There are no building size limitations, and building height is limited to 35 feet. Examples of permitted uses: bar/tavern & nightclub, amusement/theme parks, dance hall, indoor movie theater, auto repair, auto sales, auto glass sales (installation permitted), auto muffler (sales and installation only), hotel, bookbinder, dry cleaning or laundry plant, indoor flea market, home improvement center, body piercing/massage/tattoo parlor. RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval, pending Plan Amendment.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the West/Southwest Sector Plan and is currently designated as “General Urban Tier” in the future land use component of the plan. The requested “L” base zoning district is not consistent with the future land use designation. The applicant has requested a Plan Amendment to “Specialized Center”. Staff recommends Approval. The Planning Commission recommendation is pending the October 27, 2021 hearing.
2. **Adverse Impacts on Neighboring Lands:** Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. Properties in the area are mostly “C-3” General Commercial and access is from a major highway (West Loop 1604 North).
3. **Suitability as Presently Zoned:** The existing "C-2" Commercial District, "C-3" General Commercial District, "MF-33" Multi-Family District, "NP-8" Neighborhood Preservation District are appropriate for the surrounding area. The proposed "L" Light Industrial zoning is also appropriate and consolidates a mix of zoning designations into one uniform development.
4. **Health, Safety and Welfare:** Staff has found no indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objective West/Southwest Sector Plan.

TC Goal 8: San Antonio is a world leader in moving people and goods safely, efficiently and sustainably.

TC P48: Support and invest in intermodal transportation facilities that safely, effectively and efficiently provide for the transfer of people and goods between modes.

JEC Goal 1: Employment is focused in the city’s 13 Regional Centers, in site-specific locations in Urban Centers and along mobility corridors, providing easy connectivity for San Antonio’s residents and businesses.

JEC Goal 5: San Antonio plays an important role in the regional, national, and international economy.

GCF P14: Establish appropriate buffers and transitions (land use, form and/or landscaping) between residential neighborhoods and surrounding higher-density development.

NRES Goal 2: San Antonio balances environmental goals with business and community needs.

6. **Size of Tract:** The 42.4 acre site is of sufficient size to accommodate the proposed light industrial development.
7. **Other Factors** The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JB SA was notified of the proposed request. The Military indicated that there is no objection to this request.

Applicant is seeking to construct a High-Cube Fulfillment Center Warehouse.
