**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the San Antonio International Vicinity Plan and is currently designated as “Business Park” in the future land use component of the plan. The requested “BP” Business Park base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed "BP" Business Park will allow uniform development of a large property and is bordered by "C-2" Commercial District, "C-3" General Commercial District and "I-1" General Industrial zoning and uses.
3. **Suitability as Presently Zoned:** The current “C-3” and “C-2” zonings are appropriate for the property and surrounding area. The proposed “BP” is also an appropriate zoning for the surrounding area with good vehicular access and proposed office and business park uses.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the San Antonio International Vicinity Plan: Goal II: Encourage economic growth that enhances airport operations and surrounding development Objective 2.1 Upgrade and enhance airfront commercial and business park property that is declined, is currently vacant, or is underutilized Objective 2.2 Encourage commercial development that respects the integrity of existing residential development Objective 2.3 Redevelop major

commercial corridors to serve the needs of the airport neighborhoods and patrons Objective 2.5 Enhance the appearance of the Loop 410 and US 281 airport frontage to provide an aesthetically pleasing experience for airport patrons and area residents

6. **Size of Tract:** The property is 54.564 acres and can accommodate business park uses.
7. **Other Factors** The subject property is located within the Camp Bullis Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request. The Military has indicated that there are no objections to the request.
