Routes Served: 51, 251, 43, 44, 243

ISSUE: None.

Comprehensive Plan

Comprehensive Plan Component: Lone Star Community Plan

Plan Adoption Date: March 21, 2013

Plan Goals:

- LU-6: Establish policies that provide for a range of housing types that are affordable to people at most income levels.
- LU-6.1 Rezone to provide for a range of housing types including single-family detached, townhouses, senior housing, live/ work units, and apartments.

Comprehensive Land Use Categories

Land Use Category: “Low Density Residential”

Description of Land Use Category: Low Density Residential primarily includes single-family detached houses on individual lots. Detached and attached accessory dwelling units such as granny flats and garage apartments are acceptable when located on the same lot as the principal residence. Existing structures that were originally constructed as multi-family housing may continue this use when located within the low-density residential areas. Structures that were constructed as single-family housing and later converted into multi-family housing without City permits should return to single-family use. Pre-existing commercial buildings less than 3,000 square feet on higher capacity local streets may be used for Neighborhood Commercial purposes. Low Density Residential uses should be located away from major arterials.

Permitted Zoning Districts: R-3, R-4, R-5, R-6

Land Use Category: “Low Density Mixed Use”

Description of Land Use Category: Low Density Mixed Use includes a mix of low intensity residential and commercial uses integrated into one structure or found on the same lot or block. The mix of uses promotes walkability, therefore all mixed-use developments should be designed for the pedestrian. This form of development is typically located along or near major arterials or collectors and may serve as a transition from High Density Mixed Use to lower intensity land uses such as Low Density Residential.

Permitted Zoning Districts: RM-4, MF-18, MF-25, MF-33, O-1, NC, C-1, C-2P, IDZ, TOD, MXD, FBZD, AE-2, AE-4

Land Use Overview

Subject Property

Future Land Use Classification:

“Low Density Residential”

Current Land Use Classification:

Vacant, Residential Dwelling

Direction: North

Future Land Use Classification:

“Low Density Residential”

Current Land Use Classification:

Residential Dwelling

Direction: East

Future Land Use Classification:

“Low Density Residential”

Current Land Use Classification:

Residential Dwelling

Direction: South

Future Land Use Classification:

“Low Density Residential”

Current Land Use Classification:

Residential Dwelling

Direction: West

Future Land Use Classification:

“Low Density Residential”

Current Land Use Classification:

Residential Dwelling

FISCAL IMPACT:

There is no fiscal impact.

ALTERNATIVES:

1. Recommend Approval.
2. Make an alternate recommendation.
3. Continue to a future date.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

The proposed land use amendment from “Low Density Residential” to “Low Density Mixed Use” is requested to rezone the property to “IDZ-1” Limited Infill Development Zone District with uses permitted for three (3) dwelling units. While the surrounding land use is “Low Density Residential” the “Low Density Mixed Use” is required to rezone to any “IDZ” Infill Development

Zone District. The request still maintains the low-density land use but includes the amended “mixed use” as part of the land use classification is needed for the rezoning. There is existing “Low Density Mixed Use” to the southeast of the subject site. The land use change will create the ability to zone for more density to support diverse housing and the Plan Goals of the Lone Star Community Plan.

ZONING COMMISSION SUPPLEMENTAL INFORMATION: Z-2022-10700320

Current Zoning: "R-5 MLOD-2 MLR-2 AHOD" Residential Single-Family Lackland Military Lighting Overlay Military Lighting Region 2 Airport Hazard Overlay District

Proposed Zoning: "IDZ-1 MLOD-2 MLR-2 AHOD" Limited Intensity Infill Development Zone Lackland Military Lighting Overlay Military Lighting Region 2 Airport Hazard Overlay District with uses permitted for three (3) dwelling units
