servant or employee of City; that SAEDC shall have exclusive control of and exclusive right to control the details of the work performed hereunder and all persons performing same, and shall be responsible for the acts and omissions of its officers, agents, employees, contractors, subcontractors and SAEDCs; that the doctrine of respondent superior shall not apply as between City and SAEDC, its officers, agents, employees, contractors, subcontractors and SAEDCs, and nothing herein shall be construed as creating the relationship of employer-

employee, principal-agent, partners or joint ventures between City and SAEDC. The parties hereto understand and agree that the City shall not be liable for any claims which may be asserted by any third party occurring in connection with the services to be performed by the SAEDC under this Agreement and that the SAEDC has no authority to bind the City.

XIV. CONFLICT OF INTEREST

14.1 The Charter of the City of San Antonio and the City of San Antonio Code of Ethics prohibit a City officer or employee, as those terms are defined in Section 2-52 of the Code of Ethics, from having a direct or indirect financial interest in any contract with the City. An officer or employee has a "prohibited financial interest" in a contract with the City or in the sale to the City of land, materials, supplies or service, if any of the following individual(s) or entities is a party to the contract or sale:

- a City officer or employee; his or her spouse, sibling, parent, child or other family member within the first degree of consanguinity or affinity;
- an entity in which the officer or employee, or his or her parent, child or spouse directly or indirectly owns (i) 10 percent or more of the voting stock or shares of the entity, or (ii) 10 percent or more of the fair market value of the entity; or
- an entity in which any individual or entity listed above is (i) a subcontractor on a City contract, (ii) a partner or (iii) a parent or subsidiary entity.

14.2 Pursuant to the subsection above, SAEDC warrants and certifies, and this Agreement is made in reliance thereon, that by contracting with the City, SAEDC does not cause a City employee or officer to have a prohibited financial interest in the Agreement and SAEDC, its officers, employees and agents are neither officers nor employees of the City. SAEDC further warrants and certifies that it has tendered to the City a Discretionary Contracts Disclosure Statement in compliance with the City's Ethics Code.

XV. AMENDMENTS

15.1 Except where the terms of this Agreement expressly provide otherwise, any alterations, additions, or deletions to the terms hereof, shall be effected by amendment, in writing, executed by both City and SAEDC, and subject to approval by the City Council, as evidenced by passage of an ordinance.

XVI. SEVERABILITY

16.1 If any clause or provision of this Agreement is held invalid, illegal or unenforceable under present or future federal, state or local laws, including but not limited to the City Charter, City Code, or ordinances of the City of San Antonio, Texas, then and in that event it is the intention of the parties hereto that such invalidity, illegality or unenforceability shall not affect any other clause or provision hereof and that the remainder of this Agreement shall be construed as if such invalid, illegal or unenforceable clause or provision was never contained herein; it is also

the intention of the parties hereto that in lieu of each clause or provision of this Agreement that is invalid, illegal, or unenforceable, there be added as a part of the Agreement a clause or provision as similar in terms to such invalid, illegal or unenforceable clause or provision as may be possible, legal, valid and enforceable.

XVII. COMPLIANCE

- 17.1 SAEDC shall provide and perform all services required under this Agreement in compliance with all applicable federal, state and local laws, rules and regulations.

XVIII. NONWAIVER OF PERFORMANCE

- 18.1 Unless otherwise specifically provided for in this Agreement, a waiver by either Party of a breach of any of the terms, conditions, covenants or guarantees of this Agreement shall not be construed or held to be a waiver of any succeeding or preceding breach of the same or any other term, condition, covenant or guarantee herein contained. Further, any failure of either Party to insist in any one or more cases upon the strict performance of any of the covenants of this Agreement, or to exercise any option herein contained, shall in no event be construed as a waiver or relinquishment for the future of such covenant or option. In fact, no waiver, change, modification or discharge by either party hereto of any provision of this Agreement shall be deemed to have been made or shall be effective unless expressed in writing and signed by the party to be charged. In case of City, such changes must be approved by the City Council, as described in Article XV. Amendments. No act or omission by a Party shall in any manner impair or prejudice any right, power, privilege, or remedy available to that Party hereunder or by law or in equity, such rights, powers, privileges, or remedies to be always specifically preserved hereby.

XIX. RESERVED

XX. LAW APPLICABLE

- 20.2 Any legal action or proceeding brought or maintained, directly or indirectly, as a result of this Agreement shall be heard and determined in the City of San Antonio, Bexar County, Texas.

XXI. LEGAL AUTHORITY

This Agreement is entered into by and between the City of San Antonio, a Texas municipal corporation (hereinafter referred to as “City”) acting by and through its Director of the Neighborhood and Housing Services Department and DreamVoice, L.L.C., by and through its President (hereinafter referred to as “DreamVoice”), both of which may be referred to herein collectively as the “Parties”.

The Parties hereto severally and collectively agree, and by the execution hereof are bound, to the mutual obligations herein contained and to the performance and accomplishment of the tasks hereinafter described.

