**RECOMMENDATION:**

**Staff Analysis & Recommendation:** Staff and Planning Commission recommend Approval.

The proposed land use amendment from “General Urban Tier” to “Specialized Center” is requested in order to rezone the property to “L” Light Industrial District. The “Specialized Center” land use is appropriate for this 45-acre property along West Loop 1604 North. Typically, “Regional Center” and “Specialized Center” land uses are found at this type of node along arterials and expressways, not minimize impacts on residential land uses.

**Sector Plan Criteria for review:**

- The recommended land use pattern identified in the West/Southwest Sector Plan inadequately provides appropriate optional sites for the land use change proposed in the amendment.
- The amendment must constitute an overall improvement to the West/Southwest Sector Plan and

will not solely benefit a particular landowner or owners at a particular point in time.

- The amendment must uphold the vision for the future of the West/Southwest Sector Plan.

- The amendment will not adversely impact a portion of, or the entire Planning Area by:

- o Significantly altering acceptable existing land use patterns, especially in established neighborhoods.

- o Affecting the existing character (i.e. visual, physical, and functional) of the immediate area.

- o Creating activities that are not compatible with adjacent neighboring uses, and, particularly, the mission of Lackland AFB.

- o Significantly alter recreational amenities such as open space, parks, and trails.
