San Antonio, what youth related issue would you address?	significant change in San Antonio, I would like to address Community Policing. A few months ago, I emailed your office about this topic and received a very nice letter in response from Ms Stubblefield In my Government class, we have examined the 2022 city budget and I was excited to see that community policing addressed and new positions have been created I would like to be a part of making that program a success. In addition, I also believe that the city should work to address the homelessness challenges that the community faces
What approach would you take? Who would you work with? Why this particular issue?	I would like to work with the City Council staff, the city staff, as well as community groups in order to gain the community's perspectives on the issue. Next, I would come up with short and long term goals to ensure that San Antonio has a successful community policing program. Furthermore, I would like to work with the San Antonio Housing Authority to ensure that homeless people are housed and able to thrive.
