*PRESENTED BY:*

**Ricardo Renteria**

Senior Director, Substation & Transmission

City Council A Session – Item 16

January 26, 2023

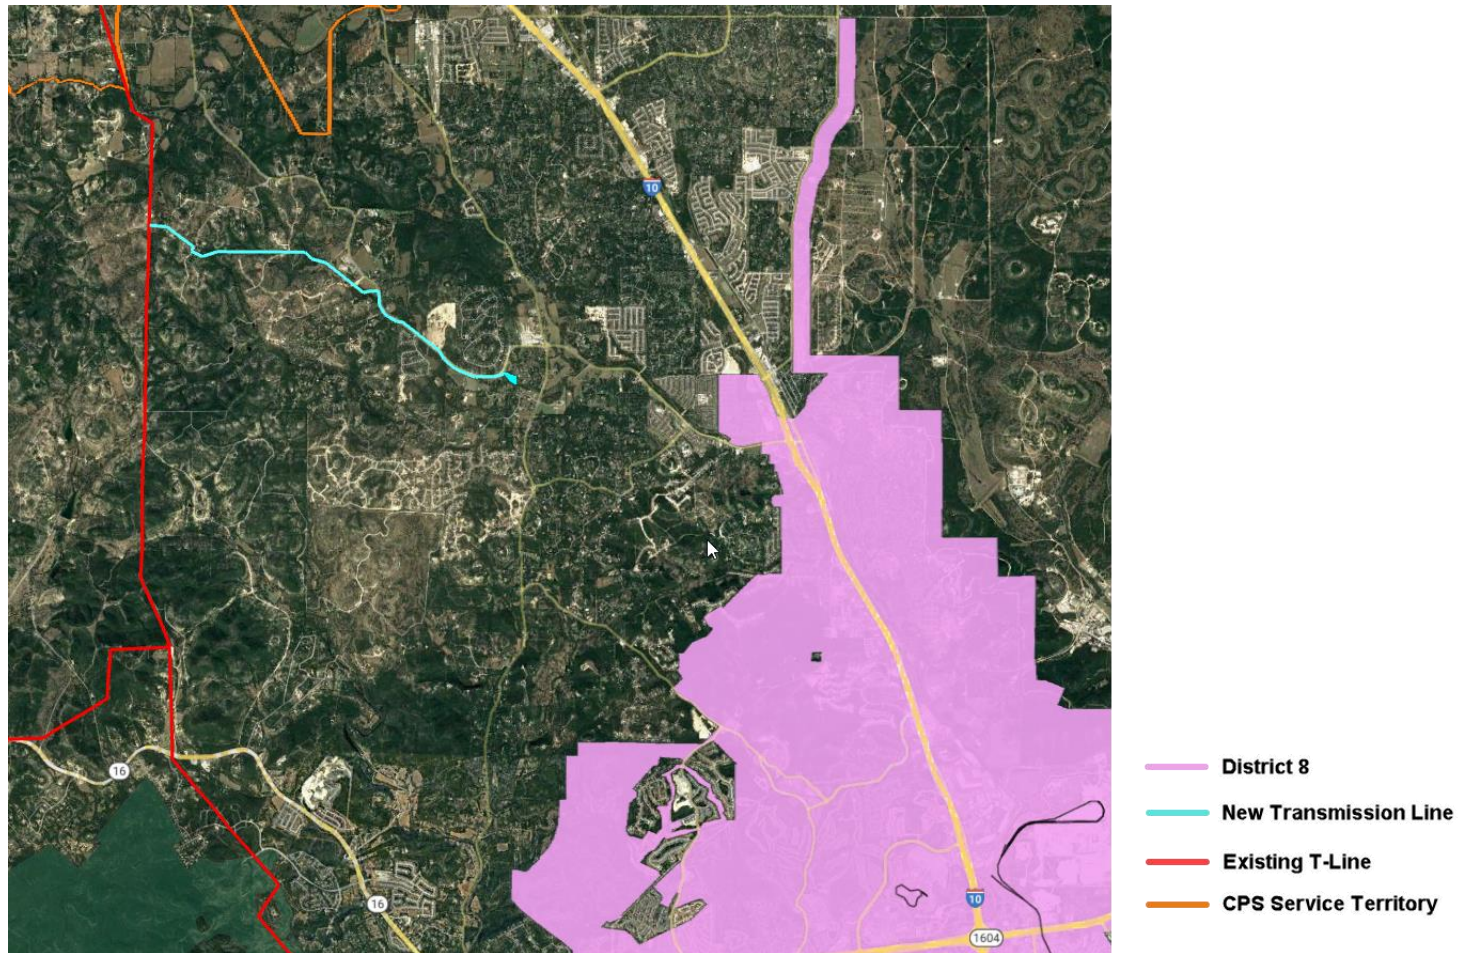

*Support Requested*

# CPS Energy Scenic Loop Project

- CPS Energy is constructing approximately 4.5 miles of transmission line and a new substation in the northwest portion of Bexar County.
- This project will support growth and improve reliability for customers in the area.
- Our process is to secure an ordinance authorizing the use of eminent domain if negotiations fail.
  - Eminent domain is exercised as a last resort.

