SUBJECT: Briefing on the Sales Tax Venue Propositions 2 – Greenway Trails

SUMMARY: Briefing on the Sales Tax Venue Propositions 2 – Greenway Trails 2

BACKGROUND INFORMATION:

The Howard W. Peak Greenway Trails System (Proposition 2) is a growing network of developed multi-use hike & bike trails. The objectives of the program are to acquire and preserve open space along waterways and to develop multi-use hike and bike trails, trailheads, signage and associated amenities for use by San Antonio residents and visitors. The Howard W. Peak Greenway Trails System winds through natural landscapes along many of San Antonio's waterways including Salado Creek, Leon Creek, Medina River, Westside Creeks, and other tributaries.

The trails provide access to outdoor recreation; connect residents to parks and communities; and allows for open space and habitat conservation. Since program inception through October 31, 2021, 86 miles of Greenway Trails have been completed with another approximately 24 miles under construction or design, funded through the Sales Tax Venue Proposition 2.
