

IH-10: BOERNE STAGE RD
 TO HEUERMAN RD.
 36-INCH WATER MAIN (PHASE A)

AERIAL DEPICTION
 EXHIBIT A-1

EXHIBIT A-2

Route Description

The Project route of the water main alignment begins north of Autumn Stage, heads east under IH-10, then turns southeast following the east side of IH-10 to a point near Heuermann Road.. The project route also includes two additional, non-contiguous alignments of water main to address existing dead-end mains. The first alignment starts from a point south of Cielo Vista, runs south along the west side of IH-10 and ends on private property. The second alignment starts on the west side of IH-10, south of Heuermann road, runs south along the west side of IH-10 and ends on private property. All water main alignments are located in the northwest quadrant of Bexar County, Texas.

Project Located in: NCB 16392, NCB 18333 and NCB 18338
