Schnabel Park**Direction:** East**Current Base Zoning:** R-6**Current Land Uses:** Single Family Residential Neighborhood**Direction:** West**Current Base Zoning:** R-5**Current Land Uses:** Single Family Residential Neighborhood**Overlay District Information:**

N/A

Special District Information:

N/A

Transportation**Thoroughfare:** Prue Road**Existing Character:** Minor Secondary Arterial**Proposed Changes:** None Known

Public Transit: There is no public transit within walking distance of the subject property.

Traffic Impact: The traffic generated by the proposed development does not exceed the threshold

requirements. Development generates less than seventy-six (76) PHT Sec. 35-502** A TIA Report is not required.

Parking Information: The minimum parking for a Single Family Residence is 1 space per unit.

ISSUE:

None.

ALTERNATIVES:

Current Zoning: The "R-6" Residential Single Family District allows single-family dwelling (detached) with a minimum lot size of 6,000 square feet and a minimum lot width of 50 feet, foster family home, public and private schools.

Proposed Zoning: The "R-5" Residential Single-Family District allows single-family dwelling (detached) with a minimum lot size of 5,000 square feet and a minimum lot width of 45 feet, foster family home, public and private schools.

The "PUD" Planned Unit Development is to provide flexibility in the planning and construction of development projects by allowing a combination of uses developed in accordance with an approved plan that protects adjacent properties

FISCAL IMPACT:

None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is not located within a Regional Center or within ½ mile from a Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the Huebner/ Leon Creek Community Plan and is currently designated as “Low Density Residential” in the future land use component of the plan. The requested “PUD R-5” base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.
3. **Suitability as Presently Zoned:** The existing “R-6” Residential Single-Family District is an appropriate zoning for the property and surrounding area. The proposed “PUD R-5” Residential Single-Family Planned Unit Development District is also an appropriate zoning

for the property and surrounding area. The proposed “PUD R-5” allows slightly more density to a prescribed site plan. The rezoning is also consistent with the Strategic Housing Implementation Plan for diverse housing options for all income levels.

4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objectives of the Huebner/ Leon Creek Community Plan.
 - Low-Density Residential is composed of single-family houses on individual lots. Accessory dwelling units (carriage houses, granny flats, etc.) are allowed, however the roof pitch, siding and window proportions should be identical to the principal residence to maintain community character. Certain non-residential uses, such as schools, places of worship and parks, are appropriate within these areas and should be centrally located to provide easy accessibility. Low density residential supports the principles of reinforcing existing neighborhoods and supporting residential growth within walking distance of neighborhood commercial centers and schools. This development should be oriented toward the center of the neighborhood and away from traffic arterials.
 - o Goal 1 - Community Character and Quality of Life Preserve the character and quality of life of the Huebner/Leon Creeks Community.
 - o Objective 1.3: Low Density Maintain the low-density development pattern.
 - o Objective 1.4: Neighborhood Conservation and Nodal Development Seek techniques to maintain existing development patterns.
6. **Size of Tract:** The 11.03 acre site is of sufficient size to accommodate the proposed residential development.
7. **Other Factors:** The property is proposed for development of a residential subdivision with minimum lot size of 1,200 square feet.

At 11.03 acres, with the current “R-6” Residential Single-family District there is the potential for 80 lots with approximately 80 homes. This does not include any potential accessory dwelling units.

The applicant has submitted a site plan in accordance with the requirements of the code. The site plan indicates a total of 56 single-family units. This is less density than is presently allowed by right with platting and permitting.