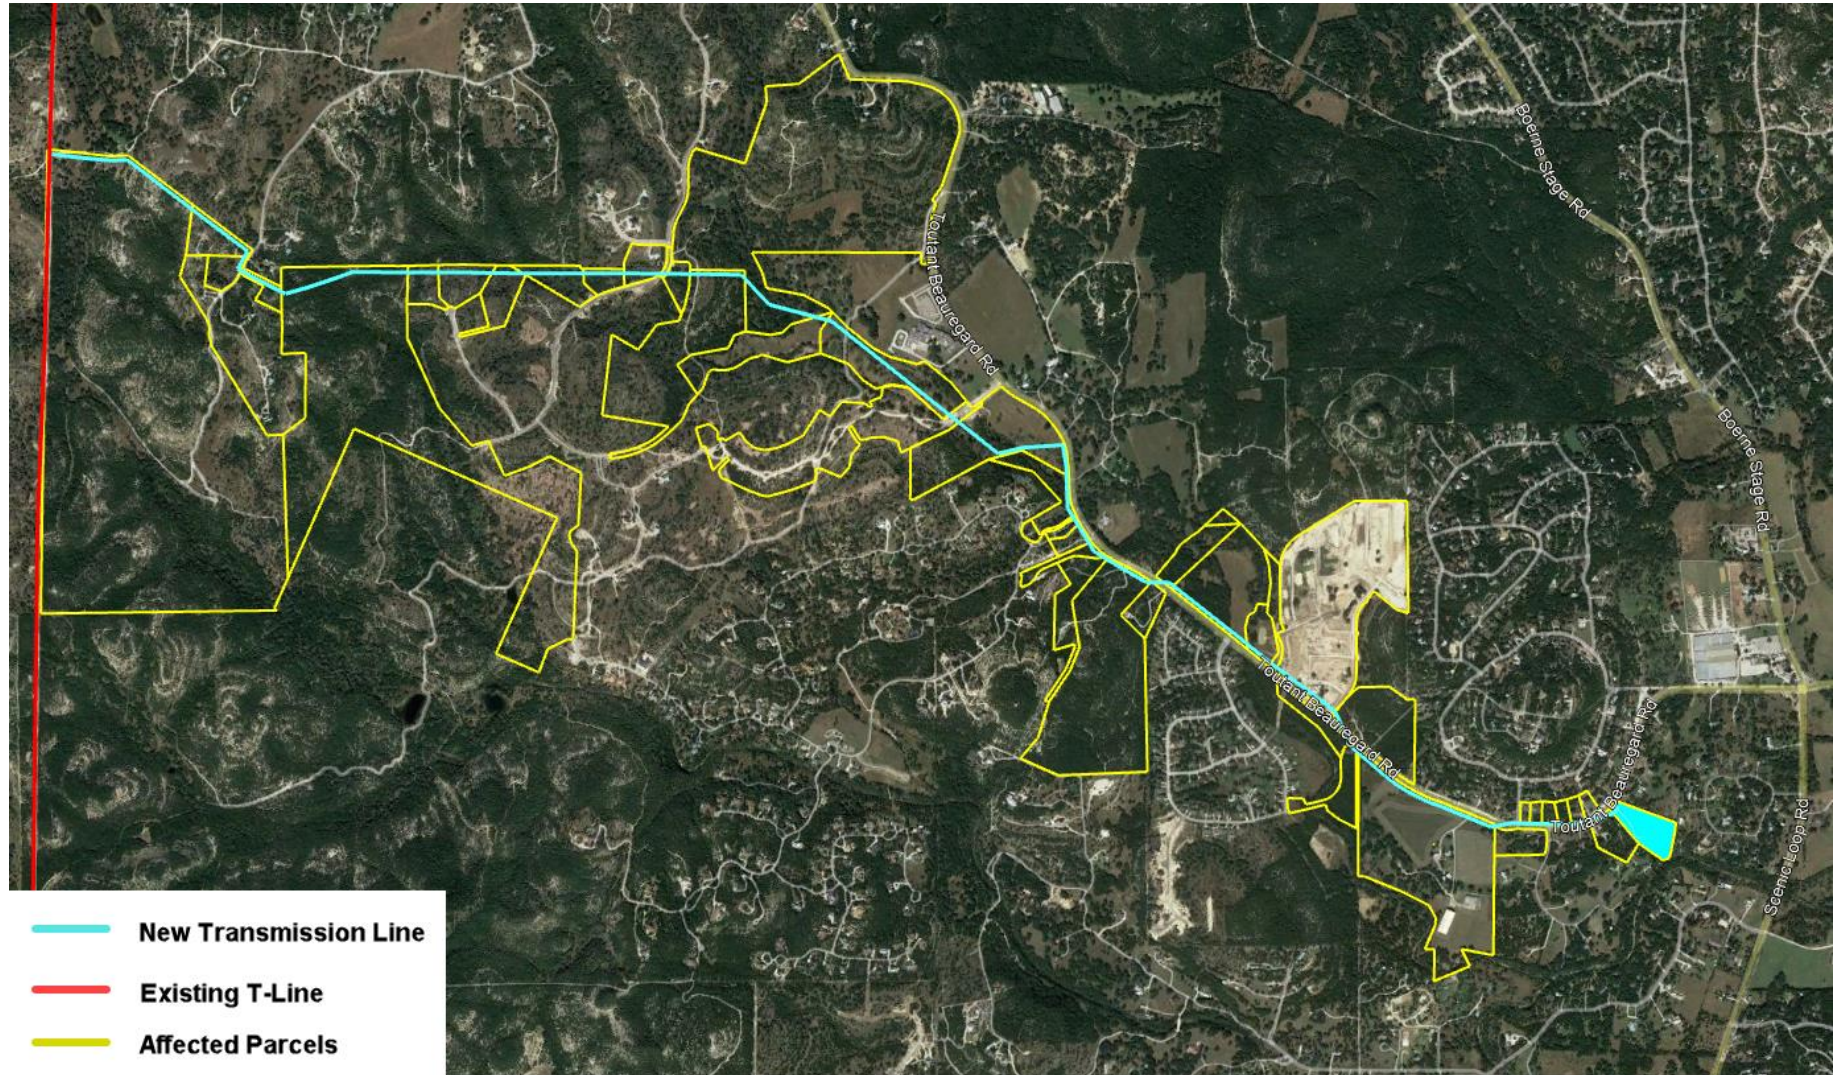

# Scenic Loop Substation & Transmission Line Project

# Scenic Loop Substation & Transmission Line Project