I. DEFINITIONS

As used in this Agreement, the following terms shall have meanings as set out below:

- (A) “City” is defined in the preamble of this Agreement and includes its successors and assigns.
- (B) “Director” shall mean the Director of City’s Department of Neighborhood and Housing Services.
- (C) “DreamVoice” is defined in the preamble of this Agreement and includes its successors.
- (D) “Event” shall mean “DreamWeek” to be held on January 12, 2023 through January 30, 2023.

II. TERM

2.1 Unless sooner terminated in accordance with the provisions herein, the Term of this Agreement shall be from October 1, 2022 to September 30, 2023. After such date, no payment will be made to DreamVoice.

2.2 Notwithstanding any other provisions of the Agreement, and in order to satisfy the requirements of the Constitution of the State of Texas, all covenants and commitments of City contained herein which would require the expenditure of funds by City are subject to and contingent upon the annual appropriation process. In the event City fails to appropriate sufficient funds dedicated to funding any such obligation of City, such a failure shall not be considered a default or breach hereunder and DreamVoice’s sole remedy for such failure shall be to terminate the Agreement.

III. SCOPE OF SERVICES

3.1 The Event is a city-wide summit that will inspire an exchange of ideas and promote solutions on universal issues facing our multi-cultural communities. DreamWeek will consist of a series of keynote speaking engagements, luncheons, mixers, events and celebrations held

throughout San Antonio. San Antonio hosts the country's largest MLK March, and DreamWeek is designed to enhance the experience and further the dream of Dr. Martin Luther King. The City is providing funding through this Agreement for the public purpose of supporting the Event as a catalyst for community pride.

3.2 DreamVoice agrees to provide the services and expend the funds to implement the services described in Exhibit "A", entitled "Scope of Services", in exchange for the compensation described in Article IV, entitled "Compensation," below which is part of the City's contribution to the Event.

3.3 City shall provide DreamVoice with a reimbursement of costs associated with Exhibit "A" contingent upon DreamVoice providing documentation to City indicating budgets, quotes, purchases and payments for the services described in Exhibit "A".

3.4 All work performed by DreamVoice hereunder shall be performed to the satisfaction of Director. The determination made by Director shall be final, binding and conclusive on all Parties hereto. City shall be under no obligation to pay for any work performed by DreamVoice, which is not satisfactory to Director. City shall have the right to terminate this Agreement, in accordance with Article VII., Termination, in whole or in part, should DreamVoice's work not be satisfactory to Director; however, City shall have no obligation to terminate and may withhold payment for any unsatisfactory work, as stated herein, even should City elect not to terminate.

IV. PAYMENT TO DREAMVOICE

4.1 In consideration of DreamVoice's performance in a satisfactory and efficient manner, as determined solely by Director, of services and activities set forth in this Agreement, City agrees to reimburse DreamVoice an amount not to exceed **One Hundred Thousand and N0/100 Dollars (\$100,000.00)** for the purpose of undertaking and completing the Event and the Scope of Services as described in Exhibit "A". An initial payment of an amount not to **exceed Fifty Thousand and 00/100 Dollars (\$50,000.00)** shall be disbursed to support the event planning and advertising upon the submission of a proposed budget. The balance of payment will be made upon the submission of receipts, contracts and invoices to support the full amount paid out. It is understood that the amount reimbursed by City is not the entire amount required by the Scope of Services, however, it is the maximum amount to be contributed by City. DreamVoice shall be responsible for all other funding associated with the Event.

4.2 No additional fees or expenses of DreamVoice shall be charged by DreamVoice nor be payable by City. The parties hereby agree that all compensable expenses of DreamVoice have been provided for in the total payment to DreamVoice as specified in section 4.1 above. Total payments to DreamVoice cannot exceed that amount set forth in section 4.1 above, without prior approval and agreement of all parties, evidenced in writing and approved by the San Antonio City Council by passage of an ordinance therefor.

4.3 Final acceptance of work products and services require written approval by City. The approval official shall be Director. Payment will be made to DreamVoice following written approval of the final work products and services by Director. City shall not be obligated or liable under this Agreement to any party, other than DreamVoice, for the payment of any monies or the provision of any goods or services.

V. OWNERSHIP OF DOCUMENTS

5.1 Any and all writings, documents or information in whatsoever form and character produced by DreamVoice pursuant to the provisions of this Agreement is the exclusive property of City; and no such writing, document or information shall be the subject of any copyright or proprietary claim by DreamVoice.

5.2 DreamVoice understands and acknowledges that as the exclusive owner of any and all such writings, documents and information, City has the right to use all such writings, documents and information as City desires, without restriction.

