Describe your Educational history.	To summarize my educational history, I completed my high school education at Holy Cross of San Antonio and then went on to earn a Bachelor of Arts in Mathematics with Secondary Teacher Certification and a Master of

	Arts in Educational Leadership from St Mary's University.
Describe your Professional History & Certification designations (Current and historical).	I have a diverse background in education, starting as a mathematics teacher in the Edgewood Independent School District at John F Kennedy High School and later at Gus Garcia Middle School where I served as 7th/8th Grade team leader. In 2007, I moved into administration and currently serve as the Dean of Academics at Holy Cross of San Antonio. Additionally, I am an Adjunct Professor of Mathematics at St. Mary's University specializing in preparing preservice teachers to teach mathematics in the primary levels. Lastly, I serve as a notary public/signing agent in Texas.
Describe your Volunteer Experience & Community Service	I have a strong passion for education and child development, which is reflected in my volunteer and community service activities. Through my involvement with the Knights of Columbus, I have served in various capacities to support children's academic aptitude, including chairing an essay contest and participating in a scholarship fundraising and contest. As the NHS advisor at my school, I motivate and encourage students to give back to their community through initiatives such as serving at the Special Olympics, raising money for cancer research, and organizing food, toy, and clothing drives for those in need.
Please provide a brief narrative outlining your reasons for seeking appointment to this board or commission	Answering this question, I think of a saying my educational mentor would always impart to us. "You have to be ready to fight ignorance every day." With this in mind, serving on this commission will afford me many opportunities to contribute this "fight" by working towards improving the educational landscape of our city. Educated citizens, by their nature, are informed consumers/voters and being on the frontlines of this effort should excite any educator. It certainly excites me. I truly believe my passion, drive, and dedication to the most important commodity we have in our society -- a child's educational and social development-- makes me a strong asset for this commission.
