The subject property is located within the Eastern Triangle Community Plan and is designated as “Community Commercial, Medium Density Residential and Low Density Residential.” The

property is currently undeveloped. The applicant is requesting a plan amendment and zoning change to allow for the construction of a residential development. The site is located within the "South District" of the Eastern Triangle Community Plan. The future land use character for this area as described in the Eastern Triangle Community Plan includes: preserving large single-family residential lots of one acre or more and the rural character of the South District, as well as converting unwanted industrial zoning along Sinclair Road to neighborhood commercial as indicated in the future land use map to discourage encroachment of industrial uses into the Jupe Manor Neighborhood. The proposed "High Density Residential" is appropriate along Loop 410 and Sinclair Road. The applicant is proposing limited density multi-family of 132 units.
