<p>Please provide a brief narrative outlining your reasons for seeking appointment to this board or commission:</p>	<p>When I worked with SAWS from 2013 to 2017, I enjoyed supporting the CEO's office, communications, and water resources. I learned a lot about the largest municipal water system in the US and also loved advocating and educating the community. One of our greatest accomplishments was bringing the affordability program to those in the greatest need. It was a constant challenge to not only reach out to those who needed financial assistance to afford their water bills, and during my time at SAWS, I was pleased our team was able to increase the program to positively effect over 50 of those families in poverty. An additional interest is in the amazing work SAWS has done in conservation. It is difficult to encourage people to use less of a product, but over time, and diversifying our water portfolio, SAWS has developed a national conservation model. I am excited to work with the CEO, board, executive leadership to continue the impressive and professional strides in water management, water resources, and wastewater technology.</p>