VI. RECORDS RETENTION

6.1 DreamVoice and its subcontractors, if any, shall properly, accurately and completely maintain all documents, papers, and records, and other evidence pertaining to the services rendered hereunder (hereafter referred to as “documents”) in accordance with Texas Retention Laws, and shall make such materials available to the City at their respective offices, at all reasonable times and as often as City may deem necessary during the Agreement period, including any extension or renewal hereof, and the record retention period established herein, for purposes of audit, inspection, examination, and making excerpts or copies of same by City and any of its authorized representatives.

6.2 DreamVoice shall retain any and all documents produced as a result of services provided hereunder for a period of four (4) years (hereafter referred to as “retention period”) from the date of termination of the Agreement. If, at the end of the retention period, there is litigation or other questions arising from, involving or concerning this documentation or the services provided hereunder, DreamVoice shall retain the records until the resolution of such litigation or other such questions. DreamVoice acknowledges and agrees that City shall have access to any and all such documents at any and all times, as deemed necessary by City, during said retention period. City may, at its election, require DreamVoice to return said documents to City prior to or at the conclusion of said retention.

6.3 DreamVoice shall notify City, immediately, in the event DreamVoice receives any requests for information from a third party, which pertain to the documentation and records referenced herein. DreamVoice understands and agrees that City will process and handle all such requests.

VII. TERMINATION

7.1 For purposes of this Agreement, “termination” of this Agreement shall mean termination by expiration of the Agreement term as stated in Article II., Term, or earlier termination pursuant to any of the provisions hereof.

7.2 Termination Without Cause. This Agreement may be terminated by either party upon sixty (60) calendar days’ written notice, which notice shall be provided in accordance with Article VIII., Notice.

7.3 Termination For Cause. Upon written notice, which notice shall be provided in accordance with Article VIII., Notice, City may terminate this Agreement as of the date provided in the notice,

in whole or in part, upon the occurrence of one (1) or more of the following events, each of which shall constitute an event for cause under this Agreement:

- 7.3.1 The sale, transfer, pledge, conveyance or assignment of this Agreement without prior approval, as provided in Article XII., Assignment and Subcontracting.
- 7.3.2 Notification of any investigation, claim or charge by a local, state or federal agency involving fraud, theft or the commission of a felony.

7.4 Defaults With Opportunity for Cure. Should DreamVoice default in the performance of this Agreement in a manner stated in this section 7.4 below, same shall be considered an event of default. City shall deliver written notice of said default specifying such matter(s) in default. DreamVoice shall have fifteen (15) calendar days after receipt of the written notice, in accordance with Article VIII., Notice, to cure such default. If DreamVoice fails to cure the default within such fifteen (15) day cure period, City shall have the right, without further notice, to terminate this Agreement in whole or in part as City deems appropriate, and to contract with another entity to complete the work required in this Agreement. City shall also have the right to offset the cost of said new Agreement with a new entity against DreamVoice's future or unpaid invoice(s), subject to the duty on the part of City to mitigate its losses to the extent required by law.

- 7.4.1 Bankruptcy or selling substantially all of company's assets.
- 7.4.2 Failing to perform or failing to comply with any covenant herein required.
- 7.4.3 Performing unsatisfactorily as determined by the Director.

7.5 Termination By Law. If any state or federal law or regulation is enacted or promulgated which prohibits the performance of any of the duties herein, or, if any law is interpreted to prohibit such performance, this Agreement shall automatically terminate as of the effective date of such prohibition.

7.6 Regardless of how this Agreement is terminated, DreamVoice shall effect an orderly transfer to City or to such person(s) or firm(s) as the City may designate, at no additional cost to City, all completed or partially completed documents, papers, records, charts, reports, and any other materials or information produced as a result of or pertaining to the services rendered by DreamVoice, or provided to DreamVoice, hereunder, regardless of storage medium, if so requested by City, or shall otherwise be retained by DreamVoice in accordance with Article VI., Records Retention. Any record transfer shall be completed within thirty (30) calendar days of a written request by City and shall be completed at DreamVoice's sole cost and expense. Payment of compensation due or to become due to DreamVoice is conditioned upon delivery of all such documents, if requested.

7.7 Within forty-five (45) calendar days of the effective date of completion, or termination or expiration of this Agreement, DreamVoice shall submit to City its claims, in detail, for the monies owed by City for services performed under this Agreement through the effective date of termination. Failure by DreamVoice to submit its claims within said forty-five (45) calendar days shall negate any liability on the part of City and constitute a waiver by DreamVoice of any and all right or claims to collect moneys that DreamVoice may rightfully be otherwise entitled to for services performed pursuant to this Agreement.

7.8 Upon the effective date of expiration or termination of this Agreement, DreamVoice shall cease all operations of work being performed by DreamVoice or any of its subcontractors pursuant to this Agreement.

7.9 Termination not sole remedy. In no event shall City's action of terminating this Agreement, whether for cause or otherwise, be deemed an election of City's remedies, nor shall such termination limit, in any way, at law or at equity, City's right to seek damages from or otherwise pursue DreamVoice for any default hereunder or other action.

VIII. NOTICE
