Effective Date:

Agency: CITY OF SAN ANTONIO, TEXAS

THIS AUTHORIZATION FOR CROSSING IMPROVEMENTS ("Agreement") is made and entered into as of the **Effective Date** above, by and between UNION PACIFIC RAILROAD COMPANY, a Delaware corporation ("Railroad"), and AGENCY ("Agency").

RECITALS

In accordance with the terms and conditions of this Agreement, Agency and Railroad desire to improve the existing, at-grade crossing area ("**Project**") along, over and across Railroad's track and right of way, as such crossing area is more particularly described on <u>Exhibit A</u> attached hereto and made a part hereof ("**Crossing Area**").

AGREEMENT

NOW THEREFORE, the parties hereto agree as follows:

- 1. Railroad agrees to perform the Project work described on Exhibit B attached hereto the ("Railroad Work"). Railroad's estimated cost for the Railroad Work is included on Exhibit C attached hereto ("Estimate") and may include without limitation costs of engineering review, construction, inspection, flagging, procurement and delivery of materials, equipment rental, manpower and all direct and indirect overhead labor/construction costs, including Railroad's standard additive rates. Such standard additive rates may be subject to upward or downward adjustment based on industry standards and practices, and the parties acknowledge and agree that any such adjustment to standard additive rates may be made retroactively.
- 2. Agency has appropriated sufficient funds to complete the Project and shall reimburse Railroad for costs incurred by Railroad in connection with the Railroad Work in accordance with <u>Exhibit D</u> attached hereto.
- 3. If Agency will be performing any Project work, such work is described on <u>Exhibit B</u> attached hereto ("**Agency Work**"). Agency shall perform the Agency Work, if any, at its sole cost, and Railroad consents to Agency (or any contractor or other agent hired by Agency) performing the Agency Work within the Crossing Area, subject to complying with the terms and conditions of this Agreement. Railroad's consent shall not be deemed to grant Agency (or any contractor or other agent hired by Agency) any property interest in the Crossing Area or other Railroad property.
- 4. If Agency hires a contractor or other agent to perform the Agency Work, Agency shall require such contractor or agent to execute Railroad's then current form of Contractor's Right of Entry Agreement and to comply with the requirements set forth therein.
- 5. No work of any kind shall be performed, and no person, equipment, machinery, tools, materials, vehicles or other items shall be located, operated, placed or stored within twenty-five (25) feet of any track at any time for any reason except as otherwise provided herein. Prior to commencing the Agency Work, and if the performance of any Agency Work requires any person

or equipment to be within twenty-five (25) feet of any track, Agency shall provide Railroad at least thirty (30) working days advance notice of the performance of such proposed work, and upon Railroad's receipt of such notice, Railroad will determine and inform Agency whether a flagman need to be present or whether Agency needs to implement any special protective or safety measures. Subject to Exhibit D, in the event that flagging or other special protection or safety measures are required to be performed in connection with the Railroad Work specifically or the Project generally, and regardless if the costs for such measures are included in the Estimate, Agency shall be responsible for all such costs incurred in connection therewith.

- 6. Prior to commencing any Agency Work, Agency shall telephone (or shall cause its contractor or agent to telephone) Railroad during normal business hours (7:00 a.m. to 9:00 p.m., Central time, Monday through Friday, except holidays) at 1-800-336-9193 to determine if fiber optic cable is buried anywhere on Railroad's property to be used in connection with the Agency Work. If fiber optic cable is present, Agency, at its sole cost, will coordinate (or will cause its contractor or agent to coordinate) with the applicable telecommunications companies for the relocation or other protection of the fiber optic cable prior to beginning any Agency Work.
- 7. Agency, for itself and for its successors and assigns, hereby waives any right of assessment against Railroad, as an adjacent property owner, for any and all improvements made under this Agreement.
- 8. Neither party shall assign this Agreement without the prior written consent of the other party, which consent shall not be unreasonably withheld, conditioned or delayed.
- 9. This Agreement sets forth the entire agreement between the parties regarding the Project and the installation and maintenance of the Project improvements within the Crossing Area. To the extent that any terms or provisions of this Agreement regarding the installation and maintenance of such Project improvements are inconsistent with the terms or provisions set forth in any existing agreement affecting the Crossing Area, such terms and provisions shall be deemed superseded by this Agreement to the extent of such inconsistency.

IN WITNESS WHEREOF, the parties hereto have duly executed this Agreement as of the Effective Date.
